SATURDAY, April 23, 1892.

We will mention a few facts concerning some articles which, as the days roll by, are being used more extensively throughout the housekeeper's domain.

Excelsior Roasting Pans, made from the best steel, all sizes, from \$1.25 up. There is a decided improvement over the old patent in the way of a clamp and ventiler combined—the best ever made, and will last a life time.

Also the very latest Meat Broiler—not a wire one, but an iron one. The broiler attachment can be removed if desirable, the other part being used as a Frying Pan. Not high in price; call and see them.

A full assortment of all sizes Never-break Steel Spiders—they're certainly money-savers. Guaranteed never to break and low in price.

Have you ever used any of the celebrated Granite Iron-ware? Try a single piece as an experiment and you'll use it ever afterward.

The Shenandoah HERALD issued a souvenir edition last Saturday, celebrating the opening of the electric railway from Shenandoah to Girardville. The Shenandoah HERALD, on Saturday, issued a souvenir edition, commemorative of the opening of public traffic of the Mahanoy City, Shenandoah, Girardville and Ashland Street Railway. It was a timely stroke of enterprise and editor Boyer deserves credit for the masterly manner in which he covered the ground.

They Had the Chance.
If ever a political syndicate was "beat down" upon in Jimbo style in State Convention, it was the Shenandoah-Gordon combination—Fottville Republicans.

As usual, when the olive branch is handed around in the Republican ranks, the Fottville newspaper begins its bickering. The statement above quoted is silly. Had the Shenandoah-Gordon combination desired to do so it could have thrown Gen. Lilly overboard and traded with a delegation that would have made Judge Sadler's nomination sure. The Republican evidently does not know everything.

THE RAILROADS GETTING READY.

READING ORDERS WILL GO INTO EFFECT ON MONDAY.

TRACK CONNECTIONS INSPECTED

The Reading Trains Will Begin to Run Over the Lehigh Valley Line Monday Morning—A Brakeman Shot at Mt. Carmel To-Day.

EVERY one connected with the local divisions of the Philadelphia & Reading and Lehigh Valley Railroads was on the alert to-day for news concerning the changes to be made here on Monday.

H. Stanley Goodwin, of Bethlehem, and A. P. Blakelock, of Delano, representing the Lehigh Valley, and Wellington Berettoleto, of Mahanoy Plains, representing the P. & R. Railroad, spent the greater part of to-day running from one point to another on the local branches of the roads, inspecting the connections recently made and laying out plans of operation for Monday morning, when the P. & R. passenger trains will begin to use the Lehigh Valley tracks between this point and Packer colliery No. 2.

It has been learned, from what appears to be excellent authority that P. J. Ferguson will, on Monday, assume his position as Assistant Claim Agent for all lines under the Philadelphia & Reading Railroad system with headquarters in town for the present, and that T. J. Davies, present local agent will, at the same time, take charge of all the Philadelphia & Reading and Lehigh Valley passenger and freight business in town, with headquarters at the Lehigh Valley depot.

No official announcement has yet been made concerning the working forces of the depot.

NOTHING DONE YET.

No New Developments in the Electric Railway Matter.

Nothing new has developed in connection with the electric railway. The cars continue to run into town on the 45-minute schedule and no steps have been taken to stop them. It is understood that in a day or two the law and street committee of the Borough Council, the citizens' committee and representatives of the railway company will get together and have a conference. An opinion prevailing is that an arrangement will be made in a few days, by which the paving order will be satisfied and the railway company will receive permission to go ahead with the construction of the road without further molestation.

The running time of the electric cars will remain as it is for the present. The castings for the crossing at Lost Creek have not arrived yet. As soon as they reach here and can be laid the schedule will be changed to provide for more frequent trips.

The road is doing an excellent business to-day. As a rule, the morning business of the line is not large, but this morning all the cars were well filled.

The company this week placed orders for open cars for the summer travel.

TOWN GLEANINGS BY THE REPORTERS.

ALL EVENTS OF THE DAY CORRECTLY CHRONICLED.

THE RUSSIAN RELIEF CONCERT

A Settlement of the Electric Railway Matter Looked For in a Few Days. Sunday Announcements by the Clergymen of Town.

ADMIRERS of first class vocal and instrumental music will not fail to attend the grand concert in Ferguson's theatre to-night in aid of the fund for the relief of the starving Russian families. A coincidence in connection with the affair is worthy of mention. This morning the steamship "Conemaugh," which took its name from the scene of the dreadful disaster in the western part of this state three years ago, sailed from Philadelphia with a cargo of provisions for the Russian victims and to-night the people of Shenandoah will place themselves on record in the work of humanity. The date for the concert was not fixed with any reference to the "Conemaugh's" departure, but was selected by mere chance.

The programme to-night will be thickly studded with rare musical gems. The famous Grant Cornet Band, under the leadership of Prof. Zeitz, will render several of the finest selections ever composed; the Shenandoah Choral Union will render the grand choruses "The Summer," and "The Brook," by Gwent; the Hughes and Price male party will sing "Loving" and "The Young Musician;" Harry Mallet will give one of his excellent recitations; Miss Edith Morgan and Ruth Williams will sing a duet; and the whole will be concluded with a grand chorus by all, including the audience.

A BRAKEMAN SHOT.

Charles Koons Met With a Serious Accident at Mt. Carmel.

Charles Koons, a brakeman employed on the Lehigh Valley freight train that runs between Mauch Chunk and Mt. Carmel, was shot and seriously wounded at the latter place this morning while on duty. As the train was running at the rate of about twenty miles an hour and Koons stood on the top of one of the cars he was shot in the right eye by one of three young men who stood near the track. It was a gun shot wound. Koons retained his presence of mind and saved himself from falling from the train. Koons received temporary medical attendance and was sent to his home in Mauch Chunk. The young men disappeared and an alarm was at once sent out for their arrest. Up to a late hour this afternoon they had not been captured. Two of the parties are named Kessler. It is believed that the shooting was purely accidental.

Reproduction by Request.
By special request of a large number of our townsmen, the J. L. Tempest "Honest Rub" Stock Company will reproduce "Joe" at Ferguson's theatre on Monday, May 2nd. This play, with its immense amount of elaborate scenery, has met with so much success that the company is flooded with offers of engagements and the reproduction here will certainly crowd the theatre.

Always Right.
Councilman Archie B. Lamb, of Shenandoah, claims to have been offered a "block of stock" by the Electric Railway Company for his vote and influence. If this is true Mr. Lamb should expose the briber. By withholding the name he shields the wrong doer and thus becomes a party to the wrong. The EVENING HERALD is right in demanding that Mr. Lamb state who it was that made the offer.—Ashland Record.

Electric Running Time.
The electric cars now leave the corner of Main and Centre streets at 6 a. m. and leave at intervals of 45 minutes thereafter until 11 p. m. This schedule will be subject to a change from day to day, as the work of putting in the turnouts progresses. The miners will find the early morning cars convenient.
