HENRY WATTEBSON, of the Louisville Courier-Journal sententiously confesses:

"I am one of many witnesses who live to tell the story of a journey to the moon and back. The South sees now, as the North saw before it, that the system of slavery was the clumsiest and costliest labor system on earth." While the Republicans were straining every nerve to bless the country by abolishing this "clumsiest and costliest" as well as worst "labor system on earth," the Democratic party with might and main, and with its usual blindness, strove to preserve it. Now that it is really gone, and all the world sees the benefit of its going, we have the frank confession from a Confederate defender of it that he is glad it is gone.

This is another illustration of how uniformly the Republican party is right, and how uniformly the Democratic party is wrong. The difference between the two parties is that the Republican has the sagacity to see ahead what it is wise to do. The Democratic party has no eyes to look ahead with, and knows a good thing only after it has been done and has enclosed it on every side. This is actually verified by the history of every important thing done in this country within the last thirty years. It is a great honor to be a member of the Republican party—the party of great deeds as well as right ideas.—*Gettysburg Star and Sentinel.*

Lots of men died and bled for their country, but General Barnum, just buried in New York, kept on bleeding for thirty years. He received a wound (a bullet passed clean through his body just skirting the vital parts) at Malvern Hill that required dressing every day for thirty years. When shot he thought his time had come, and raised

 To the public—I want to say that there are always agents who do not live in town canvassing orders for crayons. That is what they say. The most of those pictures are of a very inferior grade, made on bromide prints, and will, in six months, turn yellow. A word to the wise is sufficient. We can give you a crayon as perfect and cheap as any man living can, but we cannot give you a crayon for \$5. We can give you a bromide crayon 18x22 framed, for \$3, but cannot guarantee it; but we will warrant all our solid crayons. 2-3-1f

**Certainly It Pays.**  
 Advertising in the HERALD pays, because:  
 On Monday we advertised for a lost pocket-book and received it from the finder in the evening.  
 A gentleman who advertised stock for sale on Monday received a call within three hours after the HERALD was distributed.

Another gentleman advertised for a servant girl in Monday's issue and before the HERALD office closed in the evening there were no less than a dozen applicants. J. Hay & Sons, of Easton, Pa., who advertised in the HERALD for salesmen have a packet of letters that attest the value of the HERALD as an advertising medium.

**It Should be in Every House.**  
 J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free trial bottles at C. H. Hagenbuch's Drug Store. Large bottles, 50c. and \$1.

## THE PRIMARIES.

**RESULT OF THE DEMOCRATIC PRIMARIES LAST NIGHT.**

**WORM AND MOAKLER DEFEATED.**

The Nomination for Council in the Second Ward Left Open. Only Two Contests—They Were in the First and Fifth.

All the Democratic primaries were held last night. They passed off harmoniously and without contests in three of the wards. In two of them the contest was lively for the Council nominations and the defeated candidates feel very much aggrieved. M. G. Worm and Thomas Moakler were candidates for re-nomination for Council but so bitter was the fight made against them, they failed.

The result in the respective wards was as follows:

**FIRST WARD.**  
 Chairman—Martin Fahey.  
 Conferees—J. J. Monaghan, J. J. Reilly, T. O'Brien.  
 Council—William McGuire.  
 School Board—Frank Hanna.  
 Judge of Election—Edward O'Donnell.  
 Inspector of Election—James F. O'Hearn.

**SECOND WARD.**  
 Chairman—M. Mellet, F. Heisenberger, W. Delowery.  
 School Board—T. T. Lynch, 3 years; Israel Eisenhower, 1 year.  
 Judge of Election—F. J. Brennan.  
 Inspector of Election—A. Maluskey.  
 Assessor—M. Mellet.

**THIRD WARD.**  
 Chairman—William S. Brennan.  
 Conferees—William Derr, John Canfield, Carl Coogan.  
 Council—M. D. Malone.  
 School Board—Ray, John Grabler.  
 Judge of Election—Venial Shoemaker.  
 Inspector of Election—C. B. Coogan.

**FOURTH WARD.**  
 Chairman—M. J. Brennan.  
 Conferees—Michael Bronnan, Patrick Stanton, Patrick Kerns.  
 Council—Frank M. Cornick.  
 School Board—Mark Burke.  
 Judge of Election—Thomas Manley.  
 Inspector of Election—Andrew Bishop.

**FIFTH WARD.**  
 Chairman—H. J. Keibel.  
 Conferees—J. M. Duffy, Thomas Boland, Al. Landerman.  
 Council—E. F. Gallagher.  
 School Board—H. J. Muldoon.  
 Judge of Election—John Lenahan.  
 Inspector of Election—John Dilling-snyder.

James Smith, the candidate for Chief Burgess, received all the conferees, S. G. Acker's friends withdrawing all opposition. Two days' hard work, a house to house canvass, preceded the first ward primary and McGuire distanced his opponent in the fight for Council.

In the fifth ward, Gallagher defeated Worm for the nomination for Council by a vote of 94 to 42.

There was a little tussle in the Fourth ward for the School Board nomination, the vote being 66 for Burke and 26 for Edward Foley.

No nomination was made for Council in the Second ward, it being the sentiment of the primary to leave that part of the ticket open until after the Citizens' party makes its nomination. The Democratic borough convention will be held in Ferguson's hall this evening.

## PROF. ZEITZ HONORED.

Presented With a Handsome Baton Last Evening.

Last evening after serenading one of its members, John Morris, the Grant Cornet Band returned to its headquarters and gave a concert before a large number of its patrons and friends. The band was in excellent trim and rendered the selections in a delightful spirit. Enthusiastic applause followed the rendition of each selection. The excellent qualities of the band were brought out to the entire satisfaction of all present and at the conclusion Prof. Zeitz and the members were congratulated individually. The following was the programme:

Overture....."La Gazza Ladra," Rossini.  
 Grand Selection....."The Huguenots," Meyerbeer.  
 Spanish review.....Descriptive.  
 Grand pot-pourri....."Martha," Flotow.  
 "Lion Du Bal".....Gillet.  
 Overture....."Rigmont," Beethoven.  
 March....."Pot-pourri on German Songs," Arranged by Zeitz.  
 Descriptive Fantasia....."Dance of the Goblins," Lorraine.  
 "Old Folks at Home," with variations, J. S. Cox.  
 W. T. Schuppe, soloist.  
 Tannhauser march.....Wagner.

Upon the conclusion of the concert the instruments and music stands were laid aside and Mr. William Schuppe announced that there was a surprise in store for Prof. Zeitz—the presentation of the baton. Assistant Postmaster Dengler was introduced and presented the baton with an address that held the undivided attention of those present. Mr. Dengler reviewed the history of the band and spoke in complimentary terms of the Board of Control. He stated that the presentation was from the active (the musical) members of the band as a token of esteem and appreciation of the valuable service rendered the band by Prof. Zeitz, as leader and instructor. In referring to the band's history Mr. Dengler said that the people of Shenandoah have always been in a position to boast of its base ball clubs, race horses, etc., but it remained for Prof. Zeitz to give the town a band that cannot be beaten. To him are the people of Shenandoah indebted for bringing out the musical talents of the band members and giving the town a musical organization of which it may well be proud. Mr. Dengler was heartily applauded after he presented Prof. Zeitz with the baton.

Mr. Frank Schmidt made a graceful acknowledgement in behalf of Prof. Zeitz and assured the band members of the leader's fidelity to their interests in the future. Refreshments were then served, after which Prof. Zeitz responded to a demand for a trombone solo with splendid effect. During the evening Harvey Waters rendered an excellent cornet solo and William Metcalf and Will Ramer sang with great success.

**Short Council Meeting.**  
 The members present at the meeting of Borough Council last night were Messrs. Gable, VanDusen, Hopkins, Holman, James, Lamb, Portz and Amour, just enough to make a quorum. Very little business was transacted. Brief reports were made by the room and stationary and construction committees, and in behalf of the police, Chief Burgess and Borough Treasurer. Harry Wasley presented an ordinance conferring certain rights upon the Pennsylvania Telephone Company to erect poles, etc. Mr. Wasley stated that the object of the ordinance was to enable the company to give the town the long service system, west of Washington to Cleveland, Ohio, and as far north as Portland, Maine. Council decided to hold the ordinance under advisement and then adjourned.

## "PNEUMONIA."

What it Really is.—A Newspaper Investigation Reveals its Cause and Describes its Dangers.

(New York Telegram.)

Many a strong, well-built man leaves home to-day, before night he will have a chill, and in a few hours he will be dead! This is the way the dreaded pneumonia takes people off. The list of notable men who are its victims is appalling!

William J. Florence, the popular actor who was supporting Joseph Jefferson, is taken with a chill while acting. Next day the physicians tell us he is doing well. In two days he is dead.

Gen. Meigs, able, loyal, brave, while taking a bath, feels a sudden tremor, a weakness, and is hurried to his death.

Every one dreads this prevalent disorder. Its coming is sudden, its termination usually speedy. What causes the terrible scourge? It is not "in the air,"—infectious or contagious. It results from exposure, changes of weather, and prevails more among the apparently healthy than among the feeble. Pneumonia, we are told, is invited by a certain condition of the system, indicated if one has occasional chills and fevers, a tendency to colds in the throat and lungs, rheumatic and neuralgic pains, extreme tired feelings, short breath and pleuritic stitches in the side, hot and dry skin, loss of strength and vitality. These indications may not appear together, they may come, disappear and re-appear, the person not realizing that they are nature's warnings of a coming calamity.

A celebrated New York physician recently told the Tribune that pneumonia was a secondary disorder, the exposure and cold being simply the agent which develops the disease, already dormant in the system, because the kidneys have been but partially doing their duty. In short, pneumonia is an early indication of a bright's diseased condition. This impaired action may exist for years without the patient suspecting it, because no pain will be felt in the kidneys or their vicinity and often it can be detected only by chemical and microscopical examination.

The only safeguard against pneumonia is to maintain a vigorous condition of the system, and thus prevent its attacks, by using whatever will radically and effectually restore full vitality to the kidneys, for pneumonia can never be prevented when they are disordered. There are scores of men and women too, who are only too willing to preserve these great organs and prevent pneumonia who do not know how to do so. It is no easy task. It requires care and the careful use of just the proper thing. Many persons have questioned what is the best thing to use, but physicians are quite generally agreed that nothing so safely and so certainly does this as Warner's Safe Cure. It is a remedy known to millions and commended as a standard specific wherever known. It does not pretend to cure an attack of pneumonia, but it does and can remove the cause and prevent that disease if taken in time. No reasonable man can doubt this if he regards the personal experience of thousands of honorable men worthy his favor.

When a physician says his patient has either bright's disease or pneumonia, he confesses his inability to cure, and in a measure he considers his responsibility ended. In many instances, indeed, persons are reported as dying from pneumonia, heart disease, apoplexy and convulsions when the real cause of death and so known by the physicians is this kidney consumption. Thousands of people have it without knowing it and perish of it because their physicians will not tell them the facts! The same fate awaits every one who will not exercise his judgment in such a matter and be true to himself, his family and to society.

**Greek Catholics Combine.**

On Monday, Tuesday and Wednesday a convention of the Greek Catholic Societies in various parts of the country was held at Wilkes-Barre. Delegates representing a membership of 140,000 were in attendance. They represented the Greek Catholic Societies, of Sreator, Ill., New York, Bro. Klyn, Passaic, N. J., Mahanoy City, Oceola, Olyphant, Scranton, Braddock and several other cities and towns. John Smith, of Mahanoy City, was elected president. The organization will pay widows \$400, widowers \$200, and take care of the orphans.

**We Will Survive It.**

A communication relative to the Grant Cornet Band appeared in the HERALD columns a few days ago at the instance of several business men of town. Since then certain short-sighted members of the band have stopped the delivery of the HERALD to them. This act on their part can in no way injure the paper and if they find any relief in it they are entirely welcome to it. This much we will say: We cannot afford to allow such people to dictate what shall or shall not be published in the HERALD and we will continue to do business as the old stand with the support of the more liberal-minded people in town. Incidentally it may be remarked that the sooner the Board of Control put a bridge on certain officious and egotistical members of the band the better will it be for all concerned.

**An Excellent Run.**

Yesterday morning passenger train No. 18, of the Lehigh Valley railroad, left Black Creek 15 minutes late, made four stops, and made the run to Delano, a distance of 18 miles, in 21 minutes, reaching there on time. The run appears more extraordinary when it is considered that the road from Black Creek to Delano is all up grade. The train consisted of the engine and two cars. The engine is numbered 612 and was recently turned out of the shops at Hazleton. The crew consisted of Charles Price, engineer; Hiram Henry, fireman; Jacob Wanamaker, conductor; Philip Adams, baggage-master; Henry Crilly, brakeman.

A short time ago his Honor wrote that he had been induced to purchase Dr. Miles' Restorative Nervine for a lady who had been subject to spasms for 24 years. It gave the best of satisfaction and did "more good in three months than other remedies had done in three years!" The patient is greatly improved though it was evidently a desperate case.
