TROLLEY LINES RECEIVE A BLOW.

Gov. Abbett Refused to Sign the Bill re Legalize Them.

NEWARR, N. J., April 11.-Gov. Abbett, in disposing of the bills left in his hands, gave the electric car system of Newark a hard blow by not signing the bill to legalize the trolley isystem in this State.

Several lines of the Newark Passenger Several lines of the Newark Fragenger Railway Company—those to Orange, to Irvington, and up Central avenue notably —are operated by trollays, and the poles that support the trollays are between the up and down tracks and directly in the middle of the street. They are not mily unsuch the orangent only unsightly, but constant menaces t the life and limb of the unwary, an public sentiment has severally condemned the City Council for permitting the com-pany to save a little money by placing them there.

All the trolley-wire roads in the State. as well as this particular one in this city, are running in contravention of haw, and the problem that interests them is as to what they shall do to save their plants from destruction. They may, in the hope of delaying the necessity for taking down their center poles and wires, appeal to the Court of Errors. By the time a decision is reached they hope the next Legislature will be in session to give them relief.

THE FAIR APPROPRIATION.

Arguments Will be Made Why Congress Should Grant \$5,000,000

WASHINGTON, April 11. - President Baker and Directors Odell, Winston and Butterworth of the World's Columbian Exposition will appear before the House of Representatives Committee on World's Fair to morrow to show cause why Con-gress should appropriate \$5,000,000 for

gress should appropriate \$5,000,000 for the exposition. "While we are in Washington," said Mr. Baker, "I shall see the Coinage Com-mittee and try to get them to recom-mend the issue of a Columbian medal half dollar to be used for submission at the Fair in place of printed tickers. It would be less easy to counterfeit than tickets and besides would be valuable as a souvenir of the exposition. This issue would also relieve the silver question to would also relieve the silver question 10 the extent of about \$10,000,000, for we can easily use 20,000,000 of them.

"If they are issued we will buy them from the Government, have on sale at the regular ticket stations and make them the only ticket of admission to the grounds.

Most Interesting and Valuabic Facts Brought Out in an Interview by Our Correspondent.

WASHINGTON, D. C , April 9 .- The nterviews with various prominent nen which I recently sent you as t he apparently mysterious cause of he untimely and sudden deaths among hem, has aroused a great deal of exeitement.

Senators, representatives and heads of departments all declare that upless ome steps can be taken to avoid the killing strains of public life, few prom-ner t men would care to run for office. Traced to its source, it has become ully apparent that there is one great muse for it all, and that cause is the sause for it all, and that cause is the vearing strains upon certain organs o he body which causes their tissues to give way, and hence bring about lekness or sudden death. I con-inued the investigation, which was reported yesterday, by calling upon a number of leading public mea. Hon, Daniel Lockwood, genial and whole souled, has an extensive knowl-size of the undite men of the country

dge of the public men of the country Ic was well aware of the strains to which they are surjected, and the sud-ten deaths which have been so pre-valent. "It would seem," he said, "as hough there should be some way of oreventing these things. Our granu-fathers had family remedies that seemed to preserve health and pro-ong life, and it would appear as hough some modern discovery should though some modern discovery should be found which would answer the same purpose for the added strains of modern ifs. I think if any one has onen a discovery it is certainly my friend Warner with his famous Sale ure. I know of a great many people in a discovery it and I have who use it constantly, and I have in mind one gentleman connected with the Government Printing Office here who, together with his wife, has oc-casion to be exceedingly grateful for the ris ored health and strength which Warner's Safe Cure has imparted." Probably the most remains table case of a government official brought to death's door and then rescued is that of a government official brought to death's door and then rescued is that of Mr. J. Henderson Wilkinson, a prominent attorney of this city. In conversation with me, he said : "Ten years ago I was seized with an attack of Bright's disease. I was then at work in the Treasury, hers. I know it was Bright's disease for several reasons. In early life, I studied medi-ine some liftle time. I knew from my symptoms what my trouble was out I was also in the hands of my physicians. How badly I became, you can understand when I say that my hands became bloated and actually reacked open. My limbs and body would alternately swell and collapse. I could only creep across the floor. Finally my physician said to me: 'You are at death's door with Bright's disease. You may live a few weeks. discuse. You may live a few weeks, but there is absolutely no hope of your recovery.' ON A BURNING BED

An Italian Grocer Accused of Setting Fire to His Store to Secure the Insurance-She Was Shockingly Burned and Was Saved from Baing Cremated by the Foreman of a Hook and Ladder Company and Taken to a Hospital.

BROOKLYN, April 11 .- A fire, supposed to have been of incendiary origin, broke out shortly before 4 o'clock yesterday afternoon in the three-story brick tenement, 160 Columbia street, this city The flames did not burn more than twenty minutes, but the house was gutted from cellar to roof.

The ground floor was used as a grocery store by Joseph Barbara. On the first floor lived William Boyd with his wife Mary, each aged 48 years, and their five children.

Every day during the past three months Mrs. Boyd's death has been expected, as for years she had been gradually wasting away with consumption. Rev. Father John J. Barry had been in constant attendance upon her, and so confident was he that the end was fast approaching that be had intended calling again yesterday to administer the last sacrament of the Church. Up to the time the fire broke out he had not arrived.

The woman lay in bed In the front room and her husband sat by the window reading to her. While so engaged he smelled smoke. Bunning down the stairs he found dense volumes issuing from under and over the side door leading into the grocery store He raised an outery so as to alarm the

other tenants. Then, as he heard the flames roaring and crackling inside, he tried to kick in the door, but without success. Within five minutes his five children ran down the stairs shouting that their flat was in flames.

Boyd rushed up the stairs and to his horror saw that the room in which his helpless wife was lying was completely cut off. He made one wild rush to save her, but was driven back by the flames,

which were devouring everything. Down the stairs he ran again and out into the street. In the meantime an alarm had been sent in and a hook and o any or all other preparations. Induce the second story win-to a target of the second story win-

Chinese Exclusion Hill.

WASHINGTON, April 11 .- Considerable interest is feit as to the probable course of the Senate Committee on Foreign Re-tions on the House Chinese Total Exclutions on the House Chinese Total Exclu-sion bill, which was referred to that committee on Wednesday. No action was taken on the bill by the committee that day, which is the regular meeting day. Strong efforts will be made by the Pacific Coast Senators, through Mr. Dolph, who is a member of the com-mittee, to force a favorable report on Wednesday next. Failing in that, an attempt will probably be made to release the committee from further considerathe committee from further considera-tion of the bill and to pass it through the Senate by a hurrah vote.

Two Alleged Cures by Faith.

KINGSTON, N. Y., April 11.-Two re-markable cases of cure by faith and prayer brought about by visits to the Rev. Thomas Adams, the suspended priest of Brooklyn, are said to have been recently made of residents of this region. Mgs. James Finan of Creekslocks, it is alleged, has been cured of cancer, and a child named Elsie Connolly of weakness in the legs which prevented her from walking without the use of iron braces. Mrs. Finan was declared incur-curable by her physicians.
