There is no Trouble.
The P. & R. Railroad Company made a crossing at Lost Creek this morning to make its connection with the Lehigh Valley railroad. In making the crossing travel on the electric road was stopped and this led to a report that the P. & R. company was fighting it and was tearing up its tracks. Such is not the case. The P. & R. company notified the electric railway officials several days ago that it intended to make the crossing on the electric company at once ordered its patent crossing appliances, which has not arrived yet. A Corner in Hats.

Some hats are neither worth throwing nor taking out of a corner. A good hat is light, durable, simple and a pleasure to the wearer. A bad hat isn't worth powder enough to blow it into perfidion. Good hats are so more expensive than bad ones, but bad hats are expensive at any price and sensible men couldn't be paid to wear them. Our \$2 hat is a perfect gem, and there is no reason to be without one at this low figure. The same is true of our \$3.50 Newwear and Suspenders. Good shirts from \$2 up to \$2. All the newest things in men's underwear, collars and cuffs. Everything at rock bottom price.
