Boxes or Slots Needed.
A number of the professional and business men of town have failed to place letter boxes or have slots made in front of their places of business and, in consequence, the letter carriers are considerably delayed in making their deliveries on holidays. The carriers leave and return to the post office on schedule time and professional and business people who fail to make any provision for mail delivery when their offices and stores are closed may expect to have their letters returned to the post office. It is hoped the people to whom this is directed will do what they can, as soon as possible, to remedy this defect in the system.

PARIS GREEN IN THE WELL.
Finnish Attempt to Poison a Family at New Bedford.

NEW BEDFORD, Mass., Nov. 26.—A bag containing paris green has been found in the bottom of a well on the premises of John Williston at Little Compton. The water from the well had for some time caused considerable sickness, and it was decided to clean it. In the cleansing operation the discovery was made. It is believed that a man against whom Williston at one time appeared as a witness is the culprit who placed the poison in the well.

Now Wants the Democratic Convention.
MINNEAPOLIS, Minn., Nov. 26.—A movement is on foot here to capture the National Democratic Convention. An effort will also be made to combine the Northwest in its favor. The Democrats say that the selection of Minneapolis for the Republican Convention makes it necessary that the Democratic Convention should also be held here.

Leprosy in Michigan.
CLARE, Mich., Nov. 26.—John Powers, a laboring man of Sheridan township, is afflicted with a malignant type of genuine leprosy. His flesh is dropping off in great masses and a foul odor emanates from the decayed tissues. The physicians in charge of the case are very reticent about it.
