## Grand Opening of Fine Dress Goods and Cloaks! AT WILKINSON'S.

We are ready in our new location to show our patrons the finest and largest selection of new Dress Goods and Ladies' and Misses' Cloaks ever offered in this county. The additional space of our large second floor permits a more extensive display of our immense stock, and we especially invite the ladies to call during this and next week, without feeling under the slightest obligation to buy.

We mention as special bargains—fifty pieces of 38 inch Serges at 10c, worth 15c; one case of yard wide Cashmeres at 12 1/2c; Bedford main worth 50c, will be sold at 40c; fifty pieces of Henrietta at 80c, worth \$1; Black and Colored Dress Silks 35 inches wide at \$1 per yard, worth \$1.25; Satens in plain colors and English Broadens from 13 1/2c to 27 1/2c; Silk warp Gioria and Landdowns in all the new and popular shades.

On the second floor we show a grand assortment of Ladies' Capes, Reefers and Blazers, all latest makes and newest colors.

We also display a large stock of the Lace Window Curtains—more styles than usual at less than usual prices. Our stock of White Goods, Embroideries, Laces, Groves, Hosiery and Corsets is the largest to be found anywhere and prices are always lower than you expect to pay.

L. J. WILKINSON,  
29 S. Main St., Shenandoah.

8 South Main Street.

Girvin,  
Duncan and  
Wardley.

What is our theme to-day? We find nothing more befitting than to mention a few solid facts as an eye-opener to the basket trade. Baskets of every description. The season is now here when you will want a nobby lunch basket or a nice market basket. We have them—all sizes, shapes and prices.

Lunch baskets from 10c to 90c.  
Best palm lunch for 25c—nice size.  
Fancy waste baskets from 50c up to \$1.00.  
Fancy work or sewing baskets—American and Japanese.  
Buy one of our apron matched baskets for common use, only 10c, 15c and 20c.  
Feather dusters, "ostrich," 25c—best ever made for the money.  
Individual butter prints, only 10c.

Did you see our latest prices on coffee mills? Compare them with the mill and a purchase of one will be the result.

We have one for 35c which is really worth 60c, and our 50c one will compare favorably with any \$1.00 mill in the world.

## THE EVENING HERALD. ALL THE NEWS FOR ONE CENT.

Has a larger circulation in Shenandoah than any other paper published. Circulation books open to all.

The United States Senate is on hand to enter its emphatic objection to the butchery of appropriations in which Holman and his Democratic followers in the House have indulged. The Senate believes in providing for Government obligations when they come due, instead of recklessly throwing them upon the future as deficiencies.

Mr. IRVIN DUNGAN, a Democratic Congressman from Ohio, thus sizes up the present Congress; "I am becoming convinced that this is a cowardly Congress. It is becoming very tiresome to me. It ought to get up and do what the people expect it to do, and not be afraid of its shadow." But think for a moment, Mr. Dungan, think for a moment, as you turn your eyes to the past, what a dreadful shadow that is.

### A CHANCE FOR NEW JERSEY.

Governor Abbott is reported as being very much alarmed at the condition of political affairs in New Jersey, and not sanguine that the Democrats can carry the state this fall.

The Democrats have always depended on Hudson county frauds to carry the state in the close contests; hence the loss of local authority is a sad blow to them.

The significance of the sweeping Republican victory in Jersey City is shown by the following comparison with the six previous state elections:

Year.	Candidate.	Dem.	Rep.
1885	Assemblyman	10,559	7,500
1887	Assemblyman	9,342	8,216
1888	President	16,955	12,151
1890	Governor	17,724	9,648
1891	Assemblyman	12,960	12,142
1891	State Senator	11,941	9,759
1892	Mayor	11,832	14,099

It is not at all unlikely that New Jersey will be found in the Republican column this year.

## THERE WILL BE A SPECIAL ELECTION.

### COUNCIL HAS ADOPTED A RESOLUTION TO THAT EFFECT.

### AN ORDINANCE TO BE PREPARED

The Borough Council has Evidently Decided to Abide by the Decision of the Court and Ask the People to Increase the Borough Debt.

EVERY citizen in the borough will be interested in the resolution published below, as it affects each and all of them. It pertains to the establishment of a borough water works and is practically a declaration by the Borough Council that the injunction suit brought by the Shenandoah Water and Gas Company will be allowed to remain where it is; that is, that no appeal will be taken from the decision of the court sustaining the injunction and that the borough will foot the costs of the suit, and take the course the HERALD advocated months ago. The Borough Council will call upon the people to hold a special election to increase the borough debt for the purpose of establishing public water works. The resolution referred to was adopted by the Borough Council at its meeting last night. It reads as follows:

Resolved, By the Town Council of the borough of Shenandoah that the said borough, with the consent of the qualified voters thereof, provide, erect and maintain all the works, machinery, engines and apparatus necessary for making, raising, conveying and introducing into the said borough an abundant supply of pure water for the purpose of furnishing the occupants of said borough with a sufficient supply thereof for domestic use; and to protect the property of the said borough from destruction in case of fire; and that the ordinance committee be instructed, and is hereby instructed, to report at the next regular meeting of this Council an ordinance for the purpose of carrying the intent of this resolution into operation; and that the finance committee be directed, and is hereby directed, to prepare for the information of this Council and for publication to the public the notice required by law to be published, authorizing the increase of the borough debt for the purpose stated in this resolution. And that this Council, at the next regular meeting of the same, do not a date and day for holding the special election in the said borough by the qualified citizens thereof to determine whether or not the debt of said borough shall be increased for the purpose above stated.

Resolved, By the Town Council of the borough of Shenandoah that the said borough, with the consent of the qualified voters thereof, provide, erect and maintain all the works, machinery, engines and apparatus necessary for making, raising, conveying and introducing into the said borough an abundant supply of pure water for the purpose of furnishing the occupants of said borough with a sufficient supply thereof for domestic use; and to protect the property of the said borough from destruction in case of fire; and that the ordinance committee be instructed, and is hereby instructed, to report at the next regular meeting of this Council an ordinance for the purpose of carrying the intent of this resolution into operation; and that the finance committee be directed, and is hereby directed, to prepare for the information of this Council and for publication to the public the notice required by law to be published, authorizing the increase of the borough debt for the purpose stated in this resolution. And that this Council, at the next regular meeting of the same, do not a date and day for holding the special election in the said borough by the qualified citizens thereof to determine whether or not the debt of said borough shall be increased for the purpose above stated.

Resolved, By the Town Council of the borough of Shenandoah that the said borough, with the consent of the qualified voters thereof, provide, erect and maintain all the works, machinery, engines and apparatus necessary for making, raising, conveying and introducing into the said borough an abundant supply of pure water for the purpose of furnishing the occupants of said borough with a sufficient supply thereof for domestic use; and to protect the property of the said borough from destruction in case of fire; and that the ordinance committee be instructed, and is hereby instructed, to report at the next regular meeting of this Council an ordinance for the purpose of carrying the intent of this resolution into operation; and that the finance committee be directed, and is hereby directed, to prepare for the information of this Council and for publication to the public the notice required by law to be published, authorizing the increase of the borough debt for the purpose stated in this resolution. And that this Council, at the next regular meeting of the same, do not a date and day for holding the special election in the said borough by the qualified citizens thereof to determine whether or not the debt of said borough shall be increased for the purpose above stated.

### THE SUIT WILL BE PENDING.

Holderman Says He Will Claim \$10,000 Damages From Francy.

C. F. Holderman, the jeweler, is in a determined frame of mind on law matters and he says he will push his claim for damages against James J. Francy to a trial and verdict. Yesterday Mr. Holderman caused the papers in the suit to be drawn up and fixed the damages at \$10,000. He has instructed his lawyer to enter the suit at the Pottsville court on Monday morning, next. It had been rumored that Mr. Holderman changed his mind about bringing the suit, but that gentleman stated yesterday that the slander he complains of was too strong to admit settlement.

"Boom-ta-ra" for piano. Wilde's music store, 100 N. Jardin street. 10 cents. If Little Locals.

"Uncle Hiram" at the theatre this evening.

Garden-making has been suspended temporarily. The weather of the past two days might be termed beastly.

The funeral of the late Jacob Glover took place at Minersville yesterday.

The employees at the Lehigh and Reading depots are on the anxious bench.

That "railroad war" gotten up by the Associated press correspondent did not materialize.

## AN INTERESTING POT-POURRI.

A Few Pithy Paragraphs From a Traveling Correspondent.

The Philadelphia & Reading Railroad Company is pushing its competition against the Pennsylvania Railroad Company by going into that company's field near Shamokin and Mt. Carmel and has made an agreement with the operators of the Morris Ridge colliery by which it secures the entire output of that colliery for seven years. The operators are to be paid 60 per cent. of the market value of the coal.

Negotiations are under way to secure the entire output of the Mt. Carmel and Bellmore collieries on the same basis.

H. S. Menges, of Allentown, has been awarded the contract for furnishing the conductors, brakemen, baggage-masters, station agents and messenger boys in the employ of the Reading combination with uniforms, which are to be donned on May 15th.

It is suggested that an electric railway over Locust Mountain to the Catawissa Valley from town would be a paying investment, especially in the summer. It would certainly be a big thing for the Catawissa valley and building sites would soon be in demand there and on top of the mountain. The valley would afford an excellent place for factories of various kinds and the old complaint of an insufficient number of hands would be remedied by the electric railway bringing the people within reach. Arrangements could also be made for bringing the farmer's produce into town from the valley and delivering them at a general market that could be established here. That the Locust mountain alone furnishes sites for pleasure grounds in this vicinity is indisputable, and surely a town of Shenandoah's size should have some kind of a pleasure resort. Why, then, cannot some of our townsmen get together and ascertain whether it would be practicable to run an electric road up the mountain to some place that would make a good site for a picnic and general pleasure ground? If the road could be constructed and a site could be secured we would perhaps be able to have a Glen Onoko at our very doors by the opening of the summer of 1893. Let some of our thinkers take up this matter.

If an electric road could be run from town to the Catawissa valley the operators couldn't run enough cars to accommodate the excursionists on Sundays and holidays. Hotels would be bonanzas in the valley then.

Speaking of pleasure resorts and excursions reminds me of base ball. According to present indications, Shenandoah will not figure conspicuously on the diamond this year. The stoppage of the electric railway work in town and put the construction of the road to the trotting park on the shelf and the man who can make the park pay without some means for transportation like the railway has not been born. Then, again, it seems impossible to get a base ball movement on foot with a proper team. When the Anthracite Base Ball League was formed "Buck" McGottigan rolled up his sleeves and tried to get the machinery in trim, but "Buck" and Reilly got a good offer to play ball for the season in the South shortly after and accepted it. Now it seems nobody seems to care whether the cry is "play ball" or not. The grounds are at the disposal of certain parties and the now apparently dead game may be resurrected by the time the flowers bloom, but the prospects for Shenandoah figuring in the league contests are not encouraging at this writing. It certainly is too bad that the largest town in Schuylkill should take a back seat in the National game when Pottsville, Mahanoy City, Tamaqua and Shamokin are in it and promise to give their people rare treats during the approaching season. But it seems that our town is rapidly degenerating. She would not accept the electric railway until outside capitalists came here and put it in. Go ahead, ye hustlers of other towns. I admire your pluck and mourn our luck.

## THE ELECTRIC RAILWAY MUDDLE.

### COUNCIL WAITED UPON BY THE CITIZENS' COMMITTEE.

### SOME INDICATIONS OF HARMONY

Council Listens to the Committee and Accepts its Resolution—A Conference With the Electric Railway Officials Will be Held.

THIRTEEN members of the Borough Council attended the meeting last night. They were Messrs. James, Butteridge, Lamb, Holman, Coakley, Devers, Amour, Hopkins, McGuire, Stout, Gable, Scheffly and Phalen.

President James saw there was quite an aggregation outside the rail and asked if any gentleman had anything to say before the minutes of the previous meeting would be read by the secretary.

Ex-Senator M. C. Watson stated that in behalf of the committee appointed at the public meeting on April 15th, held in Robbins' opera house he had a set of resolutions.

The resolutions were presented and read as follows:

To the Town Council of the Borough of Shenandoah:

GENTLEMEN:—We, the undersigned committee, appointed at a meeting of the citizens, held in Robbins' opera house, Friday evening, April 15th, 1892, respectfully represent to your honorable body:

1. That it is the sense of this committee that the construction of the electric railway should be discontinued at the western limits of the borough until such time as an amicable and satisfactory settlement of the existing difficulties be effected between the officials of the said electric railway company and your honorable body.

2. That this committee thinks it would be in harmony with the wishes of the majority of the citizens of the borough. Hoping your honorable body will give this subject your earnest and immediate consideration, and the committee will ever pray, etc.

M. C. WATSON,  
M. J. SCANLAN,  
CHARLES STROUSE,  
B. J. MONAGHAN,  
MORIS OWENS.

Councilman Hopkins moved that the petition be accepted.

Councilman Lamb stated that he did not think it wise to grant the request. He said: "We all understand the feeling existing when this committee was appointed. This committee is simply carrying out the instructions, that is their duty. I hardly think they expect us to grant that, considering the feeling of the citizens present at that meeting. There was probably 4 to 1 against that action. The meeting was called to get the sentiment of the people on that question and it was positively against it. It would be impossible to grant that."

M. J. Scanlan, one of the committee presenting the resolution, stated that the meeting in Robbins' opera house was called for the purpose of having the electric railway extended, and not as an indignation meeting.

Chairman James said, "You understand at that meeting this Council never stopped that road."

Mr. Scanlan replied that he did and he also understood that the committee was ready to stop the road if it should go below Centre street and for that reason the road didn't go any further.

After Lamb stated that he did not think it would be wise for Council to do anything further in the matter pertaining to the resolutions Coakley wanted to know if Mr. Scanlan could give any information as to whether the railway company was willing to extend the road. Mr. Strause said Judge Sadler had assured him that he was willing to extend the road as soon as Council would give permission.

Betteridge didn't think Council could take any action in the case until the action at the last meeting would be reconsidered.

Gable moved that the resolution be tabled, but the motion was not seconded.

Coakley thought that as long as the committee went to the trouble to appear before Council it would be well to see what the electric railway company would do.

Betteridge said he didn't think it necessary to pray for road and Coakley answered that he thought the Councilmen wanted to put themselves in the proper light.

Lamb said, "We are treading on dangerous ground to let it go one foot."

McGuire said: "I believe the same as the committee. That railroad should be extended through the town, or stop it altogether, and the time has come to enforce the injunction, or remove it."

James said he was of the same opinion. He thought a step should be taken one way or the other.

The argument was again made that Council did not stop the electric railway, whereupon Amour and Hopkins called for the reading of the motion passed at the last meeting.

Secretary Coakley read the motion as follows: "On motion of Gable, that the Solicitor and Street Committee act in connection with the electric railway."  
(Continued on Fourth Page.)

## PERSONAL.

Mine Inspector Stein was at the county seat yesterday.

Max Reese visited Pottsville yesterday on important business.

Josh Holl, formerly of town, is running a dancing school in York.

Stephen Gobo, of Reading, is in town looking after business interests.

Oscar Lipson, of Canton, Ohio, spent yesterday in town with his uncle, H. B. Hawley.

Col. Tom Tosh, of town, was one of the sergeant-at-arms at the Republican State Convention this week.

Rev. Wm. McNally and R. A. Glover, who attended the meeting of the Lehigh Presbytery at Hazleton, have returned home.

Miss Ada Leeb, one of Schuylkill Haven's charming belles, was the guest of the Misses Hughes, of East Oak street, the past few days.

Hon. Joel B. McCamant, of Bethlehem, at one time one of our most respected and leading citizens, paid us a pleasant visit this morning. He spent nearly an hour in our parlor and the history of Shenandoah's past, when he was one of us, was gone over as if it were but yesterday. His congratulations for the HERALD'S STAND and success were hearty. Mr. McCamant is enjoying excellent health and looks well.

Convention Echoes.

It was a harmonious convention.

The delegation from Schuylkill county was very large.

Hon. D. D. Phillips and S. A. Losh were on the committee on resolutions.

Consider the Lilly. He did not toll a great deal, but he 'got there' with both feet.

Messrs. John F. Finney and L. C. Shrink were on the committee on permanent organization.

Capt. Ted Reese, of Centralia, is the happiest man in Columbia county because of Gen. Lilly's nomination.

Benefit Entertainment.

The entertainment given in Ferguson's theatre, Wednesday evening, for the benefit of the Bickelman children, was one of the most unique, interesting and successful given in that place. Standing room was at a premium. Some forty children took part and all acquitted themselves in a manner that brought forth rounds of applause.

The Misses Fairchild and Kolb, who had charge of the affair, are to be congratulated for the treat furnished and they succeeded in realizing over \$200 for the object.

Best work done at Brennan's steam laundry. Everything white and spotless. Lace curtains a specialty. All work guaranteed.

Aaron H. Woodhull To-night.

The comedian A. H. Woodhull will present the "new" Uncle Hiram at Ferguson's theatre to-day. Since last seen here, the play has been entirely re-written and changed, so that nothing old but the title remains. Nearly a carload of scenery is carried, the main effects being a saw mill, which saws real lumber, and a railroad train 200 feet long, crossing the stage in 10 seconds. The advance sale is large.

Reading Trains to Run.

Commencing Monday, 25th inst., all passenger trains on the Reading Railroad's Shenandoah branch will depart from and arrive at the station of the Lehigh Valley division, N. E. corner Centre and Plum streets. The old station at Centre and Union streets will be abandoned so far as passenger business is concerned.

The cheapest place for carpets and oil cloths is at C. D. Fricke's, No. 10 South Jardin street.

Electric Running Time.

The electric cars now leave the corner of Main and Centre streets at 6 a. m. and leave at intervals of 45 minutes thereafter until 11 p. m. This schedule will be subject to a change from day to day, as the work of putting in the turnouts progresses. The miners will find the early morning cars convenient.

Bad Pavements.

The attention of the Chief Burgess is directed to the number of pavements in town that are in a very bad condition, and which require his immediate attention. The pavement on West Lloyd street, between Main and Jardin, is almost impassable.

Pure and Wholesome Quality.

Commends to public approval the California liquid laxative remedy, Syrup of Figs. It is pleasant to the taste and by acting gently on the kidneys, liver and bowels to cleanse the system effectually, it promotes the health and comfort of all who use it, and with millions it is the best and only remedy.

Ball Postponed.

The ball to be held in Robbins' opera house on Monday evening, April 26th, for the benefit of Henry Bowman, has been postponed until Wednesday, May 4.

Lane's Family Medicine.

Moves the bowels each day. Most people need to use it.
