HOMESTEADERS JOYFUL

Non-Unionist Desertions Make Strikers Hopeful.

END OF THE TROUBLE AT DUQUESNE.

Nearly Six Hundred of the Old Men Go Buck to Work-Rioters Hold-Amalgamat A Association and Iron Manufacfurers to Confer To-Day.

HOMESTEAD, Aug. 6.—It would be hard to flud a more jubilant or more hopeful s : of men than are the Homestead strikers to-day. Not since the beginning of the present conflict have they been so confident of success. Last week many of them were going around attired in their Sunday clothes and despondent looks. They were beginning to feel that the battle was about as good as lost, and the leaders experienced no tittle difficulty in keeping the discouraged ones in line,

It is different now. This sudden change in the situation was brought about by so many of the company's non-unionists deserting their posts yesterday. From the fime the main entrance to "Fort Frick" was opened in the morning until it closed in the evening men continued to leave the mill. Those who came out through the main gate were received with open arms by the strikers, who conducted them to their headquarters two squares distant.

Here were assembled all through the day several hundred idle steel workers, and the strival of such account.

The deserters from the little army of imprisoned workmen were provided with transportation to their homes, the majority of them being sent to Philadelphia and Baltimore.

Chairman Crawford of the Advisory Committee said this morning that over

Committee said, this morning, that over 150 men had come from the mill to Amalgamated headquarters during the day.
"We have the names of 146 of them,"
said Mr. Crawford, "and we have it that fully that many took their departure by boat. It is no exaggeration to say that boat. It is no exaggeration to say that over 400 have left the company's employ since Saturday. They represented the more intelligent workmen secured by the company. Such a stampede of the men who came here to take our places naturally encourages us, and we feel to-day that we have the fight as good as won."

The men are in cestactices of delight at the new turn in affairs. In consequence, they are now more confident than ever that it will only be a short time until the company will give in and they will be

Lieut.-Col. James B. Streator was unanimously re-elected to his position in the 10th Regiment last evening, his term having expired. This is a complete vin-dication of his course in the Private Tams affair by the latter's comrudes. When the news reached this side of the river the three regiments gave three cheers. Richard Nichols, the night superin-tendent and puddle boss at the Thirtytendent and public boss at the Thirty-third street mill in Pittaburg, has resigned and to-day made report to the strikers. He says he quit work because he was asked to do all sorts of work for the performance of which no persons had been secured. None of the iron made by the non-union men, he says, has been worth anything, being burned and sent to the "scrap-pile." He reports the company has really accomplished nothing, but has spent a great deal of money in attempting to run with the unskilled workhas spent a great deal of money in at-tempting to run with the unskilled workmen now employed. Nichols, the strikers claim, is a spy for the company and they say his resignation is a scheme to obtain knowledge of their movements.

McQuaide for the depoliceman at the Duquesne works, and the informant in these cases, was the first witness, and testified that he had seen he crowd about the gate and heard the threaten the men who tried to enter the mill. Many of the men had clubs.

A number of other witnesses were examined, and Squire Reilly finally held Ursie, Essier, Bukie, Bennett, Kennady, Hogan, Nolan, Hans and Coates, for court, and fixed ball at \$1,000. Snyder and McLenn were released on parole to ap-pear for a further hearing. All the men got bail except Ursie, who want to jull, Secretary Lovejoy, when asked what the plans of the company toward the Homestend strikers were said:

CANADA'S BACKDOWN.

Montreal Grain Shippers Claim it is a Breach of Faith.

MONTREAL, Aug. 9.—The Montreal grain shippers are greatly excited over the news from Ottawa that the Canadian Government, in order to avoid retaliation by President Harrison, has decided to abolish the rebate of 18 cents per ton on all grain shipped by the St. Lawrence canals to Montreal.
