### THE EXAMINATION CONCLUDED.

Eight Artillery Drill at West Point—Gen. Schofield Expected to-day.

WEST POINT, N. Y., June 8.—The Academic Board completed its labors of examination yesterday and will proceed to make out a report showing the relative standing of the cadets. The military exercise of the day was the light artillery drill by members of the first and second classes under command of Lieut. John D. C. Hoskins, instructor in artillery tactics.  
The battery consisted of breach-loading cannons of the most improved pattern, with limbers and caissons. Each piece was drawn by four horses, the drivers being enlisted men. The drill continued an hour, and was noisy and exciting.  
General Schofield is expected to-day. The entire corps of cadets in uniform will meet him at the depot and escort him to headquarters. There will be a review in his honor followed by battalion drill.

Newburg, N. Resolutions were also adopted commending of President Crandall's noble efforts to save the life of the negro and calling on the people of the State to grant them the same protection that is accorded the white citizen.

### A Supreme Court Judge Drops Dead.

MILWAUKEE, Wis., June 8.—Judge Frank L. Gilson, of the Supreme Court Chambers, dropped dead in his room at the residence of Eugene S. Elliot during the morning.

### "He's a Jolly Good Fellow."

The tune to which this song was sung is "Marlbrouck," which was once a national air in France, says Notes and Queries. In "Marlbrouck" the death and burial of Queen Anne's great captain are burlesqued, and, in what some French critics have considered its scathing satire, the disasters of Blenheim and Ramillies are believed to have been avenged. But the fact is really the reverse, for if read appreciatively "Marlbrouck" expresses the widespread terror occasioned by the mere name of Blenheim's hero and the exultation of the French when they heard of his death. The "complaint" is supposed to have come from the Walloon country, and it was unknown in the French capital until fifty years after Marlborough's death, when the Picardy peasant woman, coming up to Versailles to nurse the baby dauphin, brought it with her and sang her little baby charge to sleep with the old jingling rhyme. From this "Marlbrouck" became popular in Paris, and ultimately it reached these shores.

### AN EXACT COPY.

The Proposition Submitted to Council by the Old Water Company.

Many citizens have approached the officials of the Shenandoah Water and Gas Company, asking them why their company does not make some proposition to the Borough Council looking to the settlement of the existing trouble. Under these circumstances it is deemed wise to publish, for the benefit of those of our citizens who may not have read it, the proposition submitted by the old water company. The following is an exact copy as presented by the company to the Borough Council: SHENANDOAH, PA., MAY 8, 1892.  
To the President and Members of the Borough Council:  
We hereby reassure you and the public at large that our offer heretofore made was given in good faith. We hereby repeat the proposition, viz: That the Water Company will cancel the judgment obtained in the suit against the Borough, pay the costs of suit and waive its right to claim for water supplied the Borough for fire purposes for the past two years, and give the Borough free water for fire protection; provided, the Borough abandons the proposed new water works and that an agreement to that effect be entered into. The foregoing statement having been read and discussed, it was unanimously adopted by the Directors of said company.

### Thrown From a Wagon.

John Brill, of Barnesville, while driving a double team to East Mahanoy Junction yesterday, was thrown head-long from the wagon, and sustained several bruises. The horses became frightened at a passing engine, and ran away with the above team. It was stated that he was in a critical condition, but such is not the case. He will be able to be about again in a few days. Mr. Brill is well and favorably known in this town, and was until last November an engineer on engine 443, of the Lehigh Valley road, which position he resigned to enter the butcher business at Barnesville.
