JERSEY CITY Republicans are to be congratulated. They are now on top.

THE Sunday News' Hill boomlet was badly frozen before it reached Harrisburg. The "Stuffed Prophet" had everything his own way.

TO-MORROW night's indignation meeting ought to bring out some of the subterfuges adopted by "de ate" to stop work on the railway.

THE Council "combine" is nothing more, nor less, than a conspiracy, because of the written agreement made and signed by "de ate."

EX STATE SENATOR Emery seems to be more successful in combatting Senator Quay than does Congressman Dalzell. Despite the determined efforts made to defeat him in the primary election in his county, he was elected.

by a handsome majority.—*Hazleton Plain-Speaker*. The latest correct returns place Quay's inveterate enemy, Emery, in the same boat with Dalzell. In other words, Emery "got left."

THE Hill and Cleveland Democrats are still accusing each other for their defeat in Rhode Island.

THE manager of a Hartford museum has eloped with the fat woman, who was also a gifted snake charmer. She'll be a useful companion if he should ever have "the horrors."

It was not strange that the Democrats of Jersey City wanted to burn the City Hall when they found McDermott beaten. Some of the records will be awkward to explain.

THE District Attorney should at once inquire into the Council "deal." If all we hear is true, he will have a conspiracy case to take up a week of his time. Let him act at once.

GROVER'S BOOM.
With the compliments of the season to Mr. G. Cleveland:

I'm not ex-trava-gant-ly shy
And when a nomination's nigh
For the place I have a try
On the quiet smooth and sly.
Of "prin-ci-ples" I sagely prate,
But hush—don't mention 'em.
While for votes I lie in wait—
Votes that count to nominate.

Ta-ra-ra-boom-de-ay—(Eight times, with a roof-rising accent on the "boom.")
I'm not too bashful, not too bold,
Not too young nor yet too old.
Not too warm towards coin of gold
Towards free silver not too cold.
I'm not too fat nor yet too lean,
Not corrupt nor yet too clean.
Fact is I'm the happy mean—
Just hear the hum of my machine.

Ta-ra-ra-boom-de-ay (eight times, etc.)
THE Republican successes at the polls throughout the country are very encouraging. The Grand Old Party is very much alive and the rebel brigadiers will be put to flight once more next November.

PURPORT OF THE WATER COMPANY'S COMPLAINT.

CONTENTS OF THE INJUNCTION.

That the Injunction Effectually Ties up the Hands of the Reckless Councilmen There Cannot be a Shadow of Doubt—What Will They Do?

HERE seems to be considerable conflict of opinion over the injunction of the Shenandoah Water and Gas Company against the borough, which was made permanent by a decision of the Pottsville court on Monday last. The decision of the court was very brief, so the HERALD has resorted to the complainant's bill in equity to get at the gist of the injunction and the facts upon which it is based.

In their bill the complainants alleged that the erection of the proposed water works would increase the indebtedness of the borough to an extent far beyond the two per centum of the assessed valuation of the real estate of the borough; that, in truth and fact, it would increase the indebtedness to upwards of twelve per centum of the assessed valuation, and that no election by the people had been held to authorize the increase of indebtedness, and that the said increase was attempted wholly without warrant of law and without legal authority.

The injunction asked for was that the Respondents be restrained from contracting for any machinery or other material for the purpose of building water works; to restrain them from authorizing any work to be done thereon, in the name of the borough, and from making, signing, sealing, delivering or issuing any bond or instrument of writing of any nature whatsoever, for or on behalf of the borough, for the purpose of erecting any water works for the borough.

The Father of Many Ills.
Constipation leads to a multitude of physical troubles. It is generally the result of carelessness or indifference to the simplest rule of health. Eugene McKay of Brantford, Ont., writes:

"I had for several years been a sufferer from constipation, had taken a great many different remedies, some of which did me good for a time but only for a time, then my trouble came back worse than ever. I was induced by a friend, whom Brandreth's Pills had benefited, to try them. Took two each night for a week, then one every night for about six weeks. Since that time I have not experienced the slightest difficulty whatever, and my bowels move regularly every day. I believe firmly that for sluggishness of the bowels and biliousness Brandreth's Pills are far superior to any other.

"Right Side Up."
To-morrow night a first class comedy company will present at the theatre the popular new comedy "Right Side Up." Such papers as the New York Herald, Dramatic News, Chicago Inter-Ocean, Chicago Tribune, and leading papers in Philadelphia and others of our largest cities speak in very complimentary terms of the performance. It is said to be exceedingly amusing. We do love a hearty good laugh once in a while, such as we may expect from reading the notices referred to.

Easter Opening.
If the lady readers of the HERALD want to see fine hats or bonnets, or millinery goods of all kinds, suitable for this season, they are invited to call at Ella McGinnies' 86 East Centre street, next door to Weiderhold's meat market. The display is the finest seen in this town.

About 1,000 yards of remnants of Moquette and Body Brussels carpets will be closed out at almost half price, at Keiter's 4-14 3t.

PEOPLE WILL HOLD A MASS MEETING

**THOROUGHLY AROUSED OVER
THE ELECTRIC RAILWAY.**

TO ASSEMBLE TO-MORROW NIGHT.

A Petition Circulated for That Has Been Signed by Many of the Most Prominent Business Men of Town.

PUBLIC indignation was so thoroughly aroused by the action of the Borough Council in bringing about the shutting down of work on the electric railway that vigorous expressions of opinion against the movement are still heard on all sides.

The feeling culminated to-day in the preparation of a petition for a mass meeting of the citizens, of which the following is a copy:

The undersigned citizens of the borough of Shenandoah, believing that the Borough Council erred in stopping the progress of the electric railway, and believing that the sentiment of the people is in favor of permitting the railway to be pushed to completion as rapidly as possible, agree to defray the expenses of a public meeting to give expression to the sentiment of the people on the subject:

In pursuance of the above Robbins' opera house was hired for the mass meeting, which will be to-morrow (Friday) night, at 7 o'clock, sharp.

The extent of public indignation in this matter is not realized by some people. If all who have denounced the action of Council attended the mass meeting the hall will be packed to-morrow night. Even the men who signed the petition circulated by J. J. Franey to bring about the stoppage of the road have signed the above petition, in fact many of them were instrumental in having the mass meeting started. These people say they did not understand the purport of Franey's petition when they signed it.

Dark coats and vests of Clay patterns warranted never to wear off, or get gloomy. Trousers of patterns never before seen in the town. As to workmanship I recognize no competition. Visit my store and look through the stock. The prices will astound you. They compare with the lowest in town. H. A. SWALM. 3-13 6t

HEALTH MATTERS.

"An Ounce of Prevention is Worth a Pound of Cure."

Many of the streets and nearly all the alleys of town are in a filthy condition and Council should take action at once to enforce a general cleaning up, and in doing this they should show favors to none. It is said that some of our most enlightened (?) and wealthy property owners ignore the notices given them by the borough officials. In such cases the Council should not hesitate to act with all the power the ordinance gives.

It is not the intention of the HERALD to become a alarmist and when it says that small pox has made its appearance in the county it speaks authoritatively and with a view to impressing upon the minds of those responsible for the borough's condition that there should be a general cleaning up at once.

There is one thing we certainly should have in view of the rapid influx of immigrants, and that is a Board of Health. Such a Board has more power and can act more promptly than the borough can in case of emergency, and it would be well to have one in operation before the summer draws near.

It is hoped Chief Burgess Smith will bring this matter to the attention of the Borough Council at its next meeting. He knows the necessity of the movement.

Uncle Hiram.
Aaron H. Woodhall in Uncle Hiram, the play that has amused thousands in every city in the Union, is the next attraction to be presented. Mr. Woodhall advertises "everything new." He has rewritten the play and added two entirely new acts and two tons of special scenery. The principal effects being the saw mill and a railroad train crossing the stage at full speed. Both effects are received with the wildest enthusiasm by the audience. One of the acts represents a saw mill in the Vermont mountains and the other scenes are laid in New York City. The company carries every inch of scenery used and claim they can show on any stage however small. The company comprise several well known artists, while Woodhall, as a funny man, is second to none in the profession. His performance of Uncle Hiram is a combination of humor and pathos, laughter and tears. There are said to be by actual count 250 laughs in a hundred and fifty minutes.
