"My Son, Deal With Men Who Advertise. You will Never Lose by It."—Benjamin Franklin

THE EVENING HERALD.

ALL THE NEWS FOR ONE CENT.
As a larger circulation in Shenandoah than any other paper published, Circulation books open to all.

THE Philadelphia *North American* speaks truly when it says any man fit to vote will pay his poll tax. Or if any man shirk payment three years in succession let him be disfranchised! That's the way to reform suffrage.

WHAT the leading Parnellite and McCarthyite newspaper organs over in Ireland seem to stand most in need of just at present is some able fighting editors. Bombs and brickbats fly too thickly around the editorial sanctuaries under their present management.

THE New York *Herald*, Democratic, says: We are convinced that the election of Mr. Flower will prove to be a boomerang to the Democratic party in the Presidential campaign next year and a blessing in disguise to the Republicans.

SALOON keepers are already preparing their license papers for next year. The respectable saloon keepers ought to rise in their might and protest against the granting of licenses to ignorant and, we might almost say, newly landed, undesirable class of people.

It is not too early to suggest good men for to fill the offices to be elected in the borough at the next spring election. Let none but reliable, honest and trustworthy citizens be nominated and elected. Both parties should do their best and relegate the chronic no-account office seeker to the rear.

HAZLETON will elect city officers at the next spring election, and from that time forward our sister borough will reap the benefits that accrue through a city government. Her citizens will find a wonderful change from a borough to a city, and they will never regret the step taken. Had

we less selfish people in this once enterprising and go-ahead town, Shenandoah would now be living under a city form of government and be better off financially and otherwise.

THERE is no telling yet how badly the constitutional convention was left. Philadelphia alone cast 84,000 majority against it, and the total majority in the state against calling the convention will exceed 150,000.

THE anti-Pattison-Harrity Democrats of Philadelphia have more spunk than the County Democracy of New York. The latter were turned out of the State Convention by Tammany, and on Tuesday licked the hand that smote them. The Philadelphia Democrats remembered how Mr. Harrity had tried to defeat their candidate for Congress by transferring Mr. Vaux from Germantown, and remembering that they hit back on Tuesday.

In the hurly-burly of the late election campaign the fact that Thanksgiving day is not far off appears to have been forgotten. True, the farmers have been thinking of it, and have had their turkeys cooped, fattening for the festive day. In a little more than three weeks those gobblers aforesaid will be suitable for the table, and by that time the election with its excitements will have practically passed out of mind, and we shall, if we are alive and well, be enjoying with thankful hearts and sharpened appetites, the good things that may be vouchsafed us.

A LIVELY COLUMN

LOCAL PARAGRAPHS CONCISELY CHRONICLED.

"RAMBLER'S" BUDGET OF ECHOES
A Column of Local Happenings Dished up for the Perusal of the Many Readers of the "Herald."

R. D. Hagenbuch, having received the contract, is now painting the letter boxes a bright vermilion red.

The executors of the Egan estate are putting down a substantial flag pavement all around the property, which is most commendable.

In several parts of town the streets are covered several inches deep with fallen leaves, which should be swept up and carried away.

Shenandoah has a new organization—The Owls.

Is it not possible to devise some style of railroad frog that will not be as dangerous to human life as the one now in use? Some of the most horrible deaths on record have occurred within a few days resulting from the feet of the victims being inextricably fastened in those dangerous frogs. Time and again such terrible casualties have occurred, and are likely to occur again. Surely some device of equal efficiency for railroad service but less dangerous to human life is possible.

The woods have been full of hunters this week. Shenandoah has many good crack shots, but the game isn't plenty enough to go around.

It is comfortable to learn from almost any source that the trade in cigarettes is falling off. A tobacco dealer in New Haven says the Yale boys do not smoke as many of them as formerly. Glad to hear it, but would like also to be informed where all the small boys who are to be seen at almost every turn in the street, smoking cigarettes, get hold of them. There is a state law of Pennsylvania that forbids their sale to boys under sixteen, and yet there are more of the obnoxious article to be seen in boys' mouths to-day than we remember to have ever seen before. How is this? Is the law a nullity, or are there secret agencies by which the most chits of children manage to get them?

Gunning accidents are now beginning to count. Too much carelessness on the part of those handling firearms is the cause of many injuries or deaths.

There is entirely too much gadding among neighbors. If some housekeepers would remain at home and get up a good meal for their tired and hungry husbands, they would keep themselves out of trouble and make their homes happier.

The amount of sour kraut made in this borough and put away for winter consumption must be immense, judging from the cabbage brought to market and sold.

The Lehigh Valley railroad depot is being repainted and otherwise improved.

"Florida on Wheels" is now on exhibition. Go and see the wonderful products of the great alligator state.

Send your boy to night school if he is obliged to work in the day time for a living. The invention of an odorless whiskey will doubtless have a marked effect on the demand for clothes.

The cold weather has naturally put a stop to lounging about the theatre building on amusement nights. Pity it could not be stopped altogether.

Mr. Edison announces that people will be able to light and heat their houses at a cost of 60 cents per annum by and by. This will be perfectly jolly for the people, but Mr. Edison need not expect much courtesy from the coal barons and the gas manufacturers after such a deliverance.

There is little wild game offered for sale in our local markets, and what there is good prices are asked.

The boys are already building on a lively political campaign for next year. It will be opened early.

It is almost too soon to trot out candidates for borough offices, but we have heard of a number of names mentioned. The proper place for announcements is in the town papers.

Some able editor has carefully computed the cost of rearing a boy from infancy to manhood. He finds the average expenses to be \$4,150. When to this financial arrangement is added the care and worry and anxiety that he has cost loving parents and eager teachers, the restless nights and sleepless days that he has inflicted on his nurses and protectors, the dismay and terror that his boyish pranks have occasioned, and the unhappiness that the whole neighborhood has experienced because of his infantile shrieks, it begins to appear that training up a child is a very expensive business. And when we look about and realize what a splendid specimen of humanity are many of the young men who were lately boys, it seems as if the investment was a mighty poor one.

It is rumored that A. J. Luburg has purchased a residence in Philadelphia and will shortly remove there, and his business here will be, or has, been purchased by his brother.

PERSONAL.

D. B. Thomas left for Scranton yesterday.

Geo. Rahn, of Pottsville, was in town yesterday.

Major Finney returned to Harrisburg yesterday.

Mr. and Mrs. J. J. Price are visiting in Philadelphia.

J. George Bender, of Pottsville, spent a few hours in town yesterday.

W. J. Watkins, local editor of the *Herald*, is ill and confined to his bed.

John R. Leisenring, of Hazleton, in a blue jean suit, was in town yesterday.

Our genial friend, J. J. Dougherty, is in town after an absence of several weeks.

Charley Shaw, of Pittston, was in town yesterday, looking much improved in health.

A. L. Brassfield, of Schuylkill Haven, one of the editors of *The Call*, was in town this morning.

Candidates Pomeroy and Franey went out hunting yesterday—for the Constitutional convention.

Mrs. C. G. Palmer is visiting friends in Wilkes-Barre and Scranton. She is not in good health and this visit may be to her welfare.

Pronounced Hopeless, Yet Saved.
From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at C. H. Hagenbuch's drug store, regular size, 50c, and \$1.00.

City Charter Carries.
The people of Hazleton are wide-awake and progressive, far in advance in their ideas of what is just and proper for the future welfare of their town, than the people of Shenandoah. On Tuesday the election for a city charter resulted in a majority of nearly 700 for it, and we congratulate our sister borough on their victory.

Get the Genuine.
If you suffer with lame back, especially in morning, Allcock's Plasters are a sure relief.

If you cannot sleep, try an Allenck Plaster, well up between the shoulder blades—often relieves—sometimes cures. Try this before you resort to opiates.

If any of your muscles are lame—joints stiff—feel as if they want oiling—or if you suffer with any local pains or aches, these plasters will cure you.

If you use them once you will realize why so many plasters have been made in imitation of them. Like all good things, they are copied as closely as the law allows. Don't be duped by taking an imitation when it is as easy to get the genuine.

If you always insist upon having Allcock's Plasters and never accept a substitute, you will not be disappointed. 3c

In a Row.
Conductor Alex Butler, the dandy of the Lehigh Valley force, got into a row with a lot of poli-kifed Huns who had boarded his train up near Freeland on Sunday afternoon last, and was quite severely handled. The police are after them, and by the time the courts get through with them, they'll perhaps find that there isn't so much fun in attacking a conductor on his train after all. Beyond a pair of freckled eyes, Mr. Butler is none the worse for his adventure, and is on duty as usual.

GLEANINGS BY THE LOCAL CORPS OF REPORTERS.

WHAT THE SCRIBES SEE AND HEAR
Echoes Heard From the Recent Battle of the Ballots in This County—Colliery News of This District.

The Philadelphia *Times* calls it a "Quay Vindication."

The "I told you so" individuals were plenty yesterday.

New York Republican interference in Pennsylvania politics resulted in the discomfiture of their own ticket. "Shiny on your own side" is a good motto.

It is to be hoped, hereafter, that if the county seat Republicans expect good results from Shenandoah that they keep hands off. There was a time when outside interference was not tolerated and everything went well.

Clerk of the Courts Toole is reported as having said that the young Democracy intended to run the politics of the county hereafter.

The "Wall Paper Syndicate," as the *Chronicle* called it, was fully vindicated on Tuesday by the handsome majority given Judge Green.

The county vote will be officially counted to-day.

"Are the Second and Fourth wards Democratic?" seems to be a debatable question with many of our town politicians. We think not.

The cry of "fraud," "false registration," "ballot box stuffing," etc., will now have a rest for a time at least.

It is said James Smith will again seek the nomination for Chief Burgess next spring.

There will be a hustle among the Democratic faithful for one or more of the numerous offices to be voted for next fall.

Study up the new election law. It goes into effect after March 1st, 1892.

Bardley's name will now be permitted to take a rest. It will be of no use hereafter.

Gratifying to All.
The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy, Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Co.

Colliery News.
The new breaker of Coxo Brothers at Onedia went into service on Tuesday. When in full operation it will employ 600 men and boys. At present miners are scarce.

Old No. 8 breaker at Stockton, near Hazleton, has been abandoned, and hereafter the coal from No. 8 slope will be prepared for market in the new breaker at No. 2. All the men employed at the abandoned breaker will be found work at some other points.

New Shoe Store.
L. Goldman has just purchased a large stock of boots and shoes at a bankrupt sale at Bethlehem. These goods will be sold cheaper than the manufacturer can afford to make them. The opening will take place Saturday, November 7th, in Harrington's building, on East Centre street and Market alley. Look at the sign of the star.

To reach the store there are a few steps to climb, but it will pay you to climb them. Square dealing to all.

Be sure to be on time at the grand opening of the Star Shoe Store, Shenandoah, Pa.
L. GOLDMAN, Manager.

Newspaper Notes.
The *Sunbury Daily* has donned a new dress.

The *Wilkes-Barre Record* has just put in a new expensive press and arrayed itself into an entire new dress.

Jacob S. Foster is now editor of the *Evening Chronicle*, vice George S. Helms resigned.

The Schuylkill County Press Association will hold its semi-annual meeting in Pottsville this month.

With the 19th century dawned the era of wonders. It has also proven an era of surprises—for notwithstanding its giant strides toward knowledge, we are told that there are still in some places a few citizens who have not heard of salvation.

Corner Stone to be Laid.
The corner stone of the new Lithuanian Catholic church at Freeland, Luzerne county, will be laid on Sunday. Rev. H. F. O'Reilly, of town, will conduct the services. A large number of Shenandoah Lithuanians and others will attend.

Burchill's Restaurant.
Charles Burchill is now located at corner of Main and Coal streets, Shenandoah. Regular meals, at popular prices, served any time. Ladies' dining and refreshment rooms attached. 9-14-91

SCHOOL BOARD.

Regular Monthly Meeting Held Last Evening.

There was a regular meeting of School Board held at the superintendent's office last evening.

Mr. Williams appeared before the Board and made a statement in regard to the Bainbridge case. The teacher was sustained and the request of Mr. Bainbridge to have his child transferred was refused.

A boy was reported as having been suspended from one of the schools for throwing stones and his application for reinstatement was refused by Superintendent Freeman.

A petition from the residents of Turkey Run for a night school was granted and R. A. M. Hale elected teacher.

Upon petition of the teachers, the Board voted to close schools for a two weeks' vacation after County Institute begins, December 14th.

Schedule of teachers' salaries was changed and is now as follows: First year, \$35; second, \$35; third, \$37; fourth, \$40; fifth, \$42; sixth, \$45; seventh, \$48; eighth year and over, \$50.

On motion, it was decided to purchase about 150 books for the library to replace those worn out.

Evening school committee reported four schools organized with six teachers, and about 175 pupils enrolled to date.

Florida on Wheels.
The Florida Exposition car, which is side-tracked near the Ashcroft roundhouse, attracts many visitors, and the general comment is that the exhibition of the state's products and curiosities is well worth seeing. Many kinds of wood, all native in Florida, are shown. Live alligators are to be seen, various kinds of birds, and a number of skeletons and fossils. The agricultural display is large and interesting, the beautiful grasses grown in that region being particularly worthy of mention. An enormous sponge, seven feet in circumference, is to be seen. Full of every variety grown in the state is exhibited. The visitor will be astonished to learn what a school of information concerning the land of flowers this "rolling palace" is. The car affords one of the most complete exhibitions of the kind ever shown by any state. Mr. W. S. Webb, who has charge of the car, is a very courteous and well-informed gentleman, who takes pleasure in imparting his extensive knowledge of Florida and her products to those who desire to learn. A visit to the car is sure to repay the caller.—*Keene, N. H. Tribune.* The car arrived in town this morning and is now located at the Cherry street crossing of the Lehigh Valley Railroad.

Second Anniversary.
Major Jennings Council, No. 207, Jr. O. U. A. M., will give an entertainment in Ferguson's theatre this evening, in celebration of their second anniversary. Previous to the entertainment, a short street parade will take place, in which several councils from the adjacent towns will participate. Judging from the appearance of the chart, there will be no vacant seats at the entertainment this evening, and all who avail themselves of the opportunity will undoubtedly be well paid.

Look at These Bargains.
J. Cuffey, having just returned from New York City with an entirely new stock of boots and shoes, is now prepared to offer the citizens of Shenandoah greater bargains in this line than ever before. He is offering these goods at such low prices that competitors cannot compete with. Bring your boys and girls and get a pair of double-soled tip shoes at 60 cents, worth elsewhere \$1.00. He is selling men's double-soled leather boots for \$1.75, and the best rubber boots for \$2.25. Remember that the place to secure these bargains is at Cuffey's Bargain Store, post office building, corner Main and Oak streets. 11-5-91

Blown Up.
Advice received here this afternoon was to the effect that the powder mill near Wetherill Junction, this side of St. Clair, was blown up at noon to-day. We failed to get particulars at time of going to press.

Be on time for prevention is better than cure. All coughs and colds, throat and lung affections are cured by Dr. Bull's Cough Syrup. Only 25c.
