## It Didn't Work.

It would seem that the newspapers have been mistaken, after all. Loquacious barbers are the thing for the average customer, and the being "talked to death" joke is a baseless myth. We are told that the proprietor of a St. Louis shop, impelled by the great outcry against loquacious barbers, recently hired a deaf and dumb assistant. But the scheme didn't work. "Though the man was an excellent workman," says the barber, "in less than a week he found his razor almost as inactive as his tongue. He had evidently been through the same experience in other cities, for he very philosophically offered to work for less than scale wages, and did so. I kept him about three months and then dropped him, for no fault except that he could not work up a regular patrons' trade. When all other chairs were occupied some one would go to him, and he picked up a considerable outside business. But the way every-day customers left the chair for others convinced me that the average man expects to be entertained while being shaved, and kinks when he isn't. Deaf mutes seem to make excellent baseball players, but are not phenomenal successes in barber shops."

## MAHANAY PLANE.

**News Letter From a Reliable Correspondent.**

Wm. J. Hanson and wife, of Sunbury, are visiting the former's parents at this place.

St. Patrick's T. A. B. Society, of town, was represented by Squire W. J. Reynolds at the general convention of the order, held at Williamsport on Tuesday and Wednesday last.

Dr. Bronson, of Girardville, was a visitor in town Thursday.

The C. & L. Co. is having the loading schutes at West Bear Ridge colliery raised to allow the loading of the large gondola hopper cars now coming into such general use for the transportation of coal. Heretofore, the schutes have been too low to allow of loading anything higher than the old style black cars.

Our enterprising merchants, Messrs. Frymore & Harris, have added a meat market to their already extensive establishment. Wm. H. Trezise, an old and practiced hand at the business, will have charge of the new department.

A large consignment of electric light apparatus, lamp hoods, frames, etc., has been received at the P. & R. station here for the Frackville Electric Light Company. Things are beginning to take on a business like aspect, and we are cheerful.

The clothing store of I. Refowich, on Bridge street, was the scene of an attempted burglary late on Saturday night, last, which was frustrated by the clumsiness of the would-be thief himself. He undertook to gain an entrance through the back window by picking out the pieces of a cracked pane of glass. In the operation he brought the whole pane down with a crash that attracted the attention of several persons near by who hastened to the spot in time to prevent the thief from capturing any of the goods. He succeeded in making his escape, but not before he had been recognized.

At St. Mary's church on Wednesday, October 21st, at 10 a. m., the Rev. James Osborne officiating, James Boylan was married to Miss Ellen Murphy, both of town. The groom was attended by James Crane, of Girardville, and the bride by her sister, Miss Mary Murphy. After the ceremony the bridal party proceeded to the residence of the bride's parents, where a sumptuous repast was served to the large assembly of friends and relatives of the happy pair, who had gathered to do honor to the occasion. The festivities were concluded with a reception, after which the young couple started on an extended tour of several of the eastern cities. On their return they will commence housekeeping in their handsomely furnished home on Water street. We extend our congratulations.

## TOWN TALKER!

**THOUGHTS OF THIS AND THAT THREADED TOGETHER.**

**THEMES TERSELY TABULATED**

**The Tattle of the Tattlers Timely Taken and Told Typographically in a Tasteful and Tempting Tone.**

This is one of Squire Monaghan's latest puns: A man who had been deaf and dumb for ten years walked into a blacksmith shop the other day and picked up a hub and spoke. Ugh!

John A. Seraphin, a Polish gentleman of Philadelphia was in town to-day. Mr. Seraphin is a gentleman who exerts some influence among his countrymen in the Quaker City and is a member of the Polish American Independent Club of that city. He is now one of the independents who are clinging to the tail-board of the Democratic wagon and will speak for the Democratic ticket in this town on the 29th inst. He speaks in Nanticoke to-morrow night.

"When will the electric railway be built?" is a question that is heard frequently. The questioners are principally men who opposed the "T" rail, and who expected to see the cars running the morning after the rail was adopted. Superintendent Eperle, who will have charge of the construction, says "Work on the road will begin on Monday, next, but not in town. The rails will first be laid in the country districts. After the completion of that part of the work the men will be sufficiently experienced to lay the rails through the towns in short time and with very little inconvenience to the traveling public."

It will be news to many people in town to hear that Cosick and Burns, the two young men who were formerly residents of this town, and who were taken to Virginia a few weeks ago to stand trial on post office robbery charges, were acquitted. They are in Philadelphia again.

The assertion by the *Chronicle* that the much-talked-of petition to Council asking it to restrain the Lithuanian people from using bands in their parade on Sunday, next, was presented by Councilman Lamb, "a straight-off Republican," is an assumption that has no ground. Mr. Lamb did not know of the petition until it was read in Council. All the talk about that petition is Democratic bombast. The petition itself has been distorted with a view to poisoning the Lithuanian voters against the Republicans and the shouting about constitutional rights has been resorted to as a cover for political trickery. Now the only councilman who knew anything about that petition was a Democratic member—Mr. Butterfield, who stated at the special meeting of council on Wednesday evening last that he knew of the petition a week before it was presented. Mr. Butterfield kept this knowledge under cover, however, until his party had a chance to raise a political storm, and has since tried to shoulder a knowledge of the petition upon Mr. Lamb. There is another point that the Democrats must consider. The council that passed the resolution that read the wind is, in reality, a Democratic body. This whole affair may result in a healthy boom, and then won't there be a scamper in the camp of the political tricksters? The bands will play then, with a vengeance.

Several years ago, how many we are not told, a party of Milton gentlemen were discussing ways and means to secure iron works for that town. One of the men was a confectioner in a small way. He astonished his companions by offering to give \$25 toward establishing iron works there. They were the more surprised at the offer because they knew he did not have the money, but they said nothing. In a few weeks, or months, a committee waited on him with a demand for "that \$25." Mr. Confectioner didn't have the cash, but his credit was good, and he went out and borrowed the quarter hundred. In a few days work was commenced on the new plant. The confectioner saw the first shovel full of ground taken out for the foundation; he watched the work as it progressed; he saw new faces, those of the skilled artisans employed to build the works, around the town; in a few days these men commenced buying cigars and other things at his place. It wasn't long until his trade had increased 100 per cent., and he concluded his \$25 had been well invested. And he found his neighbors were also prospering, and the town booming right along. Inquiry developed the fact that nearly all the business and money of the town had subscribed to the works. That is how Milton got the large and prosperous industries it has to-day. It is the same way Williamsport, Wilkes-Barre and Scranton got theirs; it is the only way Shenandoah will ever get anything. The electric railway, by the way, started from a small beginning.

## PERSONAL.

Mrs. H. A. Acker returned home yesterday. George Erics, of Delano, was in town last night.

L. Johnkoki, of Mt. Carmel, was in town visiting friends.

Postmaster Wagoner, of Shamokin, was a visitor to town last night.

Rev. E. H. Rowing, of Frackville, will deliver a lecture in Mt. Carmel this evening.

Mrs. E. W. Wilde, accompanied by Miss Minnie Hasler, went to Philadelphia this morning to spend a few days on business.

Squire J. J. Monaghan has returned from Mauch Chunk, where he was the guest of W. J. Sweeney, formerly of town. Peter Morris, a brother-in-law of John Seheiff, and an uncle of Postmaster Boyer, died on his farm near Orono on Wednesday.

James Grant, of town, and M. M. Burke, of Brownsville, were elected officers of the Pennsylvania Catholic Total Abstinence Union, at Williamsport, on Wednesday.

County Chairman James, Poor Director Harry McGinness, Postmaster Calver, of Port Carbon, and Deputy Sheriff Smith were visitors to town last night and were entertained in the rooms of the Shenandoah Republican Club. Several addresses were made and the candidates left the town thoroughly satisfied with their visit.

## Electric Flashes.

Shenandoah still claims to be the best lighted town in the county.

The Frackville electric light company is erecting poles in the borough of Gilberton, to supply private consumers.

At Shamokin a drunken man attempted to block the way of an electric car and came near being killed.

The Borough Council of Gilberton has not yet granted the right of way to the electric railway company but will probably do so at its next meeting.

Contractor Eberle has been busy all week getting everything in shape to make a start as soon as the material for the railway arrives.

The Gilberton Council wants 18 to 16 electric lights on the streets of that borough but hesitates to give \$100 per light per year to the electric light company.

It is said Mahanoy City capitalists have sunk \$175,000 in West Virginia in land speculations. This sum would almost have built the new electric railway.

## Children Enjoy

Stationary packages, 5 and 10 cents each, at Max Reese's.

## Work Stopped at Gilberton.

Yesterday morning the car's surface about Gilberton colliery was cracked down by the caving in of workings inside the mines. The scraper line and rock road were badly damaged and necessitated a suspension of work for the day. Work at the colliery was resumed this morning.

## PAY OR FIGHT!

**INDEMNITY TO BE DEMANDED FROM CHILI.**

**THE PRESIDENT'S BLOOD UP.**

**He Wants Reparation for the Assault on American Seamen.**

**The Situation Looks Serious.**  
**Secretary Tracy's Advice.**

WASHINGTON, Oct. 23.—There is likely to be an interesting international difference between the United States and Chili.

The Navy Department has received a cable report from Captain Schley of the U. S. Ship *Baltimore*, which gives the particulars concerning the attack made by Chilian on two boats crews of American sailors. The names of the injured Americans are Hamilton Talbot, Turnbull, Anderson, Davidson and Palmer.

Capt. Schley cables that the mob was composed of Chilian sailors and that the attack was planned. It is also stated that boatswain mate Regan was shot by a policeman.

The American sailors were assaulted at various places throughout the city.

In view of the imminence of trouble Capt. Schley advises that Rear-Admiral Brown be directed to come at once to Valparaiso to aid by his presence in seeing full justice done to the victims of the cowardly, bloodthirsty mob who tried to murder unoffending Americans.

The report of Capt. Schley, which Secretary Tracy laid before the President yesterday, will be considered at to-day's cabinet meeting.

## To Demand Indemnity.

The opinion is that Minister Egan will be instructed to demand immediate reparation and indemnity from the Chilian government.

"I mean to have no more of this business from any nation," said the President, "and the demand upon Chili must be immediate and peremptory."

There will be four of the most powerful ships of the United States Navy at Valparaiso when the demand is made, enough to enforce it if necessary, which is what the President means to do.

There is much bitter feeling against English officials in Chili on the part of American officers there, and a collision between the two is sure to occur if any more provocation is offered by Englishmen.

## A Serious Aspect.

For the first time since this difference between the United States and Chili has arisen the matter really looks serious.

Capt. Schley is one of the best and most plucky officers who wears the American uniform, and he has informed Secretary Tracy that it has become impossible for American officers to go ashore without being insulted, and that hereafter they mean to go armed, and resist insults in the proper way.

"We are losing our self-respect by permitting these things," says Schley, "and the younger officers are wild with rage, and cannot be much longer restrained."

"I do not want them to be further restrained," said Secretary Tracy to one of the commodores on duty at the head of a great supply department, "and I have told Schley so. Therefore any day now bring news of a serious encounter between the Americans and the Chilian mob, instigated and secretly encouraged, it is believed here, by persons high in authority there."

## Submitted to the Presbyteries.

WATKINS, N. Y., Oct. 23.—The New York Synod yesterday decided to submit to the Presbyteries the proposition as to whether the synodical aid work shall be separated from that of the Home Mission Board and conducted by the synod alone. Final action is therefore deferred until next year. The synod decided to meet in the Fourth Presbyterian Church at Albany next year. The resolution passed in 1890 against opening the World's Fair on Sundays was reaffirmed.

## The Heap Will Affected.

WILLIAMSBURG, Conn., Oct. 23.—Council in the Enfield R. Heap will contest agreed to take the case from the jury and give it to Judge Hall to decide, who then passed a decree affirming the will and codicil. By the settlement F. McCall Cushman pays \$10,000 to the Richmond heirs. Other legacies amount to about \$4,400, and Cushman will receive about \$15,000 after expenses are paid.

## Wants the Fair Open Sundays.

WONDERFUL, Mass., Oct. 23.—At the Universalist Conference, Rev. F. A. Winkelman, of Illinois, submitted a resolution favoring the opening of the World's Fair on Sunday, on the ground that the working people would be benefited.

## A Cold Day at Gettysburg.

GETTYSBURG, Pa., Oct. 23.—The Fifth Maryland Light Infantry, Baltimore's crack organization, visited the battlefield here yesterday and left for home at 6 o'clock last night, having spent an exceedingly cold day on the field.

## A Desperate Bandit Wiped Out.

HAVANA, Oct. 23.—Palenzuela, the notorious bandit, was overtaken in the woods near Colon yesterday by soldiers and shot to death. He made a desperate fight and killed several of his pursuers before being shot.

Best work done at Brennan's steam laundry. Everything white and spotless. Lace curtains a specialty. All work guaranteed.

## G. A. R. Notes.

There will be something of importance for the veterans at the meeting of Watkin Waters Post, No. 146, this evening.

There is considerable activity in Grand Army circles just now.

Post 146 will start a sinking fund, for the purpose of paying the members' expenses on next Grand Army Day at Bethlehem.

Every old soldier who has an honorable discharge should join the Grand Army of the Republic.

Pensioners should be careful not to vote for their enemies at the coming election.

Colonel Geo. G. Boyer, Department Commander, is expected to visit some of the Posts in this county after the election.

Girardville Post is having some life injected into it. There has been too much jealousy among some of the members.

Watson's Weiss beer is the best. John A. Kelly sole agent. 5-5-1f

## "Little Nugget."

The happy face comedy, "Little Nugget" has been here before, but the most efficient company that has ever handled it, is the one which will be at the theatre to-night. Now specially people have been engaged, who assist in making an evening of refined enjoyment and hearty laughs. H. S. Cawthorn still plays *Barnaby Rudge*, and any one who has seen him once will wish to see him again. There is a peculiar humor about Cawthorn's Irishman. It is delightfully quaint and original, and there is a confusion or blundering in his utterance that is positively irresistible, for the reason that it suggests a type of character that is new to the stage, yet too true to reality. This is the impression that lingers from seeing him here last season.

Optics are in season and the best in the market are at Cooley's. 8-22-1f

## Grand Opening.

J. Coffee has opened a new bargain store in the post office building (Boston shoe store old stand) with a full line of boots and shoes, dry goods of every description, hosiery, notions, ladies' and gent's underwear, etc. His prices are way down. Children's school shoes, with tips, 50 and 60 cents. Misses' school shoes 85 and 90 cents. Ladies' pebble and French kid \$1. Men's working boots, double soled, \$1.75. Boys' shoes, \$1.50. Gentlemen's dress shoes, \$1. Woonsocket rubber boots, \$2.25. Call and examine the other goods and get the prices. They beat all. 10-22-3f

Always go to Cooley's, South Main street, for your prime oysters. 8-22-1f

## "Y" Programme.

The following programme will be offered at the meeting of the "Y. N." to be held to-morrow evening:

Musical duet (continued).

It is a well known fact that Pan-Tina Cough and Consumption Cure has cured Consumption, Coughs and Colds when all else failed, 25 and 50 cents. Trial bottles free at Kirtin's drug store.

## Fire Insurance.

It is a matter of self-interest for every property holder to insure his property as well as his household goods. No man can tell when the fire fend may destroy his savings of many years, and thus render him homeless. If your property is insured by David Faust, you need have no fear from such a catastrophe, for he represents none but reliable companies. 10-20-1f
