The Cooley Gang's Ensuremand Attempt to Hold Up a B. & O. Express.

CONNELLSVILL, Pa., June 14 .- It has just been discovered that an attempt was made Sunday night to hold up the New York & Philadelphia express on the Baltimore & Ohlo Railroad between Layton Station and Connellsville.

The train leaves Pittsburg at 9:30 p. m. The plans of the train robbers were to flag or wreck the train, then board it and rob the mail and express cars.

The train carried \$186,000. The railroad officials in some way got word that the attempted rohbery was to be made. A telegram was sant to Robert Shephard, the Baltimore & Ohio detec-

here. He went to Uniontown and from there a special train took Shephard, Sheriff McCormick and a posse to Layton's Sta-

tion. There they boarded the express and rode through to Cumberland. Had not the robbers gained information that the officials were on the look out, it is likely that a big haul would

have been made. The railroad people admit that they expected the robbery but refuse any in-

expected the robbery but refuse any in-formation. It has just been learned that the Cooley gang were the robbers who planned the attempt. Six members of the gang, including the two Cooley boys, Jack and Frank, and John Ramsey, came down from the mountains Saturday and spent Sunday in the vicinity of Adelaide and Dicker-son Run. They were seen going down son Run. They were seen going down the river Sunday evening about 7 o'clock toward Layton's Station. Sheriff Mc-Cormick and posse are now trying to capture the gang before they reach their mountain haunts.

Mary Anderson Case.

BRAKEMAN SCHLIPF IS ACCUSED.

The Dead Girl Nursed Him While He Was Sick-Not Known How Intimately the Two Were Acquainted -- Not Much Evidence Against the Man.

PERTH AMBOY, N. J., June 14 .- The police authorities of Perth Amboy, who have acquired a reputation for slowness which is well deserved, are now alded in their search for Hester Mary Anderson's murderer by important cluss. No credit for the discovery of these clues can be given the authorities, who are bitterly denounced by the conservative residents of this township. Shortly before noon Detective Oliver

made the most important arrest which has occurred since the murder.

For several days he has been working at the Lebigh Valley coal docks in an attempt to find the murderer, and he formally arrested Brakeman Harry Schlipf of Perth Amboy, employed by the Lehigh Valley Company, on a charge of murdering Mary Anderson.

He is of medium height, well built, smooth and red faced. He is about 23 years old. When taken before acting Chief Burke

Schlipf refused absolutely to give any information about himself or answer the

questions put to him by Recorder Dillou. He was self-passessed and did not ap-pear to be very much worried. It is known that he was acquainted with the Anderson girl, but how intimately is not known. Mrs. Clara Hollander says that she

does not know the yonig man, and never heard Mary speak of him. As a matter of fact, she says the dead girl was never heard to speak of any young man but Axel Peterson.

It is said that the county has offered an additional reward of \$500 for the capture of the murderer, and this is ac-companied by another \$500 from Mr. Boynton, Mary Anderson's employer, and the \$500 offered by Mayor Pierce.

This makes the total reward \$1,500, which accounts for Detective Oliver's frequent remark: "I arrested the man and made the charge of murder."

The prisoner is a young man, who came from England about a year ago. He was sick and the dead girl nursed him. Several residents of Perth Amboy said

that they saw Schlipf at the scene of the murder when the body was removed by the coroner. It is stated by the police authorities of Amboy that Schlipf is the man who bought the 32-calibre cartridges with which to shoot chickens.

It is said by those who know the dead girl that her only men acquaintances were railroad men, mostly employed by

the Lahigh Valley Company. It was through Axel Paterson that Schlipf met Mary Anderson, and when her effects were examined after her untimely death a letter was found from Schlipf reproaching her for some trivial anub.

Gratified at What Women Abroad Are Doing For the Fair.

An Important Arrest in the Palmer, who returned from Europe on the steamer Etruria with her husband, was seen last evening by a reporter at the Fifth Avenue Hotel, where she is stopping. She was asked if she had not come

back with many interesting details of what the women abroad are doing for the World's Fair, to which she replied

"We could only make a very short visit, and had to do that or remain at home altogether, so we took the alternative of going, although it was very unsatisfactory, and when I saw how much could be accomplished by a few words to the committees of ladies in the countries that I visited I was extramely sorry that it was not possible to remain longer in order to go to the other countries where the ladies are less experi-enced in organizing general work than than

the ladies are in the countries that I did visit. I went really only to London, Parls, Vienna and Brussels. "In most of the countries of Europe the commissions are already formed. France, which seemed most eager and interested last year, has been holding back in an almost unsecountable way. Politics indirectly has had a great influence in all these things, and it has been a bad year in Europe, so that they have put off donating money and appointing their commissions until the last possible moment. This has been notably the moment. This has been notably the case in France, where they only made a World's Fair appropriation about six weeks ago, and their women's commit-

tee consequently is not yet formed, "Mme, Carnot had rather decided last year she would not take the presidency of the ladies' commission because she had not assumed the patronage of any public work that was being done in France, and she considered it inconsistent to go outside to do for a strange country what she was not doing for her own; but when I saw her this year, and told her of the eminent ladies who were taking the heads of committees in their countries, she felt at once as I did, that France ought not to hold back and treat the matter with less courtesy and con-sideration than other countries were do-

The women are all experts in the various lines of work they have to carry on, and I am looking forward to something that is most telling from the English exhibit. The Queen is the patroness of this commit-tee, Queen Christin its active president, and among its members are the Mar-chioness of Salisbury, Duchess of Aber-corn, Duchess of Bedford, Lady Kuuts-ford, Lady Wolverton, Lady Henry Somersat, Lady Aberdeen, Lady Jeune, lienry. the Baroness Burdette-Coutts, Lady Henry Grosvenor, Lady Agnes Burus, Lady Brassey, Lady Egerton of Tatton, Lady Roberts, etc."

A Tornado Does Great Damage in Chicago.

SEVERAL PEOPLE LOSE THEIR LIVES.

The Canvas Canopy Over the Democratic Convention Hall Ruined-A Timber Boof Will Now be Built -- Many Persons Hurt. A Number of Narrow Escapes.

CHICAGO, June 14. - A small-sized tornado raged in this city between 8 and 4 s'clock yesterday afternoon. The rain-fall was terrific, the flood of water in many places being so dense that it was impossible to see buildings across the width of a street.

The full force of the wind struck the southwest corner of the Home Insurance building, occupied by the Union National Bank, and blow in three large plate glass windows. So terrific was the shock that the plates were carried bod-ily into the bank, hurled half way across the counting room and shattered into fragments upon the desk and fix-

into fragments upon the user and da-tures. J. J. P. Odell, president of the bank, was struck on the thigh by a fragment of glass and severely out. He was taken home in a carriage, and it will be some weeks before he will have recovered from his wounds. The other occupants of the bank escaped unburt. The telephone, telegraph and electric

The telephone, telegraph and electric light systems were almost totally de-moralized. Poles and wires were torn

down, and general havoc was caused. The great cauvass danopy over the wig-wam in which will be held the National Democratic convention next week, was torn to tatters and so utterly ruined that the contractors determined to have done with it and use instead a timber roof. A number of columns will be erected to support the roof. It is feared roof. that this arrangement will impair the accoustion of the ampitheatre, but there is no way to avoid it.

A one-story brick cottage at 1336 Whipple street was totally destroyed by w apple screec was totally destroyed by the storm and its three inmates, Mrs. Frank Klima and her two children, buried beneath the ruins. The cottage stood directly in the path of the storm, and hardly one brick was left upon another.

Armour's Elevator "D," on Morgan street was struck by lightning and a portion of it destroyed. In the ruins was found the body of Charles J. Rob-erts, a firshin, who had been at work in the boller room, crushed under a

heavy iron door. William Lossea, of 638 South Oakley avenue, was struck on the head by bricks from a falling chimney and his skull fractured. He will die. John Lial, selate roofer working on the roof of a Douglas Park greenhouse was blown to the ground and so seriously injured that he will die. John Michon, a lumber shover working in the Hines Brothers lumber yard, was struck by flying boards and fatally injured.

A portion of a brick building being erected at 508 South Oakley avenue blow down, burying Gustave Zearing, a car-penter, in the debris. Zearing has his skull fractured and right arm broken.

He will die. Twenty minutes before the storm broke forth a boat with three men in it was noticed on an almost even line with South Pier, about five miles out in the After the storm had passed the lake. lake was swept to the horizon with long distance glasses, but no trace of the craft could be seen. There seems to be but little doubt that the three men lost their lives.

More West Shore Conductors to Go.

KINGSTON, N. Y., June 14.—There is reason to believe that other trusted and popular conductors and baggagemen on the West Shore Railroad will receive their blue envelopes in a day or two for participating in the ticket scalping business with Conductors Sampson,, Butler and Hill. Detectives who have been at work for several weeks have satisfied themselves or the guilt of others besides those above mentioned, who were re cently dismissed. Others besides railroad employes are implicated.

Strike of Switchmen Threatened.

BUFFALO, June 14 .- There is likely to be trouble between the Lehigh Valley railroad and its switchmen. On May 31st a cut in the wages of switchmen took effect, which reduced salaries \$8 and \$6 a month. The men say they will use arbitration as far as possible, but if a settlement cannot be reached by that means a strike will surely follow A similar cut took effect on the West Shore and New York Central on June 1, and the switchmen on these roads are also dissatisfied.

An Aeronaut Fatally Injured.

BALTIMORE, June 14 .- Charles Waite, an aeronaut, who gave a balloon exhi-bition at Tolchester Beach, an excursion remort on the Chesapeake Bay, Sunday, received injuries which are likely to prove fatal.
