HORRIBLE TORTURE

Two Atrocious Outrages Committed by Burglars.

THREE RUFFIANS IN DISGUISE

After Nearly Killing an Old Couple the Thieves Did Not Get Anything.

John Daly Bound Hand and Foot, Had a Knife Jabb'd Into His Neck, a Lighted Lamp Used to Burn an Ear Off, and He is Then Beaten Until Insensible—Miss Olivia McDowell, a Maiden Lady Treated in a Similar Manner.

HOLLIDAYSBORO, Pa., April 11.—Two atrocious outrages were committed in this town Saturday night by masked burglars. John Daly, an old soldier, was awakened shortly after he had retired for the night by three burly masked men. They demanded his pension money which he was supposed to have concealed about the house, and he refused to give it up. They then bound him, hand and foot, tied him to a chair and began a horrible system of torture.

First they jabbed him in the neck with a knife, beat him over the head with a revolver, but still refused to tell the hiding place of his money. Next they took a lighted lamp, held it under his ear, burning the organ completely off.

The old soldier yelled with pain and begged for mercy, but the burglars only renewed their torture. Daly was resolute, however, and would not divulge the whereabouts of his wealth. Seeing that it was useless, the burglars beat the man until he became unconscious.

After thoroughly searching the house, the burglars left and proceeded to the house of Miss Olivia McDowell, an aged maiden who is reported to have a little money.

They dragged her from her bed and bound and gagged her. She was tortured in a similar manner to old Daly, but she refused to tell where her money was concealed. She was hit in the left eye and the sight destroyed. They also pierced her skull with the edge of a knife, and beat her in such a brutal manner that her life is now in danger.

The robbers secured nothing. There is no clue to their identity.

CRAZED BY HIS LOSSES.

James Hawley's House Destroyed and an Adopted Son Burned to Death.

PITTSBURG, April 11.—Fire shortly after midnight destroyed the residence of James Hawley. All the inmates escaped except Joseph Linton, an adopted son, who was burned to death.

When his burning bed fell to the first floor Mr. Hawley, crazed with grief, sprang into the flaming building and threw himself upon what remained of it.

He was dragged from his perilous position, his rescuers sustaining severe injuries.

He then attempted to cut his throat with a piece of glass but was prevented, and soon afterward made a third attempt at suicide by dashing his head against a post, and falling in this tried for a fourth time, by running his head against a wagon wheel.

Hawley has met with many losses of late, his barn having been burned down and his cattle poisoned. It is thought the fire was incendiary.

Forest Fires in Connecticut.
NORWICH, Conn., April 11.—Forest fires, due to the prolonged drought, are burning around nearly all the rural towns in the eastern part of the State.

In Griswold, east of this city, several hundred acres of wood land were burned over last week, and it was only by fierce fighting by the whole neighborhood that several farm houses were saved from destruction. Fires have raged for several days in the forests at Canterbury and other towns in Windham County and also in the western counties of Rhode Island.

A Sugar Warfare Promised.
NEW YORK, April 11.—In speaking of the wholesale grocers' project to build an independent refinery on Staten Island, Mr. John E. Seales, secretary and treasurer of the American Sugar Refining Company, said: "We do not fear the new combination. Arrangements can be made whereby we can open agencies and supply the retailers direct." The indications are that a warfare will be begun which will greatly cheapen sugar for consumers.

Searching for a Runaway Girl.
NEW HAVEN, Conn., April 11.—Mrs. L. P. Wood of 21 Laidlow avenue, Jersey City, has requested the police of this city to look out for her daughter, Daisy, who ran away from home about two weeks ago and is supposed to have come to this city, where her aunt resides. At the aunt's residence all information regarding Daisy was refused.

Jute Mills Closed.
PATERSON, N. J., April 11.—The strike of the 100 doffers at the Dolphin Jute Mill has resulted in the closing down of the mill until they return to work or other help is procured. The spinners and other employees are unable to go on with their work without the aid of the doffers. A strike of twenty helpers is in progress at the Phoenix Silk Mill.

Freight House Destroyed.
NEW BRUNSWICK, N. J., April 11.—The freight house of the Pennsylvania Railroad Company in this place, was burned yesterday. The loss, which cannot be definitely given until consigners and shippers put in their claims, is estimated at \$40,000. The company will rebuild at once.

A Bogus Reporter in Trouble.
PITTSBURG, Pa., April 11.—F. H. Marlowe, who claims to be a reporter for New York papers, has been held in \$300 bail on each of the charges of forgery and larceny. The police think he is a bogus reporter and one of a gang that has been passing worthless checks in this region.

G. A. R. ENCAMPMENT.

New Features of the Parade in Washington on Sept. 20.

WASHINGTON, April 11.—The passage by the Senate last week of an appropriation of \$400,000 to aid in defraying the expenses of the National Encampment, G. A. R., next September, has greatly encouraged and emboldened those in charge of the arrangements for the affair. In addition to this sum, the citizens' committee expect to raise \$300,000, of which over \$200,000 have already been subscribed, and every cent will be needed. The books of the committee show that more posts have been booked and quartered than at any previous encampment so far ahead of the date of meeting. The number disposed of thus early is unprecedented, and presages, in the opinion of the committee, an attendance of 300,000 people.

One of the features of the parade will be the unusually large number of mounted officers. In this respect the encampment will eclipse anything ever seen in the history of the Grand Army. The staff of the commander-in-chief aggregates fully 300 men, and all of them will be mounted. The same can be said of the various department commanders. Another feature of the parade will be the addition, for the first time, of the National Association of Naval Veterans. This body contains a membership of several thousand, and their yearly meeting will be held in Baltimore the same week of the encampment. On the day of the parade they propose to come to Washington in a body and participate.

FAMINE RELIEF FUND.

Liberal Contributions from Different Parts of the Country.

WASHINGTON, April 11.—Gov. Hoyt, Chairman of the Russian Famine Relief Committee of the United States, has received from President White of the Fourth National Bank of Cincinnati, a draft for \$1,790 contributed by the people of that city to the Famine Fund, with assurances of a second remittance soon.

He is also in receipt of liberal contributions from Gov. Fleming of Florida in behalf of his people, and is encouraged by Gov. Page of Vermont to hope for considerable sums as a result of the latter's Fast Day proclamation.

Immigration Increasing.

NEW YORK, April 11.—The past week has shown the largest arrival of immigrants for years. Twenty-one steamships arrived here, which carried 1,499 cabin and 15,014 steerage passengers. Of these latter 1,213 are detained at Quarantine. On one day, Thursday last, 4,508 steerage and 706 cabin passengers were landed, and Saturday there arrived in port 3,557. For the corresponding week of last year, there arrived 15 ships which carried 1,028 cabin and 11,852 steerage passengers. Up to date there have arrived this year, no less than 90,000 passengers, exceeding the number for the same time last year by 11,250.

Wages to Be Reduced.

NEW CASTLE, Pa., April 11.—Notices have been posted at all the furnaces in this city that there will be a general reduction of wages, to take effect on April 17. The turn men will be reduced 15 cents, the day laborers 10 cents and the iron men three-quarters of a cent per ton. This will give the turn men \$1.75 per day and the laborers \$1.85, which is the same that they received before the raise last November. An operator said to a reporter that the reduction was necessary because of the condition of the iron market.

CINCINNATI, April 11.—Deputy Supreme Master Workman Cavanaugh, who has returned from Philadelphia, says that the conference of K. of L. leaders in that city resulted in a determination to support Judge Gresham for President, and Folk of North Carolina for Vice-President. It is stated that Judge Gresham strongly intimated that if a modified platform was adopted he would accept the Third Party nomination.

PROVIDENCE, R. I., April 11.—The disappearance of Mrs. Bruck, wife of the proprietor of Bruck's Hotel, on Pine street, is a mystery here. Several attempts have been made to find Mr. Bruck, but the hotel is tightly closed and no one can be found. It is said he is searching for his wife. The police say that nothing has been seen of the missing woman, but they are on the lookout.

NEW YORK, April 11.—The British steamship Phidias, from Rio Janeiro, has arrived in this port. While at sea one of the crew was drowned while in bathing. The vessel is detained at Quarantine for disinfection.

A Respite for a Murderer.

HARRISBURG, Pa., April 11.—William H. Panton, who murdered Mrs. Strominger in York County last summer in an attempt at robbery, has been granted a respite until June 16 next by Gov. Pattison. He was to be hanged next Thursday. At the next meeting of the Board of Pardons application will be made for the commutation of the death penalty to imprisonment for life.

Ex-Gov. Ames is a Cool Man.

Remarkable Facts.

Heart disease is usually so feared to be incurable, but when properly treated a large proportion of cases can be cured. This Mrs. Jones, Bates, of Newark, Ind., and Mrs. Mary L. Baker, of Trenton, N. J., were cured after suffering 20 years. Dr. H. H. Hagenbuch, of New York, has cured the cure "worked wonders for his wife" Levi, aged 60, of Buchanan, Mich., who had heart disease for 30 years, says "I was made rich" and "I was cured" by Dr. H. H. Hagenbuch's drug. It is sold and guaranteed by C. H. Hagenbuch, the druggist. Book of wonderful testimonies free.

A National Event.

The holding of the World's Fair in a city so small as it is, will be a remarkable event, but whether it will really benefit the nation as much as the discovery of the Restorative Nervine by Dr. Francis Miles is doubtful. This is just what the American people need to cure their excessive nervousness, depression, heartache, dizziness, headache, neuralgia, nervous debility, dizziness, contraction of mind, etc. It acts as a charm. Trial bottles and free books on "Nervous and Heart Diseases" with unusual testimonials, sent at C. H. Hagenbuch's drug stores. It is warranted to contain no opium, morphine or dangerous drugs.

THE LEADER CAUGHT

Phillip Munoz Arrested in the Suburbs of Madrid.

HIDING WITH A COMPANION.

He is Said to be the Brains of the Anarchists' Movements in Spain.

Charged With Having Laid the Plans to Blow Up the Parliamentary Buildings—Police Are Searching Houses for Infernal Machines—Munoz is Known to Have Kept for Use—He Makes Light of His Arrest.

MADRID, April 11.—Phillip Munoz, the anarchist leader, was arrested here yesterday. He is charged with having laid the plan for blowing up the Parliamentary buildings and having employed Delboche and Ferreira, who were caught in the act of placing bombs before the doors of the Cortes. He is the man to whom were to be assigned the dynamite cartridges which Delboche ordered from Diaz, an anarchist arrested in Bilbao on Wednesday. He is thought to be the brains of the anarchists' movements in Spain and to be the originator of the plans to blow up the palace, the police station and the building of the War Department in this city. These plans were found sewed in Delboche's underclothes, and the writing in them, the police say, resembles that of Munoz closely.

He was caught in the suburbs, where he was hiding with a comrade. The police are searching the near-by houses in hopes of finding the ammunition and infernal machines which Munoz is known to have kept for use by the exponents of his plots. Nothing has yet been discovered. Several suspects have been arrested, but the police refuse to disclose the nature of the evidence against them. Munoz will be brought before a magistrate for examination to-day. It makes light of his arrest and says the police can prove nothing against him. An effort will be made to induce him to confess, as did Delboche, after a fast refusing to speak of his criminal plans and denying even that he was an anarchist.

An Attempt to Blow Up a Church.

MADRID, April 11.—While a Jesuit priest was preaching in church at Bilbao last evening, a cripple near the door found a bomb with a burning fuse behind the pulpit. He made an outcry and extinguished the burning fuse. There was a rush for the door and women and children were trampled to the floor. A dozen persons were seriously injured. No attempt was made to enter the church after service began, and it is supposed that the bomb was set with a slow fuse earlier in the evening. No arrests have been made.

BRUTAL TREATMENT.

A Pauper in an Almshouse Bound Hand and Foot.

CANTON, Mass., April 11.—A scandal has developed in connection with the management of the almshouse in this place. James H. Berry, an inmate of the almshouse, was found by a town official gagged and bound hand and foot and bruised and bleeding from wounds on the face.

He accused Keeper Dunbar of maltreating him because he had been overheard complaining to a friend of the management of the place. Keeper Dunbar claimed that Berry was drunk, but this charge was not sustained. An investigation will probably be made.
