THE EVENING HERALD.

ALL THE NEWS FOR ONE CENT.

Has a larger circulation in Shenandoah than any other paper published. Circulation books open to all.

GIRARDVILLE will have an overall factory, and two enterprising citizens of that borough are at the back of it. The factory, small at first, will gradually grow to large dimensions, and at the end will employ many persons. Shenandoah is away behind in enterprises of this kind. A little stiffening up of backbones will put it to the front. We have the men and the capital. All that is wanted is a little grit and determination to go ahead.

REPUBLICANS of New York have done but themselves to blame that every department of the state, state officers, Legislature, Judiciary, etc., are in the hands of their enemy, the Democracy. With one of the best men in the state for Governor and the most unexceptional candidates for the minor offices, the Republican voters of the country districts remained at home and did not vote. There's little use in crying over spilt milk.

THE *Sunday News* says: "Good resolutions are at this time in order. Let us resolve to do our full duty as we understand it, as citizens, as members of society, as upholders and defenders of morality, decency and virtue, as men dealing with fellow-men." That is a resolution with a hole in it. "As we understand it" is the kind of a hole the *Sunday News* always is in stock to enable it to crawl out when things get too warm.

FOR DAVID B. HILL may be a Republican in the eyes of the Republic but he must be given credit as being one of the shrewdest and most successful politicians in the country. He is a Democrat, and as a Democrat he secured everything that he could lay his hands on to fortify the Democratic party in his state, something

the Republicans, through jealousy, let slip out of their fingers.

THE latest new tin factories projected, are the Western Tin Plate Company, of Joliet, Illinois, and the Annetson, Ala., Iron Company, which is discussing plans for converting its rolling mills into a tin plate mill. Notwithstanding the free trade cry that the United States can't make tin plate, the work of building and preparing to build factories going on, while those in operation are enlarging their plants and increasing their capacity. American tin plate is no "fake." It has come, and come to stay. The Democratic Rip Van Winkles don't know that, because they are still asleep. They'll wake up one of these days, rub their eyes free of their free trade scales, and stand in wonderment at the stacks of bright American tin plate. Don't disturb them, let them have their sleep out.

THE year just closed was a fatal one for the circus men. At the beginning Adam Forepaugh, Barnum's rival, died. Barnum followed him a few months later, and Nathans and Cooper joined them recently. In Barnum's death the greatest showman of the age was taken away. Nathans was a Barnum in the sixties and traveled all over the globe, but Barnum eventually gobbled him up and held him until he retired with a vast fortune. Cooper, after years of retirement, succeeded Forepaugh. It is remarkable that all these grandfathers and magnates of the tent business should have been called away within twelve months.

WITH the opening of spring and the completion of the Mahanoy City, Shenandoah, Girardville and Ashland Electric Railway, the Shenandoah valley will bloom with enterprise. Every one along the line is hopeful of the good the new road will do. A little confidence goes far, and our property holders should wake up to the fact that unless they take advantage of opportunities offered some other town will slip in and carry off the benefits.

Be wise in time and procure Dr. Bull's Cough Syrup which always cures coughs and colds, and prevents consumption. Price 25 cents a bottle.

POLITICAL POT!

NOW BEING HEATED AND WILL SOON BOIL.

BOROUGH CANDIDATES BLOOMING

Other News, Including Court Notes and the Appointments Made by the County Commissioners Yesterday.

Chief Burgess James B. Lessig has announced himself as a candidate for reelection. "Jim" has been in harness for pretty near a year and has made a very good official. He is an old citizen, known by almost every one in town, and has made many friends and few enemies by the conservative manner in which he has carried out the borough ordinances.

The most interesting fights this spring will hinge on the Councilships in the respective wards. A number of new interests will work for representation in Council and many prominent and influential people who have heretofore held aloof from local contests will be seen with their sleeves rolled up. Look out for exciting times at the primaries.

The terms of the following Councilmen expire this spring: First ward, Moakler; Second, Portz; Third, Lamb; Fourth, Gable; Fifth, Wurm.

Candidates for the High Constableness will be numerous. It looks as if Frank C. Reese, who has made a most satisfactory Borough Auditor, will be renominated. James Champion is frequently spoken of, but he will not be a candidate if Reese is in the field.

The county political circus will open early this year. The new combination in the County Commissioners' office will make a campaign quite different to those held for years past. Reed's flopping over to Bowes will make a bitter German-Irish fight in the Democratic ranks, but it is doubtful if the Republicans will be benefited by it. Some think that such a fight will result in a chance in a hundred for the Republicans, but others say that the secret of Democratic success is the dropping of all fights after the nominations and solidifying for election. Keep your weather eye on the Democrat who says if so and so is not nominated I'll vote the Republican ticket. He is either trying to pump you or trying to let the managers of his party know that his pockets need lining. The average Schuylkill county Democrat is like the slaves of Tammany Hall in New York. They may kick and splutter before election day, but they are all whipped into line before the poles open. The Democratic lash is a terror to many of our Republican voters, too, we regret to say.

In the 29th Senatorial district, the fight for the Senate seat will not be a tame one by any means. The Democrats will make a desperate effort to capture it, and if the Republicans don't get together and put forward some of its best material they will very likely succeed. It is not likely that Senator Keefer will tamely submit to a retirement. His friends intimate that he will make a determined fight for a re-nomination. S. A. Leach and Dr. Cox, both of Schuylkill Haven, will also be heard from. It will be a warm contest and the success of a dark horse would not be surprising.

The Judgeship fight will be an important one this year. Judge Pershing will be a candidate for reelection. If he goes before the Democratic convention he will probably be defeated by Congressman James B. Reilly. In such an event the Republicans will nominate some straight-out Republican—District Attorney Koon, perhaps. That Reilly will not enter the Judgeship contest if Pershing receives the Republican nomination is certain. He will then turn his attention to a re-nomination for Congress. In the event of his nomination for Judge, Lawyer Shepherd will seek the Congressional plum.

M. M. L'Veille, Esq., of Ashland, is the latest mentioned for the Republican nomination for District Attorney. His candidacy would make an interesting campaign.

The Most Pleasant Way

Of preventing the grippe, colds, head aches, and fevers is to use the liquid laxative remedy Syrup of Figs, whenever the system needs a gentle, yet effective cleansing. To be benefited one must get the true remedy manufactured by the California Fig Syrup Co. Only for sale by all druggists in 50c. and \$1 bottles.

Closing Out.

At great bargains, a first-class line of second hand stoves, ranges and heaters; both double and single heaters, and every stove warranted. Call and see them, as they will be sold at a sacrifice, to close out the stock, at No. 131 South Main street (Brennan's building), Shenandoah, near Steam Laundry. 12-30-1f

Colliery Suspension.

The "stripping" section of the Shenandoah City colliery was shut down last night indefinitely. The cause assigned for the suspension is a dull coal trade.

John Thurbur returned from a visit to Philadelphia yesterday. While there he visited Dr. Lill's electric car works and saw four of the cars completed for the M. C. S. G. & A. Street Railway Company. He says they are perfect beauties of the latest improved pattern.

Stood the Test.

Allcock's Porus Plasters are unapproachable in curative properties, rapidity and safety of action, and are the only reliable plasters ever produced. They have successfully stood the test of over thirty years' use by the public; their virtues have never been equalled by the unscrupulous imitators who have sought to trade upon the reputation of Allcock's by making plasters with holes in them, and claiming them to be "just as good as Allcock's," and they stand today endorsed by not only the highest medical authorities, but by millions of grateful patients who have proved their efficacy as a household remedy.

Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute. 1c

License Comparison.

The applications for 1892 saloon and liquor licenses on file at Pottsville show that Shenandoah heads the list in number filed, with Mahanoy City second and Pottsville third. The following table shows the applications filed by the principal towns and townships of the county:

Shenandoah	133
Mahanoy City	81
Pottsville	80
Ashland	51

Deserving Praise.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. C. H. Hagenbuch, Druggist.

Unreliable.

Agents have been disposing of a work entitled the "Schuylkill County Census Directory," in town. An examination of the book shows its compilation has been so defective as to make it unreliable. The book should not be confounded with the Shenandoah Mahanoy City directory which is now being prepared.

TOWN TOPICS!

STORIES NOTE BOOKS OF THE REPORTERS TELL.

A GANG'S HEADQUARTERS GONE

The Old Red Bridge Will no Longer Harbor Tramps and Other Troublesome Characters.

One of the best pieces of work the P. & R. Railroad Company has done in this locality for some time is the removal of the old red bridge that crossed the Lehigh Valley on the eastern outskirts of the borough. The bridge was, for years, the rendezvous of tramps and local hard characters, and its removal is a blessing. In its place has been placed a substantial iron bridge with low side rails and no cover, so that it cannot be used as a place of shelter. It has long been considered remarkable that the old bridge was not the scene of a disaster. The men and boys who made the place their rendezvous frequently sat under the roof of an emptied keg of beer, falling asleep and lying there for hours in an insensible condition. They always managed to get away from the place with their empty beer kegs before train time, however. The park recently controlled by the Columbia Hose Company will now become the tramps' paradise.

THE APPOINTMENTS.

The County Commissioners Distributed the Plumbs Yesterday.

The following appointments were made by the County Commissioners yesterday: Chief clerk, Phil J. Connell, Girardville; assistant clerk, Edward E. Reed, Pottsville; docket clerk, Jacob Wadlinger, Mahanoy City; second assistant clerk, William Barry, Pottsville; county solicitor, James F. Minogue, Ashland; janitor, John Bowes, Pottsville; assistant janitor, Hugh Quinn, Pottsville; night watchman, Robert Bowes, St. Clair; policeman, Frank Moyer, Pottsville; clockwinder, W. Harry Mortimer, Pottsville; fireman, Charles Graeber, Pottsville. At the jail the successful candidates were the following: Warden, John P. Martin, Pinegrove; matron, Mrs. John P. Martin; clerk, Will Carter, St. Clair; underkeeper, James Broderick, Pottsville; boss weaver, Michael Shoemans, Pottsville; night watchman, Nicholas Brownmiller, Pottsville; prison physician, Dr. R. T. Weaver, St. Clair; clockwinder, W. H. Mortimer. Commissioner DeTurk was made president of the board.

Court Notes.

Charters were granted to St. George's Lithuanian Catholic Beneficial Society, and also St. George's Lithuanian Roman Catholic Beneficial Society, both of town, Judge Bechtel overruling the exceptions filed.

In the case of W. D. Selzer, et al., vs. St. Michael's Greek Catholic Church, of town, Judge Bechtel overruled the motion for a new trial, giving as a reason that the party who took the case furnished no testimony in support of the same.

A decree was made by Judge Bechtel in the matter of the adoption of William Leaskie by William McLaren. It was decreed that he shall assume the name of W. Leaskie McLaren, and have all the rights of a child and heir of the said William McLaren, and be subject to the duties of a child.

Competitive Drill.

On New Year's day, Company A, 1st Regiment, Jr. O. U. A. M., of town, visited Mahanoy City to contest for a handsome emblem of the order, given as a prize to the best drilled company by Mountaineer Council of the latter town. They had little difficulty in carrying off the honors of the day, and justly feel proud of their valuable prize. Many favorable comments were made upon their military bearing and knowledge of Upton's tactics. They also carried off the cake in a walking contest. The Colonel of the Regiment and one of Mahanoy City's belles, were awarded the prize. Some say it may result in the couple winning hymenial's prize.

New Firm.

Since the new year, Dugan & Waidley, doing a most successful business in the novelty line in the Ferguson House building, have taken in a new partner, Mr. Girven, and the new firm will hereafter be Girven, Dugan & Waidley. Mr. Girven, the new partner, is a very successful business man and we wish the firm abundant success for 1892.

Gather Them In.

A physician complains that driving on the streets of town is made dangerous by beer kegs scattered about. It is hoped that the Chief Burgess will give the matter his attention.

Best work done at Brennan's steam laundry. Everything white and spotless. Lace curtains a specialty. All work guaranteed.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs and Colds. If you have never used this Great Cough Medicine, one trial will convince you that it has wonderful curative powers in all diseases of Throat, Chest and Lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at C. H. Hagenbuch's drug store. Large bottles 50c. and \$1.00.

With Heart and Hand.

This is the striking title of Judge's large double cartoon this week. Now York has been too long indifferent to the World's Fair, and Judge believes it to be his duty to prod the people a little and does it, not in a grumbling way, but in the spirit of emulation. The fair belongs not to Chicago but to the United States. The front page is more political in its bearing and represents the tug-of-war at Washington with the protection and free trade elements at opposite ends of the rope. The number is a good one, and those who do not wish to subscribe direct can send in their subscriptions through this paper.

Paul Summa's Assailants.

Information from Kingston is to the effect that the identity of the two men who assaulted Paul Summa, a former resident of this town, at that place Saturday morning, and took possession of his house, have been identified as Martin Walsh and Walter M. Guire, two young men of Luzerne borough. Walsh is under arrest. Both are dime-novel educated young men.
