SOME CHANGES GO INTO EFFECT.

P. & R. TRAINS RUNNING ON THE LEHIGH ROAD.

DAVIES AND FERGUSON CHANGES

The Former Assumes His Position as Joint Passenger Agent and the Latter Gives Attention to his Duties as Assistant Claim Agent.

READING railroad passenger trains this morning commenced making use of the Lehigh Valley tracks between town and Packer colliery No. 2 and made their regular connections at Mahanoy Plane without any delays or any interference with the arrival and departure of the Lehigh trains.

Mr. T. J. Davies this morning assumed his duties as joint local passenger agent under the consolidation and was at his desk in the Lehigh Valley ticket office early this morning. Mr. Ferguson was also in his office in the depot looking after his duties as assistant claim agent.

The plans for operation under the new arrangement were so well laid out that the plans of both roads were looked after without mishap or delay and regularly marked all the work. All the old corps of employees were in their usual places at the Lehigh Valley and P. & R. depots this morning with the exception of Messrs. Ferguson and Davies and two of the P. & R. passenger depot clerks. The latter have been temporarily appointed for duty at the Brownsville station.

It had been rumored that the P. & R. and Lehigh Valley railroad officials would meet in town to-day and decide upon the disposition of the subordinate employees at the depots of both companies, but the meeting was not held. The officials are expected here to-morrow and in all probability the changes will be made known by noon to-morrow. There are no hints as to what they will be, as the officials of the companies have closely guarded their intentions.

The Philadelphia and Reading passenger trains that lay over here to wait their time for departure remain on the side track that runs to the rear of the Lehigh Valley depot.

No changes have been made in the schedules of any of the roads, but it is semi-officially announced that new time tables will go into effect on May 15, next. Workmen have begun to remove some of the embankment south of the Centre street crossing of the Lehigh Valley railroad for the purpose of making room for an additional track to be laid to the Lehigh Valley depot for passenger service.

The increased number of trains at the Lehigh Valley depot will no doubt occasion a greater number of crossings to street traffic at the Centre street crossing and a movement is on foot to have the Borough Council take steps that will lead to the erection of a bridge over the Lehigh road at East Oak street. The blockades at the crossing were plentiful when the railroad was used only by the Lehigh Valley and it is quite natural to expect that the blockades will be more frequent when the road is used by the two companies. It is asserted that this crossing will be a very dangerous one and the only means of safety lies in the construction of the bridge.

A question has been asked as to what will be done to give Wm. Penn a mail service, now that the Reading passenger trains will no longer go through that place. It is understood that Superintendent William H. Lewis is making arrangements to have the mails carried by team between the Wm. Penn post office and the Brownsville station of the Lehigh Valley railroad. But it is also stated that perhaps some arrangement will be made in the future by which the mails can be carried by the electric railway between Wm. Penn and the post office of town; or perhaps arrangements can be made to have an additional letter carrier put on this town's force. In the event of the latter arrangement being made, perhaps the carrier could also be given No. 4 and Lost Creek for his district.

False Alarm.
An alarm of fire was sounded from West Coal street yesterday, but when the fire companies responded they were unable to locate the fire, because there was none. The man who held the box key said he heard a man cry fire and then sounded the alarm.

We Is Not "In It" Now.
In this week's issue of Judge we find this title to a very strong front-page cartoon by Gilliam. Cleveland, dressed up like an English drum-major, is playing that song which the boys are whistling on the street.

Boom-ta-ra! Boom-ta-ra! David B. has had his way! Everything is coming my way! Boom-ta-ra! Boom-ta-ra!

The words of the music to be sure are changed a little, for we do not find in the original the saying "David B. has had his way," but the American version, politically speaking, has a great deal finer tendency when sung in connection with this picture. The noise of the great big drum gives poor David a headache, and he is no longer the formidable little bag-pipe player that he once was. It will pay you to send in a three-months' subscription to the Judge Publishing Company, 110 Fifth Avenue, New York, or order it direct through your regular newsdealer.

A NICE SUM FOR THE RUSSIAN FUND.

THE CONCERT AN ARTISTIC AND FINANCIAL SUCCESS.

NEARLY FOUR HUNDRED DOLLARS

Already in Hand From Ticket Sales and More Returns Expected—An Excellent Entertainment—A Methodist Church Parsonage to be Built.

USIC of the highest standard was listened to by a large and appreciative audience at the Russian relief fund concert in Ferguson's theatre, Saturday. The selections rendered by Prof. Zeitz and the Grand Band was of an exceptionally high order and was given with faultless precision. The selections were "Egmont," a tragedy by Beethoven, the "Huguenots" and "Oberon" by Meyerbeer, the "Huguenots" and "Oberon" by Meyerbeer, the "Huguenots" and "Oberon" by Meyerbeer.

It was a treat to hear the band play them and the enthusiastic cheers accorded by the audience was fully deserved. The Shenandoah Choral Union rendered "The Summer" and "The Brook" with splendid effect and the Hughes and Price male party gave excellent renditions of "Langins" and the "Young Musicians." A duet by Misses Edith Morgan and Ruth Williams was a perfect gem. It brought forth a storm of applause. Harry Mellot recited "Roger and I" in a clever manner and had to respond to an encore. Mr. Mellot always makes a hit when he appears before an audience. Assistant Postmaster Dangler acted as master of ceremonies and acquitted himself with credit. He made a short but very appropriate address on the object of the concert and was heartily applauded as he retired. Thanks are due to Misses Helen Price and Lizzie Jones for services as pianists during the evening and special recognition is due John P. Williams, the North Main street piano and furniture dealer, who furnished the piano used at the concert free of charge and went to considerable work to place the instrument in the theatre upon short notice.

The committee of arrangements met after the concert and received a number of returns from sales of tickets. All returns were not made, but the cash already on hand exceeds the most sanguine expectations of the committee. It is over \$380 and when the final returns are made it is expected that the net amount will be \$400, aside from the \$25 paid into the fund by Washington Camp, No. 112, P. O. S. of A., and the amount already forwarded to Philadelphia by the Welsh Baptist church (\$40). Considering the depressed condition of affairs in this section at present, Shenandoah may pride itself on its contribution to the Russian relief fund.

TO BUILD A PARSONAGE.
The Congregation of the Methodist Episcopal Church Surprised.

Before the delivery of the morning sermon, the pastor of the Methodist Episcopal church pleasantly surprised the congregation by stating that the trustees had decided to purchase the lot of S. A. Beddall on Jardin street, upon which to build a parsonage. He stated that owing to the stringency of the times no general appeal would be made for funds at this time, although voluntary contributions were invited from any who were willing or able to give. The pleasant part of the surprise came when the announcement was made that six cash subscriptions had been received during the week in sums ranging from fifty to five hundred dollars each, and aggregating over one thousand dollars; and that the work of building will proceed as soon as the preliminaries can be arranged. The lot referred to is just south of Mr. Beddall's residence and cost \$2,000.

Pure and Wholesome Quality
Commands to public approval the California liquid laxative remedy, Syrup of Figs. It is pleasant to the taste and by acting gently on the kidneys, liver and bowels to cleanse the system effectually, it promotes the health and comfort of all who use it, and with millions it is the best and only remedy.

Big Business.
The electric railway company did a tremendous business yesterday. From early morning until late at night the cars were crowded. In the afternoon the demand for travel was so great the company was unable to meet it. One car carried 102 passengers on one trip. There were few cars that were not literally packed and once people clambered to the roof of the car.

SUNDAY SERMON.

Rev. Powick Preached Two Very Interesting Sermons.

The Sunday morning sermon in the Methodist Episcopal church was from Psalm 31-10: "Create in me a clean heart O God, and renew a right spirit within me." After referring to the circumstances under which David wrote these words the thought was advanced that all truly acceptable worship must be from the heart—"in spirit and in truth." God desires not sacrifices so much as obedience. The sacrifices in which He delights are not the mere observance of solemn feasts and fasts nor the imposition of a "voluntary humility" but those of a "broken spirit."

The Pharisee and the publican illustrate this. Again, a clean heart is the product of divine power—it is a creative act. Good desires and resolutions, moral improvement, the observance of religious rites are excellent preparatives but "rites cannot change the heart." "The Thine Almighty Spirit, Thine to create the heart anew." The process is variously described in the word of God as being "born again, the washing of regeneration, etc." A clean heart is one from which evil thoughts have been expelled—not that vagrant thoughts of evil will thenceforth be impossible but that they will neither be invited nor harbored. The normal life of the mind will be in the sphere of purity—the mind instead of lingering upon the unclean and the unholy will love to "meditate in the law of the Lord." A pure heart is one from which sinful desires have been eradicated. Sensuality—the "lust of the flesh," covetousness—or "the lust of the eyes," worldly ambition—or "the pride of life" find no place in a clean heart. Men often apologize for their conduct and plead the goodness of their heart, but the Son of God who knew what was in the heart of man gave the lie to all such vain delusions and explicitly charged that it was "from within, out of the heart" that evil thought, temptations, murders, adulteries, and all uncleanliness proceed. Hence the necessity of having the stream of life purified at its fountain head; We may come to Jesus just as we are and by the power of His atoning blood He will cleanse the most polluted heart and make it just what it ought to be.

"His blood can make the foulest clean His blood availed for me."

The evening sermon, which was a continuation of that of the morning, was from the text: "Restore unto me the joy of Thy salvation and uphold me with Thy true spirit."

SPORTING NOTES.
Large Attendance at the Lost Creek Base Ball Game.

Several hundred people witnessed a game of base ball yesterday at Lost Creek between the club of that place and a picked nine. The Lost Creek club won by a score of 15 to 5.

Peter McCloskey, of Frackville, and William Murphy, of Girardville, are to fight for \$200 a side in the near future.

Thomas Burns, of Raven Run, wants to fight William Gibson, of town, to a finish for \$300 to \$500 a side.

Little Local.
Rev. McNally, of the Presbyterian church, preached his Easter sermons yesterday.

The circus car, No. 2, of the Forepaugh shows, attracted the attention of Young America at the Lehigh depot this morning. The Easter music was repeated at the Episcopal church yesterday.

Continued Prosperity.
Mahanoy Tribune.

The Shenandoah HERALD on Saturday has issued a convenient twelve-page paper. The paper was illustrated with a number of prominent business places, the entire post office force, and the appliances of the new electric railway. It was issued as commemorative of the opening for public travel of the M. C. & E. Electric Railway. The edition is a credit to the establishment from which it was turned out. The reading matter is of a very interesting character.

We have had our notions of a good Cough and Croup Remedy for a long while. Dr. Coze's Wild Cherry and Seneke suits us in every respect. Try it.

Two Good Hauls.
Two Polish boarding houses in the First ward were robbed Saturday night. The robbers carried away a trunk from each house and broke them open near the red bridge. The owners say one of the trunks contained \$100 and the other \$25. Squire Monaghan has issued warrants for the robbers.
