NEW YORK'S TREASURY.

The State Report Will Be Presented to the Legislature Very Soon.

ALBANY, Jan. 11.—State Treasurer Danforth's report is in the hands of the State Printer and will probably be presented to the Legislature on either Tuesday night or Wednesday morning. It is as voluminous as usual and details minutely how $19,800,000 has been expended.

The Treasurer has had in his hands during the past year $22,400,000, and of this amount, with receipts since Oct. 1, when the report was compiled, there was in the treasury, Jan. 1, about $6,000,000.

This is an increase over former years' balances, and the tax rate is likely to be correspondingly decreased.

Of the money received during the fiscal year there has been about $1,100,000 from collateral inheritance tax, a slight falling off from last year. The general tax fund has amounted to about $7,000,000, a decrease from last year because of the reduced tax rate of the year.

Only very little allusion is made to the direct war tax fund refunded to the State by the government. It amounted to something over $2,350,000 and is deposited in several banks of the State.

The canal fund amounts to $1,467,510.18, and the free school fund to $423,246.16. The general fund in bank is $407,540.13; the military record $17,710.49; the land scrip fund to $93,348.71, and other funds to $3,700,000, making a total of over $5,000,000 now on hand.

Indianapolis Not After the Convention.

INDIANAPOLIS, Jan. 11.—Reports of the Executive Committee in charge of the movement to have this city chosen as the place where the next Democratic Convention shall be held, show that some remarkably effective work has been done in a quiet way in the interest of Indianapolis, and the members of the committee are encouraged to believe that if the Convention is held in the West, Indianapolis will be selected as the place. Plans have been prepared for a convention hall with a seating capacity of 15,000, with the most perfect arrangements for convention purposes ever offered in the country. All parts of the hall are within easy view and hearing distance of the stage, and the press and telegraph arrangements are everything that could be desired. More than sufficient money for the erection of the building has been raised by subscription, and everything is in readiness to begin work on it as soon as the question as to where the convention shall be held is decided.

Will Probably be no Strike.

NEW HAVEN, Conn., Jan. 11.—The Brotherhood of Locomotive Engineers and Firemen held a meeting here yesterday at which the trouble between the Consolidated railroad and the firemen and engineers on the Valley, Naugatuck & Northampton divisions, was thoroughly discussed. Chief Arthur and Chief Sargent were both present and about 300 engineers and firemen were in the conference. Both Arthur and Sargent declined to talk on the matter further then to state that there will probably be no strike and that a proposition will be offered today to the officers of the road in the nature of a compromise which will be probably accepted.

Tena Davis' Body Recovered.

BOSTON, Jan. 11.—The body of Miss Tena Davis was found in the Mystic River yesterday near the Middlesex avenue bridge, Medford. Miss Davis left her home in Everett on the night of Dec. 24, saying to her mother that she was going out to be married to James A. Trefethen, whom she accused of betraying her, and would be back in an hour, since which time she has not been seen. An autopsy will be held to-day. Trefethen was arrested, but denied having any appointment with the girl or any knowledge of her whereabouts.

A Fire that Cannot be Subdued.

TAMAQUA, Pa., Jan. 11.—Considerable alarm is felt by the business men of this place, as well as by the operators of the West Lehigh Colliery mine, owing to a fire that has been raging for some time past. It has become so strong that it is not likely that the flames will be subdued very soon, there being no water accessible, and the men are compelled to fight the fire with picks and shovels, a stream being at first turned on to cool the vein.

A Premature Celebration in Which Mr. O'Clarence Was Engaged, Resulting Rather Disastrously for All Concerned. Mrs. O'Clarence's Singular Escape.

Copyrighted by Lee & Shepard, Boston, and published by special arrangement with them.

The firemen had a parade Saturday. It was a fine affair, but the absence of Mr. O'Clarence was deeply felt, not only by the department but by the public. His long and faithful services at the business meetings and festivals, and his splendid bearing on parade, have given Mr. O'Clarence an enviable position in the hearts of his countrymen. We are sorry he was not present Saturday, but an unlooked for and very painful accident deprived him and us of a great pleasure. The night which preceded the last anniversary of our national independence he took home twenty-five dollars worth of fireworks for a spurge on the next night. He calculated he had glory enough in that package to fill with gratitude and admiration every taxpayer on North street, and his wife, after carefully examining the lot, was equally confident that the neighbors would see something that would "make their eyes bung out," as she pensively expressed it.

The next morning O'Clarence took out the bundle to look it over again and feed on the anticipation. There were cannon crackers—several packs—and Roman candles and blue fire and pinwheels and rockets and the like, a very creditable assortment for any family. Mr Wickford's boy, from the next house, was in, and sat on the floor, holding a piece of lighted punk in his hand, and had both his eyes and mouth wide open enjoying the sight. O'Clarence was sitting on his haunches, holding a pinwheel in his hand, and explaining to Mrs. O'Clarence how cheaply they could be made in China, and how superior in ingenuity and industry were the Chinese to all other races. None of them knows how it happened, but O'Clarence remembers that there were two open packs of cannon crackers just under him, and thinks Wickford's boy must have in some way dropped the punk in among them, and in the general interest forgotten that it was afire.

At any rate, there was a sudden sizz right under Mr. O'Clarence, followed in the next instant by a tornado of sounds and sparks, and that gentleman at once shot toward the ceiling in a blaze of various colored lights, while the air became thick with sparks, blue lights, blazing balls, industrious pinwheels, insane skyrockets and screeching crackers. Mrs. O'Clarence fell over a chair that cost eight dollars when new, and struck the back of her head against the stove-hearth with a violence that added materially to the display of fireworks already going on. Wickford's boy was struck in the mouth with a skyrocket, and had two-thirds of his hair taken off by a Roman candle, and was knocked through a doorway by a piece of ordnance just introduced this season, and which will undoubtedly become popular when understood better. He was afterward fished out of a rosebush and taken home in a tablecloth.

O'Clarence remained during the entire exhibition, looking at it from various positions, and, when it was over with, he was put in a sheet by the neighbors and saturated with oil, and then covered with molasses and flour. We learn that new skin is already forming on parts of him, and if no unfavorable symptoms set in he will be out again in a fortnight, although it is not likely he will mingle much in society until his hair and eyebrows commence to grow. He thinks Wickford's boy is dead, and they dare not tell him to the contrary until he gets stronger. Singularly enough, Mrs. O'Clarence escaped injury by burns; but the blow on her head was so severe that she cannot bear to have her back hair drawn up as high as it was before, and missing her church privileges is a sore trial to her.

We can safely assert that nothing equals Dr. Bull's Cough Syrup or in 1 case of sore throat, coughs, colds etc. Price only 25 cents a bottle.

THE REPORT UNCONFIRMED.

China Has Not Withdrawn Her Objections to Ex-Senator Blair.

WASHINGTON, Jan. 9.—Inquiry among officials who would be acquainted with the fact, did it exist, fails to confirm the report, purporting to be a cablegram, published in a New York paper, that China had withdrawn her objection to ex-Senator Blair as Minister of the United States to that country.

No such information has been received at the Chinese Embassy here, and as the protest against Mr. Blair was transmitted to the home government by the Minister at this place, it is likely that the notification to the United States of a change of mind of the Pekin officials would be made through the same channel. It is said by an official in a position to speak advisedly, that there is not the remotest possibility of the Chinese Government changing its opinion as to the desirability of Mr. Blair as Minister to that country.

Garza is Hemmed In.

SAN ANTONIO, Jan. 8.—According to an official in the Diaz regime at this place, the capture of Garza, the Mexican revolutionist, is only a question of a few hours. He says the rendezvous has been discovered in his hiding place, a short distance from San Ignacio, and that a big force of men is now on the way to capture Elia.

Says He Is Charlie Ross.

COLUMBUS, O., Jan. 8.—A young man requested sleeping quarters in the station house here last night, claiming to have discovered himself to be the long-lost Charlie Ross. He is on his way to Philadelphia.

A Mystery Explained.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and scamps. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very nervous, and dizziness; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book, containing many marvelous cures, free at C. H. Bartow on the Sound, Westchester Co., N. Y. To Alva's Brazilian Specific Co.—Gentlemen:—Last spring I was troubled with what the doctors told me was muscular rheumatism. I was unable to walk for nearly six weeks. All this time I was using the medicine prescribed by the attending doctor, and from which I got no relief.

A friend sent me a large bottle of Cactus Blood Cure, which I tried, and before two thirds of the Cure was used I was able to walk without pain. It is now two months since the pains left me, and have not as yet returned, and I feel entirely free from them.

I delayed writing to you, as I was anxious to know whether I was temporarily or permanently cured.

It is with pleasure that I now state that from my present feelings, I would judge that I am cured.

It is hardly necessary for me to recommend this medicine, as I am positive that a trial of it is all that is necessary, and I am fully convinced it will recommend itself.

EGAN AND REFUGEES

The Minister's Action Gives Rise to Much Talk.

COMMENTS OF CHILIAN PRESS.

President Harrison's Message on the Baltimore Affair to be Presented Soon.

The New Rules for the Fifty-second Congress—Contest for Reading Clerk—Mills Will Try for the Senate—Special Treasury Agents Exonerated—Other Washington News and Gossip.

WASHINGTON, Jan. 11.—A dispatch from Valparaiso says there is a great deal of talk about the action of Minister Egan in escorting the three Balmacedist refugees, Juan and William McKenna and Jose Carrera, from the American Legation at Santiago to Valparaiso and placing them on board the U. S. cruiser Yorktown, but the knowledge that he did so with the tacit approval of the new administration has disarmed severe criticism.

The press gives considerable space to the subject, but discusses it in a calm spirit.

While in nowise condemning Mr. Egan for what he has done in the matter; it asserts that the United States Government must assume the responsibility if its Minister loses the respect of the public in escorting such characters as these refugees, for his doing so degrades him to the level of a policeman.

Then, recalling the well established fact that Mr. Egan had done exactly the same thing for many prominent Congressionalists in their hour of peril, the press goes on to say that there is no comparison between caring for men like Pedro Montt, Agustin Edwards and others of their standing who were on the side of liberty and order, and protecting these refugees, who are known, outside of their career as Balmaceda's conjurators, to be men utterly devoid of good deeds.

This, it adds, is especially the case with Juan McKenna, whom it accuses of endeavoring to rob an American named Chase of a silver mine near Iquique, and of afterward hiring men to attack him.

The New Rules.

WASHINGTON, Jan. 11.—Speaker Crisp's condition is so far improved that his associates of the majority of the Committee on Rules hope he will be able to meet with them next week for the preparation of a code of rules. Messrs. Catchings and McMillin have been individually studying the situation and it may be said that the rules of the Fiftieth Congress will form the basis of the new rules. These do not differ materially from those of the Fifty-first Congress, except in the matter of authorizing the Speaker to count a quorum and to determine whether or not a motion is dilatory.

The Contest for Reading Clerk.

WASHINGTON, Jan. 11.—Tests in the contest for appointment to the very difficult and trying position of Reading Clerk have been going on ever since the House organized last month. On the start there were about 40 aspirants. That number has narrowed down to four gentlemen, with positions waiting for two of them. Prominent in the contest is Mr. William J. Houghtaling, of Albany, N. Y. He was a friend of the late Secretary Manning, and filled for a long while the important position of Examiner of Civil Service Examinations in the Treasury Department.

Mills Will Be a Candidate.

CORSICANA, Texas, Jan. 11.—Congressman Roger Q. Mills in an interview said he would be a candidate for the Senate should there be called a session of the Texas Legislature. Free coinage of silver, he did not believe would in the slightest manner relieve the financial distress of the country, notwithstanding that he had advocated it in and out of Congress and had voted for it. He advised the postponement of the further agitation of the subject until the tariff is reduced. On the latter issue the Democrats had won the country and could hold it.

Daughters of the Revolution at the Fair.

WASHINGTON, Jan. 11.—The Society of the Daughters of the Revolution has decided to give an exhibit at the World's Fair of the manners, customs and domestic life of the revolutionary or colonial period. The committee having the matter in charge is composed of the regents of every State and several members of the Executive Board of the national society. On Feb. 22, Washington's Birthday, the society will hold a congress here.

The Special Message.

WASHINGTON, Jan. 11.—The one question now asked in diplomatic circles in Washington is, when will President Harrison send his special message to Congress? Will it be to-day? It is known that the State Department has finished copies of all the correspondence between Chili and the United States up to Dec. 18, and the copies are ready for transmission to Congress whenever the President and Secretary Blaine decide to send them.

Special Treasury Agents Exonerated.

WASHINGTON, Jan. 11.—The Treasury Department has exonerated, after investigation, the special agents of the Treasury Department from all blame in connection with the re-appraisement of goods imported by McCreery & Co., of New York. Secretary Foster, in this connection took occasion to say that Supervising Special Agent Tingle possessed his entire confidence as an honest and trustworthy official.

Two Pumas Against 700 Men.

LEBANON, Ohio, Jan. 11.—The greatest hunt ever undertaken in the State took place near here yesterday when 700 men and fifty hounds turned out to run down two pumas which for two weeks have been preying on livestock in the neighborhood. The beasts were encountered early in the afternoon, much to the sorrow of both hunters and hounds. The fight was kept up until dark with the result that seven of the hunters are dangerously injured, at least two of them fatally and nine of the hounds are dead. The pumas are now surrounded in a swamp and the fight will be renewed.
