A MEETING OF THE SCHOOL BOARD

REPORTS ON THE NEW SCHOOL TERM.

THE ATTENDANCE INCREASING

The Enrollment Much Larger Than Last Year—Improvements About Several Buildings.

SCHOOL BOARD held its first regular meeting since the opening of the school term last night and listened to the reports and recommendations of the superintendent and the several committees. The directors present were Messrs. Cherry, Hanna, Lynch, Beddall, O'Hara, Treat, E. Brennan, Ozden, Williams, Muldoon, Burke, Bachman and Gallagher.

Superintendent Freeman stated the attendance of pupils upon the opening of the schools was unusually large and it has been steadily increasing. He made several recommendations for the accommodation of pupils and improvement of arrangements for classes. There are 82 children in the Turkey Run building and the superintendent was authorized to transfer some of them to one of the schools in town.

The committee on building and repairs reported that Philip Miller received the contract for building the stone wall at the Lloyd street building and that the price was \$300. The committee recommended that the White street building be pointed, repainted and painted, that tar or concrete pavements be laid in front of the White and Lloyd street buildings, and that the Turkey Run building be fenced in. The committee also reported that it had staked out the lot on the Cather property the board has claimed for school purposes. The lot is 45x140 and Solicitor Coyle has made application to the court for the appointment of viewers.

The board decided to ask for bids for pointing and painting the White street building and that a tar pavement be laid in front of that building, but that the Lloyd street pavement be repaired with planks for the present.

The finance committee reported that the monthly pay roll of the School Board for teachers, janitors, etc., is upwards of \$2,800 and that the total increase for the ensuing year over last will be upwards of \$4,000.

Mr. Beddall suggested that the board have a committee represent it before the County Commissioners to-morrow. He said the Commissioners struck two or three hundred names from the assessment lists. The board decided to have Solicitor Coyle attend the hearing of appeals to tell the Commissioners that the assessments were sworn to and should not have been changed.

The Heating and Fuel committee was instructed to advertise for bids for supplying the schools with coal during the ensuing term.

Chairman Conry announced that hereafter he will strictly enforce the rule that all bills against the school district must be in the hands of the proper committee at least one week before the board meets; that the committees meet and be ready to report upon the correctness of all bills; and bills that are not so presented and reported upon will be laid over until the next regular meeting.

TIMELY TOPICS.

What People Are Talking About These Times.

IT IS said a lamp made of matches that for an instant will rival an electric light, was recently made by a lady in town. When you burn a wooden match you find that there remains a little quantity of white ashes, which reddens with great ease if you blow on it. Fix some of these ashes on the points of four ordinary pins and attach them around an ordinary cork pierced in the centre by a hole. If you find any difficulty in making the ashes stick to the point of the pin, stick half a match on each pin point, and then let each match burn down. Carefully place the cork thus equipped on a little lamp filled with mineral oil, so that the wick of the lamp passes through the hole in the cork. Now light the lamp and keep the wick well lowered, so that it gives an almost imperceptible blue flame, and you will see the ashes of the matches, by incandescence, take on a magnificent bluish, and for a moment the light will be almost as strong as that of the ordinary electric lamp.

—Be careful in the handling of paper money. There is more danger in it than many have an idea of. Some singular facts concerning the danger of infection by paper money have been deduced by a bacteriologist analysis of the bank notes of the Spanish Bank, of Havana, in general circulation. Attention was drawn to the subject by the fact that circulation increased the weight of the notes in consequence of their acquiring foreign matters. The examinations made showed on the notes in use for some time a considerable number of microbes, and on some notes as many as 10,000 microbes were detected. Eight pathogenic species were encountered including those of diptheria and tuberculosis. The result of the examination was that a general warning was issued to the public against the active source of danger. The use of bank notes is at all times attended with a certain degree of risk, and especially in Havana, where children have the habit of carrying paper money in their mouths and are thus very liable to swallow the germ of some mortal disease.

—The Grand Army reunion at Washington this month will bring face to face many old veterans, some of them distinguished Generals whose number is becoming smaller every year. Among those who are still in the land of the living are, Generals Stoneman, Merritt, Gregg, Dabney, Robinson, Gibbon, Carroll, Couch, Caldwell, Webb, Miles, Brooke, Walker, Sickles, Stanley, Wood, Porter, Crawford, Franklin, Wright, Reynolds, Harroon, Bussey, Noble, West, Thayer, Hayes, Parks, Willcox, Saxton, Sigel, Schurz, Howard, Stabel, Steinwahr, Slocum, McClelland, Palmer, Carrin, Baird, Neely, Morgan, Osterhaus, Snelb, Leggett, Busk, Butler, Parks, Angur, Schofield, Cox, Foster, Cassment, Custis, Wilson, Minty and Grierson.

—Speaking of the cholera the other day the ubiquitous Max Reese claimed that he had the genuine article when he was seven years of age; that his grandfather with whom he lived, the nurse and cook all died on account of the disease.

—Max's three uncles (all brothers of his father) came to this country in '49 and went with the great horde to the California gold diggings. All "struck it rich" and became quite wealthy. They returned to Germany. Two of them speculated in stocks, became bankrupt and died in this country. The third bought a handsome home in Germany at a cost of over \$100,000 and married a rich widow. He is still alive and lives like a lord.

—A few years ago Max's mother died, leaving a nice fortune behind for her children. Max's portion being about \$9,000. One of his brothers has gone to the old country with power of attorney to settle the estate and bring Max's fortune to this country. When this event occurs his friends are to have a grand feast.

—Max comes from a good family—shrewd, sharp and intelligent. He is one of the read best and most intelligent of his class living. He was a prominent applicant for a Consularship three years ago. Two of his brothers are noted for their mind reading and have had remarkable success in this line, making money as easy as rolling off a log into the water. Max is also quite a success at reading minds.

PETER'S PUNGENT

PENCIL PUSHING

A COLUMN OF INTERESTING COMMENT.

AN EXCELLENT ENTERTAINER

Col. M. P. Fowler, of Town,

Narrates to His Numerous

Friends About His Recent

Western Trip.

COL. M. P. FOWLER, since his return from Denver, Colorado, has a fund of information from which his numerous friends draw amply during the evenings when the colonel's time is not otherwise taken up. He says that while passing through Kansas he saw nothing but corn fields and an idea suggesting itself he put it into use. He pulled out his watch when the train was going at the rate of forty miles an hour through a field of corn and when the end of the field was reached he figured the length as over twelve miles.

The accident that occurred in Iowa to the train upon which Mr. and Mrs. Fowler returned East furnished an illustration of the imaginable injuries people suffer in such mishaps. One lady went into hysterics and when the husband found that the company was paying claims for damages he asked for \$1,000. He compromised on \$700. "Now," said Mr. Fowler as he concluded the statement of this case, "if I had had a different kind of a wife I might have been \$700 better off."

Among the passengers on the train was a young physician who had not entered upon the practice of his profession. He volunteered assistance to the injured and exposed no pay. In fact after the excitement had been allayed and the injured were placed in comfortable quarters he replied "Nothing" when asked what he would charge for his services. He was given \$100.

The Grangers have made Kansas, Iowa and other Western states warm for railroad companies and every train carries an disarming officer, who settles all claims for damages before suits can be entered. The companies prefer this plan to monkeying with the laws, the hayseeders have made and frequently settle claims at fancy prices to avoid suits.

Those who think Col. Fowler possesses a poor memory are badly mistaken. He can go back many years and give the year, day, hour and minute of events he wishes to talk upon; can say whether it rained or snowed on the day, and give the location to the perfection of the sixteenth part of an inch. He was speaking of handball the other evening and his mind reverted to an incident in Tansqua in the '50's. "A handball match was made up in front of the United States Hotel," said he, "on Tuesday morning, September 20, 1855, at 9:22 o'clock, between Steve Jones and W. K. Jones. It was for an oyster supper. While the game was being arranged 'Pop' Seneff was sitting in front of his saloon, opposite the hotel, giving orders to his caterer, John DeSilva, Sr. Among those present when the game was being arranged were Robert Ratcliff, Peter Dodson, P. W. Ash, Col. Hendricks, Jacob Gardner, James Coddington, Harry Huhn and Harry Thomas. Mike Farley, a well known character, was picking cigar stumps from the gutter and Harry Carnow was carrying a large Newfoundland dog belonging to Peter Marks, and Michael Board and Peter Auran were talking politics in front of Board's hotel"—just here somebody called out "The electric car is here, Colonel!" and the listening party failed to get back to the story of the hand ball game, and the result will not be known until Colonel Fowler gets into another reminiscent mood.

Some time ago certain parties called upon the HERALD and furnished it with the facts of an assault and battery case in which the offender was charged with having torn up the warrant the constable attempted to serve upon him, and with having drawn a revolver upon the constable. Great stress was laid upon the fact that the offender boasted of his influence with the court because of obligations. What has become of this case?

The True Laxative Principle

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

The Place to Go.

Shenandoah people visiting the county seat (surrounded Pottsville) all call in the Academy Restaurant. Either J. F. Cooney, the proprietor, greets you with a smile, or his genial brother, M. A. Cooney, welcomes you. It is the resort for all gentlemen from north of the mountain. 8-21-1c

A SOLDIERS' MONUMENT.

Our Townsman Start a List for the Purpose.

The HERALD's suggestion in last night's issue that the people of town start a subscription fund for the erection of a soldiers' monument struck fire at once and to-day the HERALD was authorized to announce the following subscriptions. All the contributors favored the erection of a monument in the town and not in any of the cemeteries on the mountain.

Now keep the ball rolling! The start is an encouraging one. The ink on the HERALD was hardly dry before volunteers stepped forward.

Shamokin is now agitating a similar movement. The largest town in Schuylkill must not be left behind.

Resolutions of Condolence.

The following preamble and resolutions were unanimously adopted at a regular meeting of Washington Camp, No. 185, P. O. S. of A., held on Wednesday, August 31st, 1892:

WHEREAS, It has pleased an all-wise providence to remove from our midst our late brother Jacob G. Kroeger; and

WHEREAS, This visitation has bereft us of a patriotic and devoted member whose loss we deeply feel; therefore be it

Resolved, That we bow in humble submission to the gracious will of our heavenly Father, who is too wise to err and too good to be unkind; and in all this solemn visitation we are reminded of the vanity of earthly hopes, admonishing us to prepare for the change beyond this vale of tears, that bourne from whence no traveler returns.

Resolved, That in the death of our late brother, Jacob G. Kroeger, the P. O. S. of A. has lost a faithful brother, his parents a devoted son, and the community a respected citizen.

Resolved, That we tender our sincere sympathy and condolence to the bereaved family in this their sad hour of affliction, commend them to an all-wise and merciful God who tempers the storm to the storm lashed.

Resolved, That our charter be draped in mourning for the period of thirty days in token of respect for our departed brother; and that a copy of these resolutions be entered on the minutes and a certified copy be sent to the family of the deceased, and published in the EVENING HERALD.

A Shenandoah Party.

Dr. James Stein and wife, Mrs. D. W. Straup, and Mrs. C. F. Heiderman, a party of Shenandoah's leading society people, all of whom are well known here, drove to town last evening on their way home from Mt. Carmel where Dr. Stein attended the session of the Schuylkill County Medical Society, while the ladies spent the day with friends there. They stopped here for supper at the Union hotel. When they reached Centralia Mrs. Straup discovered that she had lost a very valuable and highly prized bracelet, and they returned at once to Mt. Carmel in search of it but without success. They left here for home about seven o'clock.—Ashland Telegram.

Synagogue Dedication.

The Keholah Israel Congregation will dedicate its synagogue in town, Thursday, 15th inst., at 2 p. m. The synagogue is the first to be erected in Schuylkill county and it is expected that the ceremonies will be of a very elaborate character. Rev. S. Moran, the oldest rabbi in the United States, will officiate at the ceremonies. Levi Ratowich is the president of the congregation, Wolf Levine the vice president and Charles Yaworsky secretary.
