DETAILED ROUTES Of the Pennsylvania Railroad's Golden Gate Tours.

These tours to California under the Pennsylvania Railroad Company's personally conducted tourist system have excited considerable interest. The routes traversed are very diversified and interesting. On the first the Pullman vestibule train will leave January 18th, going via St. Louis, Kansas City, Las Vegas, Hot Springs and Santa Fe.

Returning, after six weeks in California, via Sacramento, Salt Lake, Glenwood Springs, Leadville, side trip over Marshall Pass, Colorado Springs, Manitou, Denver, Omaha and Chicago.

Rate from Philadelphia, \$300.

The second tour leaves February 24th, going via Cincinnati, Mammoth Cave, Montgomery, Mobile, New Orleans, (Mardi Gras festivities), Galveston, Houston, San Antonio and El Paso.

Returning, after four weeks in California, via route of first tour.

Rate from Philadelphia, \$355.

The third tour leaves March 24th, going via St. Louis, Kansas City, Denver, Colorado Springs, Manitou, side trip over Marshall Pass, Glenwood Springs and Salt Lake City.

Returning, after four weeks in California, via Mt. Shasta, Portland, Tacoma, Seattle, Spokane, Minneapolis, St. Paul and Chicago.

Rate from Philadelphia, \$300.

The fourth, April 28th, will run west via Chicago, Denver, Colorado Springs, Manitou, side trip over Marshall Pass, Glenwood Springs and Salt Lake City.

Returning, after six weeks in California, via the shape of customs and internal revenue duties, and these were rather lowered than increased by the "billion dollar Congress." Then, who is hurt by the expenditure? And if it is extravagant, why did not Mr. Tillman specify some of the extravagant features? Is it in the enormous sums paid for pensions? As a Southern Democrat, he doubtless thinks so, but he is so well aware that the country does not agree with him that he would not dare say so publicly. Is it in the amount paid for the improvement of Southern rivers and harbors? O, dear, no; Mr. Tillman is a Southerner. In fact, this impressive title of "the billion dollar Congress" is a mere phrase invented by Democratic leaders to frighten weak-minded people. They use it in the belief that the people will not reflect that this is a billion dollar country, and its expenses must be in proportion to its size and the magnitude of its operations.

Pole and Wiring Work to be Commenced at Once—Track-layers and Electricians on the Ground.

Our town people will see some substantial progress in the electric railway work this week if we do not have too much rain.

The heavy wire and a quantity of other electrical supplies arrived Saturday and Tom Van Dusen has been hauling them to a place of storage, where they will be kept until work on the power house gets some headway. Fifteen stone masons have been engaged to build foundations for the house.
