### Electric Running Time.

The electric cars now leave the corner of Main and Centre streets at 6 a. m. and leave at intervals of 45 minutes thereafter until 11 p. m. This schedule will be subject to a change from day to day, as the work of putting in the turnouts progresses. The miners will find the early morning cars convenient.

### Continued Success.

Clarence Bennett and his company gave another excellent entertainment in Ferguson's theatre last night before a large audience. The play was a romantic Mexican drama entitled "The Royal Slave" and it was magnificently produced. Mr. Bennett, who is an actor of remarkable ability, was warmly applauded for his interpretation of the leading role and the company gave him excellent support. The play is a strong one and the audience evidenced its appreciation frequently during the evening. Mr. Bennett is affording the theatrical patrons an opportunity to witness some of the best performances of the season at popular prices and they are taking advantage of it. To-night the powerful Russo-American play entitled "Ivan's Oath" will be produced with beautiful special scenery.

### Worthy of Recognition.

The watchfulness of our paid police force was demonstrated early Monday morning. One of the electric light wires broke and fell upon the railroad trestle at the Pennsylvania depot and the ignition that followed ultimately set the bridge on fire. One of the police discovered the fire and, with the assistance of another member of the force, put it out and removed the broken wire.

## GREEK CHURCH LAW SUITS RIPEN.

THE INTERMINABLE QUARREL GOES TO COURT AGAIN.

### A CHARGE OF EMBEZZLEMENT

Rev. Andruchowicz Arrested on the Ground That He Illegally Took Away Church Property. Trustees Also Arrested.

It would seem to the ordinary observer that the Greek Catholic church congregation in this town had sufficient litigation in the courts to last it for many years to come, but the supposition is not realized.

A few days ago the trustees of the church got together and looked over the assets of the church as left by its late pastor, Rev. Constantine Andruchowicz, when he left the town on the 20th of March, last. Among the things found missing were two cemetery deeds, deeds to the lots upon which the churches in town and Kingston stand, insurance policies on the said churches, three clocks, a chalice, a lot of plates, a censor, a lot of books and a lot of pictures, together with a lot of etc., etc., all valued at \$4,500.

Diligent search failed to disclose the goods in town and the trustees concluded that Rev. Andrukowicz had taken them with him when he left. Lawyers Holloper, of town, and Schalk, of Pottsville, were called upon for advice and the trustees were informed that they had a 'ground' for an embezzlement suit. Accordingly the trustees had a warrant issued by Squire Shoemaker, and Constable Phillips, of town, was deputized to place Rev. Andruchowicz under arrest. The priest was brought to town from Luzerne county, and his friends furnished bail for a trial of the case at court.

Upon his return home Rev. Andruchowicz concluded that he was a victim of a conspiracy and he swore out warrants for the arrest of the ten trustees who entered the suit against him.

Yesterday Isaac Phillips, a constable of Honeybrook, came to town armed with warrants for the trustees. With the assistance of Constable Phillips, of town, he succeeded in placing all the trustees under arrest and they furnished bail in the sum of \$300 each.

The trustees of the church claim that the suit of Rev. Andruchowicz is only a bluff. They say that the priest was about to leave the country and the only way in which they could keep him within the jurisdiction of the court to account for the missing articles was to cause his arrest on the charge of embezzlement.

### Base Ball.

The Ashland base ball club will play at Mahanoy City to-morrow afternoon. The change made by the P. & R. company at Ashland in making its depot the passenger station has resulted in what may be called an omnibus "cinch."

The Washington Fire Company, of Ashland, is making a large hand-bell court. The Union Coal Company will erect two breakers between Shamokin and Mt. Carmel in the near future.

A madened Hungarian at Shamokin plunged into a crowd of young men at Shamokin and stabbed an innocent party. The following item clipped from the *Sunday Daily* has caused considerable merriment in town. It is an excellent sample of journalistic imagination: "Farmer Kulp, of Shamokin, caught a wild cat in Centre county and gave it Tom Larkin, of the Larkin House, at Shamokin. Tom soon tired of the dangerous feline and when Pat King, of Shenandoah, asked for it Tom gave it to him and he took it to his home. On Saturday afternoon with several friends Pat went to the barn where the cat was kept and in order to show how tame the cat was released it from the cage in which it was confined. The cat at once sprang at King and bore him to the floor, scratching and biting him. After a hard struggle Pat's friends got him away from the dangerous beast. He is in a critical condition and may die. One of the cat's fore legs was broken in the struggle and it was killed to end its suffering."

A strangled infant female child was found by the Shamokin police, and a coroner's jury has failed to bring out a clue to the guilty parties. The authorities have also failed to glean satisfactory evidence regarding the child found in a store box in an Ashland cemetery.

East Franklin colliery, near Tremont, which had been idle since March last, resumed operations to-day.

Thomas Sharp, of New Philadelphia, was covered by a fall of coal at Eagle Hill colliery yesterday, and was suffocated before his body was taken out.

Mrs. James R. Deegan is dangerously ill. Her friends are very apprehensive regarding her condition.

A game between the Mahanoy City and Tamaqua base ball clubs will be a Memorial Day attraction at Mahanoy City.

## FALSE ALARMS ABOUT FULL TIME.

RUMORS OF BRIGHTENING PROSPECTS ARE EMPTY.

### THE REVIVAL ONLY A SPURT

Additional Collieries Put in Operation But the Working Time for all Remains the Same. A Boomless Boom.

UNNING for Items relating to the probable policy of the P. & R. C. & I. Co. to a reporter of a newspaper is like seeking bears at Rappahannock. Reports of full time at the collieries have furnished abundant ammunition for press correspondents, but are like toy balloons—go up easy and break soon. Diligent inquiry by the HERALD reporters has failed to bring to the surface any hope for an early brightening of the coal trade horizon. True, the P. & R. company is making preparations to increase the production, but the miners at the working collieries have no hope for pecuniary benefit. Collieries that have been idle for some time past are being put into operation on the same basis upon which the other collieries are being operated—four days a week and nine hours per day. The new order is what may be termed a curtailed blessing. One thing is certain, if the P. & R. C. & I. Co. does not make provision for more steady and better working time in the near future, as Josh Billings often remarked, "Something must bust." The influx of immigrants adds no cheerful color to the perspective view. The prices of coal in New York have been raised and the people there are all worked up over the outrage, but we have failed to see an item in any of the papers regarding the miner. None of the papers have asked if the wages of the miner has been raised. Of course, we all know, the miner is not "in it" at present.
