Entered at the Postoffice, at Shenandoah, Pa. for transmission through the malis as second class mult matter.

Ar the business of building water works on paper, the joint committee is a houling success.

Don'r saddle the borough with a hopeless debt to gratify the whims of a few seekers for self interest.

THE joint committee studiously avoided all reference to the present financial condition of the borough.

THERE is not a line in the joint committee's report that shows the public interests demand new water works.

THE new water problem lies in the sincerity of the joint committee and is solved by the pertinacity of their injustice.

WE dislike to tell it, but it is a fact, that the \$30,000 package exhibited by the joint committee is loaded with sawdust.

A CLOSE investigation of the subject arouses the suspicion that the joint committee is trying to work a confi dence game on the public.

Ir you prefer tepid, unwholesome water and an additional tax to the article you are now getting, vote for the increase of debt. If you think you are paying taxes enough already, vote for "no increase of debt."

THE taxpayers should let no quarrels, hard feelings or prejudices interfere with their good sober judgment ou Tuesday. To carry out the plans of the joint committee will mean overwhelming debt and hopeless taxation.

THE News asserts that Whitelaw Reid is opposed to labor unions, and that he publishes a now-union paper. The fact of the matter is, there is no better friend of true labor in this country than Mr. Reid, and his Tribune has been a union office for some time. But, then, it seems to be the mission of the News to spurn the truth on any question.

LET every tenant and taxpayer who goes to the polls to-morrow remember that a vote in favor of an increase of debt is a vote in favor of an additional tax, for which he will get no equivalent, except perhaps a supply of water greatly inferior in quality to that which he now gets without the payment of a tax.

THE joint committee talks of freemen and American manhood and the opportunities the taxpayers should grasp to make them masters of what God gave to man free-water. These spread-eagle sentiments do very well for Fourth of July orations, but not for every-day life. Workingmen do not live in imagination, but upon cold, practical facts, and they have but little sympathy with those who violate natural laws to gratify a sensual appetite or to indulge in their miserly instincts.

IF further proof were required to show the reckless extravagance and irresponsibility of the estimates and assertions of the joint committee, we should call attention to the fact that there isn't a water works in the whole United States where the water has to cost less than \$200,000. The height property therein from destruction by fire, and be raised 500 feet or more, that has which the water would have to be raised in the event of the construction of the proposed plant would be 900 feet, and yet the committee has the nerve to assert that the works will for authority to increase the debt of the Borcost less than \$100,000.

THE renomination of Benjamin Harrison for President of the United case of fire, and said special election shall be held at the regular poling places and by the States gives general satisfaction in the Republican ranks. President Harrison has the record of a splendid soldier, sagacious statesman, and a ps_ triotic chief magistrate. Since whatever differences of opinion that may Secretary Town Council. San

Evening Herald. have existed regarding the advisahave existed regarding the advisabeen settled by the convention at PUBLISHED DAILY, SUNDAY EXCEPTED Minneapolis, it is now the duty of Republicans of all factions to rally about his standard and work for his re-election and the party's success.

AMERICAN MANHOOD.

What virtues have characterized the campaign of the joint committee to warrant their appeal to the taxpayers in the name of " frue American manhood ?" From the beginning the committee has been actuated by selfish and arbitrary motives. They have worked to crush the old water company out of existence without giving it a chance, and they have turned the deaf car to several propositions for a settlement which the intelligent portion of the community has accepted as fair and reasonable. If the taxpayers wish to train their sons to be Americans and liberty-loving people, they must teach equity. They must teach the rising generation to give each man his due according to reason and the law of God.

Two Gloucester Dorymen Drowned,

ROCKLAND, Me., June 13. - John Patience and a dory mate, name not known, from the fishing boat "Little Annie" in returning from their trawls struck a heavy flaw of wind, their boat struct a heavy naw or wind, their boat filled and sank and both were drowned. They belonged in Gloncester and Patlence leaves a wife and three chil-dren. Their bodies have not yet been recovered.

A British Steamer Ashore.

VINEYARD HAVEN, Mass., June 13 .-British steamer Rialto from Hull, England, via Boston for Baltimore, is on the rocks near Nobska Light House. An effort will be made to float her. She carries a 700 tons cargo of phosphate, cement, bacon, etc., which it is thought

Lard as a Life-Saver

The school boy's composition asserted that pins had saved the lives of many people by their not having swallowed them; so lard has saved the lives of thousands by their having avoided food of which it forms a part, Hog's lard is responsible for much indigestion and dyspepsia, as any physician will teslify, hence

has been introduced to take the place of lard. There is no secret as to its composition. It consists only of highly refined Cotton Seed Oil, and Beef Suet. Clean, delicate, healthy and economical. Lard has had its day, and a greasy day it was. When next about to use lard,-Don't, but try Cottolene. At leading grocers.

Review of the Week's Proceedings in Congress.

SHADOWS OF COMING EVENTS.

Not Likely that the Democrats Will At tempt Any Important Legislation, or Account of the Approach of the Chicago Convention-Silver Bill Discussion.

Washington, June 18 .- Congress is likely to spend another apathetic week unless the House again breaks forth into a frenzy of legislation and puts through other measures as important as those passed last Monday. But the chances are that this will not occur in the absence of warrant by the rules, no general suspension day occurring.

Last Monday was set apart by the rules as a day for passing bills under suspension, but another suspension day will not occur until a week from to-day. However, it cannot be predicted with zertainty what the House may do. So many Democratic members will be absent at the Chicago Convention that it will not be safe for the Democrats to attempt any Important legislation.

The agreement made between the leaders of the two great parties in both Houses not to press a vote of any of the tariff bills or the silver bill, will con-tinue until after the Democratic conven-The return of the Republican Sen ators will give the Senate an opportuators will give the Senate an opportu-nity of doing some work, but it is prob-able that the entire week in that body will be devoted to the considera-tion of the resolution offered by Mr. Vest directing the discharge of the Committee on Finance from further con-sideration of the Free Wool bill, and also to debate on Mr. Stewart's Free Coinage bill. Coinage bill.

Mr. Morgan will make some remarks on the Silver bill to day, and other Sen-ators will address the Senate on that measure, and on Mr. Vest's resolution.

Review of the Week.

Monday-Seven important measures were passed under suspension of the rules. The Republican forces were largely depleted, and they were totally unable to stem the tide of legislation that had set in. The Democrats railied to the support of every measure except one—that exempting State banks from taxation, which failed to pass. Among the measures passed were: The Anti-Option bill, the resolution placing the River and Harbor and Naval Appropriation bills in conference, the resolution for the purchase of a site and the erec-tion of a pedestal for a statue to General Sherman, bills admitting New Mexico and Arizona as States, and finally, the Legislative, Executive and Judiciary Appropriation bill. In the Senate Mr. Morrill set an inter-

In the Schate Mr. Morrill set an inter-esting discussion going by presenting potitions requesting Congress to pass a law prohibiting the sale and importation of cigarettes. He asked that such peti-tions be referred to the Committee on Education and Labor. The petitions were finally referred to the Committee on Epidemic Diseases.
Tuesday—The House passed an Urgent

Deficiency bill, appropriating \$7,074,-000 for pensions and \$14,000 for contin-gent expenses of the House. Bills were also passed establishing weather bu-reau stations on Middle and Thunder Bay Islands, Lake Huron; and ceding lands to the city of New Bedford, Mass., for a public park.

The Senate surpassed all previous records by passing the Diplomatic and Consular Appropriation bill in 38 min-utes. For a continental railway sur-vey, \$60,000, and \$50,000 to re-locate the existing frontier line between the United States and Mexico west of the

Rio Grande river were appropriated.
WEDNESDAY-The House devoted a short time to the consideration of the bill to forfeit lands granted to any State or corporation to aid in the con-struction of railroads, but this measure was temporarily Isid saids and the Agricultural Appropriation bill was taken up and passed without substantial amend-

The session of the Senate was of short duration. The attendance on both sides was small. After the reporting of the Anti-Option bill, which was laid on the table pending reference, Mr. Dolph (Oce-gon) addressed the Senate on a bill providing for the irrigation and reclama-tion of arid lands, and for the protec-tion of forests and utilization of pas-

Thursday-In the House the day was given to the Committee on the Judiciary who occupied over five hours in discussing measures on the calendar. The discussion was dry and technical, and among the bills passed were: Punishing killing in any place under United States jurisdiction by death, murder in the second degree by life imprisonment or not less than 10 years and manslaughter by imprisonment of not less than I year

nor more than 20 years. The absence of so many Republican Senators at Minneapolis and the politi-cal excitement in the air had the effect of causing the Senate to adjourn until Monday, after a session lasting an hour and a quarter. Messra Morgan and Jones of Arkansas delivered remarks on the subject of free coinage and the Pen-

sion Deficiency bill was passed. No other business was transacted. FRIDAY-In the House a fruitless attempt was made to secure the passage of bills on the private calendar, and, after two hours devoted to attempts to se-cure a quorum and repeated calls of the House, this program was abandoned and Mr. Wise (Virginia) succeeded in inducing the House to consider several bridge bills, which were passed. A fa-vorable report was also submitted on the resolution directing an Investiga-tion of the Reading Railroad deal. Bills were passed authorizing the Territory of New Mexico to issue bonds and erect a new Capitol building, and providing for a term of the United States and district courts at Binghamton, N.Y.

A Cornell Student Drowned.

SPECIAL

Notice is hereby given that the electors of the Borough of Shemandoub, county of Schuylill, and state of Pennsylvania, will meet at their respective polling places on Tuesday, June 14th, A. D. 1892, between the hours of 7 o'clock a.m. and 7 o'clock p.m., at which time and place the said electors shall vote as to whether or not assent or authority shall be given to an increase of the indebtedness of the said Berough for the purpose of providing a supply of water for the use of the inhabitants of said Borough of Shenandoah, and the proection of property in said borough from lestruction in case of fire. Said electors shall vote, "debt may be increased" or "no increase of debt," as provided by the Act of Assembly of said Commonwealth, approved 20th day of April, A. D. 1874, entitled "An Act to regulate the manner of increasing the indebtedness of municipalities, etc.," and the supplements and amendments thereto. The said electors will meet in their several wards as follows:

Those of the First ward, at the public house of James Shields.

Those of the Second ward at the public house of J. R. P. Schlefly. Those of the Third ward, at the public house

of Israel H. Carl.

Those of the Fourth ward, at the public house of Peter Hiley.

Those of the Fifth ward, at the public house of Henry Muldoon
