HO, FOR SCRANTON! There will be quite a delegation going from town to-morrow evening.

SOME people are Republicans or Democrats on condition. Neither party has use for such.

EVERY day some surprise or other is sprung upon the public. We may have one for our readers to-morrow.

THE Democrats are always behind. They wait until the Republicans have made a success of a thing and then chime in and want to take to themselves some of the credit of it. It is so in this Bardsley business. The Democratic State Convention arraign and condemn Bardsley. A Republican Mayor and District Attorney of Philadelphia were way ahead of the Democrats. They arraigned Bardsley months before the Democratic convention met—a jury condemned him and a Republican judge sentenced him to fifteen years in the penitentiary. But that's the way, the Demo-

WHAT THE SCRIBES SEE AND HEAR

An Interesting Sermon in the Methodist Episcopal Church Last Night on "Prating Slaves Preaching Liberty."

The subject of last night's sermon in the Methodist Episcopal church was "Prating Slaves Preaching Liberty." The text was 2 Peter 2:19: "While they promise them liberty they themselves are the servants of corruption." The cry of the old statesman "give me liberty or give me death" still rings in our ears and awakens a responsive echo in every heart. The desire for liberty is universal but men do not agree in their definition of liberty. The sense in which it is usually used in the bible is that of freedom from the bondage of corruption—from the slavery of a depraved heart. This is the most cruel and galling slavery in the world. One of its characteristics is the insidiousness with which it fastens its fetters upon its victims. It does its work much like a serpent which a man had raised and trained and played with for many years, but which he played with once too often and was destroyed. Another of its features is its "wantonness" or in the language of plain people devilishness. "Having eyes full of adultery and that cannot cease from sin, beguiling unstable souls; an heart they have exercised with covetous practices; cursed children which have forsaken the right way and are gone astray following the way of Balaam who loved the wages of unrighteousness." Another characteristic is its vanity. They "speak great swelling words of vanity." They set their own impulses and passions up, in opposition to the word of God, as moral guides and laugh the Sabbath out of court because it is a puritanical institution as though it could not be puritanical and biblical, and be old and yet true. Another characteristic is hypocrisy, for these prating slaves preach liberty—a thing to which they are themselves strangers. What could be more pathetic yet ludicrous than for slaves of corruption to offer liberty. The unbridled license to defy objectionable laws both human and divine which is often preached under its sacred name would destroy all the liberty we have and thereby defeat its own end. Take away the restraints of wholesome laws and there is no liberty left for anybody. This would be a state of anarchy and one which means license for the slave of lust and slavery for the rest of mankind. This is the kind of liberty that is being preached by prating slaves of corruption all over the land. There is no liberty worthy of the name that does not include the emancipation of the soul from corruption and a slavish obedience to the "perfect law of liberty." The only really free men are those whom the Son makes free and who count it their highest joy, to be, with Paul, the slaves of Jesus Christ.

The Connors Case.
The trial of the case of Police man D. J. Connors against Mrs. Andrew Wolontokis for assault and battery was ended at Pottsville on Saturday. The jury rendered a verdict of not guilty and the costs were put on the county. The jury was evidently influenced by the woman's delicate condition. The case arose from Connors' efforts to collect taxes. The woman's husband was called upon for payment and refused. A row followed and the woman held the officer on the back of the head while he was engaged in a struggle with the husband, who subsequently paid the taxes in the "squire's" office. On the trial evidence came out to show that the husband secured a miner's certificate under one name and his naturalization papers under another. It also developed that the man has resided in this country seven years, has been a resident on the First ward four years, and has paid taxes but twice.

Toole's Sentence.
Clerk of the Courts John J. Toole was sentenced Saturday on his conviction in the assault and battery case brought against him by County Commissioner DeTurk. Judge Pershing directed him to pay a fine of \$50 and the costs, which will amount to about \$20. Toole admitted the assault, but claimed that he lost his temper through DeTurk's aggravation. Judge Pershing strongly deprecated the occurrence and stated that various suggestions had been made to him as to the punishment, some urging imprisonment. He had not consulted with the other members of the court and had concluded to impose a fine.

WILL NOT BE PROSECUTED.
Lottery Articles Published by Milwaukee Editors Not Against the Law.

WASHINGTON, Sep. 21.—Attorney-General Miller has caused to be dismissed the prosecutions recently commenced in Milwaukee against certain newspaper publishers for printing an argument against the validity of the anti-lottery law passed by the Fifty-first Congress.

"The articles," says the Attorney-General, "were published and republished with the evident purpose of attempting to create a public sentiment against the law rather than to advertise the business of any lottery company. In my opinion the law was not directed against the circulation of such publications in the mails, and the prosecutions, therefore were ill-advised and ought not to be continued."

"While I am in favor of prosecuting vigorously every infraction of the law, whether direct or evasive I think the refusal of the use of the mails to papers discussing the principles or policy of the law is unwarranted, and would hurt rather than help the cause in the interest of which the law was enacted."

GERMAN CATHOLICS.
Fifth Annual Convention—An Important Meeting Expected.

BUFFALO, N. Y., Sep. 21.—The fifth annual convention of German Catholics of America will be held here this week beginning to-night with a grand parade in which 10,000 people are expected to be in line.

If the significance attached to the convention is correct, it will be one of the most important religious gatherings of the year.

It is intended in the convention to demonstrate the strength of the German Catholics in America, and their right to either the supreme control or at least a fair show of the control of the church in this country.

Delegations are expected from every State in the Union, and it is said many German societies have contributed funds to carry needy members to the Convention, so that it may exceed in numbers anything of the kind heretofore held. The Convention will occupy four days.

Relief Association.
The statement of the Philadelphia and Reading Railroad Relief Association for the month of August, 1891, shows payments aggregating \$16,251.50. On account of deaths, \$7,750; on account of accident disabilities, \$2,052.50, and sick disabilities \$8,448.90. The total number of cases was 740. There were nineteen deaths, nine from accident and ten from natural causes. Mr. John W. Rayer, the superintendent, states that the society now has over 10,000 members, all of whom are employed by the company. The organization was started in October, 1888, and since that time there have been over 500 deaths of members from sickness and all other causes.

Acts of Starving Russians.
VIENNA, Sep. 21.—Numerous incendiary fires are reported as occurring in Russia. The starving peasants set buildings on fire in order to share in the plunder of such places. In the Kieff district nine places were burned in two days. Many arrests have been made.

Challenges the World to Swim.
BOSTON, Sep. 21.—James L. McCusker, of Lowell, champion swimmer of America, challenges any man in the world to a swimming race of from one to five miles for from \$1,000 to \$5,000 a side. A. J. Kenney of Australia and Joey Nuttall of England are preferred.

Captured in Mid Ocean.
NOUVEAU, Va., Sep. 21.—Reyster, the murderer of Eps, the telegraph operator at Suffolk, Va., was returned here yesterday. He was captured in mid-ocean.

A MINER KILLED!

CRUSHED TO DEATH BY A FALL OF COAL.

RESULT OF THE TAX-ASSAULT CASE

The Hazleton Base Ball Club Defeated by the Home Team. Brilliant Playing—A Wife Beater Sentenced.

John Klett, a resident of South White street, was instantly killed in Indian Ridge Saturday afternoon by a fall of rock. The man was on the night shift and had not been in the mines an hour when the accident occurred. He was 43 years of age and left a wife and three children. The funeral took place this afternoon from the family residence. Interment was made in the Odd Fellows' cemetery. Deceased was a member of J. W. Stokes Lodge, No. 515, I. O. O. F., and the German Red Men.

HAZLETON DEFEATED.
Scanlan Rescues the Home Team From Defeat.

The game of base ball at the trotting park Saturday afternoon between the Hazleton and Manager Samsell's teams was quite interesting. For the first four innings the home club had up hill work. The pitcher for the visitors seemed to hold the home players well in hand, while Fitzgerald weakened after the first inning, after striking out two men. At the close of the fourth inning the score stood six to four in favor of the visitors. In the fifth Scanlan went into the box for the home team and he did splendid work. He did not allow a Hazleton man to get to first base and he struck out five of them. His pitching greatly encouraged the home players and they jumped on Jacobs, the visiting pitcher in the fifth. Scanlan himself commenced with a hit. Gibson also hit the ball, but Bachman, on third base, threw him out at first. Then Sanger stepped to the plate and made the hit of the game. He drove the ball with terrific force high in the air over the field between left and center and down on the race track. It was a home run drive and the audience went wild with delight. Scanlan scored and as Sanger came in and tied the score he was carried from the home plate by enthusiasts.

A Great Industry.
A. A. Reed, of Delano, roadmaster for the Lehigh Valley railroad company, attended the roadmasters' convention at Minneapolis recently and on his way home stopped off at Chicago. While there he visited the immense stock yards and abattoirs of Swift & Co. He was guided through them by Mr. L. F. Swift and says the inspection was one of the sights of his life. He says the system of operation is wonderful for a place of such magnitude. Every department is as neat and clean as a New England kitchen. While standing in one place, where 500 steers are killed every hour, Mr. Swift said to Mr. Reed, "I will give \$100 if you see a piece of beef touch the floor, from the killing to the cars." Mr. Reed watched for half an hour and then gave up the task, convinced that he could not win the money.

Fake Advertising.
There is a stranger in Shamokin and he is playing, four-fifths of the advertising merchants for suckers, at least so it is alleged by several persons who have the inside track to the little scheme. It is not hard to work Shamokin people, and the strangers who are in the business, know it. But the latest game is something on this order. The stranger goes among the merchants and solicits "ads" for book covers to be placed on the books in the public schools. He tells the advertiser that he intends printing 10,000 covers and charges him \$3.50 for a space. The advertiser bites, the stranger puts in circulation but 3,000 covers, and Shamokin, the big sucker, to wit scores another. Now the person who would work such a game deserves to be lacerated by the press in general. He obtains money under false pretense, and deserves to be ridden about the town on a rail. When, Oh, when will advertisers learn legitimate advertising is the only thing that pays?—Shamokin Dispatch.

Happy Hoosiers.
Wm. Timonow, Postmaster of Idaville, 1. d. writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Lewis, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is all right for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c a bottle at C. H. Hagenbach's Drug Store."

The inning ended with the score even, Hinks flying out to center field and Fitzgerald striking out. In the sixth inning the visitors went out in one-two-three order. Scanlan threw Boyer out at first, Jacobs struck out and Toole pulled down the ball at short. Samsell's men were more fortunate at the bat. After Toole flew out to short Ward hit the ball a whack that gave it a home run hue. Great cheering was going on when Kimmel, the Hazleton center fielder, while on a run, pulled down the ball with his outstretched left hand. This catch was the feature of the game and the cries of exultation turned to applause from all sides for Kimmel. Kline also hit the ball and errors by the visitors, with a hit by Scanlan, enabled him to score. The latter also scored and made the record 8 to 6 in favor of the home team. The visitors went out in one-two-three order in the seventh, eighth and ninth innings. Scanlan was too much for them. They got one ball out to left and one to center, but both were scooped in. Scanlan struck three of the men out and the rest of the balls were captured at short, second and third bases. In the seventh Barton went into the box for Hazleton and did well. Scanlan opened the ninth inning by striking out Boyer. Gibson caught Jacobs' foul and Fitzgerald got the ball from third to first before Barton could touch the base. Thus the game ended with the score standing 8 to 6 in favor of the home team. If the clubs would give a few games here before the season closes they would undoubtedly be well patronized as they seem well matched and put up a good game. Meyer, the Hazleton left fielder, would have had a Sanger hit to his credit if he had not lost his head. In the third inning he hit the ball for a home run, but in going around the diamond he neglected to touch any of the bags. The umpire caught him skipping the third bag and declared him out.
