Deserving Praise

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. GRAVER TROUBLES FEARED

War Department Officials Greatly Excited Over Strike Reports.

WASHINGTON, Aug. 20.—There is much excitement at the War Department over the strikes growing up all over the country, and it is the opinion of the military authorities that serious trouble will yet result as the strike contagion spreads. While Assistant Secretary of War Grant and the other officers of the department are disposed to give out soothing news, it is known that they are greatly excited and believe the labor troubles already on are but a mild precursor of what is to follow.

Gen. L. A. Grant, Assistant Secretary of War, communicated to a reporter just what the mysterious telegrams received at the department contained. They were requisitions for the entire supply of arms, ammunitions and accoutrements to the credit of the State of Tennessee in the War Department. Those, embracing 600 stands of arms and 39,000 rounds of ammunition, were sent in the morning to Gov. Buchanan.

Gen. Grant explained that the arms and ammunition form only part of Tennessee's quota, under its allotment of \$10,000,000 for the support of the National Guard of the States, and that the Governor's requisition would have been honored at any time, regardless of the condition of affairs in the State. It so happened that the Governor had not previously availed himself of his legal privileges so far as the National Guard allotment was concerned.

Gen. Grant said that the department had refused an application to allow volunteers to use the Government armory at the University of Tennessee, for the reason that they were intended solely for the use of the cadets and could not be loaned to outside parties, no matter how commendable their purpose.

Assistant Secretary Grant said that while he was not in a position to state positively, he hardly thought the United States troops would be called out to quell the rioting miners. He said he thought the State troops of Tennessee would be sufficient.

Gen. Grant has telegraphed instructions to the commandant of the arsenal at Indianapolis to forward at once to the Governor of Tennessee at Knoxville, 600 stands of arms and 39,000 rounds of ammunition, for use by State authorities in suppressing miners' riots. This action was based on the formal requisition from Governor Buchanan.

WOULDN'T GO TO HOMESTEAD.

Idle Non-Union Men Refuse to Work for the Carnegie Company.

BELLEFONTE, Pa., Aug. 20.—The effort made here to hire men to go to Homestead failed. J. T. Munson, late superintendent of Gen. Beaver's nail works called a meeting of the idle iron workers of the nail works and Bellefonte furnace company, and about 100 men assembled to learn where they were wanted, as the call did not state.

When informed that they were wanted to go to Homestead the men voted unanimously to stay at home, although big inducements were offered. The decision was somewhat of a surprise to Munson, as well as everybody in Bellefonte, as few, if any, of the men belong to any union.

Munson, however, is still confident of securing at least 50 men to go to Homestead before the end of another week.

EVICTED TENANTS.

Parliament to be Called Upon to Reinstatement Them.

DUBLIN, Aug. 20.—The Dublin "Independent," in an article in to-day's issue, says that a great meeting will be held in Cork in a short time for the purpose of insisting that an autumn session of Parliament be held for the purpose of reinstating evicted tenants.

It will be borne in mind that when the House met Thursday Mr. Keir Hardie, one of the new Labor members, moved that such a session be held, but the Speaker would not allow it to be put, as he said the House could not consider such a resolution when the responsible Ministers of the Crown were not present in the House.

GLADSTONE'S CABINET.

Hoped in Rome That It Will Follow in the Steps of Its Predecessor.

ROME, Aug. 20.—The return of Mr. Gladstone to power is much commented upon by the papers inspired by the Radicals, as the Cabinet presided over by Lord Salisbury was a favorite in that quarter.

The reason for this is that the Conservatives always showed marked consideration for the Holy See and several important diplomatic questions were settled during the last Tory term of office. His return is expressed in many quarters that the new Cabinet will continue in and follow the traditions set by that which has gone out of office.

Price of Beef Going Up.

NEW YORK, Aug. 20.—A beef famine is one of the possibilities which may result from the strikes at Buffalo. Prices have already been advanced from one to four cents a pound on meats and about two cents a pound on poultry. This is caused not by any actual present shortage in supplies, but through fear of what may be within the next few days. Traffic must be resumed very speedily over the roads which supply this city and Brooklyn with food, or there will soon be actual suffering.

Tidings of a Kidnapped Boy.

NEW YORK, Aug. 20.—Seventeen years ago Edward Byrnes, a six-year-old son of Daniel Byrnes, of 799 Dean street, Brooklyn, was kidnapped, and though every effort was made by his father and the police no tidings of the missing boy were ever obtained. Superintendent Byrnes of this city received a letter a few days ago from Edward Byrnes, of Seattle, Wash., asking for the address of Daniel Byrnes. The latter was found by the Brooklyn police, and he was overjoyed to hear that his son was alive.

Senators Call on Corbett.

ARBUCKLE PARK, Aug. 20.—Fugilist Corbett was yesterday honored by a visit from two very distinguished men in the persons of United States Senators Call of Florida, and Pugh of Alabama. The two gentlemen had become very much interested in the fighter, and had journeyed here to visit him and see him train. Although not his training hour, Corbett stripped and, donning his suit, played a game of handball and punched the bag for 10 minutes.

IRON HALL'S ASSETS.

The Total Amount of Money on Deposit is \$1,315,415.

INDIANAPOLIS, Aug. 20.—F. D. Somerby, Supreme Justice of the Iron Hall, while on the stand in the receivership litigation, acknowledged that the Supreme Court had no right to donate the \$170,000 to the Mutual Bank of Philadelphia, but justified the act on the ground that it was imperative to save the half million on deposit there. He claims the donation was a deposit in fact, while Cashier Hayes says it was an investment, and, therefore, not subject to demand.

Charles Morrison, clerk for Supreme Cashier Davis, testified that the moneys of the order on deposit aggregate \$1,315,415.74.
