Rough on the Democrats.
 Shenandoah was always well governed when the Citizens' ticket won. Strict party politics in through affairs are dangerous to the borough's welfare.—*Evening Chronicle, Democrat.*

JUDGE SADLER.
 The *Harrisburg Morning Call* has the following to say in reference to the nomination of Cumberland county's distinguished President Judge, for the Republican Supreme Judge nomination, which we most cheerfully endorse:

"There can be no question that Southern or Central Pennsylvania is entitled to the nomination for Supreme Judge of the coming State Republican Convention. Twenty counties of the state have not furnished a Judge for nearly half a century. Without detracting from any of the eminent gentlemen named, the Hon. Wilbur F. Sadler, of Cumberland county, would make a popular and able candidate. He has every qualification for the high position and would at once rank on the bench as one of its ablest judges. In the prime of life, with great bodily and mental vigor, he is a natural born judge, amiable and yet firm, learned without being pedantic, wise without being dogmatic, he displays his learning in such a way as never to offend. His decisions do not partake of partisanship. He has one quality absolutely necessary to a good judge. He is a good listener and adds to his patience, habits of industry, order and system that enable him to accomplish as much work in a given time as anybody within our knowledge. Cumberland county and Southern Central Pennsylvania has not had a Supreme Judge since the eminent Gibson adorned the bench. Sadler will be a worthy successor to the great jurist. The Republican party cannot do any better. Philadelphia prevented his nomination when Judge Mitchell was taken. That city has now two representatives on the Supreme bench. Of course they cannot and will not expect the candidate this time. Let them join in presenting the name of the Cumberland county judge and he will be nominated and elected."

Keep It Dark.
 The walls of Ferguson's theatre will be fairly laden with laughter to-night when Hoy's side-splitting musical farce comedy will be produced by Bryant and Richmond and their jolly company of comedians. "Keep It Dark" is not a burlesque as the title leads many to believe, but is a fine wholesome farce comedy of the highest order. It was written solely for laughing purposes and it never fails to arouse the risibilities of the audience.

CYRUS W. FIELD'S brother is a Presbyterian minister and he had his overcoat stolen while he was preaching in Chicago last Sunday. It was a \$75 overcoat, and this fact, together with the announcement that the Chicago congregation would at once make good the loss, was telegraphed all over the country and published in various newspapers from Eastport to San Francisco. This shows the advantage of being rich and famous. If a poor country parson should lose a \$6 overcoat and the congregation should scrape together \$12 to reimburse him, not a single newspaper in the nation would care to know the fact. And yet the loss and reparation would be of infinitely more importance to said poor parson than to the Rev. Mr. Field. Verily to him that hath shall be given.

STATISTICS just gathered show that in all cities of the United States where electric railways are in operation building operations have largely increased. This will doubtless prove to be true in Shenandoah when we have our electric railway in full operation.

The Louisiana lottery has met its death blow by the recent decision of the Supreme Court in deciding the constitutionality of the Anti-Lottery law. Postmaster-General Wanamaker is to be congratulated on the success of his fight to get rid of this octopus.

 SUNDAY MORNING.**

AN ITALIAN MAKES A DEPERATE ASSAULT.

HIS VICTIM'S NARROW ESCAPE.

The Greek Catholic Church Re-Dedicated—Priests, Societies and Bands From Distant Points Present.

An Italian named Tony Classetta, residing in the flats at the west end of Coal street, committed a desperate assault on Mike Judizenski, an aged Hungarian, Sunday night.

Between 7 and 8 o'clock Classetta went into a saloon on West Coal street, kept by a Pole name Sockalowski, and demanded a drink. It was refused, and Classetta was ejected through the rear door of the place. Classetta then went into the basement of the house next door and was met by Judizenski, who ordered him to leave the place.

The stories at this point are conflicting. Classetta says the Pole struck him, and his story is denied. However that may, Classetta whipped out a razor and struck at Judizenski, slashing his left cheek from the ear down to the jaw bone, which prevented the blade from gashing the vital organs of the throat. Classetta ran after committing the deed and was hunted by Constable Boland, who effected a capture after a lively chase in the swamp at the west end of Lloyd street.

Classetta resisted arrest, and after giving Boland a punch over the right eye attempted to use his razor again, but was overpowered and finally landed in the lockup.

Judzinski was attended by Dr. Stein and is now confined to his bed, although the injury is not considered a dangerous one. Classetta remained in the lockup until this morning, when he was given a hearing and re-committed to the lockup, pending another hearing this afternoon, at which time Dr. Stein is expected to appear and make a statement regarding the condition of the victim.

This report that Classetta is a laborer on the electric railway is not correct. He worked on the road the first two or three days after the Italian gangs were put out, but left and went to work in the mines.

Political Points.
 The city of Hazleton elects its first officers under the charter next week. The following is a list of officers to be filled: Mayor, Treasurer, Controller, three Assessors, nine Select Councilmen, eighteen Common Councilmen, five Aldermen, seven Ward Constables, eighteen School Directors, nine Judges of Election, eighteen Inspectors and nine Ward Assessors—one hundred in all. Hazleton has nine wards. To-night the first of the Citizens' primaries will be held in Ferguson's hall.

The Burgess contest on the Citizens' side has been narrowed down between the present incumbent, James B. Lessig, and Daniel Dean.

If Frank C. Reese desires it, he ought to be re-nominated and re-elected Borough Auditor. The Citizens ought to have one representative on the board, the other two being Democrats.

There is much dissatisfaction in the Democratic ranks in the First and Fifth wards, and if the Citizens' party is wise it will put up good men for all the offices in those wards, and it will also be in order that certain members bury all their differences and pull together for once.

We hope the Citizens' party will make no mistake this week in the nomination of election officers. The nominees should be the most competent of men with good judgment.

The Citizens of the Third ward have plenty of good material to make excellent nominations.

It looks as if the Fifth ward Citizens' profiting from past experiences, will bury all animosities and put up a ticket that will win. There is no room for "kicking" this year.

The Fourth ward Citizens' expect to have an exciting time in their primary this week. Let the fight be settled at this meeting and whoever are nominated let them have the full support of the party.

A CHURCH RE-DEDICATED.

Imposing Ceremonies at the Greek Catholic Edifice.

In accordance with the announcement made in the HERALD some days ago the Greek Catholic church on West Centre street was re-dedicated yesterday. The church was handsomely decorated for the occasion and the ceremonies were of a very imposing character. They were conducted by Revs. Aurbuskwicz, of Otyphant, August Wolky, of Hazleton, Laurishin, of Mahanoy City, and Laurishin, of Osceola. The ceremonies were preceded by a street parade in which the Greek Catholic societies and bands of Mahanoy City, Shamokin and town participated. The re-dedication of the church was made necessary on account of Rev. Andrukowicz persisting in officiating as priest of the church after he had been suspended from priestly functions by the Archbishop of Lemburg and Archbishop Ryan, of Philadelphia. Rev. Laurishin, of Mahanoy City, will have charge of the church until a priest has been assigned to take permanent charge.

ALL'S WELL THAT ENDS WELL.

Burglary at the Powell Residence Cleared Up.

All the money missing stolen at the residence of Benjamin Powell, on West Cherry street, Friday night, has been recovered. Yesterday morning, upon the suggestion of the servant girl who was alleged to have been bound and gagged by the burglars, and who found the pocket book and one hundred dollars in the outhouse the next morning, a room in the house was thoroughly searched and the missing portion of the money (\$20) was found under a rug. The servant is no longer in the household and has been taken in charge by her father. The suspicions directed against the girl were confirmed by the fact that the place she insisted upon having searched yesterday morning was thoroughly searched by the family Saturday afternoon, when no trace of the money could be found. There is talk of a criminal prosecution to vindicate Mr. Powell's son, who held the money that was stolen as treasurer of a lodge.

Not a Burlesque.

The "Keep It Dark" Company is booked for Ferguson's theatre this evening. This is not a burlesque show and ladies may attend it with perfect propriety. This company has suffered by reason of the notorious May Davenport Company pirating its title, "Keep It Dark," and in consequence ladies in some towns have withheld their patronage. The company appearing here to-night is perfectly legitimate, the play is above suspicion and the entertainment equals the best on the road.

 The primaries of the Citizens' party will be held this week, the First ward primary being held this evening. All the primaries with the exception of the Fifth ward, will be held in Ferguson's hall. The latter will be held in Schmidt's hall, at the corner of Coal and West streets.

Money Talks.

People of Shenandoah and vicinity have been in the habit of resorting to a second grade of work in photographs long enough. The time has come when there must be a first-class workman in the city. I will give \$1.00 for the photographer in the city or neighboring towns who will prove, by reference, as good a standing as the present manager of the Bohon gallery, or can show work equal to that being turned out now.

**SUNDAY SERMON
 IN M. E. CHURCH.**

IT WAS AN ABLE AND INTERESTING PRESENTATION.

WAS LISTENED TO ATTENTIVELY.

Subject of the Discourse by Rev. Powick in the Methodist Episcopal Church Last Evening.

The subject of Sunday night's sermon in the Methodist Episcopal church was taken from the fifty-fifth chapter of Isaiah and the first verse: "Ho every one that thirsteth come ye to the waters and he that hath no money: come ye buy and eat; yea, come, buy wine and milk without money and without price." Much has been written about bible wines. Great wealth of scholarship has lingered over the meaning of the different Hebrew words for wine, and many passages like the text have been pressed into the service of wine bibbers in an effort to show that modern drinking usages find countenance in the bible. But whether the bible speaks of two kinds of wine is not so much a question of scholarship as of common sense. It is to be settled not so much by linguistics as by logic. It is possible that God curses in one place what he uses to symbolize the blessings of the gospel in another? Did Christ bless in the eucharistic feast what his father cursed, or was "the fruit of the vine" something different from that which "at the last biteth like a serpent and stingeth like an adder"? Let consistency answer. Under such symbols as water, wine and milk the spiritual blessings of the gospel feast are set forth. Water is necessary to one's bare existence, milk represents nutrition and wine luxury. So that under these figures man is invited to the gospel feast as to that which supplies all that is essential to his supremest happiness here below as well as to his eternal welfare in heaven above. The Psalmist could say: "All my springs are in thee."—"Whom have I in heaven but thee and there is none upon earth that I desire beside thee." God not only impacts spiritual life but provides for its sustenance. Men sometimes say they would like to have religion but they are afraid they cannot keep it. But we never hear them speak thus of material blessings. They rarely make fools of themselves till they begin to deal with the spirituals. They never decline a fortune let they cannot keep it. No. They say, "now I don't care if all the collieries shut down; I have enough to live on." So the wine and milk of gospel grace sustains the life which God impacts and we are "able to endure as seeing Him who is invisible." It satisfies my longings as nothing else can do. It is offered to the thirsty—regardless of their circumstances—without money and without price. Much of the unrest in the world is but an expression of the soul's unconscious thirst for God.

Babies often kick and cry without knowing what they need. But give them food and drink, and all is well. So, much of the disquietude of the world is nothing but the unintelligent cry of famishing souls for the wine and milk of gospel grace. We must "buy" it—but without money. We must sell out our sins to the devil—all that we have—in order to obtain this goodly treasure. We must "eat;" that is, make it our own by personal experience in order to be satisfied. Then come to the waters.
