PRESIDENT MCLEOD

TALKS ON THE DEAL

HE SAYS IT WILL BENEFIT ALL CONCERNED

WILL REGULATE THE MARKET

And Supplant a Spirit of Undue and Perhaps Unfriendly Competition by Harmonious Action, Whereby Fair Rates Will be Maintained.

AN INTERVIEW

on Wednesday A. A. McLeod, president of the Philadelphia & Reading Railroad Company, gave a few hints of how the recent consolidation of the railroad and coal business will be shaped for general benefit.

Mr. McLeod said that coal cannot continue to be sold at present prices at points long distances from the mines without impoverishing everybody concerned in the business and causing a general reduction of wages.

The capital, resources and labor are now taxed as matters now stand, he said, in order that distant points may be supplied at less than bare cost, while our own consumers along the line of the road necessarily pay the prices required to keep the business moving.

To meet this situation, and to provide the natural remedy, the principal mining and transportation companies have come together, and propose to supplant a spirit of undue and perhaps unfriendly competition by harmonious action and to endeavor to establish and maintain fair and equitable rates and prices at all points which have a just and proper relation in respect to the services rendered.

In connection with what has been said and written concerning the reduction of train service and the discharge of employees on the lines, Mr. McLeod said they were exaggerated.

The restriction of production, he said, means fewer trains, and consequently the suspension of a large number of men until there is a demand for coal and the mines are again working on full time.

Speaking further in connection with the reduction of the force of employees, the president said the public should not lose sight of the fact that it is a necessary incident, if not one of the objects of such alliances as we have formed, that many practical business economies can be effected, and that the unnecessary duplication of offices and officers and salaries and superannuations of various kinds can be done away with. This is now being accomplished in a measure, but nothing more. Such economies invariably produce better service at a lower cost to the patrons of the road.

Speaking on the purpose of the alliance President McLeod said: "The impression seems to prevail that the alliance of these roads was formed solely for the purpose of controlling the anthracite coal trade, but that forms only one of the many elements involved. It was of the most vital consequence to each and all of these lines to be placed in a position to meet the competition of the great trunk lines in every respect. Having attained this position, it will be policy to give the public the most prompt and efficient service at as low rates as are compatible with the service required, and, at the same time, to provide for the Reading's stockholders, who have waited for many years for some return upon their investment, some adequate compensation for the delay. The Reading is naturally enough the parent of the coal trade. For many years she has carried an investment of upward of \$72,000,000 at high rates of interest without any return. This burden, accompanied by a lack of proper and timely development of her unparalleled resources, has stood in the way of her assuming her proper and natural position in the trade. Her resources have always been sufficient to warrant the payment of dividends on her stock, but they have been permitted to lie dormant while others have usurped the place belonging to her by right of priority in the field. Now that the depletion of the coal estates has reached the point where her residuum must soon be called upon to furnish tonnage not only for her own but to other lines, it is both natural and proper that she should take the initiative and exert a greater influence in the conduct of the business."

Have you any form of Rheumatic disease? If so a bottle of the genuine imported Anchor Pain Expeller is the happy relief. Try it and be convinced. 50 cents a bottle, at C. H. Hagenbuch, P. P. D. Kirlin, J. M. Hillan and other druggists.

Electric Running Time.

The electric cars now leave the corner of Main and Centre streets at 6 a. m. and leave at intervals of 45 minutes thereafter until 11 p. m. This schedule will be subject to a change from day to day, as the work of putting in the turnouts progresses. The miners will find the early morning cars convenient.

The cheapest place for carpets and oil cloths is at C. D. Fricke's, No. 10 South Jardin street.

Hon. John T. Shoener, of Orwigsburg was in town yesterday.

Hugh Loomis, of Wilkes-Barre, is spending a few days in town.

Constable McGuigan, of Pottsville, was in town yesterday afternoon.

Miss Mary Oakes, of Frackville, was the guest of town friends yesterday.

DeWitt Steedle, who spent the past few days in town, has returned to Riverton, New Jersey.

Miss Carrie and Nellie Lee and Sue McGinness, three charming young ladies from the county seat, are spending a few days with Mrs. A. B. Brooms, of West Centre street.

Some of our young people of town attended a sociable given by The Mignonette Social Club in Armory Hall, Mahanoy City, last evening and report having had a most enjoyable time.

The rumor that Frank McDermott, the telegraph operator, is about to resign to accept another position, is without foundation. Mr. McDermott says he will continue to "pound the keys" on West Centre street until further notice.

THE SMALL BOYS' PARADISE.

His Greatest Happiness is Found in the Circus.

"The elephant will walk around and the band begin to play" on Monday, May 9, when the Adam Forepaugh Shows will exhibit here, and the small boy is consequently in the seventh Heaven of delight. We are all more or less small boys in that respect for after all it is said and done there is nothing that brings so much real enjoyment as the circus. "Circus" is a most comprehensive term in this connection for the Forepaugh "circus" is not only a circus, which includes the great Vaidis Sisters in their double revolving trapeze act, but it has also a genuine Moorish Circus Co., a menagerie, a museum, an aviary, an equestrian, a hippodrome, a great street parade and a spectacle—the Fall of Nineveh. With all these features, save the spectacle, the public is already more or less familiar, and it has been like something bearing a semblance of a spectacle. But, judging from reliable newspaper reports, The Fall of Nineveh is a spectacle upon such a scale of real magnificence and grandeur that it so overshadows previous attempts at spectacular display that it might fairly be said that the real, genuine thing in the way of a spectacle has yet not been seen. The Fall of Nineveh is the production of Rettig, the world-famous creator and originator of the great outdoor exhibitions: The Fall of Babylon, Rome Under Nero and several others of that style. The Fall of Nineveh is his latest and greatest work and is the first of his mammoth original spectacles to be shown in connection with a tented exhibition. All others have been but spurious, feeble imitations. Great interest attaches to the coming of the Adam Forepaugh Shows and the Fall of Nineveh, and all the boys and girls, old and young, will want to see them.

Seven Per Cent. Below.

The following collieries drawn to return prices of coal sold in April, 1892, to determine rate of wages to be paid for work, make the following returns:

Girard colly. P. & R. C. & L. Co.	2.25
Cluckebrocker do do	2.27
Mahanoy City do do	2.31
Turkey Run do do	2.25
Hart do do	2.15
Average	2.11

The average of these rates being \$2.27 and 8-10 cents the rate of wages to be paid for last two (2) weeks of April and the first two (2) weeks of May, 1892, is seven (7) per cent. below \$2.50 basis.

AN ELOPEMENT

CASE DEVELOPS.

"CHARLEY" ZUNCS, OF POTTSVILLE, FIGURES IN IT.

THE PAIR LEFT TOWN SATURDAY

Zunco Shipped His Baggage to Butte City Under the Name of "Frank Green" and Took With Him a Young Married Woman

JUSTICE WASSLOW

in the elopement case of Mrs. Emma Stain and "Charley" Zunco, the latter a well known character of Pottsville and this town. Mrs. Stain, a rather good looking, Polish woman 20 years of age,

lived with her husband and infant child in New Philadelphia. Mrs. Stain and "Charley" Zunco have eloped and, according to accounts, the couple are now located in or near Butte City, Montana. They left this town together, with Mrs. Stain's baby, last Saturday.

On Tuesday last Chief of Police Davis, of town, received a letter from Justice of the Peace Devine, of New Philadelphia, asking that a watch be kept for the woman, but, of course, the notice was three days late and the police could do nothing in the matter.

An investigation by a HERALD reporter shows that "Charley" Zunco, who was at one time a saloon keeper in this town, and has figured in a like capacity in Pottsville the past few years, came to this town last week and disposed of his property here. He was joined by Mrs. Stain and her infant child and on Saturday last the trio left town for Butte City, Montana, the baggage being shipped in the name of "Frank Green." Since that time nothing has been heard of the couple, save an announcement in a Pottsville paper that a man named Stain residing in New Philadelphia has been deserted by his wife, who is alleged to have carried away her infant child and some money belonging to boarders in the house. The money alleged to have been taken formed the basis of a charge of larceny, upon which Justice Devine requested the Chief of Police of this town to arrest Mrs. Stain.

"Fate of Republics."

Saturday evening the interest in the proceedings of the convention culminated. The Methodist church was packed to its utmost capacity by an intelligent audience gathered to hear Rev. Anna Shaw lecture on "Fate of Republics." Miss Shaw exceeded the expectations of the most sanguine. Her lecture was brilliant, forcible and witty. Not one of that large crowd tired during the address of over one hour. The lecture is considered by those fortunate in hearing it as one of the finest ever delivered in this city.—Bradford Era. Rev. Anna Shaw will deliver this same lecture in M. E. church, Friday evening, May 6th. Tickets for sale at Hooks & Brown's book store.

The Council will start out with a membership of fifty.
