The idea that prevails among railway officials that it is not policy to give newspaper reporters information concerning accidents that happen on their respective lines is not a sound one. The facts are bound to leak out sooner or later and when the officials play the part of a clam they only lay a foundation for suspicion. If railway officials would treat reporters courteously and give a plain statement of facts, so far as it is in their power, when called upon to do so, the affairs would go before the public in more truthful shape than they do now. The railroad companies frequently complain that the reports of accidents on their lines are exaggerated and the traveling public is too frequently unduly alarmed. They can easily guard this by placing within the reach of the public the facts and aiding the newspaper men to place them in a light as near the truth as possible. There are more ways than one for the newspaper men to open the clams and they frequently succeed in getting the truth. When they do that it is to their credit. But when they fail and present the facts as they have been enabled to get them by diligent inquiry and search, independent of the railway officials, the companies must lay the blame to their clam system.

CERTAIN parties who depended upon Shenandoah as the best "sucker" town in the county, and one of the best in the state, recently undertook to launch a colossal fake in our midst. It was promptly nipped in the bud. The evidence that is coming into the HERALD's possession is of a character that will bring a blush of shame to the cheeks of some of our citizens who allowed themselves to be used as "stool pigeons." With the information in hand and that which is to follow we expect to lay bare a bold

attempt to subject many of our best citizens to a gigantic swindle.

If all the "Mogul" engines have not exploded it is hoped the P. & R. railroad company will cast aside what are left. It is said that only one is left in the service of the company. If this is true, that one is one too many.

CONGRESSMAN ROBINSON, like Senator Quay, has won his libel suit. Their enemies will be more judicious in making attacks upon the two leaders in the future. Congratulations, "Jack."

THURSDAY was a day of horrors for this region. The terrible explosion at New Castle, followed in quick succession by the explosion at Honey Brook and collision at New Boston Junction made the day a mournful one, one we hope will not mark the calendar again.

AS SMALL as the Alliance representation in Congress is, it is too large for harmony. The members from the South do not agree with those from the West; and yet these people seriously contemplate putting up a Presidential ticket.

THERE is a prevailing sentiment that the Lehigh Valley and Pennsylvania rules for operating the single track line between Hazleton and Pottsville need adjustment. It has been suggested that the connections on the line are too close for public safety. Some discussion has been caused by the different statements of the two crews in the New Boston Junction collision. The Pennsylvania crew say the collision occurred at about 1:20, while the Lehigh crew say it was at 1:27. This recalls a statement that in computing time for its schedule one of the roads makes allowance for the change of time between certain points. Perhaps this, too, will bear readjustment.

THE President and his cabinet are a unit. We always thought the inventor of the "Mogul" engines had too large a head for his shoulders.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at C. H. Hagenbuch's drug store, regular size, 50c. and \$1.00.

Reflections from the Picture that will soon hang upon the Wall in the Grant Band Room. The Scattered Musicians.

The photograph of the original Grant Silver Cornet Band, presented on Thursday evening by Henry Weiderhold to the Board of Control of the present Grant Cornet Band is now in the hands of E. Amstok to be framed. The photograph represents the band as it existed in 1874, eighteen years ago, when it consisted of 24 members, including William Pooler, the manager. When photographed the members stood on Oak street, in front of Shoemaker's hall, in the following order: 1. Leader, Silas Thompson; 2. Jasper Wylam; 3. Thomas Harvey; 4. William Hinkel; 5. A. A. Greenwald; 6. Henry Weiderhold; 7. A. M. Reese; 8. Alexander Jones; 9. J. K. P. Scheffly; 10. Robert Jones; 11. Richard Knight; 12. Daniel Hughes; 13. B. J. Yost; 14. Harry Price; 15. Jones; 16. Jones; 17. Hender Snell; 18. William T. Richards; 19. William Oakes; 20. H. C. Boyer; 21. Alonzo Shollenberger; 22. W. J. Morgan; 23. George Pooler; 24. William Pooler. Although the picture is somewhat faded it is sufficiently preserved to leave the features recognizable. Silas Thompson, the leader of the band, and many others are still residents of this county. Jasper Wylam met his death some years ago by being knocked from the top of a P. & R. freight car as it passed under a bridge in the Catawissa Valley. A. A. Greenwald, No. 5 in the picture, became a postal clerk on the Philadelphia and Reading railroad and was killed in the wreck at Shoemaker'sville about two years ago. Harvey is in the West and Weiderhold sailed to-day for Germany, where he will remain for a year and, perhaps, for all the time. William Hinkel lives in Mt. Carmel. A. M. Reese is a resident of Shamokin and Alexander Jones, together with Daniel Hughes, may be found in the Quaker City. Snell is in Centralia and Harry Price has been a resident of Ohio for some time. William J. Richards is dead. William Oakes is a resident of Frackville. Alonzo Shollenberger is in the lower part of the county filling a bishop at one of the P. & R. collieries. William Pooler is raising potatoes in St. Clair and George Pooler, his son, is one of Pittsburgh's prominent druggists. J. K. P. Scheffly, Richard Knight, B. J. Yost, Bob Jones, H. C. Boyer and W. J. Morgan continue to have their mail addressed to Shenandoah, Pa.

SALUTE OUR FLAG

IF CHILL DOES SO ALL WILL BE WELL.

THE CABINET HAS SO DECIDED.

Instructions to Minister Egan in Regard to Senor Pereira's Note. Captain Schley's Views on the Situation.

WASHINGTON, Jan. 30.—The President and his Cabinet have decided that Minister Egan shall be instructed to say to Senor Pereira, Chilean Minister of Foreign Affairs, that his reply to the note of Secretary Blaine of Jan. 21 indicates a desire on the part of the Chilean Government to satisfy the United States of its feeling of regret over the assault upon the sailors of the Baltimore at Valparaiso.

The replies as to the Matta note of Dec. 11, and the request for the recall of Minister Egan, the latter will be directed to say, are entirely satisfactory. Such being the case, the United States will leave the matter of reparation to the sufferers by the assault on Chill, to act according to her sense of justice and right. And with a salute of the United States flag, the incident will be considered closed by this Government.

Until Chill makes some offer of reparation, of course there will be nothing to arbitrate, as no points of difference exist. The offer may be so satisfactory that arbitration on that score will not be necessary.

At the Cabinet meeting the contents of a dispatch from Minister Egan were made known. It is said that Mr. Egan confirmed the story reported from Santiago, that members of the Chilean Government had stated that Senor Montt, the Chilean Minister at Washington, had misled his government, which had the effect of seriously compromising the government in its dealing with the controversy.

A report is current that Senor Montt has intimated his intention of leaving Washington, but it can not be confirmed. It is believed that if the Chilean Minister has not already given notice of this intention, he will soon do so.

In diplomatic circles the opinion is held that after the receipt of such a letter as that addressed by the Secretary of State to the Senator, the latter could hardly remain persona grata, and being aware of that fact, he would naturally sever relations with the country.

What Captain Schley Says.
WASHINGTON, Jan. 30.—Captain Schley, the commander of the Baltimore, in an interview with the President gave him the inside history of the assault on the sailors of the Baltimore in the streets of Baltimore. Capt. Schley is very free in saying that he fears trouble in the near future, and regards the present settlement merely as a truce.

Important Railroad Deal.
EVANSTON, Ind., Jan. 30.—A report is current here that one of the most important railroad deals ever attempted in the West is now incubating. The Cincinnati, Hamilton & Dayton is about to absorb the Indianapolis, Decatur & Western and Terre Haute & Peoria roads. The deal also includes, it is said, the Iowa Central. This will create a new line from Cincinnati to St. Louis and the Northwest, via Metrol on the Clover line, and will tap an immense section of the country. A preliminary trip for observation has been made by the Cincinnati, Hamilton & Dayton officials, and the negotiations are now in progress.
