THE REUNION AT AN END

Closing Scenes of the G. A. R. Encampment.

BRILLIANT RECEPTION LAST NIGHT.

Addresses by Vice-President Morton and General Palmer—Capt. Weisner's Election for Commander—The Other Officers—Veterans Fast Deserting the Capital for Their Homes.

WASHINGTON, Sep. 23.—The 16th annual reunion is but a memory now, and the veterans are leaving the city in large numbers. By to-morrow it will be hard to tell that an encampment was held here.

The big social event of the week was the reception given to the delegates to the encampment last night at the Pension Office. The spacious interior was tastefully decorated for the occasion. Portraits of all the distinguished generals of the war peered from out the folds and met the visitor's eye wherever he turned. The Marine Band furnished the music, which consisted principally of patriotic airs.

Vice-President Morton, ex-President Hayes, Postmaster-General Wainmaker and others made brief speeches, and a vast amount of enthusiasm prevailed when the national colors were carried by a one-armed veteran through the hall. A beautiful supper was served at midnight, when the dancing began. There were 3,000 people present, but such are the proportions of the building that twice that number could easily have been accommodated.

New York's headquarters was the liveliest place in Washington last night. The great majority of the veterans from the Empire State attended the reception at the Pension Office last night, but afterward returned to headquarters at Willard's and took possession of the lobby.

The encampment got to work early yesterday, and took hold of the work in hand with earnestness. The resolutions which the Ohio delegation were instructed by their department to present and urge, to abolish the practice of making the commander-in-chief, senior and junior vice commanders of the National Encampment and ex-department commanders, life members of the National Encampment was offered by Delegate Searies.

The proposition was supported by a half dozen delegates, but met defeat by an overwhelming majority. The election of commander-in-chief then came up. Gen. A. G. Weisner, ex-Department Commander of Wisconsin, was put in nomination by his State and the nomination was seconded by a number of other States.

Gen. S. A. Hearst of Ohio and Col. C. D. Lincoln of the Department of the Potomac withdrew and General Weisner's election was made practically by acclamation.

The election of a senior vice-commander brought into prominent view the factional fight that has raged within the ranks of the department of the Potomac for the past year. The controversy waxed warm, and finally Post Commander Wagner of Pennsylvania moved that R. H. Warfield of San Francisco be elected senior vice commander. Post Commander Wagner's motion was adopted, and Warfield declared elected senior vice-commander.

For the office of junior vice-commander Peter B. Ayars of Wilmington, Del., past deputy commander; J. C. Bigger of Dallas, assistant adjt.-general, department of Texas; Comrade Minton of Kentucky, and Comrade Kennedy of California were placed in nomination. Two ballots were necessary to reach a determination, and on the second Ayars received 349 out of the 649 votes cast, and was elected.

For surgeon general Dr. W. C. Weyl of Danbury, Conn., and W. H. Johnson of Minden, Neb., were the candidates. The ballot resulted—Weyl 433, Johnson 163.

For the place of chaplain-in-chief there were four candidates, namely: J. H. Frazer of Tennessee, D. R. Lowell of Kansas, E. H. Haggerty of Missouri and W. Gotthell of District of Columbia. Dr. Lowell was the favored candidate and was elected.

Over 100 cases of "lost veterans" were being hunted up by friends yesterday. The different hospitals were besieged during the entire day, and the physicians in charge estimate that fully 100 veterans were being looked for by friends last night.

Twenty ex-army chaplains have organized the National Association of Ex-Army and Navy Chaplains. The officers elected for the ensuing year are: Rev. T. H. Haggerty, president; George W. Hovey, secretary, and J. H. Bradford, treasurer. The vice-presidents are: Revs. W. H. Carver, D. C. Everhard, R. C. McPherson, Mason Gallagher and H. L. Upson.

The reunion during the morning was well attended and the enthusiasm ran high, notwithstanding the unfavorable weather.

The National ex-Prisoners' Association met in the Thomas tent. Captain Jack Adams of Boston, Major White of the 69th Pennsylvania Volunteers and a large number of comrades spoke and told war stories.

Grant Tent was occupied by the reunions of the Fifth Army Corps. Dr. York, Post Chaplain of the Tenth New York, opened the proceedings with prayer, Major C. E. Mink, Battery B, New York, General Butterfield, Major Thomas Morris, 10th Michigan; Captain Bicher, Michigan sharpshooters; Col. B. H. McLean, 6th Pennsylvania reserves, and others made addresses.

The reunion of the Cavalry of the Western Armies was held in Sherman Tent and was very successful.

The reunion of the Cavalry of the Army of the Potomac at Meade Tent was a great success and was largely attended. General E. W. Whitaker, of Connecticut Cavalry, presided, assisted by Captain C. H. Parsons.

To Gen. Palmer's invitation, the President, through his Private Secretary, sent his regrets, stating that he was unable to accept the invitation to attend the Encampment session.

Hear Not a Candidate.

BOSTON, Sep. 23.—Hon. Sherman Hoar has written a letter positively refusing to allow his name to go before the Democratic State Convention as a candidate for Lieut.-Governor. He says his duty to his family compels a complete withdrawal from politics, and he asks his friends, if they love him, to send him clients and not candidates.

HOMESTEAD STRIKERS ALARMED.

They Are Trying to Prove Alibis—Warrants for Lovejoy and Others.

HOMESTEAD, Pa., Sep. 23.—The action of the Grand Jury in returning true bills in 109 Homestead cases has caused a great sensation here. It was never thought that all of the charges would be sustained by the Grand Jury, and now that all have been there is much speculation as to the possibility of conviction.

Up to this time the Homesteaders paid little attention to the suits, and gave little thought to their defense, but the Grand Jury having brought before them the gravity of their position, there is a lively interest in the suits, and a determination to establish other grounds of defense.

The Advisory Board has not been dissolved in consequence of the conspiracy suits, and several new members have been added.

PITTSBURG, Sep. 23.—Secretary Lovejoy of the Carnegie Steel Company was arrested yesterday afternoon by Constable Walls on a warrant issued by Alderman King, charging Mr. Lovejoy with aggravated riot, assault and battery.

Mr. Lovejoy entered bail at the Alderman's office in the sum of \$2,000 for court, Thomas Mellon, the banker, went on his bond.

The charges against Lovejoy were made by Burgess McLackie of Homestead. Informations on the same charges were also made against Messrs. Frick, Lishman, Curry, Potter and Childs.

INDICTED FOR PUNISHING AIERS.

True Bills Returned Against Cois, Streater and Hawkins.

PITTSBURG, Sep. 23.—The Grand Jury has found true bills against Lieut.-Col. J. B. R. Streater, Col. A. L. Hawkins, and Assistant-Surgeon W. S. Grim of the 10th Regiment, charged with aggravated assault and battery in connection with the case of William L. Iams, a private in Company K.

There is a true bill found against Col. Hawkins on a charge of assault and battery. Iams is the man who, while on duty at Camp Sam Black, Homestead, expressed approval on hearing of the attempt on H. C. Frick's life by Berkman, and called for cheers "for the man who shot Frick." For this he was hung up by the thumbs and afterwards drummed out of camp.

The right of the National Guard officials to inflict such punishment will now be tested. Iams has also entered heavy damage suits against Cois, Streater and Hawkins.

NEW YORK'S REAPPORTIONMENT.

Its Constitutionality Upheld by the General Term.

SARATOGA, N. Y., Sep. 23.—The General Term has handed down a decision in the Onida case, denying the motion for a mandamus and injunction in the appeal of Carter vs. Frank Rice as Secretary of State.

The decision affirms the constitutionality of the reapportionment. The motion of Carter was for a mandamus and injunction compelling the Secretary of State to issue election notices under the old Senate and Assembly apportionment.

The opinion is by Presiding Justice Mayhew. Associate Justices Herrick and Putnam do not express an opinion as to the constitutionality of the reapportionment, but Justice Herrick concurs with presiding Justice Mayhew in denying the writ in order to obtain a submission to, and a decision by the Court of Appeals on all of the points in the controversy.

Justice Mayhew's opinion is withheld for revision and correction.

ALBANY, Sep. 23.—Much interest is evinced here over the decision in favor of the reapportionment of the Senate and Assembly districts by the last Legislature. This decision handed down by the Saratoga Special Term consisting of Judges Mayhew, Herrick and Putnam, is in direct contradiction to that given by the Buffalo General Term, and so two cases of opposite opinion will go up to the Court of Appeals.

FINNISH JUSTICE.

A Murderess' Appeal Results in Added Severity to Her Sentence.

HELSINKI, Sep. 23.—The Court of Appeals of Finland has not only refused to commute, but has increased the severity of the sentence in the case of Mrs. Anna Sainio, who was sentenced to death for the murder of her husband, Prof. Sainio, of the Finland State College.

Mrs. Sainio was much younger than her husband. According to her confession, she became involved in debt, and concluded to take her husband's life in order to obtain the amount, about \$2,500, for which he was insured.

She was sentenced to be hanged, and her body buried.

Clemency was asked on the ground that she has a tube still at the breast.

A petition had been extensively signed asking the Czar, who is Grand Duke of Finland, to commute the sentence.

The sentence of the Court of Appeals of Finland is that, having first had an opportunity to listen to the ministrations of a clergyman, and being prepared to die, she shall have her right hand cut off, and then be beheaded.

Tortured by Two Masked Men.

LANCASTER, Pa., Sep. 23.—Lary Reynolds, an old hermit who was believed to keep large sums of money in his house, was attacked by two masked men last night, who demanded that he give up his treasures. He protested that he had none, and the men cut him in numerous places on the body, and burned his feet by holding a lighted lamp to them. The hermit refused to divulge the place in which his money was hidden, and the robbers left with only three dollars, which were found on his person.

The Kite Arrives at Philadelphia.

PHILADELPHIA, Sep. 23.—The Kite, bearing Lieut. Peary and the relief commission, has arrived at the Delaware Breakwater. The Academy of Natural Sciences chartered the tug Altoona, and a committee left at 8 o'clock this morning to meet the members of the expedition at the Lazaretto. Health Officer Major Yeale said that it was unlikely that the Kite would bring any cholera from the North Pole, but that the quarantine laws must be observed.

Commissioner Peck Still Absent.

ALBANY, Sep. 23.—Commissioner of Labor Peck has not yet returned to this city. It was expected that he would put in an appearance yesterday to answer the indictment found against him.

THE CRONIN MYSTERY

Said that Startling Disclosures Are Soon to Be Made.

HAS CONVICT BURKE CONFESSED?

The Dying Prisoner Has Weakened, and Has Given the Doctor's Avengers Valuable Information—The Whole History of the Murder May Soon Be Known.

CHICAGO, Sep. 23.—New and interesting developments are expected in the Cronin case. The rumors of a confession which were so prevalent when O'Sullivan was on his death-bed have been again revived by the news that Martin Burke is very sick in the Joliet penitentiary. It is intimated that he may expose the whole plot and that his attorneys are endeavoring to induce him to remain silent.

On the other hand, the friends of the murdered man are urging the dying convict to clear the mystery that surrounds Cronin's death and enable the ring leaders in that dark plot to be brought to justice. Patrick McGarry and James Boland, who have ever since the discovery of the crime spent time and money to bring to light the real murderers, called upon Burke in the prison infirmary yesterday.

Their visit was not unprofitable, and although neither will give the details of the conversation, it is plain that they consider the end of their labor not far off. Burke has weakened, but whether he will tell all he knows is another question.

"We are nearer our goal than we ever have been since the death of Dr. Cronin," said Patrick McGarry to a reporter this morning.

"My conversation with Burke was confidential, and I cannot at present give the details. In a little while everything will be ready and we will have something to tell the public. New facts in the case were discovered and we expect soon to lay the whole plot bare. Burke has given us valuable information. We are after the real criminals, not their poor dupes, who are dying in the penitentiary. I cannot now state the nature of our talk, but its effects may soon be seen. This matter is not going to be dropped until the whole history of it is discovered."

TO CHASE THE SOUTH PORTLAND.

Venezuela's Minister Secures a Fast Yacht to Go in Pursuit.

NEW YORK, Sep. 23.—Senator Bolet-Peraza, the Venezuelan Minister, is very indignant over the fact that the steamer South Portland was allowed to sail with arms for the Venezuelan insurgents.

To a reporter he said that he had all proofs ready and asked that the vessel be libeled, but the authorities practically ignored him.

He further stated that a vessel had been chartered to pursue the South Portland. This vessel, he said, would sail tomorrow night.

The vessel has been tendered to the Consul by a wealthy citizen.

She is a yacht, and very fast.

He further stated that he was negotiating for the purchase of two rifled cannon of a size much larger than those carried by the South Portland.

In regard to the abandoning of the Whiting for this purpose, the Minister said that she was unsuitable. He said that his son, Carlos C. Bolot, Secretary of the Legation, would sail on the yacht, and that General Castro Ybarra, who was formerly Consul at Liverpool, and who has had considerable military experience, would accompany him.

In addition to the two rifled cannon, the Minister said, the yacht would carry a supply of small arms and plenty of ammunition.

He declared that the South Portland would be seized as soon as she reached Venezuelan waters.

The yacht, he said, would follow the South Portland closely, and see that she did not transfer the arms to any other vessel.

The Minister thought it probable that the yacht, which, he declared, had a steel prow, might ram and sink the South Portland.

EXTRA SESSION IN RHODE ISLAND.

Gov. Brown Convenes the Legislature to Adjust the Newport Difficulty.

NEWPORT, R. I., Sep. 23.—Gov. Brown has called a session of the Legislature for October 4 to deal with the Newport election trouble.

In his proclamation he says that, by non-observance of law by certain officials of Newport, no municipal election for this year has been held, and that he convenes the Legislature that due provision may be made for such an election and in order that any possible danger of lapse of a Presidential election may be avoided.

He states further that, in his opinion, no municipal election can now be held in Newport without special legislation.

An Old Woman Killed by Her Husband.

CALABE, Me., Sep. 23.—Mrs. William Carr, aged about 80, was shot with a gun in the hands of her husband, at a country place five miles from Canterbury station, N. B. She died in two hours. Her husband's story is that he was searching for a strange dog in the cellar when the gun was discharged accidentally. An inquest is in progress.

Barred by a Landslide.

RIVER EDGE, N. J., Sep. 23.—Three men working in an excavation on the premises of Gustave Beetz, at this place, were buried under a landslide yesterday by the bank giving way. The victims were soon taken out. One man was almost dead, but was resuscitated. The other two men were unhurt.

"Lord" Beresford Held for Extradition.

ALBANY, N. Y., Sep. 23.—"Lord" Charles Beresford, of La Salle, who was arrested here Monday on a charge of blackmail, preferred by his father-in-law, Millionaire Lillenthal, of New York, is held to await the arrival of officers from Georgia hearing requisition papers. He is charged with forgery.

Dr. Kennedy is Eligible Now.

KINGSTON, N. Y., Sep. 23.—Dr. David Kennedy, who was chosen Elector on the Democratic ticket for the 18th district, has resigned as a member of the Board of Directors of the Bondout National Bank, in order that no question might arise as to his being eligible as a Presidential Elector.

CHOLERA SCARE AT BALTIMORE.

Several of a Vessel's Crew Thought to Be Ill from the Plague.

BALTIMORE, Sep. 23.—The bark New-Light, Capt. Thompson, ten days from Savannah, is lying off quarantine with the yellow flag flying from her fore-track. When the vessel was boarded by the quarantine physician it was found that one death had occurred and three men were then critically ill in the fore-cabin. Doctor Nelskill immediately ordered the vessel into quarantine. Capt. Thompson was taken ill shortly after the bark was anchored and was confined to bed. Dr. Nelskill learned that on the first day out from Savannah the first mate, James Crumner, died from what appeared to be an attack of dysentery. He was buried the next day at sea. Then several of the crew became incapacitated for duty, so crippling the vessel that she could not be pumped out. From the ordinary leakage she filled to about eight feet and now lies with a list to port, caused by the water she holds.

Dr. Nelskill is not prepared to give an opinion as to the type of sickness on board the New-Light. He began a thorough cleaning of the vessel; it will receive a bath of bichloride of mercury and then be fumigated.

The reference of the quarantine officials regarding the case has given rise to another cholera scare in Baltimore.

AUSTIN, Tex., Sep. 23.—Fear of cholera in Texas is growing daily and her officials are exercising every known precaution to keep out the scourge. The fact that San Antonio has several cases of cholera excited the whole State. Health Officer Swain fears that the disease may gain a foothold among the famine sufferers of the Rio Grande.

NEW YORK FREE FROM CHOLERA.

No New Cases or Suspects—Situation at Quarantine.

NEW YORK, Sep. 23.—The Health officials are jubilant over the cholera situation. Not even a new suspect is on record in the Health Office.

The old ones are doing well. Louis Weinhausen is convalescent. Henry Engel, who was taken from Mrs. Gunther's boarding house on First street, together with Patrick Stewart, a suspect from 15 Morris street is at the Willard Parker Hospital. Either may not have the cholera.

No new cases or deaths are reported from quarantine.

The Union liner State of Nevada, which was ordered back to quarantine by Dr. Jenkins, came down from her pier and anchored at the upper station early this morning.

The State of Nevada was released from quarantine on the morning of the 17th, and went to her dock. After arriving there, her fireman, John Knox, was taken ill with cholera, and died the following day.

The cabin passengers of the Scandia and Bohemia now on the New Hampshire will not be transferred to Fire Island but will be made comfortable on the frigate during their period of detention. According to the outlook now there is no chance of new inhabitants for Fire Island after the Wyoming people leave.

Axious to Get Rid of Doctors.

BRILL, Sep. 23.—A volunteer doctor has died from cholera while attending people in this city. Another, feeling ill, asked to be relieved, and was dismissed without thanks and only three shillings per day as an honorarium. As the terms offered had been considerably higher, even the attendants receiving fifteen shillings a day, his colleagues remonstrated, but the only reply was a peremptory order to quit the hospital. It is said that the Hamburg authorities are anxious to get rid of a number of doctors for whom they have no use, now that the disease is abating.

TO REORGANIZE IRON HALL.

Believed that the Defunct Order Will Be Reconstructed.

BALTIMORE, Sep. 23.—The convention which has been called for the purpose of re-organizing the Order of the Iron Hall by F. D. Somerby, Supreme Justice, A. H. Hosmer, Supreme Vice-Justice, and other leading officials of the old organization, assembled at the hall of the Royal Arcanum at 10 o'clock. Delegates representing every section of the country are present, to the number of about 100.

Prominent members of the organization here express the belief that the convention will be a success and that a plan of reorganization will be devised which will commend itself to the great majority of the 70,000 members and be accepted by them. But before a decision is reached many interesting and warm discussions are expected to transpire.

Charles J. Weiner, one of the local receivers of the Iron Hall, has gone to Indianapolis to confer with General Receiver Foley with a view of arranging to keep the entire fund of the local orders in the State.

No Action Taken by the Committee.

NEW YORK, Sep. 23.—The Congressional Committee appointed to investigate the operations of United States Marshals and Supervisors of Elections held a short session yesterday and adjourned subject to the call of the chair. The entire committee was present, including Fitch of New York, Geissenheimer of New Jersey, DeForest of Connecticut, Harmer of Pennsylvania and Ray of New York. It was stated that no action had been taken.

Loss by a Portland Fire.

HARTFORD, Conn., Sep. 23.—The officers of the Eastern Tinware Company, at Portland, which was burned out Wednesday night, estimate their loss at \$10,000; fully covered by insurance. The fire broke out in the janneting room and probably arose from spontaneous combustion. The buildings will be rebuilt and work resumed at once.
