AT PITTSBURG. The Display of Fireworks Equalled Any Since 1876.

PITTSBURG, July 5.—The greatest celebration of Independence Day ever seen in Pittsburgh was held in Schenley Park between the hours of 9 a. m. and 10 p. m.

Unbounded interest in the affair has been manifested by thousands of patriotic Pittsburghers for months, and the dawn of a perfect day set at rest the last doubt that the affair would be a huge success.

At 9:30 o'clock the celebration was officially opened by the firing of the national salute.

Then followed a programme of music by a band of 200 pieces, songs by 150 young school children and addresses by prominent speakers.

The rest of the day was given up to athletic sports and general holiday festivities.

The display of fireworks in the evening equalled any that has been held in the country since the centennial exhibition in Philadelphia in 1876.

40,000 People at Asbury Park. ASBURY PARK, N. J., July 5.—Forty thousand people witnessed the celebration here. OUR GRAND NATAL DAY

Celebration of the Glorious 4th All Over the Country.

CEREMONIES IN NEW YORK CITY.

Washington Does Honor to the Day—The Display of Fireworks at Pittsburg Equal to Any Since 1876—The Celebration at Woodstock—At Other Places.

NEW YORK, July 5.—The celebration of Independence Day in this city was begun early in the morning by hoisting on the block fort, in Central Park, and on the Liberty Pole, in the Battery Park, the national colors by the few remaining survivors of the war of 1812.

Aside from this and the celebration by the Tammany Society there was nothing of moment in connection with the ceremonies, and the burden of commemorating the day seemed to rest entirely on the small boy, and he did his best to fill the bill.

The weather was fine, and every one that could take advantage of the holiday to leave town did so.

Consequently the streets were comparatively deserted.

All the resorts within 50 miles of the city were well patronized.

Yacht races, horse races, a number of aquatic, athletic and other events went to make up the programme of outdoor sports.

The 116th annual celebration of American Independence by the Society of Tammany, or Columbian Order, at Tammany Hall was one of the features.

The hall was beautifully decorated and filled by an immense crowd.

At 10:30 the exercises were opened by the playing of national airs by the 69th Regiment Band.

Grand Sachem Thomas F. Gilroy delivered a short address heartily welcoming those present. He then introduced the quartette of the Tammany Glee Club, who sang some patriotic ballads.

The Declaration of Independence was next read. The reading was frequently interrupted by the applause of the audience.

Addresses were made by Hon. W. J. Bryan, of Nebraska, Hon. J. C. Pendleton, of West Virginia, and others, and letters of regret were read from Grover Cleveland, David B. Hill, and other prominent Democrats.

Italian Societies Celebrate. NEW YORK, July 5.—The United Italian societies of this city observed the Fourth by breaking ground for the foundation of the statue of Columbus to be erected at 58th street and 8th avenue.

The large gathering was addressed by President Barotini and Vice-President Barotini.

AN OLD-FASHIONED CELEBRATION. Washington Does Honor to the Natal Day of the Union.

WASHINGTON, July 5.—A real, old-fashioned Fourth of July celebration was held in Washington under the auspices of the Sons of the American Revolution and the Sons of the Revolution.

At 9 a. m. the exercises began with services of a patriotic-religious character at the Church of the Epiphany, where both societies were well represented.

Brief addresses were made by Rev. Drs. McKim and Childs, and the choir rendered "America" and other anthems of a patriotic character.

At the conclusion of these services the societies marched in a body to the Washington Monument under escort of the Washington Light Infantry and a section of District Artillery. At the monument a salute of 19 guns was fired.

From a platform near the base of the monument the Declaration of Independence was read by Mr. Harry Bulkley, and short addresses were delivered by the Hon. John Goode of Virginia and Mr. Henry Wise Garnett.

President Harrison was present during the services at the monument, but made no address. The Daughters of the American Revolution participated in the exercises as did a delegation from the District Inhabitants Association. A singular circumstance connected with the ceremonies attracted a good deal of comment. Just as the speaking began a beautiful rainbow formed apparently just above the apex of the monument. It soon disappeared and reappeared just as the ceremonies ended. The phenomenon was the more marked as the weather was delightfully clear.

THE DAY AT ST. LOUIS.

Celebrated on a Grand Scale Than Ever Before.

St. Louis, July 5.—Independence Day was celebrated here on a grander scale than ever before. The weather was delightful.

The exercises began in the morning with a monster parade, embracing Government troops, military organizations and civic societies.

The parade was viewed by Gov. Francis and staff, Mayor Noonan and city officials.

In the afternoon an old-time celebration was carried out at the Fair Grounds.

After a salute of 44 guns the consolidated bands, numbering over 300 musicians, rendered "America," at the conclusion of which addresses were delivered by Gov. Francis, ex-Gov. Johnson, Mayor Noonan and others.

The afternoon and evening display of fireworks was the finest ever witnessed in the West.

IN THE OPEN AIR.

Notable Celebration of the Glorious Fourth at Woodstock, Conn.

WOODSTOCK, Conn., July 5.—Of all the celebrations throughout the country of the anniversary of the Declaration of Independence the one at Roseland Park, the country residence of Henry C. Bowen, was perhaps the most notable.

The celebration was the 22nd of the series.

The celebration, as in previous years, took place in the open air, and the exercises attracted an immense crowd.

The proceedings were opened by an address of welcome by Congressman Charles A. Russell of Connecticut, and then Senator Platt, of the same State, was introduced as president of the day and delivered a patriotic address. Secretary Tracy followed with a lengthy oration, and then an original poem, "Ode to the Republic," by Prof. Wilkinson of the Chicago University, was read.

A SAD ENDING.

Fatal Accident at an Independence Day Balloon Ascension.

BOSTON, July 5.—The balloon ascension from the Common yesterday afternoon, one of the features in the celebration of the Fourth prepared by the city government, had a sad ending.

One of the aeronauts accidentally tore a hole in the side of the balloon while it was at a great height, and it immediately began to fall at a frightful speed.

As a result, Prof. Augustus Rogers of Malden, is dead; Thomas Fenton, his assistant, is dying, and the third occupant of the balloon, Delos E. Goldsmith, is suffering from the shock and the inhalation of gas.

THE FOURTH IN LONDON.

Many American Flags Fly and Minister Lincoln Receives.

LONDON, July 5.—The sun shone brightly and the Stars and Strips hung over many West End houses and shops all day, especially in Regent street.

Minister Lincoln gave his first open reception for the benefit of the American colony and their friends among the Londoners.

The banquet in honor of Independence Day was held at the Savoy Hotel.

Col. Ochiltree gave a banquet at the Albermarle.

The Colonel has entirely recovered his self-possession, disturbed by the recent Drayton-Borrowes affair.

PATERSON'S CELEBRATION.

PATERSON, N. J., July 5.—The celebration, which began Saturday, of the founding of this city by Alexander Hamilton, was continued yesterday. At sunrise a National salute was fired. An industrial and civic parade began at 9 a. m. and was reviewed by the Marshal of the day. At noon a salute of 44 guns was fired. In the afternoon there were races and games, and at night there were concerts and oratory.

Whitehead Held at Bay.

RYE, N. Y., July 5.—The Fourth of July was celebrated here by a procession, literary exercises and music. Hon. Murat Halstead was the orator of the day. Whitehead Reid came upon the invitation of the committee of citizens to take part with them in the celebration.

At the conclusion of Mr. Halstead's address, Mr. Reid was called upon and delivered a patriotic speech.

Quincy's 100th Anniversary.

QUINCY, Mass., July 5.—Quincy celebrated her 100th anniversary with her 4th of July ceremonies with appropriate exercises by a parade, literary exercises in the First Church, music and a banquet. Charles Francis Adams delivered the oration. The city was prettily bedecked with flags and bunting and a salute of 100 guns was fired at sunrise and sunset.

Stevenson at Peoria.

PEORIA, Ill., July 5.—The Fourth of July celebration here was participated in by many thousands of people and the programme of the day was carried out without a drawback. The Hon. Adlai E. Stevenson, Vice-Presidential candidate on the Democratic ticket, was the orator of the day.

The Day in Chicago.

CHICAGO, July 5.—Independence Day was generally observed in Chicago and vicinity. At Fort Sheridan a salute of 19 guns was fired in honor of the 13 original States and there was a grand parade of the artillery, cavalry and infantry. The post band discoursed patriotic airs all day.

Fourth of July Fatality.

ELIZABETH, N. J., July 5.—William Welch, aged 15 years, was killed by the explosion of a box of gunpowder which he was carrying under his arm. A half-witted boy threw a lighted firecracker into the box.

Accidents and Fires at Providence.

PROVIDENCE, R. I., July 5.—The celebration in this city comprised a military parade and firemen's parade. The day was somewhat remarkable for the large number of minor accidents and fires.

Outdoor Sports at Baltimore.

BALTIMORE, July 5.—Independence Day was generally celebrated in Baltimore and vicinity. The weather was clear and pleasant and well adapted to the many outdoor sports.

LIBERALS GAIN SEATS

Home Rule Almost Undoubtedly Assured.

EMMETT'S EPITAPH MAY BE WRITTEN

And Ireland Take Her Place Among the Nations of the Earth—Gladstone Likely to Be Swept Into the Premiership By an Overwhelming Liberal Majority.

LONDON, July 5.—If the contested elections yesterday are an indication of the ultimate result, the next Parliament will be overwhelmingly Liberal, and Ireland will have home rule. Of course, the elections are not decisive, but the figures point to a tidal wave sweeping Mr. Gladstone into the Premiership and establishing an Irish Parliament again in College Green. If the results continue, the epitaph of Emmett may soon be written and Ireland take her place among the nations of the earth.

The battle has not been won, but it has been well begun, and Liberals everywhere are rejoicing over the results so far achieved.

The total results are: Elected, 95. Conservatives, 49; Liberals, 39; Liberal Unionists, 7. The Liberals have gained 11 seats, the Tories 2, and their allies, the Liberal Unionists, have gained 1 seat. The net gain for the Liberal party and Irish home rule is therefore 8 seats.

Of the 61 seats voted for the Conservatives and Unionists held 40 in the last Parliament and the Liberals 24.

DESPERATE MEASURES.

An Alleged Plot to Wreck a Parnellite Train.

LONDON, July 5.—Among the minor incidents connected with the election, and which indicate the intensity of feeling between the contending parties, it is learned that at Peterborough a Unionist meeting was broken up and a free fight indulged in by a crowd of political opponents rushing in upon them.

The seats were smashed and the hall in which the meeting was being held was damaged. Several persons were injured.

News comes from Ireland that an attempt was made to wreck a special train carrying 300 members of the Parnellite branch to Lisdoon to attend a public meeting.

Fortunately the engineer of the train had received a warning and a terrible accident was averted.

AN ACTRESS THE CAUSE OF MURDER.

Lagreeno, the Stonebreaker, Kills a Sailor With His Fist.

BUFFALO, N. Y., July 5.—Fred Lagreeno, an actor at Moran's Theatre, and Eli Severson, a sailor, whose home is in Chicago, quarreled over a pretty actress, Mabel Leighton, in the theatre, at an early hour in the morning.

Severson said she had engaged herself to him, while Lagreeno claimed she was to marry him.

Lagreeno, who breaks rocks with his bare fists, then dealt Severson two terrific blows on the head, and Severson died ten minutes later.

Lagreeno escaped to the Central depot, where he bought a ticket to Toledo. He was arrested before the train left. Five years ago he attempted to kill a woman on Canal street.

RESULTS OF THE MADRID RIOT.

Three Policemen Killed—Bad Taxes Likely to Be Abolished.

LONDON, July 5.—The correspondent of the "News" says that in the recent riot in Madrid three policemen were killed and several officers of the gendarmes, including the commander, seventeen privates and twenty policemen were injured.

The Civil Governor was badly bruised. Very few women and only about a dozen male ruffians were hurt.

The newspapers express the opinion that the rioters were victorious, and that the objectionable taxes are likely to be abolished.

TRIPLE TRAGEDY IN TEXAS.

Farmer Pierce Kills His Wife, His Hired Man and Himself.

SHERMAN, Tex., July 5.—M. M. Pierce, a farmer living near Pottsville, in this (Grayson) county, suspected Morgan E. Pack, his farm hand, and Mrs. Pierce of being too intimate.

In the morning Pierce shot Pack dead with a rifle, and then cut his wife's throat.

Then, dragging his wife's body into the house, he lay down by her side and cut his own throat.

Pope Leo Confers Two Titles.

HALIFAX, N. S., July 5.—Information has been received from Rome to the effect that the title of Monsignor has been conferred by the Pope upon the Rev. John Carmody, of St. Patrick's Church, and the title of Doctor of Divinity upon the Rev. E. P. Murphy, of St. Mary's Cathedral.

Earthquake in Mexico.

CITY OF MEXICO, July 5.—There were strong earthquake shocks felt in Guadalupe yesterday. They were accompanied by unearthly subterranean noises, which created much terror. Some damage was done at Colima. There was a beautiful eruption of the Colima volcano at night.

Hanged a Minister in Emgy.

BRIDGEPORT, CONN., July 4.—The Rev. J. S. Ives, pastor of the Congregational Church at Stratford, a suburb of Bridgeport, was hanged in effigy early in the morning. The clergyman made himself very unpopular lately by trying to enforce the blue laws.

KINGSTON, Ont., July 5.—The Roman Catholic diocese of Kingston will contribute a large sum of money, which will be applied in aiding the election of Home Rule candidates in Ireland.

School Teachers in Atlanta.

ATLANTA, Ga., July 5.—Three thousand school teachers are assembled here to attend the convention of the Georgia State Association and Southern Association.

SALISBURY'S SON BREAKS OUT.

Describes His Father's Government as Weak, Fossilizing and a Little Flabby.

LONDON, July 5.—The Hon. Edward Blake of Canada, who has been selected as anti-Parnellite candidate to wrest the seat of South Longford from the Parnellites, has arrived at Londonderry.

A number of priests and other leaders of the anti-Parnellite party were there to receive him, and addresses were read welcoming the arrival of the distinguished Canadian as a favorable accession to the cause of Irish Home Rule.

The anti-Parnellites are making vigorous efforts to strengthen their cause by restraining the tongues of Timothy Healy, Fisher Rehan and others. Healy declines to be bribed.

Meanwhile the Catholic clergy everywhere in Ireland are entering into the contest with the greatest earnestness.

Viscount Cranborne, Lord Salisbury's son and heir, is about 30 years of age, a frank, soldierly young man, and given to speaking his mind. By uttering thoughts too freely on political subjects he is making things uncomfortable for his father.

According to the Lancashire "Evening Post," published at Preston, the day Mr. Gladstone asked Viscount Cranborne why the government had not allowed Parliamentary inquiry regarding the Michelstown outrage, when the Irish constabulary made a most brutal and unjustifiable attack on the people.

The Viscount replied that the government was weak, vacillating and a little flabby. The incident was most unfortunate, and the attack upon the crowd a serious mistake.

"Suppose," added Lord Salisbury's heir, "that inquiry had shown a policeman to have been guilty of murder, and the policeman had been convicted and hanged—what would have become of the government?"

The report of the conversation, apparently authentic, has angered the managers on the Tory side, and they are asking Lord Salisbury to put a muzzle on his son.

MRS. SEILOS TAKES POISON.

She Had Been Told By a Friend That Her Husband Was Faithless.

NEWARK, N. J., July 5.—Mrs. Mamie Seilos, aged 23, is lying at the point of death at the City Hospital as the result of a dose of iodine which she drank with suicidal intent. She and her husband lived at 13 Broad street.

The couple, notwithstanding the fact that a young man of the name of Samuel Snape is at present serving an 18 months' sentence for having criminally assaulted her while she was employed in Clark's Thread Works, have been married several months, and were believed to have been devotedly attached to each other.

During the day, however, Mrs. Seilos received from a gossiping female friend an intimation that her husband was faithless.

She accused him of it upon his return from work, and in a fit of indignation Seilos left the house.

Scarcely had he gone than she seized one of her husband's bottles containing iodine and immediately drank the entire contents.

At 4 o'clock in the morning she was removed to the hospital in an unconscious condition.

At noon the hospital authorities said that her life hung in the balance.

THE CHOLERA SPREADING.

Moscow in Danger Owing to Its Trade With Saratov.

ST. PETERSBURG, July 5.—The cholera is gaining a hold in the town of Saratov, capital of the government of Saratov.

The town is on the Volga, and the seat of an extensive trade both with Central and Asiatic Russia.

For this reason it is thought that the cholera may spread from Saratov to Moscow and other places, as the trade between Saratov and Moscow is very large.

Eight deaths have already occurred from cholera in Saratov, and the number of poor persons sick with the disease is increasing.

The authorities are causing the streets to be thoroughly cleaned, which has not been done before in many years, and the dwellings of the sick are fumigated, and those known to be suffering from cholera are rigidly quarantined.

Owing to the cholera invasion there has been a sudden display through Russia of earnestness in enforcing sanitary rules, which, in many places, have been dead letters.

German Railroad Accident.

BERLIN, July 5.—Twenty persons were injured during the evening by a railway collision near Charlottenburg station. One train loaded with passengers was waiting outside the station for the signal to start. Another train came driving into the rear carriage of the train which was at a standstill, crushing the hindmost carriage into splinters, and terribly injuring many of the passengers.
