FIFTEEN MEN PERISH

A Terrible Disaster Occurs at York Farm Colliery Near Pottsville.

SIX RESCUED ALIVE BUT THEY DIE.

Nine Men Killed Outright—An Explosion of Mine Gas Did It. The Foreman of the Colliery Says the Cause is a Mystery—Bodies of the Victims Terribly Burned and Mutilated.

EN to the number of fifteen perished on Saturday by reason of an explosion of gas in the York Farm colliery, on the western outskirts of Pottsville. Nine of the men were killed outright. Seven were taken out of the mine alive, but horribly mutilated and burned, and six of them died before Sunday morning. The seventh man still lives, but there is little hope for recovery. His name is George Stock. He is 24 years of age and was married but three weeks ago. His home is in Yorkville.

THOSE WHO PERISHED.

William Jones, 17 years, door boy, son of Richard Jones, of Minersville.

William Wayman, 31 years, married, wife and three small children. His home was at Minersville. He was a son of George Weyman of Sheffer's Hill. The dead man at one time resided at Grardville.

Thomas Jones, 35 years, married, wife and four children. Lived on New Castle street, Minersville, and up to within about

street, in West Norwegian township. Died at 4 o'clock yesterday morning. Leaves a wife and three small children.

Thomas F. Landers, 27 years, married, wife and child. Home at Fishbach and formerly lived at New street. His death occurred at 11 p. m. Saturday.

Robert Douglas Allott, 42 years, resided at Seventh and Fairview streets, Pottsville. Leaves a wife and eight children. Removed from Mahanoy City three weeks ago. Died at 2:17 o'clock yesterday morning.

Charles Douglas Allott, 17 years, a son of the above, died yesterday morning.

Harry Madars, 31 years, lived at Mt. Hope, and leaves a wife and five children. His agony ended at 8 o'clock Saturday night.

The disaster is the most appalling that has ever occurred in the Schuylkill region. The cause is surrounded by mystery and the only chance for clearing it up lies in the recovery of George Stock. He is the only surviving man who worked in the section of the mine where the explosion occurred and his condition is too critical to allow any investigation at present.

William Leckie, the inside foreman of the mine, says that all the men on the first

POLITICAL AND OTHER MATTERS

The Lansford "Record" Raises a Cry Against the Schuylkill Democrats for not Nominating John W. Ryan.

IT is hoped that the managers of the public reading room to be opened in town will include in its collections copies of the constitutions of the United States and Pennsylvania and that the members of the joint water committee will become enthusiastic patrons of the noble cause.

Even the Carbon county papers have revolted against the action of the Democratic county convention in nominating Pershing for Judge. The Lansford Record says:

"The Schuylkill Democracy did not have backbone enough on Monday to administer to Judge Pershing his proper medicine. A man who was thrown out of the Republican convention, and a man who once refused to abide by the decision of a Democratic convention, should have no claims upon either party. On the other hand Judge Pershing need not thank the Democrats for the nomination this year. In their hearts they have no use for him. He was nominated because candidates Reilly and Ryan thought it would make their canvass easier. To turn down a life-long Democrat like Hon. John W. Ryan for a Murkump like Cyrus L. Pershing maketh the heart sick. The Schuylkill Democrats deserve to be whipped this year on the Judgeship."

The Lansford Record is edited by Hon. J. W. Malloy, an ex-member of the Legislature, and a Democrat whose loyalty to the party has never been questioned. His sentiments are not to be sniffed at and he has many warm Democratic friends in this county.

It is quite amusing to listen to the criticisms of Democrats who think that Judge Ryan should take his defeat before the Democratic county convention philosophically. They think that Ryan should bow to the majority. But some Democrats would like to know how it is with Judge Pershing. He was a candidate before the Republican convention and defeated. If he had taken his defeat philosophically and had abided by the decision of the majority, he would not have been a candidate before the Democratic convention.

To change the subject, there would be more travel, and greater convenience would be afforded the patrons of Lakeside, if the Philadelphia and Reading Railroad officials would make arrangements to have train No. 6 going south about 11 a. m., stop at the resort. The stopping of trains Nos. 3 and 9, going north, would also be desirable. Lakeside is not the pumpkin pie and lemonade grounds of the past and the railroad company will find it advantageous to give the public all possible means for reaching the place.

Edward Curran, 36 years, lived at New

level of the colliery, where the explosion occurred, used locked safety lamps. The men in the second lift used the same kind of lamps. A boy was kept on guard in tunnel No. 1 to prevent any one entering with a naked lamp. With all these precautions Mr. Leckie cannot understand how the explosion occurred, unless a safety lamp was dropped and the gauze was so injured that it allowed the flame to come in contact with the gas and ignited it.

The explosion took place on the first level, a depth of 1,025 feet down the slope. The veins on this lift are cut by a tunnel running north and south and fifteen hundred feet from the opening of the tunnel.

More "Times" Trash.
 The alleged interview published in the Philadelphia Times, wherein Hon. D. D. Phillips, of Gordon, is reported as having predicted the re-elections of Pershing and Reilly, the candidates for Judge and Congress, respectively, is a malicious piece of misrepresentation. Mr. Phillips is confined to his home in Gordon by illness and has had no interview with any newspaper man. But a contradiction should not be required. The article on its face is too ridiculous for comparison with what the people of Schuylkill know Mr. Phillips' sentiments to be.

Obituary.
 Frank Brown, one of the Lehigh Valley passenger train engineers, mourns the death of his wife, who died at Harrisburg Saturday morning. The remains arrived at Pottsville Saturday night. The funeral will take place at Pottsville to-morrow afternoon. Mrs. Brown formerly resided at Delano. She had been ill a long time and had sought medical treatment at Harrisburg.
