**BLANKETS**

Nearly every pattern of a Horse  
Blanket is imitated in color and  
style. In most cases the imitation  
looks just as good as the genuine,  
but it hasn't the warp threads, and  
so lacks strength, and while it sells  
for only a little less than the genu-  
ine it isn't worth one-half as much.  
The fact that a Horse Blanket  
is copied is strong evidence  
that they are the STANDARD,  
and every buyer should see that  
the trade mark is sewed on  
the inside of the Blanket.

## SPENT HER FORTUNE

Mme. Muzard's Career Recalled  
by Her Brother's Death.

MISTRESS OF HOLLAND'S KING.

How William Henry Blakeney, Now Dead  
at Nyack, Disipated the Royal Gifts.

His Sister, Afterward Mme. Muzard,  
Considered the Handsomest Woman in  
America—How She Came to the Court of  
Holland—Blakeney's Recklessness and  
Wild Doings—He Leaves a Wealthy  
Sister in Brooklyn.

NYACK, N. Y., Dec. 21.—William  
Henry Blakeney, son of William Blake-  
ney and brother of the famous Mme.  
Muzard, the beautiful mistress of the  
late William IV., king of Holland, is  
dead at the family homestead at Ogden-  
burg, aged about fifty-four years. This  
leaves but one near blood relation of the  
noted beauty, Mrs. Charles Pike, of No.  
101 First place, Brooklyn.

The Blakeney family came from the  
coast of Virginia. William Henry's  
sister, Henrietta, five years ago turned  
the hands of all the New York men-  
about-town with her ravishing beauty.  
She was considered one of the most  
beautiful women in America. Before  
she reached the age of 21 an attitude of  
the Court of Holland took her before  
King William, and her fortune and  
future were made.

The king's daughter was no secret,  
and when eight years later she died  
her parents, William and Henrietta, and  
her sister Mary Ann received a fortune  
in jewels and money from her estate. Later  
the father died and the children re-  
ceived his share. Then the mother died  
and William and Mary Ann received a  
third fortune. The dissipation of  
William Henry since that time re-  
duced him, it is said, to almost abject  
poverty. Though unable to write his  
own name he once published a news-  
paper in New York. He spent money  
lavishly at the racetracks and on  
wine.

Three years ago he was declared in-  
competent to manage his estate, and  
trustees to do so were appointed. He  
fought the case and again secured con-  
trol of his property. Two years ago he  
robbed his wife of costly dresses and  
jewels and presented them to a married  
woman in Haverstraw. He also snatched  
hundreds of dollars worth of furniture  
from the house. His wife then left him,  
securing a large alimony. Since then  
he had continued his wild and reckless  
career until it resulted in his illness.

Mrs. Pike, Mme. Muzard's living sister,  
is a queenly woman, and has man-  
aged her fortune so well that it has  
doubled. The mother, Mrs. Blakeney,  
knew so little about the care of money  
that for years she carried \$50,000 worth  
of Government bonds in her bosom.  
The father met death while intoxicated,  
falling over a bank in his carriage.

## HOEY'S RESTITUTION.

President Sanford pays \$1 Amount to  
\$500,000 to the Adams Company.  
BIDDEFORD, Conn., Dec. 21.—Presi-  
dent Henry Sanford of the Adams Ex-  
press Company says that Mr. Hoey has  
made restitution for the express com-  
pany to the amount of \$30,000 by the  
transfer of his wife's property, but this  
will fall short of his pilferings. The  
transfer includes the mansion at Fifth  
avenue and 521 street, New York, and  
also the Hollywood mansion, which was  
in Mrs. Hoey's name. Mr. Sanford said  
the company had secured mortgages on  
the latter.

In consideration of the transfer the  
company agreed not to prosecute Hoey.  
When asked whether or not any agree-  
ment had been made with Mr. Spooner,  
Mr. Sanford said the arrangement with  
Mr. Hoey would not affect Mr. Spooner.  
However, he said, he expected that  
either Mr. Spooner or his attorney  
would make advances toward restitu-  
tion. Mr. Spooner was seen, but  
would not talk. He has been ill, and  
is barely able to be out of bed.

## Gen. John B. Kenly Dead.

BALTIMORE, Dec. 21.—Gen. John B.  
Kenly died here yesterday from pneu-  
monia. He was Major-General of Vol-  
unteers and the highest commissioned  
volunteer officer in the State of Mary-  
land during the war. He was born in  
1822. He studied law with John S. Mc-  
Culloch, the late partner of James M.  
Buchanan, and was admitted to the  
bar in 1848. When the Mexican War  
broke out he raised a company of vol-  
unteers and joined General Taylor's  
army. In 1850 he was nominated by  
the Whig party for Congress, but was  
defeated. He was the central figure in  
the exciting Civil War days in Mary-  
land. On August 29, 1862, Colonel  
Kenly was appointed a Brigadier-Gen-  
eral of Volunteers for gallant conduct  
at the battle of Front Royal.

## Behring San Arbitration.

WASHINGTON, Dec. 21.—The President  
and Secretary of State have had several  
consultations recently in regard to the  
sanitary fisheries. An agreement having  
been reached with the British Govern-  
ment as to the basis of arbitration, all  
that now remains to complete the Con-  
vention is an agreement as to the arbi-  
trators. This, too, has practically been  
done, as far as the number and powers  
of the arbitrators are concerned, and it  
is confidently expected that their ap-  
pointment and the terms of arbitration  
will be announced in a few days. The  
nominations have been made and only  
await the concurrence of the govern-  
ments interested.

## Fight in Rio Grande do Sul.

LOXLEY, Dec. 21.—A dispatch from  
Rio Janeiro says that the province at  
Rio Grande do Sul is not yet reconciled  
to the Porrettio administration, and that  
a skirmish has occurred between a bat-  
talion of the National Guard and a body  
of regular troops who had been sent to  
restore order. Owing to the telegraph  
wires being cut, no details of the fight  
have yet been received.

## The Fire at Croton Landing.

SINUS SING, N. Y., Dec. 21.—The fire  
at Croton Landing burned eleven build-  
ings to the ground before it was extin-  
guished. All the stores destroyed were  
situated on River avenue, near the rail-  
road station. The total loss is es-  
timated at about \$25,000; partially in-  
sured.

## TRIED TO KILL HIS STEPSON.

A Six-Year-Old Boy Hurted from a  
Bridge, but Escaped.

BALTIMORE, N. J., Dec. 21.—John  
Henry O'Connor, 65 years old, a boiler  
maker, who made a dastardly attempt  
to murder his six-year-old stepson,  
Bernard Watterby, Saturday night, is  
now under arrest.

O'Connor recently married the widow  
Watterby, and, because the child seem-  
ed to engross all of her affections, be-  
came insanely jealous and took a bitter  
dislike to the child.

Saturday night he induced the child  
to go walking with him. He led the  
boy about three miles out of the city to  
the Fifth avenue bridge, and when in  
the center of the structure he raised the  
ladder in his arms and threw him off.  
The place was deserted, and O'Connor  
rapidly disappeared in the darkness.

Little Bernard, in the meantime, had  
fortunately fallen on a sand bar over  
which there was but a few feet of water.  
He called for help with all his might,  
which, about fifteen minutes after, was  
heard by a farmer who was driving over  
the bridge on his way to his home. He  
took the child from his father, and then  
together, and threw the ladder to the  
boy, who was some twenty feet below.  
Bernard placed the ladder about his  
waist and was drawn to the bridge, al-  
most unconscious and badly bruised by  
the mass of ice floating down the river.  
The farmer wrapped the exhausted boy  
in his blankets and drove him to a hos-  
pital, where the lad now lies in a pre-  
carious condition. The police arrested  
O'Connor at his home yesterday.

## Deep Waterway Convention.

DETROIT, Mich., Dec. 19.—In the Deep  
Waterway Convention a resolution has  
passed urging Congress to authorize the  
construction of an unobstructed  
channel through the lakes and their  
connecting waters between Chicago,  
Duluth and Superior and Buffalo, and  
that the Secretary of War be authorized  
to make contracts for the work. In ad-  
dition, the resolution favors the im-  
provement of the Hudson River to a  
navigable depth of twenty feet from  
Coxsack to Troy.

## Gompers Re-elected President.

BIRMINGHAM, Ala., Dec. 19.—In the  
convention of the American Federation  
of Labor Samuel Gompers was re-  
elected president; E. H. McGuire of  
Boston was elected first vice-president,  
and William A. Carey of Pittsburgh,  
second vice-president. Clara E. Evans  
was re-elected secretary, and John Laman  
was elected treasurer. There was strong  
opposition to Gompers, especially  
among the Southern Delegation.

## Iron and Needham Matched.

CHICAGO, Dec. 19.—Tommy Ryan, of  
Chicago, champion welter-weight of the  
world, and Danny Needham, ex-  
champion, are matched to fight before  
the California Athletic Club, for \$5,000  
a side and a purse of \$2,000 offered by  
the club. The fight is to take place  
early in March, and the men are to  
weigh one hour before time is called at  
140 pounds each.

## The Way It Is Done in Cuba.

HAVANA, Cuba, Dec. 19.—The pro-  
ceedings against the late Secretary of  
the Treasury Mr. O'Brien being closed,  
the Presiding Judge has pronounced  
sentence of 15 years imprisonment, 3  
months and one day in the chain gang,  
a fine of 15,500 pesos (\$2,500) and the

## FURMAN IS INNOCENT.

Conclusive Evidence that He Had Nothing  
to Do With Farmer Foster's Murder.

BALTIMORE, Dec. 21.—Additional facts  
have been learned regarding the Foster  
tragedy, which prove conclusively that  
Lewis Furman had no hand in the  
atrocious murder. Mrs. Furman's con-  
fession is true, except so far as it re-  
lates to Furman. This is proved by the  
circumstances subsequent to the tra-  
gedy. She is very cunning, and it is  
the opinion of the authorities engaged  
on the case that in view of the fact that  
she made him a party to the crime in  
her previous confession of the inquest  
she felt that she must again bring him  
into the affair in some manner.

Detective Black of this city, who was  
engaged by ex-Congressman S. C. Mil-  
lard to find evidence which would pro-  
ceedings have been begun to have set  
aside the indictment against Furman,  
as he can prove an alibi and show beyond  
a doubt that Mrs. Foster was engaged  
entirely alone in the commission of the  
bloody crime. He said:

"I can prove that Furman was work-  
ing in the fields hoeing potatoes at the  
time Mrs. Foster claims that he was in  
the house with her planning, to destroy  
the evidence of the murder. He re-  
mained steadily at work in the field un-  
til 6 o'clock, when he litened up his  
horses and drove home. He did not  
again leave the house that night, as I  
will also prove. At 3 o'clock that after-  
noon, as she stated, Furman took hold of  
her husband's arms and dragged him  
into the house and locked the door to the  
barn. He then took the man's head in  
contact with her skirts and stained them with blood.  
She washed the garments, and showed  
them to the inquest, and had them on  
when she was locked up as a witness.  
These garments were recently given to  
the jail laundry woman, who noticed  
that the blood which stained the skirts  
front of the skirt was not from a woman  
by blood. I exposed them to microscopes  
and other tests, and discovered that the  
stains were correct. It was the one  
I wanted, and my evidence as to Fur-  
man's innocence is complete."

chest in side back, or shoulder, irregular  
pulses, vertigo, weakness and inability to  
do work, cold, or a feeling of drowsiness,
