Carriers make a general collection at 6:00 a. m. and 7:00 p. m., and a general delivery at 7:15 a. m. and 3:15 p. m. Additional deliveries and collections are made in the business part of town at 10:15 a. m. and 2:00 p. m.

Fire Alarm Boxes.

The following list shows the location of the alarm boxes of the Shenandoah Fire Department:

LOCATION.

- 15—Coal and Bowers streets.
- 16—Bowers and Centre streets.
- 24—Bridge and Centre streets.
- 25—Main and Centre streets.
- 26—Main and Poplar streets.
- 35—Main and Coal streets.
- 42—Gilbert and Centre streets.
- 43—Gilbert and Cherry streets.
- 45—Chestnut and Coal streets.

To send an alarm open the box, pull down the hook once and let go. When an alarm is sent in the fire bell will sound the number of the box and repeat the alarm four times.

HOW TO LOCATE ALARMS.

If the alarm is sounded from box 15 the fire bell will strike one, then pause and strike five which will indicate that the fire is in the vicinity of No. 15 box. Every alarm is repeated four times.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

AT KEITER'S

THE BOROUGH'S
SANITARY CONDITION

COUNCILMEN COPE WITH THE SITUATION.

WHITE STREET PEOPLE COMPLAIN

Bitterly Against the Purcell Property and Mr. Purcell is Severely Criticized—Cleaning up Ordered.

It seems that the White street sanitary complaint will be interminable. Last night the matter was again before the Borough Council and over an hour was consumed in discussing it. W. P. Williams, Clayton Folmer, William Jones, William Neiswender, George Holvey, D. J. Doyle, William R. Wilde and a number of other people interested in properties on White street between Lloyd and Coal, appeared and made bitter complaint against the property of Martin P. Purcell. The gentlemen complained that his premises are only drained by an open gutter and some of the most disgusting and disease breeding filth flows from the property at times.

President James said that Council had received innumerable complaints against the Purcell and other properties, but when the time came for Council to take legal proceedings no one could be found willing to swear that nuisance existed. He cited the case of the borough against George Leitzel. People complained that Mr. Leitzel kept the barrels he used for cess pool cleanings on the pavement and they were a public nuisance. Council entered suit against Mr. Leitzel, but when the case was brought to trial almost every one living in the vicinity of the place complained of swore that there was no nuisance and the borough was obliged to pay \$200 costs.

At this point Messrs. Doyle, Jones, Williams and others present making complaints arose in a body and said they were prepared to swear that the Purcell property was creating a public nuisance.

The complainants said that they could see no other course than that Council instruct the Chief Burgess to bring suit against Mr. Purcell for maintaining a public nuisance and that when such a suit is instituted they will swear that Mr. Purcell is maintaining such a nuisance. The gentlemen also stated that when underground drains were put down in the streets Mr. Purcell refused to connect his properties with them and he now refuses to connect his properties with them because he considers \$25 too high a fee for the privilege.

D. J. Doyle said that owing to the improper grading of the gutter in front of his premises on White street the filth that flowed from the Purcell property formed a pool in front of his residence and sickness in his family was the result. Mr. Doyle said he expected Council to pay the \$75 doctor bill incurred.

President James said that he could not understand how Mr. Purcell could take the repeated complaints against his property with so much indifference. He thought that Mr. Purcell, as a citizen, should try and do something.

Finally the sanitary committee was instructed to notify Mr. Purcell and others to abate any public nuisances that may be found and prepare to bring suits in all cases where the nuisances are not abated.

President James also said that in view of the threatened cholera scare it was necessary that the sanitary committee and all members of Council do all in their power to have a general cleaning up of the town. That the borough officials have all public properties cleaned and lend assistance to individuals to clean their properties.

It was suggested that filth be swept out of gutters in piles upon the streets and that the supervisor send wagons around to remove the piles.

The consideration of sanitary matters occupied almost the exclusive attention of Council last night. It had been rumored that the business people on South Main street would petition Council to have the electric railway extended down that street, but no such petition was presented and nothing was said about the railway. Council was also silent on the question of public water works.

Every family should have the Genuine Imported Anchor Pain Expeller in the house. It is the best known remedy for Influenza, Backache, Pains in the Side, Chest and Joints. It is and ever will be the best remedy for all Rheumatic complaints. 25 prize medals awarded to the manufacturers of this valuable preparation. 50 cents a bottle, at C. H. Hagendach, P. P. D. Kirlin, J. M. Hillan, and other druggists.

The Place to Go.
Shenandoah people visiting the county seat (surnamed Pottsville) all call in the Academy Restaurant. Either J. F. Looney, the proprietor, greets you with a smile, or his genial brother, M. A. Cooney, welcomes you. It is the resort for all gentlemen from north of the mountain. 8-24-10

Lane's Family Medicine
Moves the bowels each day. Most people need to use it.

TIMELY TOPICS.

What People Are Talking About These Times.

Many property owners have heeded the warning to clean up and are repairing drains.

An announcement of full time at the collieries would have been received with more satisfaction by the miners than the three per cent.

The free reading room now has a steady run of patrons. It is a success.

The next regular meeting of the School Board will be held on the 7th inst.

Mahanoey City will draw a large crowd from town on America's Day.

The squires and police complain that business is dull.

People living in houses having damp and bad smelling cellars should use lime and carbolic acid freely.

CHOLERA DONT'S.

Prevention of Cholera Easier Than Cure. How Caught.

Healthy persons "catch" cholera by taking into their systems through the mouth, as in their food or drink, or from their hands, knives, forks, plates, tumblers, clothing, etc., the germs of the disease, which are always present in the discharges from the stomach and bowels of those sick with cholera.

Thorough cooking destroys the cholera germs; therefore:

Don't eat raw, uncooked articles of any kind, not even milk.

Don't eat or drink to excess. Use plain, wholesome, digestible food, as indigestion and diarrhoea favor an attack of cholera.

Don't drink unboiled water.

Don't eat or drink articles unless they have been thoroughly and recently cooked or boiled, and the more recent and hotter they are the safer.

Don't employ utensils in eating or drinking unless they have been recently put in boiling water; the more recent the safer.

Don't eat or handle food or drink with unwashed hands or receive it from the unwashed hands of others.

Don't use the hands for any purpose when soiled with cholera discharges; thoroughly cleanse them at once.

Personal cleanliness and cleanliness of the living and the sleeping rooms and their contents, and thorough ventilation should be rigidly enforced. Foul water, closets, sinks, saucets, cellars, etc., should be avoided, and when present should be referred to the Health Board at once and remedied.

The successful treatment and the prevention of the spread of this disease demand that its earliest manifestations be promptly recognized and treated; therefore:

Don't doctor yourself for bowel complaint, but go to bed and send for the nearest physician at once.

Don't wait, but send at once. If taken ill in the street, seek the nearest drug store, and demand prompt attention.

Don't permit vomit or diarrhoeal discharge to come in contact with food, drink or clothing. These discharges should be received in proper vessels and kept covered until removed under competent directions. Pour boiling water on them, put a strong solution of carbolic acid in them (not less than one part of acid to twenty of hot soap suds or water).

Don't wear, handle or use any articles of clothing or furniture that are soiled with cholera discharges. Pour boiling water on them and put them into it, and scrub them with the carbolic acid solution mentioned above, and promptly request the Health Board to remove them.

Don't be frightened, but do be cautious, and avoid excesses and unnecessary exposure of every kind.

Attention, P. O. S. of A.

Members of Camp 206, P. O. S. of A., are notified that the Camp has decided to go to Mahanoey City on America's Day, Sept. 5th, leaving here on the 9:05 a. m. Lehigh Valley train, headed by the Lost Creek band. Camp 255 will accompany us. Members will meet in their hall at 8:00 a. m. on above date, and it is urgently requested that a full attendance will be present. By order of the President, 9-2-10 C. T. TRACORN, Sec'y.

A Complaint.

A resident of the First ward says that a party of that ward is in the habit of running the contents of a cess pool into the public gutter and running it off from in front of his place with the aid of a hose. The sanitary authorities can learn the name of the informant by applying at the HERALD office.

A Rare Chance.

A green grocery and fruit stand for sale. Been established 12 years. Centrally located. Also four head of horses, four wagons, harness and stable equipments. A bargain for the right man. Apply at 310 South Centre street, Pottsville, Pa. 9-2-10

Speaks for Itself.

Under the management of Edwin G. Maytum, general manager of the Pottsville Home M. A. Life Insurance Company, in the past two years 7,000 policies have been issued. In that brief period the company has paid over 8,000 in claims. Mr. Maytum's management speaks for itself.

A Challenge.

I hereby challenge Harry McDonald to run a 100-yard foot race for \$100 or \$300 a side and would like to hear from him. JOHN HEGLEY. Shenandoah, Sept. 2, 1892

Infants' shoes 25c. per pair, at the People's store, 121 North Main street, Shenandoah. 6-21-10

BRIEF PARAGRAPHS ON INTERESTING TOPICS.

TID BITS ON COUNCIL DOINGS

The Borough Treasury is all But Dry and the Police and Other Officials Must Live on Orders.

HERE are no new developments in connection with the outbreak among Italians on the new section of the Pennsylvania Railroad Tuesday night, over the question of time for quitting work. Contractor McAdam is still suffering from the clubbing he received and, although he is able to walk about, is under the care of a physician. The two Italians who escaped over the mountain after the affray are still at large and there is no clue to their whereabouts. The third man, the greenhorn brother of the missing man, is still in custody and will no doubt be obliged to stand trial at the next term of court.

I understand that C. D. Kaiser, of Mahanoey City, has formed the C. D. Kaiser Company, Limited, for the operation of his brewery in that town. The members of the firm are P. H. Furbman, Mahanoey City; J. B. Lieberman, Allentown; M. J. Houghney and F. X. Kaiser, Mahanoey City. It is said the formation of the company is a forerunner to the erection of an enlarged brewery with the latest improved machinery to meet the constantly increasing demands for the excellent beverage brewed at Mr. Kaiser's present establishment.

I clip the following from one of the county seat papers and insert it here to give the party responsible for it the benefit of the HERALD'S circulation:

"When the reporters of the papers north of the mountain hear stories concerning the treatment of employees of the P. & E. C. & I. Co., who are hurt in their collieries, they should investigate the facts. A great deal of comment was made recently by them in reference to the alleged 'inhuman treatment of an employee of the company,' who was hurt at the Ketcherhooker colliery. The facts are these: Joseph P. Knapp is the boss at the colliery. When the man who was hurt was brought to the surface, he sent three men to the injured man to his home in Shenandoah. When they arrived at his house his wife refused the injured man admission, and told the men who were with him to take him to the hospital. Under the circumstances the men were forced to take the man to the depot and await the arrival of a train going in the direction of the hospital. That is how the man got to the depot. All this could be learned if a little trouble was taken and there would be no cause for censure or comment."

Had the writer of the above read the reports made by the reporters north of the mountain he would not have wasted time penning it. All the facts stated by him are admitted and were fully known before the case was reported. But again I say that the unfortunate wretches who are disowned by their relatives and friends should not be left by the way side to die. The victim in this case, as I have repeatedly stated, practically bled to death. He remained in the depot an hour and fifty minutes before a doctor was summoned and tied his mangled limb to stop the flow of blood. Had there been appliances by which the limb could have been temporarily bound at the colliery, or some means by which the man might have received temporary treatment, he would in all probability be alive to-day. Mine bosses are so sensitive that it seems impossible for them to take any suggestions as other than direct reflections upon them. The point made is that some arrangements should be made by which all victims of injuries such as were sustained in the case referred may receive temporary relief at the collieries. The mere sending of victims to their homes is not an act of humanity. Even the mangled mule is taken out of the mine.

Next.

Councilman Holman gave Councilman Betteridge a rub last night. Mr. Betteridge complained that the Roads and Highways committee had been obliged to pay for a number of mistakes of last year's committee. Mr. Holman said, "You don't think of what will have to be paid next year for your mistakes."

The balance in the borough treasury is a little over \$34. Orders for upwards of \$500 were granted last night by the Borough Council, including orders for salaries of the Chief Burgess, policemen and other borough officials. This is a healthy (?) condition for a town that wants to build public water works.

Councilman Lamb has reported on the Richards case last night. Council, upon his recommendation, ordered that an order for \$10 be granted Mr. Richards to pay the doctor's bill incurred by reason of injuries sustained by his daughter in falling at a defective street crossing. An occasional prodigal has a good good effect upon Mr. Lamb.

Councilman Lamb has reported on the Richards case last night.
