## Wilkinson's Busy Store.

There is no store in Shenandoah, and probably none in the county, where such a grand assortment of fine dress goods are displayed as we are now offering; the great demand for many of the most fashionable colors is daily increasing and many choice shades cannot be replaced.

We are showing a complete line of rich English Broadens at 37 1/2c. These goods cannot be seen elsewhere and are the season's choicest offerings. We show all the newest shades of Dress Silk, Satins, Cashmeres, Henriettes, white and printed Lawns, India Linens, Embroidered Flouncings, Silk Lace Flouncings, etc. The most complete stock of stylish trimmings at lower prices than you usually pay.

White Goods, Embroidery and Laces, hundreds of pretty styles, all new and correct. We carry the largest stock of underwear for men, women and children; every grade worth having at reasonable prices.

Corsets at wholesale or retail. Our immense stock of these goods enables us to sell at factory prices. Ladies' Jersey fitting summer vests at 9c each.

Our Second Floor  
Is filled with our special lines of fine Lace Window Curtains, Chenille Curtains, Curtain Poles, White Marbles, Quills and Smyrna Rugs. Here will also be found an elegant stock of ladies' and misses' Spring Coats and Wraps of every description. Infant's Cloaks in cream or tan Cashmere, plain or embroidered. Also a full line of infant's lace, silk or cashmere Caps. Our Cloak and Wrap Department is the largest and most complete in this region and we guarantee prices to be lower than any competitor.

## DID YOU EVER!

Think what it cost to manufacture Baking Powder? Did you ever think how baking powder is sold? Did you ever think there must be a large profit in it somewhere? The manufacturer of a certain baking powder pays out nearly a million dollars or more a year advertising their powder. Trying to make people believe it is the best made. Their baking powder is sold at 50c per pound. The retailer makes his profit. The jobber makes his profit, the manufacturer makes his profit, and the consumer pays for all these and the newspaper advertising also.

What does it cost to manufacture the powder? Other manufacturers give away 25 or 30 cents worth of china, glassware, toys, hardware, books, etc., with every pound of baking powder. Again the query, what does it cost to manufacture the powder—can you think it out?

You don't need to. Girvin, Duncan & Wadley have a few words on the baking powder question. Until September 1 we will sell Pennsylvania Baking Powder at TEN CENTS per pound. It doesn't concern you whether we make or lose on it—we want to get it introduced. On and after September 1st our price will not exceed 15c per pound.

We are not going to pay a million dollars to advertise it; we are not going to give away any premiums with it—we are going to sell it, every pound guaranteed, to our customers. If it does not give satisfaction, bring it back and receive your money.

Why do we say this? We expect it will please you. Why should you pay 25 or 30c profit on every pound of powder you buy?

Don't forget we strive to give our customers the advantage of inside prices at which we buy all sorts of goods.

Girvin, Duncan & Wadley,  
8 South Main Street.

## INSTRUCTION ON THE NEW BALLOT LAW

### ELECTION OFFICERS MEET AND HEAR IT READ.

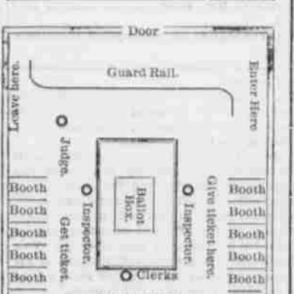

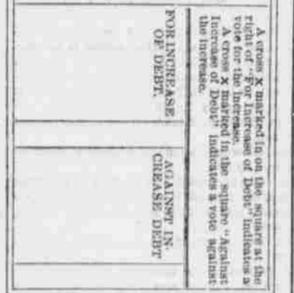

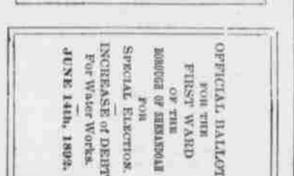

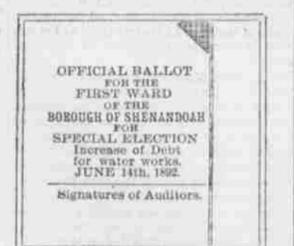

### BY BOROUGHS SOLICITOR POMEROY

All the Sections Referring to the Duties of Election Officers Read—Method of Voting Also Touched Upon.

In response to an invitation of the borough authorities the election officers and a number of other citizens met in the Council Chamber last night to receive instructions on the Baker ballot law under the provision of which the special election next Tuesday will be conducted. Borough Solicitor Pomeroy acted as master of ceremonies and read extracts from the law for about an hour.

Among those who listened attentively were John Dando, Thomas Sanger, Carl Coogan, Thomas Masley, Robert Oliver, Fred. H. Hopkins, Jr., P. H. Gable, Anthony Alex, Richard Ormsby, J. B. Davis, F. C. Reese, George Krick, Taliesin Phillips, Michael Leshan, Charles Blaker, Thomas Boland, Larry Cullen, Henry L. Jones, V. Shoemaker, James Champion, George Boyer, Dennis Creedon, Edward O'Donnell, James F. O'Hearn, Jere. Toomey, J. M. Boyer, William Kimmel, D. J. Doyle, Thomas and John Grant, Timothy Coakley, W. J. Watkins and Councilmen Betteridge, Coakley, Stout, Scheidly, Gable and Lamb.

Mr. Pomeroy said that the object of calling the meeting was to see that the election officers had a general knowledge of the provisions of the law. He then proceeded to describe the arrangements of the election booths and compartments and the manner of printing the ballots, all of which is shown by the following diagrams:

Mr. Pomeroy also said that he had examined the places where the elections are generally held and he was satisfied that they would be large enough for the proper arrangements of the booths. He also stated that the borough will be obliged to bear all the expense of the election, with the exception of the booths, the costs for which will fall upon the state.

According to present calculations the election compartments will be distributed as follows: 1st ward—4 booths and 8 annexes, or 11 compartments in all. 2nd ward—7 compartments. 3rd ward—18

compartments. 4th ward—9 compartments. 5th ward—11 compartments.

The balance of Mr. Pomeroy's instructions consisted of the reading of sections 13 to 36 of the Act.

### INTERESTING COMMENT.

A Column of News by a Writer Well Known to Our Readers.  
The School Board will meet again tonight in Superintendent Freeman's office and it is understood that the postponed election of teachers and janitors for the next term will take place.

The joint committee this afternoon issued a circular touching upon the proposed water works. To-morrow a circular prepared by a number of our prominent citizens will be issued. The latter circular treats the water question in all its phases and the facts and figures given form a foundation of some very forcible arguments.

A large number of town sports went to Wilkes-Barre yesterday to witness the foot race between Fahy, of town, and Lehman, of Wilkes-Barre. The race took place at the West Side Driving Park and attracted sporting men from all parts of the state. The distance was 125 yards and the stakes were \$300 a side, held by the Philadelphia Item. The sporting editor of that paper was the referee, George Turner, of Philadelphia, fired the pistol. Lehman secured a start on Fahy and led him for some distance, but the latter landed a winner by about four feet. The event evening was a financial disappointment to many of the Shenandoah sports, and although between \$3,000 and \$4,000 changed hands on the result, comparatively little of the money came to town. About a dozen of the men who left here yesterday were loaded down with money, but when they reached Wilkes-Barre they could find no takers. One man had \$600 with him and only secured \$11. Another man secured \$5, but only after offering 10 to 6. Several failed to win enough to pay their railroad fares. The explanation for this is that all the money Lehman's supporters wished to risk had been taken up before the day of the race. Pittston and Plymouth people put in a number of early bets on Fahy and it is said their confidence in the runner netted them about \$2,500. There is no talk of another race, although it is said some of the Wilkes-Barre sports would be willing to risk coin on Lehman against Fahy for a 100-yard race.

An interesting group at the Lehigh Valley depot this morning included Gen. William Lilly, of Mauch Chunk; Hober S. Thompson, of Pottsville, and William H. Lewis, of Wm. Penn. They were waiting for a train to take them to Ashland, from which place they proceeded to the Miners' Hospital and attended a meeting of the board of trustees of that institution.

Bitten by a Dog.  
A few days ago George Plappert, of North Jardin street, was bitten on the left hand by a large English mastiff owned by Charles Radziewicz, the East Centre street grocer. Mr. Plappert was working about Mr. Radziewicz's place when he was bitten. The wound was an ugly one, the hand being severely lacerated on both sides by the animal's teeth. The dog was sent to Mahanoy City and was found there yesterday by Mr. Plappert's son, John, who caused the animal to be shot. The injured hand is in a pretty bad condition, but no serious consequences are anticipated.

Accident at Maple Hill.  
At an early hour this morning a car was pulled over the sheaves at the shaft head of Maple Hill colliery and the place was idle to-day in consequence of the accident. Considerable damage was done, but no person was injured. Accidents of this kind have become numerous at this colliery and it is generally believed that they are due to the use of a steam break.

## A MINE LABORER'S EYES BLOWN OUT

### BY AN UNEXPECTED BLAST OF COAL.

### THE UNFORTUNATE MAN DYING

The Flying Debris Shockingly Cut and Bruised His Face, Shoulders, Chest and Hands in a Breat.

POLISH mine laborer named Joseph Selebis was terribly injured by an unexpected blast in a breast of the Shenandoah City colliery just before quitting time last evening. The unfortunate man received the full force of the explosion in the face, on the chest and shoulders and his eyes were blown out. His head and shoulders were covered with shocking wounds, the flesh in some places hanging by shreds.

Selebis is 25 years of age and unmarried. A reporter for the HERALD found him rolling in agony at his boarding house on West Centre street and the friends who surrounded him said that Dr. Hamilton had given up hope and death was looked for before the close of the afternoon.

One of the men in the room was near the victim when the accident happened. He said that Selebis put one squib into the hole that had been drilled into the coal, but it failed to act. Selebis then put in a second squib and returned to the heading. After waiting for nearly fifteen minutes, according to the informant, Selebis took a third squib and as he was about to put it in the hole the blast took place.

A Pennsylvania Refrain.  
(Dedicated to M. S. Quay.)  
Editor Boyer, of the HERALD, sends a copy of the following verses which he said were sung by the advance Schuylkill delegates on their way to Minneapolis. The verses were composed on the train. The advance guard consisted of Hon. D. D. Phillips, Alexander Scott, Dr. Lenker, John I. Mathias, J. Harry James, John J. Coyle and William Wilhelm. They arrived in Minneapolis Sunday morning and these verses they composed at once became popular among the Blaine men, who shouted them until they became hoarse:

We are for the man from Maine,  
He will get there just the same—  
Pennsylvania's here to stay,  
And she stands by Matthew Quay.

Chorus:  
Ta, ra, ra, boom ta ra!  
Jerry Rusk for second place,  
He will help us win the race—  
Won't they make a dandy pair  
For the Presidential chair.

Chorus:  
Jim and Jerry are the stuff—  
Benjamin has had enough—  
There're no flies on M. S. Quay—  
Reader 'll help us win the day.

Chorus:  
Minnesota's a dandy state—  
She'll help to break the Harrison state;  
Republicans, all, throw up your hats,  
Clarkson 'll beat the Democrats.

Chorus:  
Protection and reciprocity  
Our battle cry on land or sea;  
Honest money's bound to win,  
McKinley and American tin.

Chorus:  
That Jim Blaine knows what to do  
With state questions old and new;  
Hay, Child and Johnnie Bull  
Have been taught a lesson full.

Chorus:  
Jim will break the solid south—  
Carry the news from mouth to mouth;  
New Jersey 'll join the jolly crowd;  
Make the victory clear and loud.

Chorus:  
West Virginia 'll fall in line;  
We will have a grand old time.
