ance will desired at an important meeting of the Committee on Foreign Relations, discontinued his remarks, and the Senate adjourned until to-day. The session of the House was devoted to the consideration of a resolution introduced by Mr. Breckenridge, of Kentucky, calling upon the President for additional information concerning the Chilian correspondence, which, after remarks in opposition thereto by several members, was referred to the Committee on Foreign Affairs. The new rules were then discussed for three hours. The debate is to be continued to-day.

The Cabinet Meeting. All of the Ministers of the Cabinet were present at the Cabinet meeting except Secretary Elkins and Foster, who are out of town. The session was devoted to the Chilian complications. Secretary Tracy laid before the President and the other gentlemen present several telegrams which reached the department in the morning. They were mainly unimportant in character, with the exception of one which stated that the Chilian Government is still adding to its war vessels. According to this dispatch they have arranged for the purchase of a new steel cruiser which is guaranteed to steam twenty-two knots an hour and which is soon to be delivered to them.

The spirit of the meeting was decidedly unfavorable to arbitrating the points in dispute between the two countries. President Harrison himself said that there would be objection to leaving the amount of indemnity to be paid to a Board of Arbitrators, but further than that Chilli must deal directly with the United States, so far as a disavowal of Matta's note and an apology is concerned.

Thinks Chilli is Working for Time. Those who have expected war as the outcome of the diplomatic incident, and who look for any sort of trickery on the part of the authorities at Santiago, are disposed to regard the message as a continuance of the dilatory system of international intercourse which has been practiced by Chilli in her diplomatic relations with the United States. There are people in Washington occupying important places under the Executive who think Chilli is deliberately stalling time for the furtherance of her schemes, on the completion of which, it is supposed, she will be able to present a formidable aspect to a contending nation. The naval officers who have studied the Chilians in their own country, and know something of the real feeling of the nation towards the United States, suspect these people, and their suspicion has been communicated to every member of the Cabinet except Mr. Blaine and Mr. Elkins, both of whom still hold out for a diplomatic settlement of the difficulty.

Congressman Trumbull, of Chilli, Denies. New York, Jan. 27.—The devotion of a column and a half by an afternoon paper to an alleged interview with Congressman Ricardo L. Trumbull, Agent for the Chilian Congressional party, in which the Congressman was reported as saying: "I'll show up that damned scoundrel Egan," is at the bottom of the whole business," and making other equally undiplomatic statements, induced a United Press correspondent to call on the Congressman. When his attention was called to the statements and their confirmation requested, the Congressman indignantly denied not only the statements, but even the alleged interview with the paper's representative, asserting that he informed the reporter that he would say nothing for publication.

Captain Schley in Washington. WASHINGTON, Jan. 27.—Captain W. S. Schley, who commanded the U. S. S. Baltimore at Valparaiso, Chilli, at the time of the Chilian assault arrived in Washington yesterday afternoon and immediately repaired to the Navy Department. He kept himself secluded and his presence was known to but few people in the Department. Capt. Schley was closeted with Secretary Tracy all the afternoon, no callers or officials being admitted during the period of the conference. After the conference Capt. Schley called upon Secretary Blaine and subsequently saw the President. It is stated that Capt. Schley will be called before the Foreign Affairs Committee of the Senate while he is here.

Confirmed from London. LONDON, Jan. 27.—A dispatch from Santiago says that the Chilian Foreign Minister, in accordance with the conclusion arrived at by President Montt and the Cabinet, and after consulting with the Council of State, which is merely a formal act, the Council being identical with the President and Cabinet, has answered the American ultimatum in terms that, it is believed, will satisfy the President and the government of America. In view of the disparity between the forces of the two powers, it would seem that Chilli had no other resource than to make the sacrifices of dignity necessary to satisfy the powerful nation making the demand.

Why San Francisco is Safe. SAN FRANCISCO, Jan. 27.—One reason urged why the Chilian war vessels would not visit this port is a lack of coal. There is no pier in the entire Pacific ocean where a Chilian cruiser can obtain the requisite amount of coal needed to keep at sea for any length of time. All neutral ports would be closed against cruisers of both belligerents and once the supply of coal on board a war ship ran short, her only salvation would be to reach some port in her own country where she could replenish her bunkers.

Paris Journals on War Prospects. PARIS, Jan. 27.—The Foreign Editors of the "Journal Des Debats," "Figaro," "Republique," "Siecle," "Gaulois" and "Eclair" have assured a correspondent that they believe that there will be no war between the United States and Chilli. These assurances were given previous to the receipt here of the cable message to the effect that Chilli had practically made a full apology to the United States. The Paris newspapers, however, do not comment on the Chilian troubles. Ministers Say No Arbitration. BALTIMORE, Jan. 27.—At the Methodist Episcopal Ministers' meeting yesterday, the Rev. Mr. Glenn offered a resolution in regard to arbitration of the Chilian

affair. He said that arbitration had been tried in the Behring Sea trouble with the result of saving the lives of seals, and surely the lives of human beings would be sacred. He hoped all honorable means would be employed to avert war and its attendant horrors. The resolution was defeated by a vote of 13 to 50.

Endorsed by the Iowa Senate. Des Moines, Ia., Jan. 27.—The Senate yesterday unanimously adopted a resolution approving the President's Chilian message.
