Chauncey Dewey's Acceptance of the State Portfolio May Make Him President. WASHINGTON, June 20.—In reference to the reported offer of the portfolio of State to Mr. Dewey, an evening paper prints a rumor that the position of the Secretary of State is simply to be for Mr. Dewey a stepping stone to something further, and that the prearranged plan is to make Mr. Dewey the legatee of the administration, and in case of the election of Mr. Harrison, to bend every energy to make Mr. Dewey his successor four years from now.

The rumor further relates the precedents which have been established by past Presidents in this same line.

It is understood that the conversation between the President and Mr. Dewey related more particularly to the vacancy existing in the Cabinet, and that the President strongly urged Mr. Dewey to aid him in the administration of public affairs by assuming charge of the State Department.

There was quite a gathering of representatives of the administration Saturday night at the dinner given by Mr. Elliott F. Shepard at the Arlington Hotel, which lasted about two hours.

Mr. Dewey was the sole guest at luncheon. The result of the conference can not be stated with certainty, but it is understood that Mr. Dewey requested time to consider the proposition.

It was quite in contrast to the reception held by Senator Hill, who saw all callers and there were a great many who called.

Will Consider the Matter. WASHINGTON, June 20.—Mr. Chauncey M. Dewey left Washington yesterday afternoon for New York. No intimation has been given by Mr. Dewey whether he will accept or decline the portfolio of Secretary of State.
