THE GREAT PARADE.

25,000 Knights Templar in the Procession at Denver.

DENVER, Col., Aug. 10.—Yesterday was the biggest day of the great triennial Knights Templar convocation. Everybody expected it would be and no one was disappointed. It was the day of the great parade and the formal opening of the business session of the grand encampment. The parade was the great public demonstration and, of course, attracted the most attention.

It was a magnificent affair. Several of the commanderies were mounted, but the largest part of them were on foot. The total number of uniformed knights who took part in the parade exceeded 35,000, while an equal number occupied the grand stands and the buildings watching them pass. The line was enlivened by the music of 300 bands.

The night's rain, while it had spoiled the beauty of some of the decorations, cooled the air greatly, and made life pleasant for the visitors in the city. Preparations for the grand parade were all completed Monday night. Orders were issued to be in place at 9 o'clock and at the time they were all ready. After waiting an hour three guns were fired and the head of the procession began to move.

Just at the same time Grand Master Cobin and his escort, St. John's commandery of Philadelphia started from the Brown Place Hotel for the reviewing stand at Sixteenth and Logan avenues.

The line of march of the procession began on 14th street, crossed over Court Place to 16th street, then up Sixteenth avenue past the reviewing stand to Race street and then returned to the business section again.

After several miles of marching the parade broke up at the Masonic Temple. The Fourteenth Division formed on many side streets and took their places as the line moved along. As the start was made at 10 o'clock with 29,000 men in line the rear end was hardly in motion two hours later.

DENIAL BY THE CRAMPS.

Say They Have Not Signed Contracts to Build Three New Steamships.

PHILADELPHIA, Aug. 10.—The Cramps deny that they have signed contracts with the Inman Company for three new trans-atlantic steamships. Nothing will be done in this respect until the return in a few days of President Griscum of the steamship company, who is now on his way home from Europe.

Mr. Dallett, of Boulton, Bliss & Dallett, the owners of the Red D line of New York, said today:

"The contracts are signed. I saw Charles Cramp a few days ago and he told me that they had the drawings and specifications. The bill calls for two ships of 11,000 tons each, but I understand that three vessels each of 11,000 tons are contracted for. This will give Americans a chance to show what they can do in building ships."

"I remarked to Mr. Cramp that the firm should build a ship, not only the peer of the Paris or New York, but one that would far exceed either, and he agreed with me."

THE CHARGES DROPPED.

Bank Wrecker Faulkner Will Not Be Prosecuted Further.

BUFFALO, N. Y., Aug. 10.—Ex-President James B. Faulkner, of the First National Bank of Danville, the story of whose pardon and subsequent re-arrest has been told in these dispatches, will not be prosecuted further.

District Attorney Reed, of Livingston county, telegraphed Sheriff Beck late on Monday not to execute the warrant previously sent him, but to wait for his letter. The telegram came too late, however, as the arrest had been made.

In his letter, which has just reached here, Mr. Reed explained that as Faulkner had already been in the penitentiary one and a half years there was a disposition to let matters against him ease up. Since he had been pardoned by the President it was felt best to let the other charges drop.

Faulkner has been released from jail.

The Iron Hall Trouble.

PHILADELPHIA, Aug. 10.—It is asserted that Judge Fell of Common Pleas Court No. 2 has indicated to Charles H. Krumlin, State Superintendent of Banking, through an attorney, that he will this week entertain a petition for the appointment of a receiver for the Mutual Banking Company, which is the local depository of the Iron Hall and with which Supreme Justice Somerby of the order is prominently identified. Canada's Government Has Not Decided.

OTTAWA, Ont., Aug. 10.—Hon. Mackenzie Powell, when asked as to the truth of the report that the Government had abolished rebates on freight coming through the Welland Canal and transhipped on its way to Montreal, replied that the Government had so far come to no decision and that another meeting of the Cabinet will be held in a few days and the matter further discussed.

PITTSBURGH, Aug. 10.—Everything is quiet in the vicinity of Carnegie Union Mills today. The 18-inch and 20-inch mills were run this morning by shifting the crews from other departments. FAST TRIP OF THE TREASURE TRAIN.

It Made the Long Journey Without Accident—Unloading the Gold.

NEW YORK, Aug. 10.—The special train carrying \$20,000,000 from the San Francisco mint, which reached here yesterday, made the trip from San Francisco in a little less than 112 hours, which the trainmen say is the fastest time ever made from San Francisco to New York.

The train made the long journey without an accident of any sort. The train was met at the Grand Central station by Second Assistant Postmaster-General J. Lowrie Bell, who took charge of the transfer of the money from the station to the Sub-Treasury.

The \$20,000,000 was packed in 500 boxes, \$40,000 to each box, which weighed 100 pounds.

There were thirty-five boxes put in most of the wagons, the drivers of which were sworn United States mail drivers.

Two guards rode on each wagon on the journey to the Sub-Treasury. The wagons were loaded, five at a time. Assistant Treasurer Ellis H. Roberts, who has charge of the Sub-Treasury in this city, where the trainload of gold was safely stored away, said:

"Monday night we had in the vaults \$121,000,000, of which \$43,000,000 was gold, so when the \$20,000,000 of gold which the train brought in is put in the vaults there will be altogether \$141,000,000 in the building.

"Although that is a large amount, it is by no means the largest amount we have had here at one time, as within the past three years there was at one time over \$200,000,000 in the vaults. I have no idea when the next shipment will be made from San Francisco."

The Sub-Treasury in Wall street is strongly fortified against any attack that may be made against it. There are four Gatling guns within its walls, in addition to a large number of rifles, revolvers and grenades.

It is connected with two police precinct station houses by direct wires, and there are also two special wires for the Fire Department. There is always a large enough force of men on hand night and day to protect the treasure stored in the vaults.

THE CASE OF DR. GEORG.

Gov. Brown's Report of the Indignity Placed Upon the Swiss Legate.

WASHINGTON, Aug. 10.—Attorney-General Fox, of Maryland, called upon Secretary of State Foster yesterday and handed him the report of Gov. Brown, of Maryland, in regard to the arrest of Dr. Georg, attaché of the Swiss Legation, who was arrested at Bay Ridge, Md., charged with appropriating the purse of a Mrs. Eerde, of Baltimore.

Gov. Brown, after reciting the facts in the case, says: "It is clear that under the accusation, for which there is not the slightest color of excuse, Dr. Georg has been subjected to a gross indignity. Unfortunately it is not within my power to mark my condemnation of this indignity by any punishment further than by calling for the prompt dismissal of the officer, Deputy Sheriff Lowman, who made the arrest, whose blunder was the occasion of this most deplorable incident. This I have done."

"He has been discharged from the service of the sheriff and of the Bay Ridge authorities, and will not be reinstated." Governor Brown asks that Dr. Georg and the Swiss Legation be made aware of his official action in the matter and at the same time to express his profound regret at the unfortunate occurrence and his inability to offer Dr. Georg any further redress or reparation for the affront to which he has been subjected.

In conclusion, Governor Brown says that under the laws of Maryland the Governor has no power to punish the officer who made the arrest further than dismissing him from office.

Brilliant Meteor Observed.

CHICAGO, Aug. 10.—A brilliant colored meteor visible to Chicagoans shot across the northern sky at 10:10 p. m., Monday night. Its course was from the east to the west, parallel to the earth's surface and midway between the horizon and the zenith. After darting ahead for ten seconds it broke like a sky rocket, sending glittering fragments far and wide. The train of the meteor was filled with all the colors of the rainbow, and after the bursting the luminous rays remained plainly visible for half a minute.

Eight Were Drowned.

CHARLESTON, S. C., Aug. 10.—A ferry-boat plying between the mainland and Sullivan's island was swamped yesterday. The captain of the vessel and seven of his passengers were drowned. Four passengers were rescued. The boat was a bateau sloop used in transporting vegetables and hucksters to and from the island, which is a summer resort. The accident was caused by the boat being overloaded. Seven of the drowned were negro hucksters.

Conley Outlaws Attend Church.

PITTSBURGH, Aug. 10.—News has been received here that the Conley gang of outlaws boldly attended church in Smithfield Village, Fayette county, on Sunday night. They were recognized by many in the congregation, but these people were too much terrified to give the alarm. The bandits were peaceful and apparently devout and dropped money liberally into the contribution box. They then rode off.

Corbett's Special Train.

ASHBURY PARK, N. J., Aug. 10.—The special train that will take James J. Corbett to New Orleans for his fight with Sullivan has been definitely decided upon. William A. Brady, Corbett's manager, closed negotiations yesterday with the Piedmont Air Line. The train will leave here at 4 p. m. on Sept. 1, and will make the run in 40 hours, arriving in New Orleans at 7:30 on the morning of Sept. 5.

SCHENECTADY, N. Y., Aug. 10.—During the wind storm yesterday a portion of the west brick wall of shop No. 1 of the Edison Works, which was burned a few weeks ago, fell and buried four Poles who were removing debris left by the fire. One of the men was killed, and the remaining three are fatally injured. A house in Edison Park was struck by lightning and burned to the ground.

Editor Ballard Smith Resigns.
