RHODE ISLAND will hold its annual election in April. The Republicans give every assurance that they will redeem that state from the Democrats.

IN a few weeks more the annual street scraping will commence. Each load of mud carted off will more than represent the price of several tons of coal.

THE wise Republican policy of our government will secure for the American interests in Venezuela the same protection as marked the Italian and Chilean disputes.

CHINA threatens to retaliate if the proposed bill before Congress becomes a law. Americans have no business to be in the Chinese empire; there's room enough in America to live.

It has been suggested that a school be opened in town for the purpose of instructing voters concerning the requirements of the Baker ballot bill. No one should be disqualified on account of ignorance of the law.

It is reported, from a very reliable source, that a large corruption fund has been raised by the Democrats for the purpose of carrying the election in Rhode Island. After the election the people will have the money and the Democrats the experience.

THE honest Democrats are becoming as much alarmed as the Republicans on account of the manner in which the present Legislature is doing things in Albany. Men who will steal a Legislature will not stop short of taking everything within reach. They know they have already overstepped the mark and it is too late now to retrace their steps. The next Legislature will be Republican and the members of that party will earn their salaries several times over in

undoing all the bad legislation of the Democrats.

A LABOR COMMISSION is engaged in the investigation of the condition of labor in England. In one manufacturing district the commission found hundreds of girls and women working from twelve to fifteen hours a day at wages ranging from one dollar to two dollars and a half per week. Free trade, or Democratic tariff laws, means competition with these rates of work and wages.

MANY thousands of laborers in England have lost their employment on account of the McKinley law, and the tendency of their loss is to depress an already low standard of wages. As many thousands of laborers in this country have received the employment thus lost in England, and the tendency of their gain is to support and extend a high standard of wages, plain protection assists and sustains a high standard of wages and furnishes industrial employment.

### TA-RA-RA BOOM-DE-AY.

The Song That is on the Lips of Everybody in the Cities.

The latest and most popular song is "Ta-ra-ra Boom-de-ay," which has superseded "Comrades," "That is Love," etc. When it reaches Shenandoah we may expect to hear it sung, whistled, danced, etc., to a degree that will set our people wild. For the benefit of our readers we print the words of the new song.

A smart and stylish girl you see,  
Belle of good society,  
Not too strict, but rather free,  
And faint away with tearful cry,  
Yet as right as right can be!  
Never forward, never bold—  
Not too hot and not too cold  
But the very thing, I'm told,  
That in your arms you'd like to hold!  
Ta-ra-ra Boom-de-ay, & (light time).  
I'm not extravagantly shy,  
And when a nice young man is nigh,  
For his heart I have a try—  
And faint away with tearful cry!  
When the good young man, in haste,  
Will support me round the waist,  
I don't come to, while thus embraced,  
Till my lips he steals a taste!  
Ta-ra-ra, &c.  
I'm a timid flower of innocence—  
Pa says that I have no none—  
I'm one eternal big expander,  
But men say that I'm just immense!  
Ere my verses I conclude,  
I'd like to know and understand,  
Though free as air, I'm never rude—  
I'm not too bad, and not too good!  
Ta-ra-ra, &c.

## GLEANINGS BY THE REPORTERS.

WHAT THEY PICK UP HERE AND THERE.

ALL IMPORTANT EVENTS NOTED.

The Electric Fire Alarm System Will Positively be in Working Order Next Saturday Night—Movements of Local Politicians—Other News.

YESTERDAY the electrician of the Gamewell Fire Alarm Telegraph Company, who is putting the system in town under contract with the Borough Council, said that everything will be in readiness Saturday evening, when the system will be formally tested.

The gentleman having charge of the work is Mr. George Oshman, of New York City, who has been electrician under the company for several years, and who seems to thoroughly understand his business.

The gravity battery has been placed in the small room in the borough building over the stable of the Columbia Hose Company. All the jars are placed in position, connected, and filled with copper, blue stone, zinc and water.

The mechanical apparatus by which the hammer is to be operated was placed in position to-day and the ground rods have been driven at the foot of the poles. The boxes will be placed in position to-morrow. The indicators and gongs are in position in the Columbia engine room.

The people are warned against alarm Saturday evening, when it will be necessary to sound the fire bell repeatedly, in order to properly test the system.

### An Interesting Belle.

Clayt. Folmer has on exhibition, at his saloon on North White street, an old lock which, if it could speak, would tell many interesting and thrilling stories of the early days of Schuylkill. The lock hung for years on the old county jail yard gate at Orwigsburg, having been put in use when the prison was first built, in 1811. It remained in use from that time until the county seat was moved to Pottsville, in 1852. The lock is heavy and bulky, weighing 8 pounds and 2 ounces. It is in good working order and the long, odd-looking key is with it. The lock has been in the Folmer family for over fifty years. Another old jail lock used about the same time and at the same place is owned by William Bensingor, of Mahanoy City, who secured it from Mr. Folmer, Sr. That lock, however, is not as large and heavy as the first one mentioned.

Orders for EVENING HERALD should be left at Hooks & Brown's news stand, No. 4 North Main street.

### Electric Railway Notes.

The large trestling at Doy's crossing was tested yesterday by a competent engineer, who declared it safe and strong enough for the heaviest train.

Nearly all the advertising spaces in the cars have already been taken. Several additional cars will be ordered by the company this week.

The office of the company will be removed to Bofowich's building, on Main street, April 1st. Vice President Sadler and Superintendent Finney will have nicely furnished offices in these quarters.

### Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "La Gripe" has left you weak and weary, use Electric Bitters. This remedy acts directly on Liver, Stomach and Kidneys, gently aiding those organs to perform their functions. If you are afflicted with Sick Headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at C. H. Hagenbuch's Drug Store.

### Coming Events.

Mar. 30—"The Talking Tongue," lecture by Rev. H. G. James in the P. M. church, for the benefit of a sick and needy family.

April 21.—A marigold tea in Robbins' hall, under the auspices of the degree staff Lyda Degree Lodge, No. 112, I. O. O. F.

### Removal.

E. M. Schaeffer, the harness manufacturer, will remove on April 1st to 108 North Main street, next door to Wasley's drug store. 8-24-tf

### Fatal Fall of Coal.

Peter Silliminski, a Pole residing in the western outskirts of town, met his death yesterday by a fall of coal in the Ellen-gowan colliery.

### License Secured.

The rehearing in the case of Mrs. Alice Mann, an applicant for a hotel license in the Third ward, has resulted in the granting of the application.

### MAKING AN ISSUE.

The Declarations of Certain Politicians Regarding Future Campaigns.

There is evidently a determined movement on foot to not only "down" John F. Finney, but also to crush all who entertain any friendship for him, or who refuse to declare against him. This has been suspected for some time, but to-day it became known from the mouths of two of the prime movers in the scheme. Councilman A. B. Lamb and Squire T. T. Williams informed Constable Thomas Tosh that they were in a movement to have David Morgan, a candidate for Standing Committee in the Third ward, knocked out, because he is one of Finney's friends. Tosh promptly told them that he was a friend of Morgan's and would work for him, and that if Squire Williams wanted to make it a Finney and "T. T." fight he could do so. Williams protested that they did not want to make any such fight, as he (Williams) was not looking for anything. To which Tosh responded that Finney was not looking for anything either, but that he (Tosh) intended to work for Morgan and the others could do as they pleased. The discussion was a lively one and Tosh made Lamb and Williams understand that his good judgment cannot be clouded by vindictiveness.

If the action of Lamb and Williams is in obedience of "instructions" from the Administration, which certain county politicians have tried to make us believe has been issued, it is time that some equally determined action be taken to call such people down as disorganizers and have revised instructions issued. The true Republicans of town are with the Administration and have always been with it, but they will not tolerate any scheme to make them swallow everything coming from a few disgruntled, disappointed kickers who see no good in any one who is not within their circle. These true Republicans, it may as well be understood now as ever, do not propose to allow the tail to wag the dog, nor will they eschew their preferences for this or that office, and what still adhere to the belief, in the face of what has been reported by the disorganizers, that President Harrison or his advisers will not countenance such bores, real or pretended.

In conclusion, the HERALD takes the stand it has always maintained—to stand by its friends at all times when the actions of such friends are above reproach, and especially when they are the victims of such foolhardy schemes as that now being engineered by Lamb, Williams, et al., to down them. And this position will be maintained by the HERALD, regardless of the government position held by the editor.

If the parties who are pretending to be working for harmony want it, let them lay the foundation for it. So far they have shown themselves knaves of the first water, trying to slaughter the opposing forces while the flag of truce floats above their ramparts. We imagine we see the molded countenance of Napoleon covered with a smile. Such warfare would make a stone column grin.

If there is to be peace the HERALD is ready for it, and it is equally prepared for the reverse. In the latter event its guns will be found well prepared for a battle and the victims will meet charges that will make them scamper from the field ignominiously.

"Lay on!"

### An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not affected with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co.

### Splendid Offer.

As another evidence of the HERALD's popularity as an advertising medium, even by outside parties, we direct attention to the advertisement of Joseph Vural & Son, merchant tailor and clothiers, Weatherly, Pa., who offer their business for sale.

### Picture Frames.

The largest and finest stock of all sizes of frames ever brought to this town at Keagay's studio. Call and see him.

## NEWS GATHERING ABOUT THE MINES.

THE MINES TO BE IDLE TWO DAYS.

ALL COLLIERIES AFFECTED.

The Order for the Reduction of Working Time Under the P. & R. Company Changed to Provide for Only Four Working Days a Week.

THE working time of the collieries is again reduced. According to reports in the Philadelphia & Reading Company circles to-day all the collieries in this district will be idle to-morrow and Saturday and an order for suspension of work at the collieries two days a week will remain in force until further notice, Fridays and Saturdays will be the idle days.

These orders are not very encouraging, but the miners in Schuylkill are more fortunate than those in Luzerne, who have been reduced to three days a week.

The reason given for these reductions is a scarcity of cars.

### PERSONAL.

P. J. Ferguson spent to-day at Philadelphia. Squire J. J. Monaghan is doing jury duty at Pottsville this week.

Messrs. Eugene Magarlie, John A. Timman and Robert A. Davenport were in Philadelphia yesterday.

Errol H. Hopkins has returned from Mountain Home, where he instituted a lodge of the J. T. of H. & T.

Dr. L. D. Pierce, of Philadelphia, who has been spending a few days in town, returned to his home yesterday.

Christ Schmidt went to Reading this morning to order a large supply of Lauer's book beer, which is now in season.

Hon. S. A. Losh, of Schuylkill Haven, and undertaker John F. Gressang, of Pottsville, called on friends in town last evening.

John Knies, formerly of Hazleton, now residing in Bloomsburg, is traveling for a Wilkes-Barre wholesale meat house. John is an old volunteer fireman and well known here.

Dr. J. C. Biddle, Superintendent Miners' Hospital, was in town last evening talking fish. The doctor is a great trout fisher and generally brings home with him a basket of the speckled beauties.

### A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dread ail cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones."—Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at C. H. Hagenbuch's drug store.

### Pleasantly Surprised.

A. J. Luburg and family will remove to Philadelphia on Monday next. Last evening the members of the official board of the M. E. church, together with their wives and a few invited friends, called at the residence of Mr. and Mrs. Luburg and tendered them a pleasant surprise previous to their departure. After an hour or two of social enjoyment the visiting party presented Mrs. Luburg with a handsome panel pastel painting as a slight token of the high esteem in which she and her husband are held by those present.

### RAILROAD RUMBLINGS.

Rumors Concerning Time Table and Other Changes.

Rumors of contemplated changes in time tables and other affairs by the Philadelphia & Reading Railroad Company are multiplying daily. Easton and Bethlehem are considerably worked up over them and the excitement is gradually getting a hold upon our people. One story says that seventeen passenger trains now running out of Easton, among them the New York flyer, will be taken off, while another report says that there will be eight trains less on both the Lehigh Valley and New Jersey Central roads, but that only one or two crews will be abandoned. All will have shorter runs.

Notwithstanding the more favorable view given by the latter story there are some who fear that all old conductors will be discharged to make room for young men trained under the company.

There are other rumors to the effect that the crews that may be laid off will be put on the Buffalo division, which will be opened in the spring.

The local division of the Lehigh Valley road, it is said, is certain to undergo many changes. The 9 a. m. and 4 p. m. schedules will be first considered.

Engine No. 580 has been turned out of the Lehigh Valley shops at Hazleton. It is entirely new and of the latest design, and one of the largest ever made in these shops. It will be used as a freight engine.

The official orders relative to Reading passes declare New Jersey Central line passes "B" & "C," good in Pennsylvania, are now good over the Lehigh Valley in Pennsylvania, except between Easton and Phillipsburg, New Jersey Central line passes "B" & "C," good in New Jersey, are received on the Lehigh Valley in New Jersey. Passes used in one state cannot be used in the other. Reading Railroad passes "B" & "C," good in Pennsylvania, are good over the Lehigh Valley. Reading passes "B" & "C," in New Jersey, are good over the New Jersey Division of the Lehigh Valley, except on ferries and steamers. Lehigh Valley passes good in Pennsylvania are good on the New Jersey Central. Those in New Jersey are good on the Central in that state, except on ferries and steamers.

### Prevention Better Than Cure.

Many persons are afflicted with skin eruptions, boils or ulcers. Brandreth's Pills taken freely will in a short time effect a complete cure of all such troubles.

Ulcers of long standing have been cured by them. Carbuncles have been checked in their incipency by them. The worst fever sores, bed sores, and the like have been driven from the skin by them. Only begun in time and a few of Brandreth's Pills will prevent many a sickness.

Brandreth's Pills are purely vegetable, absolutely harmless, and safe to take at any time. 1c
