## WAS HE MURDERED?

Bruised Body of W. J. Lucas  
Discovered in a Pond.

DEEP CUT FOUND IN THE SCALP.

He Went to a Ball and After Leaving It  
Was Seen No More.

Several Companions Accompanied Him.  
A Pistol Shot Heard, But Nothing  
Thought of It at the Time—It Is  
Believed That He Was Murdered—The  
Police Investigating.

DANBURY, Conn., Sep. 22.—The body  
of W. J. Lucas of Brooklyn, N. Y., was  
found in Ball's Pond yesterday. The  
body was badly bruised and there was  
a deep cut in his scalp, which was prob-  
ably caused by a bullet.

Lucas, who was formerly an official in  
the New York Custom House, has been  
seen during the summer with his sister,  
Mrs. A. H. Wilkinson, who lives on the  
shore of the pond.

Last Thursday night Lucas went to a  
ball at William Durg's, on the oppo-  
site shore, rowing across in a boat.  
About midnight he started to return and  
several companions went down to the  
pond with him.

Shortly afterward those who remained  
at Durg's heard shouts and a pistol  
shot, but thought nothing of it.  
It is now believed that Lucas was  
murdered by those who accompanied him  
to the pond. The police are investigat-  
ing and several arrests are expected.

## THE ECUMENICAL CONFERENCE.

A Convention of Methodists That Will  
Attract World-wide Attention.

WASHINGTON, Sep. 22.—Preparations  
for the great Ecumenical Conference of  
Methodism, which is to open here on  
Oct. 7, are rapidly approaching comple-  
tion, and all indications point to the  
greatest gathering of religious brain  
force ever seen in this or any other  
country. Hundreds of delegates from  
two continents will be present; and  
although already a city of large and im-  
portant conventions, Washington will  
regard this as the most important gather-  
ing of this decade.

The conference will last from the 7th  
to the 20th of October, and in the dis-  
cussion of various topics, such as "The  
Influence of Modern Scientific Progress  
on Religious Thought," "Ecumenical  
Methodism," "The Christian Church,"  
"University Education," "Romanism,"  
"International Arbitration," and many  
other religious problems by the foremost  
minds of the day, bids fair to hold for  
a time the attention of two continents.

## OVER A MILLION STOLEN.

A London Bank Robbed—Americans Sus-  
pect of the Crime.

LONDON, Sep. 22.—The banking world  
was startled yesterday by the announce-  
ment that the London and Westminster  
bank (limited), an important establish-  
ment, having over fifteen branch houses  
in the metropolis had been robbed.

The money stolen consisted of a large  
parcel of bills remitted from the country  
bank. The thieves must have watched  
closely for an opportunity to accomplish  
the robbery, and to have gained access  
to an apartment near the main entrance  
to the bank.

This apartment was easy of access  
from the street, and the parcel of bills  
is supposed to have been stolen while the  
bank officials were busy engaged in an-  
other apartment in going over the ac-  
counts of last week's settlement.

The amount stolen is not less than  
\$750,000, and it may amount to as much  
as \$1,500,000. Expert American bank  
thieves are supposed to have engineered  
the job.

## Horses Under the Hammer.

NEW YORK, Sep. 22.—Twenty-three of  
the finest yearlings ever put under the  
hammer were sold at Tattersall's last  
night. They were the cream of Ken-  
tucky studs. The total amount realized  
for the 23 head was \$15,125, an average  
of \$657.60. A brown colt by Longfield-  
Gypsy brought the best price, \$2,100.  
Mrs. Daly was the purchaser. English  
Lady, for which Messrs. Buck & Sons  
paid \$10,000 last year, was also sold. She  
was purchased by Albert Teets for \$3,600.

## Immigration Commission's Report.

PHILADELPHIA, Sep. 22.—The State

## Rumor of a Naval Demonstration.

WASHINGTON, Sep. 22.—The dispatch  
from Rome announcing that England,  
Italy, Germany and the United States had  
decided to make a naval demonstration  
in Chinese waters, and that the com-  
mand of the combined fleet will be given  
to the Duke of Genoa, is neither denied  
or confirmed at the Navy Department  
here.

## He Fished for Money.

NEW HAVEN, Conn., Sep. 22.—Hosea  
A. Brooks, a workman employed by the  
West Haven Horse Railroad, is under ar-  
rest charged with stealing money from  
the company. He used a fish hook and  
line to draw out the deposit envelopes  
left in a box by the conductors. The  
amount stolen is not stated, but it is  
doubtless quite large.

## The Hopkins Will Case.

SALEM, Mass., Sep. 22.—The trial of  
the famous Scaries-Hopkins will case  
begins to-day. The counsel for both

the case may be compromised before it  
has proceeded far.

## Dainty Foods Demand it.

IN EVERY Re-  
ceipt that calls for

Restorative Nervine such serious results  
could easily be prevented. Druggists every-  
where sell it. It gives universal satisfaction, and

Mountains, discovered a root that when  
combined with other herbs, makes an easy  
and certain cure for constipation. It is  
in the form of dry roots and leaves, and is

liver and kidneys, and for clearing up the  
complexion it does wonders. Druggists

## Ask Your Friends About It.

Your distressing cough can be cured.  
We know it because Kemp's Balsam  
within the past few years has cured so  
many coughs and colds in this community.  
Its remarkable sale has been won entirely  
by its genuine merit. Ask some friend  
who has used it what he thinks of Kemp's  
Balsam. There is no medicine so pure,  
so effective. Large bottles 50c and \$1  
at all druggists.

It is not what he has that makes the  
reporter the happiest. It is what he  
makes others give up.

## Advertising

It is said will sell anything, for it is  
true in a measure; but for staying  
quality, merit is the test. Extensive  
advertising may sell anything where  
it is new or unknown, but after it  
comes into general use, it is judged  
according to its worth. The continued  
and steady growth of Swift's Specific

German-Americans in Enthusiastic Con-  
vention at Buffalo.

BUFFALO, N. Y., Sep. 22.—All trains  
entering Buffalo to-day are crowded with  
people who come to attend the fifth  
annual convention of the German-Ameri-  
can Catholic Congress. It is estimated that  
nearly 15,000 strangers are in the  
city.

The object of the congress is to keep  
alive the interest of all German-Ameri-  
can Catholics in religious affairs; to  
demonstrate to the world the growth of  
the Church, and to discuss matters  
which will affect its well-being. An ef-  
fort will be made at the present congress  
to unite the clerical and lay elements of  
the Church.

The business session will begin to-day.  
A most interesting feature of the con-  
vention was the monster torchlight pro-  
cession last evening. About 10,000 men  
were in the line.

## MIS ACCIDENTS ARE SHORT.

And Postmaster Melick Has Been Sum-  
marily Deposed in Consequence.

DORCH, N. Y., Sep. 22.—Secret Service  
officers of the Postoffice Department have  
been investigating of Postmaster  
James S. Melick, of this town, and have  
brought to light some startling facts.  
As a result Melick has been summarily  
removed on the charge of misappropriat-  
ing funds of the department, and Capt.  
H. S. Allen has been appointed to the  
place temporarily.

The amount of Melick's shortage is  
\$1,405.35. This has been made good by  
his six bonds. It is not believed that  
any further proceedings will be in-  
stituted against him. The postoffice  
authorities knew of the shortage last  
spring, but through the efforts of  
Melick's mother the matter was hushed  
up.

Three Men Meet a Horrible Death in a  
Colliery.

SCRANTON, Pa., Sep. 22.—A great mass  
of falling roof caught Joseph Moran,  
a miner, and his two Hungarian laborers,  
while they were loading cars in the  
Ceyuga Colliery yesterday afternoon.

The three men were in the face of the

## Troops May Be Necessary.

NASHVILLE, Tenn., Sep. 22.—In view  
of the failure of the Legislature to settle  
the convict question, serious trouble is  
feared at Bristolville. Superintendent of  
Prison Wade says that the armistice  
agreed upon between the Governor and  
the miners was for 60 days, and added:  
"Look out for another uprising then. I

On a Visit—Returning from a Fishing  
Excursion He Heard of His Supposed  
Death and Burial—Has Lost Track  
of His Wife.

DORCH, Sep. 22.—Sherman Cummin  
arrived here yesterday from Halifax. He  
is the printer who was reported to have  
been killed in the Park Place disaster in  
New York recently, and shortly after-  
ward was heard from in Halifax.

Cummin indignantly denies the story  
that just previous to the disaster he got  
drunk in New York and woke up in  
Halifax. He says that he left New York  
with a party of twenty-four days before  
the calamity in Park place.

They took passage for Canada
