LOCALITIES.

Many colds. Now is the time to clean up the rubbish. The busy season for merchants is now here. Our secret societies are all in a flourishing condition. The only care that hurt us are those we try to keep. The trout fishing season is now on—catch them if you can. Narrow wagon-tires are the great American road destroyers. Our merchant tailors are kept very busy with the new spring suits. The majority of people require most space to tell what they don't know. Life is short, and most people are short all through life. A man is as old as he feels, but not always as big, not by a heap. Keep a small box filled with lime in your pantry and cellar; it will keep the air dry and pure.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the Liver be inactive, you have a Bilious Look, if your stomach be disordered you have a Dyspeptic look and if your Kidneys be affected you have a pined look. Secure good health and you will have good looks. Electric Bitters is the great alterative and Tonic acts directly on these vital organs. Cures Pimples, Blisters, Boils and gives a good complexion. Sold at C. H. Hagenbuch's Drug Store, 50c. per bottle.

Any essay written upon the subject of Coughs and Colds should close with the sensible advice to use Dr. Coxe's Wild Cherry and Seneka.

Fishing Tackle.

A large lot of the finest fishing tackle, cheaper and better than ever, just received. Come and see me before purchasing elsewhere and you will save money at

A LONDON SENSATION.

Hon. Patrick Nugent Accused of Assaulting a Lady in a Railroad Carriage.

LONDON, April 20.—A tremendous sensation has been caused by the accusation against the Hon. Patrick Emilius John Greville Nugent, brother of Baron Greville, and Deputy Lieutenant and High Sheriff of the County of Westmeath, Ireland, of having indecently assaulted a lady in a first class carriage on the Brighton railway.

The Grevilles stand high in the nobility, and the Hon. Patrick has been considered the most promising member of the family. He was born in 1852, and is married to Lady Ermengarda, daughter and heiress of Augustus Ogilvy, esq., of Dumfries, Scotland, and they have one child, named Rosemary Ermengarda.

The Honorable Patrick was an early subject of favor on the part of the government, as shown by his promotion to the distinguished office of deputy-lieutenant. He is considered a handsome man, and rather a favorite with the ladies. He has for this reason, it is said, somewhat aroused the jealousy of his high-tempered Scottish wife, who holds the purse of the family, the Honorable Patrick himself bringing nothing to the marriage more than a distinguished name.

The lady in the case is Miss Marion Price.

The evidence at the Westminster Police Court was of a very strong character against the defendant, who, if the story told not only by Miss Price herself but by the guard is true, deliberately pursued the woman, and changed carriages for the purpose of assault.

Bail was required and furnished in the sum of four hundred pounds.

FORMING ANOTHER TRUST.

Standard Oil Nabobs Trying to Absorb Pennsylvania Natural Gas Companies.

PITTSBURGH, April 20.—The Standard Oil Company, it is said, is trying to absorb the leading natural gas companies of Western Pennsylvania with the idea of amalgamating them into a gigantic trust so as to supply a manufactured fuel gas. The Standard Company is said to be the owner of a process that has been fully tested and pronounced a success.

The scheme is to make the Philadelphia—the original natural gas company of the world—the nucleus of the trust, and double its stock, making a total capitalization of \$15,000,000, which, it is said, will be more than enough to carry the scheme through.

The Standard Company is also trying to buy a big independent oil pipe line to the seaboard. This pipe line is almost completed from the McDonald oil field, in this county, to Linwood, on the Delaware, a few miles below Philadelphia. It is owned by W. L. Mellen, the millionaire producer, and will be the only independent oil pipe line in existence.

The Standard, in its endeavors to secure this line, has forced the price of crude petroleum down to such a low point, 59 cents a barrel, that the independent producers are talking of a shut down for five months beginning May 1.

English Miners Will Continue the Strike.

LONDON, April 20.—The result of the ballot taken by the Durham miners as to whether the strike could be dropped or continued, resulted: In favor of continuing, 28,151; against, 17,698. The Durham coalowners have issued a manifesto. They maintain that events fully justify the position they took up months ago, and still maintain. Nor do there exist any signs of encouraging hope that the present condition of things will alter for the better. On the contrary, the owners observed with regret and alarm circumstances which point to a deepening depression of trade rather than speedy improvements. The women are taking an active part and are generally in favor of the strike.

The Astor Family to Unite Abroad.

New York, April 20.—There are some new developments in the Drayton-Borrowe affair. Mrs. Astor has seen her daughter, Mrs. J. Coleman Drayton, and it is said arrangements have been made to unite the whole Astor family abroad. Mr. and Mrs. John Jacob Astor will sail for Europe in the very near future. Mr. James R. Roosevelt and wife, nee Astor, will sail at the same time, and, it is said on good authority, that J. Coleman Drayton will return to England, if not with the Astors and the Roosevelts, shortly before or after. Mr. William Astor is now in London, and Mr. and Mrs. William Waldorf Astor are in Paris.

Electric Railway Extensions.

The electric street railway company will shortly commence upon the extension of its line out Seventh street to Washington, and also build a line from its terminus in Cassanqui to Siegfried's Bridge. Other extensions are also spoken of. The people appreciate the efforts of the company to give them rapid transit in all directions, and are grateful that they have lifted our city out of the old horse car rut. Wherever the electric car lines are run they bring new life and new energy, and the people feel the effects of the progressive influence.—Allentown Democrat.

A Costly Fight.

Five of the Hungarians and Poles who participated in the big fight in the First ward Monday afternoon paid fines and costs to Squire Monaghan yesterday. Two of them paid \$15 each and each of the others paid \$7—a total of almost \$40. Others will be arrested as soon as they can be located.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my Lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at C. H. Hagenbuch's drug store, regular size, 50c. and \$1.00.
