ALL THE NEWS FOR ONE CENT.

VOL. VII.—NO. 172. SHENANDOAH, PA., TUESDAY, JULY 19, 1892. ONE CENT.

Here's News!

It is fair to tell you that some two or three hundred women have been waiting for our Remnant Sale, which commences to-day and will continue until every end of goods is sold. You want to come early to get the pick of this offering. We can't quote prices, because being remnants no two pieces are alike—every piece of goods less than ten yards, and all the odds and ends of the season are yours for less than cost of manufacture.

The lot will include remnants of Cashmere, Milks, Challies, Gingham, Batiste, Cutting Flannels and all kinds of wash Dress Goods, also Nainsooks, Plaid and White Goods and Embroideries.

We also offer as extra bargains one lot of Remnants of Blue Drill at 8c, worth 15c. One case extra heavy Canton Flannel at 5c, worth 10c.

One case good Canton Flannel at 5c, and one bale yard-wide Sheeting at 5c, specially reduced.

Many other bargains will be added daily, so that this July Bargain Sale will continue to be attractive to our numerous customers.

L. J. WILKINSON.

89 S. Main St., Shenandoah.

Girvin, Duncan and Wadley.

Fire Alarm Boxes.

The following list shows the location of the alarm boxes of the Shenandoah Fire Department:

LOCATION.
15—Coal and Bowers streets.
16—Bowers and Centre streets.
24—Bridge and Centre streets.
25—Main and Centre streets.
26—Main and Poplar streets.
35—Main and Coal streets.
42—Gilbert and Centre streets.
43—Gilbert and Cherry streets.
52—Chestnut and Coal streets.

To send an alarm open the box, pull down the hook once and let go. When an alarm is sent in the fire bell will sound the number of the box and repeat the alarm four times.

HOW TO LOCATE ALARMS.

If the alarm is sounded from box 15 the fire bell will strike one, then pause and strike five which will indicate that the fire is in the vicinity of No. 15 box. Every alarm is repeated four times.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

CARPET SWEEPERS, \$2.50, \$3.00, \$3.50.

At FRICKE'S, 10 South Jardin St.

THE JAUNT OF THE STATE EDITORS

TRIP FROM SCRANTON TO NEW YORK.

OVER THE HILLS TO FARVIEW

Then on to Honesdale, Back to Scranton, on to Albany and Down the Beautiful Hudson to New York City.

EDITORS seldom have an opportunity to enjoy the pleasures of this world, particularly those who do not have a metropolitan circulation to depend upon, but when the opportunity arrives they "make 'er bum."

The members of the Pennsylvania State Editorial Association seized a glorious opportunity last week and enjoyed one of the most delightful trips they have ever had. The story is told by one of the tourists.

We left Scranton on Wednesday, 13th inst., on Delaware and Hudson train and went to Carbondale, arriving there after a very pleasant run. We then boarded the observation cars and were drawn up the incline. After alternately ascending grades and flying down inclines for thirty minutes (an exciting ride) we arrived at Farview, where we had a magnificent view of the country for miles. The altitude at this point is 2,000 feet above New York City. The place is one of the most delightful resorts in the state.

Leaving Farview we started for Honesdale. Here I may say that in running from Carbondale to Honesdale on the Gravity there are twelve planes, eight up hill and four down hill; the up hill ones following each other and are numbered, commencing at Carbondale from one to eight, number six being the shortest, or 1,252 feet long, number one the longest, being 1,479 feet. The four down planes are numbered 10, 11 and 12, the shortest being 1,322 and the longest 1,463 feet, the steepest being No. 5, where the ascent is one foot in 9.95-100 feet. After descending plane No. 12 Waymart is reached, and from there to Honesdale—distance ten miles, called Ten Mile Level—the cars run by their own gravity, the grade being 454 feet per mile. In returning to Carbondale there are eight planes, all up hill, numbered 13 to 20, the shortest being 629 feet (No. 14) and the longest 2,630 feet (No. 19). The grade of No. 13 is one foot in 5.00-100 feet, and the other extreme is No. 18, where it is one foot in 12.72 100 feet. There are levels between all the planes on the light track; the one from the summit to Carbondale is six miles, called Six Mile Level, the grade being over 100 feet to the mile. No. 19 is the longest, being over half a mile in length.

At Honesdale we were met by the press committee and citizens and, with a band in the lead, were escorted to the Central theatre, where a splendid lunch was spread for us. It was a feast and all enjoyed it. After lunch we were taken to the principal parts of the town in carriages. The town well deserves its reputation for the hospitality, culture and refinement of its citizens.

Honesdale is the capital of Wayne county, and is located at the head of the Del. & Hud. Canal; it is 135 miles from New York city, via the Erie Railway, and 32 miles from Scranton, with which it is connected by the celebrated Gravity Railroad, six passenger trains, daily, each way, being run over the road.

The town is beautiful and beautifully located 1,000 feet above the tide; is supplied with the purest water from mountain lakes; has both gas and electric works; superbly paved walks and streets shaded by elms and maples; coal works one mile in length; three shoe factories; glass cutting establishment, glass decorating establishment, and glass factory; silk and woolen mills; ax factory; machine shops; three newspapers, etc.

Our attention was called to the fact that the first locomotive that ever turned a wheel upon a railway in America, was the "Stourbridge Lion," railroad—the Delaware & Hudson Gravity; place Honesdale, Wayne Co., Pa.; date—Aug. 8th, 1825; engineer—Horatio Allen, who died at Montrose, N. J., Dec. 31st, 1889, aged 87 years, 7 months and 21 days. The first load of coal passed over the road Oct. 9th, 1825. The first passenger trains commenced running over the Gravity, April 5, 1877.

Among those I met in this beautiful and progressive town was our old friend and employer, ex-Judge Henry Wilson, one of the best hearted men I ever knew or labored under. I last saw him 22 years ago. Time has not made much of a change in him and he is the same kind, good natured and courteous gentleman of years ago. Judge Wilson is an old practical and theoretical newspaper man.

We were sorry to leave Honesdale, but orders were imperative and at 4:30 p. m. we started back for Scranton, arriving there at 7. In the evening it was so pleasant with the excursionists.

At 8 a. m. Thursday, 14th, we left Scranton and the Lackawanna coal fields in the rear and were on our way through Wayne and Susquehanna for Albany, N. Y., where we arrived at 2:30 p. m. and made our headquarters at the Delavan House. The journey to this city was a delightful one.

At 4:40 p. m. a majority of the party left for Saratoga, returning at 11:30 p. m. They had a splendid time and a special concert was given in their honor in true Saratoga style.

On Friday at 8:30 a. m. we left Albany on the "New York," one of the largest steamers on the Hudson river, and bound for the great metropolis. The trip was a grand one and one of the features of the excursion. We read about the grandeur of the scenery that lines this great stream, but we must see it to fully appreciate it. It is truly the Rhine of America. The Poughkeepsie bridge attracted considerable attention and the connections it has made and will lead to were the subjects of much discussion. It is a very long and high bridge and a train of cars passing over it looked to us like one of the miniature steam engine and cars sold in toy shops.

We had a French dancing master from the coal region with us. As the boat passed under the bridge he danced and bowed, keeping time by raising his hat, in the most grotesque manner. One of the men on the train above "got on to him" and we could just hear his cry, "Every dude takes his hat off to us."

We arrived at the 23d street wharf, New York City, at 5:30 p. m. The party then became divided, some going to Coner Island to witness the grand display of fireworks, others going to the city places of amusement, and many starting out for a tour of general sight-seeing. On Saturday we were homeward bound. A few remained in the city until Monday.

This year's outing of the Association was certainly one of the best. The older members were absent. We are sorry, for they missed a magnificent trip. E. H. Thomas, Jr., who had sole charge of the arrangements, deserves a unanimous vote of thanks from the Association. He was untiring in his efforts to make everybody comfortable and to carry out the enjoyable programme. He accomplished his mission and the newspaper men of Pennsylvania will always reserve a space, top of column, next to reading matter, or any other position that may be desirable, to him.

To the Pennsylvania Railroad and Delaware and Hudson Railroad Company the thanks of the Association are also due for the admirable transportation arrangements and for the many courtesies extended. We shall also see that a s. t. o. c. n. t. r. m. is reserved for them. Both companies did their prettiest and their conductors, brakemen, engineers, firemen and all other employes carried out their instructions to the letter.

There was but one accident. A lady sprained her ankle in stepping off the train at Albany, but she was, fortunately, able to accompany us to the end of our journey.

Dr. Adams, of Philadelphia; "Tom" Vernon, of Media; Vogle, of Greensburg, and James, of Ashland, were the life of the party. But I was almost forgetting "Uncle Harry," who was deputized to keep them straight.

The next trip will probably be to Reading, although some favor Chicago. The people of Reading offer to do the handsome thing with all.

On our way home from New York we met our old friend, Gen. J. A. M. Passmore, who had been to Saratoga. He was an agreeable addition to our company and entertained us in his usual pleasant way.

Bucklen's Arnica Salve.
The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no payment required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by C. H. Hagenbuch.

TRUE AMERICANS.
The Sixth Annual Convention of the P. O. T. A.
The Sixth Annual Convention of the State Camp of the Patriotic Order of True Americans will be held at Lebanon, opening to-day.

A number of important changes in the order will be considered. Among them will be the alteration of the clause in the constitution relating to the eligibility of candidates for membership. At present only men who are members of the P. O. S. of A. can join. An effort will be made to admit all men born in this country.

Miss Lillie Brown, of Reading, is one of the leading candidates for State President.

DIVISION OF THE LOCAL WARDS

THE MATTER AGAIN BEFORE THE COURT.

NEW PROCEEDINGS INSTITUTED

It Was Discovered That the Papers in the Original Proceedings Had Been Mislaid and Viewers Reappointed.

SEVERAL months ago, through the efforts of the HERALD and a few wide awake citizens, a movement was put on foot to have the wards of town divided in anticipation of the new system of voting under the Baker ballot law. Petitions and other papers were presented to the court and in due time A. E. Cochran, Jacob G. Frick and James H. Mudey were appointed viewers to examine into the propriety of making the division. The inquiry was made and, notwithstanding a desperate fight by Democrats who claimed the movement was a political one, aided by a few lukewarm Republicans, the viewers reported in favor of the division.

The report went before the court for argument. After weeks of delay the matter was submitted without argument. The interested parties waited patiently for many more weeks, in the hope of securing a decision, but it did not come and when finally S. G. M. Hollopeter, Esq., attorney for the petitioners, made inquiry as to the cause of the delay, it was discovered that the papers in the case had been mislaid. Following in the wake of this discovery came an appeal from heretofore indifferent citizens for a division of the wards.

Yesterday Mr. Hollopeter took another course in the matter. Armed with a petition signed by a number of influential citizens, he appeared before the court at Pottsville and withdrew all the old proceedings. He then presented the new papers and asked for the re-appointment of viewers. The court took the papers and at once re-appointed A. E. Cochran, Jacob G. Frick and James H. Mudey to examine and report on the matter.

It would have taken some time to trace the missing papers, and perhaps they would never be found, so Mr. Hollopeter's withdrawal of all proceedings under them and the substitution of new ones is considered the most wise.

SECOND CLASS.
The Mahanoy City Post Office Moves a Step Higher.

Owing to the increased receipts in the Mahanoy City postoffice for the four quarters ending July 1st, the President has advanced that office from the third to second grade, which advances the salary of the postmaster to \$2,000 a year. Postmaster Medler is congratulated.

THE TICKET.
Pershing, Reilly, Ryan, Marshall and Derr Nominated.

The following ticket was nominated at the Democratic county convention at Pottsville yesterday: Judge, Hon. Cyrus L. Pershing; Congressman, Hon. James B. Reilly; District Attorney, James A. Ryan; Coroner, Dr. Marshall; Director of the Poor, William Derr.

A Valuable Remedy.
Hon. Edmund L. Pitts, the late president of the New York State Senate, writes: "STATE OF NEW YORK, Senate Chamber, Albany, March 11, 1885.

I have used Alcock's Porous Plasters in my family for the past five years, and can truthfully say they are a valuable remedy and effect great cures. I would not be without them. I have in several instances given some to friends suffering with weak and lame backs, and they have invariably afforded certain and speedy relief. They cannot be too highly commended."

A Great Stock.
Five thousand novels, the latest and best issued, selling at 25 cents other places, for sale at Max Rosse's for 10 cents. The finest playing cards in the market 5 cents per pack.

Buy Keystone Flour. Be sure that the name LUSSE & Co., Ashland, Pa., is printed on every sack. 3-3-34w

Do not miss the Cleveland races. Low excursion rates via the Nickel Plate. See Nickel Plate agents. 7-16-td

ANOTHER RAILROAD.

New Connection Springing From Recent Pennsylvania Deals.

Announcement has been made that a charter has been granted to a corporation to be known as the Girardville Railroad Company, with a capital of \$50,000.

This company is an offspring of the Pennsylvania Railroad Company, in whose interest the Wm. Penn colliery was recently purchased.

Under the charter a railroad will be connected with the Pennsylvania Schuylkill Valley Railroad's terminus in the southern part of town and extended to Girardville. The length of the road is fixed at five miles.

This new departure is the beginning, according to certain people who seem well informed, of a determined movement on the part of the Pennsylvania Railroad Company to extend its line westward through this valley and eventually make connection with its Sunbury and Mt. Carmel road, known as the Northern Central.

In time, it is believed, the Pennsylvania will abandon its lease of the Philadelphia and Reading Railroad, cover that distance Wetherill Junction and, with the link by a road of its own, the Girardville railroad foreshadowed by the Girardville will have a charter, the Pennsylvania via Shamokin, through line from Sunbury, Shenandoah, Mt. Carmel, Girardville, Pottsville, Frackville, Wetherill Junction, and Philadelphia.

Of the Girardville road Henry D. Weisbach, Philadelphia, is President, and the directors are John P. Green, Samuel H. Ford, William A. Patton, Joseph U. Crawford, P. B. Prince, F. W. Swartz.

ALIVE AND WELL.
The Imprisoned Miner in Ellengowan Colliery Recovered.

Gustav Miskell, the Polish miner of town who was closed in in the Ellengowan colliery yesterday morning by the debris blown down by the explosion, was taken out of his place of imprisonment at 2:30 o'clock yesterday afternoon, alive and uninjured.

Off for Europe.
Max Shapiro, of Boston, who was the guest of relatives in town, left to-day for New York City, from which place he will sail Thursday on the express steamer "Columbia" for Hamburg, Germany. His brother, Isaac, of town, will accompany him to New York and will go from there to Boston to spend a couple of weeks with friends.

No greater friend of the family can be found than the Genuine Imported Anchor Pain Expeller. It is and ever will be the "best" remedy for Rheumatism, Gout, Influenza, Backache, Pains in the Side, Obst and Joint, Neuralgia, Sprains, &c. It brings quick and happy relief. Sold at 50 cents per bottle, at C. H. Hagenbuch, P. P. D. Kirlin, J. M. Hillan and other druggists.

Down Again.
The News seems to be in hard luck, politically.

The News did not want Pattison elected Governor. Disappointment No. 1.

David B. Hill was its choice for the Presidency. Disappointment No. 2.

Ryan was the News' choice for Judge, and again it is left.

The fourth disappointment will appear in the form of an ultimate victory over the public water works schemers.

When you see it in the News, don't believe it.

The Ladies.
The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package.

Here's Richness.
Col. Scheffly must have been joking, yesterday, when he presented the following resolution in the Democratic convention which passed that enlightened (?) body: "Resolved, That in nominating Adlai E. Stevenson for the office of Vice President the National Democratic Convention presented to the people of the United States a parliamentary, a statesman, a gentleman and a SOLDIER."

Cool Shade.
Can be found at Vermillion, O., and those who wish to attend the camp meetings at that place during July and August can procure excursion tickets via the Nickel Plate from June 21st to August 23rd at special rates. 7-16-20

Best work done at Brennan's steam laundry. Everything white and spotless. Lace curtains a specialty. All work guaranteed.
