Anarchist Munoz Gives Particulars of the Plot to Destroy the Royal Palace and the Chamber of Deputies-It is Thought That He Was Chosen to Kill the King-Statements of the Would-be Bomb-

Madrid, April 20.—Public excitement on the Anarchist plots has been renewed by the report that the Amarchist, Philip Munoz, has confessed to a plot to kill the King of Spain, who will be six years

old on May 17. Munoz was formerly a sergeant of ar-tillery, who has been living abroad and in concealment in Spain since he took an active part in the Republican rebellion in Madrid.

Delboche, the Frenchman arrested for the attempt to blow up the Chamber of Deputies, said that Manoz led them on to make the attempt against Congress, and with having provided them with bombs which, they say, he handed them in the street, a few yards from Congress Hall.

Delboche stated that Munoz lived in Calle Clavel, Madrid, and had besides another domicile where his mistress lived. The police succeeded in arresting Munoz, who has undergone a rigorous examination.

Though the Spanish law does not al-low any one to see prisoners during the early part of the judicial investigations, early part of the judicial investigations, and first examinations of accused per-sons are always conducted with the greatest secrecy and closed doors, with-out the presence of counsel or reporters, nevertheless enough details have transnevertheless enough details have transpired which tend to confirm the impression that the Anarchists not only in Madrid, but also in Valadolid, Valencia, and Bilbao, were aware that a plot was progressing in the capital at the head-quarters of the Anarchists, their Circule dellabajadores, all the principal members of which are now in prison on the charge of complicity in the dynamiters' plot to destroy the Chamber of Deputies. plot to destroy the Chamber of Deputies, the royal palace, and to commit other

Whether they knew the full extent of the plot, as now said to have been con-fessed by Munoz, the authorities are not yet convinced.

The confession attributed to Munoz is that at a meeting of Anarchists it was determined to murder the King, and that lots were cast as to who should kill

The confession does not state upon whom the lot fell, but it is believed that

whom the lot fell, but it is believed that Munoz himself was probably the man. There is no doubt now that he was the leading spirit in the plot.

Delbuche and Ferreira, the two conspirators who were arrested with bombs intended to blow up the Chamber of Deputies, pretend that they were entirely dominated by Munoz.

Sarah Brown, the woman McGuire Sarah Brown, the woman Metalice lived with, detailed at length conversa-tions he had with her concerning the robbery of the Gregory house, and had said that he would kill off the whole family rather than loss the money be was certain was in the house. McCluira figured that there was at least \$2,000. She related his arranging for the visit, the preparing of a mask, the putting on of the two-coats, one of which he subsequently burned up, the cleaning of the trousers where blood stains were found. and the cutting out of blood stains replaced with patches.

The trousers were shown in Court, as were the revolvers McGuire had, one of which he got at the robbery of the Crys-tal Run Postoffice, the watch he had stolen at the same time, and other articles. His progress from the time of leaving the McGuire home to the Greg-ory house and his return home, with his later removal to Pennsylvania, the ar-rest and confession of Brazington and Mrs. Brown were all shown to agreed in

HARRISHURG, Pa., April 20.-The Republican State Convention was called to order shortly after noon to-day and Gen. James Latta was made temporary chairman. E. K. Martin of Lancaster will be made permanent chairman.

The number of candidates for Judge of the same of Court has been in-creased to seven oy the announcement by the friends of Judge Ewing of Allegheny county, that his chains will be presented to the convention. The Allegheny county delegates claim that they particularly desire his nomination, as that portion of Pennsylvania west of the Allegheny Mountains is not represented on

the Supreme Court bench.

It has looked as though Judge Dean would lead in the convention with Judge Sadier a close second. But this morn-ing Judge Henderson began to gather strength, particularly among the sup-porters of Gen. Lilly and Major McDow-ell, the chief candidates for Congress-
