**AFFAIRS CAUGHT HASTILY.**

What News Gatherers Take a Moment to Tell About.

A new moon out. Winter is coming. Bets are being paid. Some people are now eating crow. Sharp toed shoes are to be the style. Big buttons are fashionable this season.

White facings in black shoes is a new effect. The "biting frosts of winter" will soon be here.

Now give politics a rest and get down to work.

The boutonniere for masculine full dress is always of white flowers.

The weather prophets promise us plenty of sleighing for this winter. Immensely long sleeves are good style, because they make the hand smaller.

The maiden's thoughts will soon be turned toward that Christmas present.

A new design of half-dollars, quarters and dimes will be put in circulation January 1, 1892.

**Handicapped.**

The following note picked up on the street Monday afternoon is a manly exposition of what narrowly escaped being a grievous wrong:

DEAR JANE—I hope you ain't mad because I didn't left at you when you left at me last evening at the post office. I ain't proud, dear Jane, but I have got a file under my arm, and I can't leave as I used to, as Heaven is my judge. Yours truly, HENRY.

**Chance for an Opening.**

There was a terrific thunderstorm last night, and in the mail this noon there were letters from nine different lightning rod men inquiring if there was any kind of an opening here for them. We don't doubt but that an opening could be made for them if they were here, as the frost is not deep.

**MAVERICK BANK DIVIDENDS.**

Controller Lacey Says They Will Be Larger Than Expected.

BOSTON, Nov. 9.—Controller Lacey makes this statement in connection with the affairs of the Maverick National Bank:

"Receiver Deal has filed his bond and received his commission, and is now actively employed in providing for the prompt return to correspondents of such remittances as have been received since the failure of the bank.

"They are so large in volume that their proper investigation and classification will necessarily employ some time, but is hoped that a very few days will complete all this part of his duties.

"As investigation proceeds there is a more cheerful feeling as to the assets. The judgment of those best informed is that larger dividends may be realized by creditors than at first anticipated.

"I know of no other bank in Boston which is not fully entitled to confidence. Both myself and the receiver agree that a dividend shall be declared at the earliest practicable moment, and it is hoped that every creditor of the bank will promptly present his claim for allowance."

**DISGUSTED WITH FONSECA.**

Republican Party of Brazil Not in Love With the Dictator.

RIO DE JANEIRO, Nov. 9.—The new dictatorial government has prohibited the holding of public meetings until all signs of uneasiness pass entirely away. The newspapers are commanded not to make any remarks about Da Fonseca's dissolution of Congress or dictatorial proclamation.

There are many evidences that the Republican party is disgusted with the acts of the President. Baroa de Lucena is the only one of the Ministry who remains in the Dictator's Cabinet, and is regarded as an Imperialist.

Both the army and navy continue to uphold Fonseca in the new role he has assumed. The rumored uprising in the State of Rio Grande do Sul seems to have died out, according to the latest news from that part of the Republic, for everything is reported to be quiet.

**Exit John E. Redmond.**

CORK, Nov. 9.—John E. Redmond, the defeated Parliamt. candidate, took his departure from Cork last night. He was escorted to the railway station by a large gathering of his adherents bearing torches and headed by bands of music. Before taking his seat in the train Mr. Redmond was presented with an address by the members of an organization known as "Young Ireland," composed of young men who have just attained the right of suffrage. Mr. Redmond replied briefly, thanking his supporters for their adherence in the face of the violent tactics resorted to by their opponents.

ANTIQUE can be tolerated in almost any thing but hats. If the head is out of date the rest of the body is pretty sure to follow suit. Nobody but a millionaire ora genius can afford to wear ancient headgear, and even they take a good many chances when they do it. It will cost you no more to be up with the times than it will to be half a mile behind them. Everything about our \$1.50 hat is handsome but the price, and \$1.50 for such a hat can scarcely be called anything but a ridiculously low figure. The same can be said of our 25c neckwear.
