REGION 'ROUND.

A Budget of Interesting Articles on all Topics.

It was murder, but the result of drunkenness. So much has come to light with reference to the death of Mrs. O'Donnell, of Wilkes-Barre, and the mystery is almost cleared. There were a few small wounds on the fingers and on the breast, but it was well known that those could not have caused death. The only way to account for them is that the body was attacked by rats either after death or while she was dying in a drunken stupor. The wounds were rigged and the flesh on fingers looked as if it had been bitten by small teeth.

Hon. Eckley B. Cox received a patent on Tuesday for a new drilling machine.

Howard Koch, 19 years of age, was killed in the Burnside colliery, Shamokin on Wednesday. As Koch and his father were about to quit work a long flat piece of coal in the roof rapidly worked itself loose and with unerring precision dropped on the neck of the young man, pinning him to the dusty floor. The startled father knew not what second another fall would take place. Grabbing a pick he made a dash in the coal large enough to pull his son out only to find that he was dead. His neck had been broken.

The worst danger about neglecting a Cough or Cold is Consumption. We can assure our readers that no medicine equals Pan-Tin Co. and Consumption Cure. Try it. Trial bottles free at Kirlin's drug store.

THE NEW STYLES

ANTHONY can be tolerated in almost any "fading" but not in the "fading" of the body is pretty sure to follow. Nobody but a millionaire or a gentleman could afford to wear such a hodgepodge, and everybody takes a good many chances when they do it. It will cost you no more to be up with the times than it will to be half a mile behind them. Everything about our \$1.50 hat is handsome, but the price, and \$1.50 for such a hat is scarcely be called anything but a ridiculously low figure. The same can be said of our 25c neckwear. Our line of goods' furnishing goods is the lowest priced in the market.
