"My Son, Deal With Men Who Advertise. You will Never Lose by It."—Benjamin Franklin

THE EVENING HERALD.

Has a larger circulation in Shenandoah than any other paper published. Circulation books open to all.

SOME of our merchants are prospering at the expense of others more enterprising.

NEXT week we will have the county pedagogues with us. They will find the people of Shenandoah as sociable as ever.

THE election of Representative Crisp, as Speaker of the House, is a sort of a compromise on free silver and free trade. Representative Mills will be the leader of this branch of Congress.

OUR people, as well as those living in the valley, are very anxious for the completion of the electric railway. Let them have patience; it will be built as fast as weather, etc., will permit.

THE entertainments to be given next week by the county institute will be patronized better than similar entertainments given elsewhere. A county seat contemporary need have no concern on that score.

THE South owns the Democratic party body and breeches. Without the solid South the Democratic party would be nowhere. It was the same before the war. The Democrats were the doughfaces then and they are so now.

GOVERNOR HILL, of New York, failed to take his seat as United States Senator. Pity the Senate cannot declare his seat vacant, so as to bring him to his senses. He will not serve himself nor allow any one else to serve. New York is a big state and Dave Hill is a big man, as he owns the state. That is about the size of Tammany's victory at the last election.

If the present Congress will pay 45 CENTS PER YARD FOR a good home-made rug carpet. It is one of those extra heavy carpets, made of the best yarn and clean rag. Finest line of Velvet Brussel and Ingrain Carpets in Shenandoah at C. D. FRICKE'S CARPET STORE.

maker's suggestions, United States will have better postal facilities than any country in the world. The postal telegraph, postal savings' fund and the extension of the free delivery service are among some of his suggestions. The people want them all and to deny them these will result, in the near future, to a rebuke to the men who make the laws.

Pennsylvania Grange, F. K.

HARRISBURG, Pa., Dec. 9.—The State Grange, Patron of Husbandry, met here yesterday, over 300 delegates being present. Worthy Master Rhoads presided. The afternoon session was devoted to examining credentials and appointing committees, and the address of the Worthy Master. Last evening an open meeting was held, at which addresses were made by Gov. Pattison, Prof. Albert Bolles and Col. Price of Scranton, the latter on equality of taxation.

The Stockholders to be Assessed.

PHILADELPHIA, Dec. 8.—Comptroller of the Currency Lacey has instructed General R. F. Fisher, receiver of the Spring Garden National Bank, to make an assessment equal to the capital stock on the shareholders of that collapsed institution. The capital stock of the bank was \$750,000, and if all the assessments are collected \$750,000 will be thus raised to pay off the indebtedness of the concern. The par value of the stock was \$100 per share.

Dom Pedro's Funeral.

PARRIS, Dec. 9.—The funeral of Dom Pedro took place last evening at the Church of the Madeleine. After the mass to-day the body will be taken to Lisbon and there interred. While some servants were overhauling the effects of the dead ex-Emperor, preparatory to removing them, they found in a chest a bag of earth from Brazil, which the ex-Emperor had carried with him. It was placed in the coffin.

NEWS OF THE DAY.

Over 2,000 cases of the grip are reported from Topeka, Kan.

It is said in New York that the American District Telegraph and the Mutual District Messenger companies have been consolidated.

The Delaware Construction Company will begin bridging the Brandywine Creek at Fourth street, Wilmington, Del., on Thursday. The bridge will cost \$12,000.

The Boyd-Thayer case, involving the question of title to the office of Governor of Nebraska and of citizenship on the part of Boyd is being argued in the Federal Supreme Court.

The strike of the employees of the Crane Iron Works at Catawba, has been compromised by the Company agreeing to give the 10 per cent increase in wages asked for on February 1.

Weather Report.

WASHINGTON, Dec. 9.—For New England warmer; fair weather; southwesterly winds, increasing to southwesterly gales on the coast.

MIDNIGHT RIOT

AMONG POLES AND HUNS IN THE FIRST WARD.

ONE MAN SHOT BY A CONSTABLE.

Another Unmercifully Beaten Constable Shot to Prevent an Escape—The Fellow Wounded in the Back.

A riot occurred between Huns and Poles in the First ward between 11 and 12 o'clock last night, which resulted in the beating of several men, of whom one was seriously injured, and the subsequent shooting of one of the men who started the riot, and who tried to escape from Constable Jere. Toomey, of 'Squire Monaghan's court.

Three Hungarians named George Angelovich, John Wajura and Wasko Walchick were on their way to their boarding houses in Franey's row, at the east end of Centre street, at about half past eleven o'clock last night. As they passed Bunsavage's saloon they were attacked by six Poles named Mike Whitekavage, Simon Jucusky, Simon Jucusky, Martin Pachus, William Scudder, Mike Bobbin and Charles Chukis. A general fight followed, the three Huns being badly, especially Angelovich, who has but one leg and was soon knocked down and jumped upon.

After the fight two men who had driven to town from Mahanoy City reported at 'Squire Monaghan's office that a man who had been badly beaten was lying beside the road near Bradley's row. Constable Toomey, Policemen Williams and Phalen, Anthony Alex, Councilmen Moskler, J. J. Reilly and D. J. Creeden hastened to the scene and arrested Whitekavage, Bobbin, Jucusky and Chukis, four of the Polish assailants. Angelovich was found in a bad condition and removed to his home, while the police started to the lock-up with their prisoners.

The men in custody offered no resistance until the rear end of Franey's building, on West Oak street, was reached. There Mike Whitekavage, who was in Constable Toomey's charge, made a dash for liberty. Whitekavage ran along the alley between Main and Jardin streets, towards Centre. Toomey gave chase, but finding the fugitive was too good a runner he drew his revolver and called "Halt! Halt!" The Pole paid no attention to the warning and Toomey fired four shots after him. Whitekavage continued running and was chased through the alley to Canal street, thence to West street, and south along that street to the brick school building on Centre street. The pursuing party had increased by this time until it included four of the night police and a number of citizens. Whitekavage was found hiding in the alley at the rear of the Centre street school building and taken to the lockup. Arriving there he said he had been shot and appeared to be fainting. Dr. Callen was summoned and he found that one of the shots fired by Toomey had taken effect in the man's back. Whitekavage was put in John O'Leary's huckster wagon and taken to 'Squire Monaghan's office. Subsequently he was removed to his boarding house at the rear of the HERALD building. He is now confined to his bed under Dr. Callen's care. The doctor traced the 32 calibre ball from the back, at the tenth rib, and found it under the skin in front, just above the last rib. The ball was extracted by simply cutting the skin. The doctor says the injury is not a serious one, unless blood poisoning sets, in the man will soon be well again. Whitekavage bears a bad reputation and no sympathy is felt for him. He was one of the men who, about two weeks ago, kicked a Hungarian woman in the First ward and on the same night threw rocks and beer kegs through the windows of two Hungarian saloons.

Angelovich, the Hungarian who was beaten by Whitekavage and his gang, is in a critical condition. He is under the care of Dr. Stein and two scalp wounds required stitching. One received five stitches and the other three. He was vomiting freely to-day and, as he claims he was repeatedly jumped upon, it is feared he is injured internally.

The only explanation given for the assault is that Whitekavage and his gang take pleasure in beating Hungarians. 'Squire Monaghan has set the case down for a hearing to-night, at 7 o'clock.

Queer Doings.

Rumors have reached us of numerous scandals which, if given full publicity in the newspapers, would serve to gratify only the appetites of those who are equally guilty of improper conduct. Several married men and women are mixed up in these scandals, and for their children's sake we forbear giving names or particulars. The proper way to put an end to these disgraceful doings is to commence proceedings at law. This will end the business quicker than any other way.

New Overcoats.

The letter carrier forces of the local post office has purchased handsome gray overcoats, with capes. They are warm and just the thing for the boys who deliver your mail these cold days.

THE ALL-IMPORTANT TOPIO.

"Vindex" Gives His Views on the Water Project.

EDITOR HERALD:—It begins to look as though the Borough Council has made a mistake in starting to erect a water plant without the consent of the tax payers.

I remember distinctly that when the vote on the question of erecting a borough water works was taken ten years ago the estimated cost of the plant was \$45,000. A majority of the citizens voted in favor of increasing the debt of the borough to that extent for the purpose of securing a supply of water. But the majority was by no means overwhelming, and I feel certain that if the estimate then had been so high as I now understand it is, they would have defeated the proposition by a decided majority.

The people voted ten years ago to invest \$45,000 in a supply of water, and to borrow the money, but if they did what right has the council of to-day to assume that the taxpayers are ready to borrow double that amount of money and pay interest on it, for the purpose of putting up a water works?

The members of the Borough Council should remember that we are living in the present, and not in the past, and that it is from the living, and not from the dead, they must get their authority.

MORE WATER.

Shenandoah, Pa., Dec. 8, 1891.

Another Correspondent Talks on Borough Water Works.

EDITOR HERALD:—The copy of the notice of the special election held ten years ago, to determine whether or not the debt of the borough should be increased for the purpose of securing a supply of water by the borough, which you published yesterday, puts the whole question of borough water works in an entirely new light.

I presume the Borough Council and the Joint Committee proceeded under legal advice when they started the work of erecting a water works, and, as I am not a lawyer, I presume the advice they received was good. That is to say, I suppose the Council has the legal right to proceed under the authority obtained by the vote taken in 1881, as there is probably no statute of limitations to interfere. But how about spending a sum in excess of the amount voted at that election?

The vote of ten years ago appears to have been taken with the express understanding by the people that a water supply could be secured at a cost of \$45,000, and with that understanding they voted the right to Council to increase the debt in that amount for the purpose stated.

Has the present Council either the legal or moral right, ten years after that vote was taken, to proceed upon the authority then granted, to spend a hundred thousand dollars or more in erecting a water works? To my mind the right at least seems questionable, and I think Council should go slow until the consent of the taxpayers is secured in favor of the project. The Shenandoah of to-day is not the Shenandoah of ten years ago; and while the taxpayers even of the present day might vote to spend \$45,000 for a water works, they might object to spending \$100,000, or more, for that purpose.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism. His stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Spunker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by C. H. Hagenbuch, Druggist.

Large Attendances at the Revival Services in the Ebenezer Evangelical Church—Interest in Them Increases Nightly.

The revival services in the Ebenezer Evangelical church continue with increasing interest. Monday night Bishop Stanford preached an excellent sermon to a large and appreciating audience and gave an invitation, whereupon eleven presented themselves at the altar, four of whom found peace. Last night the pastor preached an instructive sermon and three new penitents came forward, so that there were again ten persons at the altar. Tonight Rev. E. H. Romig will preach. A hearty invitation is extended to all to go and hear the young divine.

THE COUNTY INSTITUTE.

It Will Certainly be a Success Here.

Shenandoah owes it to County Superintendent Weiss, as well as to the teachers to make the approaching Institute a financial success, as well as otherwise, and we have faith to believe they will do this.—*Republican.*

The Pottsville contemporary need have no fear for the welfare of the institute in Shenandoah. It is the only town in the county that has made the institute a real financial success and what our people have done in the past they will certainly do this year.

It is hoped that Pottsville will not fail to compete with Shenandoah in an exhibition of class work during the institute.

The entertainment to be given during the institute will be of an excellent character, surpassing all others heretofore given in the town under the auspices of the institute.

Monday night—Major Henry C. Dane. During the past three years and a half Major Dane has made a tour round the world with a success little less than marvelous. He has given many lectures in every city, and several in nearly every town in Australia, New Zealand, and Tasmania, and was received everywhere with enthusiasm by large audiences and was pronounced by the press "The greatest orator ever heard in Australia."

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Itches, or no payment required. Address to the "Y's."

Rev. M. Nally delivered an eloquent address to the members of the "Y" Saturday night. His subject was temperance. He said the people of to-day are in the midst of a great temperance revival and the strongholds of whiskey are tottering. People all over the civilized world are beginning to recognize this fact.

Will They Do It?

It has not been definitely decided on what route the electric road will be built through town towards Mahanoy City. It is said the company contemplates bridging Oak street across the Lehigh Valley railroad, thence on a long trestle across the Reading, below the depot, thus avoiding the heavy grade at the Indian Ridge breaker, which they would have to ascend if the road passed down East Centre street. The bridge over the Lehigh Valley road on Oak street is badly needed, and if the Electric Company have no such notion they might be induced to change their route by the borough offering, as an inducement, to assume one-half the expense of building the bridge.

Now Try This.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs. Dr. King's new Discovery for Consumption, Coughs and Colds is guaranteed to give relief, or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Parisian Humbugs.

The next entertainment booked for the theatre is the Parisian Beauties. It is a good card to draw bald-headed innocents to witness a miserable show. May Davensport is also arranging to have her "beauties" appear here. They, too, come from Paris! We would suggest that the manager shut down on these kind of shows. They are demoralizing to the youth of the town.

Busy Month.

This is the month in which the postal authorities are busiest. The mails grow heavier as the holidays approach. The money order and register business more than triples what has been done during the other part of the year, especially foreign country business.

Commendable.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.
