PETER'S PUNGENT PENCIL PUSHING

A PARAGRAPH OR TWO ON THE BASIS.

THE BASIS RAISE COUNTERACTED

What the People Need is Full Time With the Basis—The Democrats and Division of the Wards.

BUSINESS last week showed a marked improvement over the balance of the season, but the improvement must increase and hold fast for some time before the effects of the dull season will begin to wear off.

The announcement that the P. & R. C. & L. Co. would pay the full basis wages raised the spirits of both miners and business men and they had entered upon the notion that the Goodness of Plenty had at last packed up her trunk and had started for a stay in this section for a while, but the order received on Wednesday to work the collieries had three days of the past week knocked the rosy hue off the expectations and caused comments not very complimentary to the operators.

If any section of the anthracite region needs a taste of full time and full basis Shenandoah is the place and if she does not get it soon we would not be surprised to hear the miners tell the company to stick the whole business into its coffers—collieries, basis and all.

It is easy enough to understand how the Reading company is benefited by the "deal," but we cannot understand how it is that the people in the mining sections are not benefited by it. The prices of coal have been advanced enough already to not only give the miners the basis, but an increase of earnings, and there is no excuse for offsetting the full basis with a reduction of time.

The Mahanoy City *Tri-Weekly Record* says it is in receipt of a copy of the Rocky Mountain News, published at Denver, Col., in which appears an account of the death of Harry Sullivan, a Union Pacific Railroad switchman, who was stabbed in a number of places on Wednesday night, July 13, and died at a hospital July 29th. An Italian named Peter Ousta has been arrested on suspicion of being the murderer. Before dying Sullivan made a statement. He said his name was not Sullivan, but Daniel C. McClennigan. He did not tell why he had changed his name and spoke but little of his past. The only person who knew anything of Sullivan's past life was a Mrs. McCarthy. She says that Sullivan came from Schuylkill county and that when young he was connected with the Molly Maguires. When McParlan's identity became established and the prosecutions began McClennigan made his escape and drifted West, changing his name to Sullivan.

Watkin Waters Post, No. 146, G. A. R., has decided to hold a festival this year, instead of a camp fire. It will be held during the latter part of this month. The bill of fare will include such army rations as salt pork, bean soup and hard tack, washed with coffee.

The wily Democrats of town appear to be indifferent on the question of dividing the wards, but they hold dark lantern meetings. Keep your weather eye on Capt. Jack and his gang of Modocs. They are not as innocent as they appear to be.

The escape of Shenandoah from the drought complained of by every other town in the county and the replenishment of the reservoirs should not tempt people to become extravagant in the use of water. There is no fear of us running short, but the summer is not over and wastes will tax the best reservoirs.

From this time until the end of the summer months we very confidentially look forward to cool nights, nights that, other things being in right trim, will insure sound sleep, unless mosquitoes interpose with their tormenting buzzing and stings.

Runaway Car.
The brake of a freight car failed to work this morning at the Emrick street crossing and the brakeman was powerless to prevent a runaway. The brakeman hung on to the brake, trying his best to make a halt, but the car ran on to Centre street, where it jumped the track and crashed into one of the safety gates. The crash stopped the car and knocked the gate from its fastenings. The brakeman escaped injury.

EXPLANATION—NOT APOLOGY

Something for the Benefit of the Councilmen Concerning Bills.

About two years ago there was a weekly paper started here which was known as the *Dispatch*, but since then there has been nothing heard of it until it turned up again at the last meeting of the Borough Council, in the shape of a bill with a *Dispatch* bill-head, giving John F. Finney as manager. The bill called for \$12 for publishing the notices of special election. This is the way these parties take care of taxpayers' interests. The *Dispatch*'s bill for publishing the same thing is \$25. They might just as well make it \$100. The bill of the *Sunday News* for the same service was \$3. The *Schuylkill Haven Call* and the *Church Tidings* bills have not yet turned up.—*The S' News*.

The above item needs explanation for the benefit of some people who do not understand why the *HERALD* bill is larger than that of the *News*.

Before "De Ato" went into power and formed an illegal compact to do certain things, among them to annihilate the *HERALD* by withholding all patronage from it and, in the language of one of its members, declared that "B'yer will get—this year" (the full sentence is too foul for public print) the rates charged the borough, all corporations and individuals who were not regular advertisers, or where no special rates were agreed upon, were uniform with all papers of the borough as the bills he before paid by Council will show.

When the illegal combine went into power the *HERALD* saw no reason for diverting from the regular rates. The *News* did. The reason is known only to the publishers of the latter paper and the illegal combine.

The advertising for which the *HERALD* asks pay was ordered by Borough Solicitor Pomeroy and A. B. Lamb. The *HERALD* has witnesses to prove Mr. Pomeroy's order, but their statements are not required at this time, as Mr. Pomeroy does not deny having given it. As to Lamb, he dare not attempt to deny the *HERALD*'s authority for making the publications, for we still have his written order in our possession, and the following is a copy of it:

"Shenandoah, Pa., June 1st, 1892
"Editor Shenandoah Herald:
"DEAR SIR:—Please insert in every paper you issue, from now until the 14th of this month, a copy of the ordinance passed on the 6th day of May, 1892, pertaining to special election held on that date. Make it separate from that now published in notice of election.
"Yours etc.,
"A. B. LAMB."

Under the authority as above stated, the *HERALD* proceeded to insert the advertisements and charged for them the regular advertising rates, there having been no agreement for special rates.

Now the *HERALD* demands payment of its bills and objects to the *News* being taken as a standard for their correctness. The *News* has been well taken care of by the illegal combine and joint committee and what it sacrifices to create prejudice against the *HERALD* it more than makes up from other official sources. The public must bear in mind that the *News*, in addition to its advertising bill, received \$61 for printing the special election tickets, and these bills were paid without a murmur of objection.

The *HERALD* will not tolerate any "robbing Peter to pay Paul" business and will insist upon the payment of its legal claims. The *Schuylkill Press Association* will bear the *HERALD* out in the matter. At the meeting of that association last week it agreed upon a much higher rate than the *HERALD* has charged Council, so it expert testimony is required we will have no difficulty in showing that our rates are not exorbitant.

But we were forgetting that we cheated ourselves. In making out the bills our bookkeeper over-looked an insertion of one of the advertisements. We will ask the investigating committee to add the amount to that already claimed.

As to the *Dispatch* we have only this to say: The paper is issued at the *HERALD*'s office, and the advertisements were put in the paper under the written instructions of Mr. Lamb, namely—"please insert in every paper you issue" &c., and the specific verbal instructions of Borough Solicitor Pomeroy. But, while the *Dispatch* is issued at the *HERALD*'s office, it is not owned by the proprietor of the latter paper. It is issued for Mr. John F. Finney in consideration of a stated sum weekly, on the same plan as the *Frackville Item* was once issued from the office and the *Schuylkill Haven Call* is now issued. The advertisements were not put in the *Call* because the paper is not, as the *Dispatch*—a Shenandoah publication.

We hope the illegal combine will realize that by climbing down from the tree and paying our bill at an early date they will promote an economical policy.

Mr. Loucks was born near Lancaster, this state, on April 11th, 1820, and, consequently, his age was 72 years, 5 months and 27 days. He had been a resident of town for eighteen years. A widow and eight children survive him. The children are George and Ulysses Loucks, of Reading; Mrs. Henrietta, wife of Joshua Payne, of Ashland; Mrs. Kate, wife of John Hopkins, of Plymouth; Mrs. Alice, wife of John Blaker, of town, and Oliver, Emer and William Loucks, also of town. The funeral will take place at 2 p. m. tomorrow from the late residence of the deceased on South Jardin street.

Pure and Wholesome Quality.
Comments to public approval the California liquid laxative remedy, Syrup of Figs. It is pleasant to the taste and by acting gently on the kidneys, liver and bowels to cleanse the system effectually, it promotes the health and comfort of all who use it, and with millions it is the best and only remedy.

Bids Wanted.
In another column of this paper will be found an advertisement for proposals for the tearing down and rebuilding of a stone wall at the Lloyd street public school building. The bids will be received by the committee on building and repairs, of which H. J. Muldoon is chairman.

Unfavorable Change.
The many friends of Jacob Kreiger, who was accidentally shot on the 30th ult., will regret to learn that there is a very unfavorable change in his condition and the hopes for his recovery have weakened. The young man was doing very well until an ugly cough commenced to bother him. The doctors say the cough is due to the bullet passing close to the windpipe. Last night it caused the cartoid artery to rupture and the hemorrhage led to the loss of about two quarts of blood, weakening him very much. He was slightly improved to-day.

BASE BALL.
The *Lost Creek* Team Suffers Defeat by the *Home* Team.

The regular Shenandoah club defeated the *Lost Creek* team that was noteworthy for the errors made by both sides. During the first part of the game, the first four innings, the game stood 4 to 0 in favor of the visitors. In the fifth inning the home players commenced to hit the ball and the visitors became rattled. The score by innings was:

Shenandoah.....0 0 0 2 3 2 4-15
Lost Creek.....4 0 0 2 0 0 0-8
Flaherty struck out 8 and Scanlan 7. *Lost Creek* made three 2-baggers. Shenandoah, three 2-baggers and a three base hit. David Riley was umpire.

POLITICAL POINTS.
Local, County, State and National Themes Considered.

Congress has adjourned. Thank the Lord.
By the way, this isn't a good year for gerrymanders.

Cleveland will not carry New York this year. Carry the news to Gray Gables. Dana has gone to Europe in order to support Cleveland more effectually.
It is to be hoped the Columbian fair will not break up like Congress did last week. Those who have counted on a quiet political campaign this year will be greatly fooled. Lively will be no name for it.

Things are not very lovely for the Democrats in South Carolina, Alabama, North Carolina and Tennessee. With half a chance the Republicans could carry at least two of these states and worry the enemy very much about the other two.

Political marching music is now being rehearsed by the brass bands.
The popular thing with marching clubs this year will be an umbrella with a torch on top.
