as to his mental soundness.

MINNEAPOLIS, Dec. 28.-There is a pretty romance connected with the marriage of Miss Anna Phyllis Warde, a niece of Julia Ward Howe, and Andrew Johnson, the St. Paul representative of the New York Electrical Supply Company.

The young man is pleasant and well-bred. Three years ago in New York he met Miss Wards. The acquaintance ripened into a love affair, to which Miss Warde's mother, a wealthy widow, strennously objected on the ground that young Johnson was an adventurer.

that young Johnson was an adventurer. The girl was burried off to Europe and young Johnson went West.

Last Saturday Mr. Johnson went to Chicago on business. He walked into the dining room at the Leland. He was ushered to a table, the only occupants of which were an elderly and a young woman. It was not until he was close through the to the young woman. close upon them that the young man recognized his former aweetheart and her hard-mearted mother. The eyes of the lovers met simultaneously, and there was a scene. Miss Warde rushed forward to great Mr. Johnson, who three his arms around the heiress and threw his arms around the helress and kissed her. That settled it. Mrs. Warde raved and declared the acquaintance must end at once, but the couple cluded her vigilance, ran off to St. Paul, and were married.

NEW YORK, Dec. 28 .- Edward M. Field has inaugurated another phase of his fast by now refusing to drink anything.

There are now many people in tals city who think that Edward M. Field is d eliberately attempting to commit suicide by starvation, and is using his supposed madness as a shield for his strange actions.

Doubts are also beginning to be ex-

pressed as to his insanity.
Surrounded by delicacies of all sorts, Edward M. Field still continues to refuse to eat a mouthful, and now he has started on an effort to kill himself by self-imposed thirst.

Until yesterday young Field drank a great deal of ice water, though for three days he has not eaten a morsel of food. He did not drink a drop from the pitcher of ice water that is always at his hand, and Dr. Crosby is more and more at a loss what to be with his more at a loss what to to with his strange patient. Field is weaker than any time since his arrest. He lay on his back all day long, even when his dearest relatives called on him.

He never looks at anything in the newspapers, save the reports regarding his father's condition, and as his brother gave him all possible information on that point he ignores the

papers altogether. Field was given no whiskey yester day, except a "night-cap" at bed-time.
This he drank in his favorite way, by
mixing a small drink of whiskey with
a large drink of water.

For Lack of Transportation.

MINNEAPOLIS, Minu., Dec. 28.—In two or three weeks the Minneapolis flour mills will have to shut down on account of the scarcity of freight cars and the inability of the trunk lines east of Chicago to handle scahoard business. The situation here has not been as serious as it is now since the four new roads—the Kansas City, Burlington, "Soo," and Wisconsin Central—were built, about aight years ago. Before that the local millers had trouble occasionally, but not so bad as at present.
