SUDDEN DEATH OF
MICHAEL BRADIGAN

HE HAD BEEN VERY FEEBLE FOR SOME TIME.

FELL WHILE GOING UP STAIRS

And Died Within a Few Minutes.

Dr. Langton Attributes the Death to Heart Failure. A Ripe Old Age.

BATH to-day removed Michael Bradigan, one of the oldest residents of the region, under distressing circumstances. Mr. Bradigan was 78 years of age and had been in a very feeble condition for a long time. This morning he left his residence on South Main street to visit friends in different parts of town and returned about noon.

As he was ascending a stairway leading to the second story of his residence he suddenly fell backward to the bottom of the steps. Members of the family attracted by the noise of the fall found the old gentleman lying upon his back at the bottom of the steps, unconscious and gasping.

Dr. D. J. Langton was summoned, but could do nothing and the old gentleman expired within a few minutes. The doctor said death was due to natural causes and heart failure.

The deceased was born in Ireland. About 50 years ago he came to this country and after spending about five years in New York and New Jersey he located in Minersville, this county. About 28 years ago he located in town.

Mr. Bradigan is survived by his wife and five children. The sons are John J. Bradigan, district superintendent for the P. & R. C. & I. Co., Borough Treasurer T. F. Bradigan, Michael and M. H. Bradigan, and Maggie, wife of Councilman Borterdige.

A Pleasant Affair.

The first select fall assembly "Our Club" was held in Robbins' opera house last evening and was a very successful and fashionable affair. Prominent ladies and gentlemen from all parts of the county were in attendance and thoroughly enjoyed themselves. The dancing music was furnished by the Schoppe orchestra. During the evening refreshments in the form of lemonade and cakes were served. Those who were present say it was one of the finest affairs of the kind held in the town for some time.

Among the out-of-town people present were Misses Agnes Downey, Carrie Greaser, and Mr. Fred. M. Ser, Shamokin; Misses Mame Downey, Etta Agnew and Messrs. Joseph Collins, William Downey, Frederick Fisher, Carl Wagner, William Pugh and Joseph Cavanaugh, Pottsville; Misses Mame McBrearty, Stella Duesch, Mame Kinney, Ollie Parry, and Messrs. Harry Constein, Tom Hurt, George Patterson, Charles Faust and Dr. Earl Sallada, Ashland; Misses Clara Dopew and Edward Dopew, D. Lang; Miss Julia Farrell, Messrs. John Connolly and Garrett Connor, Mahanoy Place; William J. Galvin, Mahanoy City.

Mining Engineers' Excursion.

On Friday, the 14th inst., the American Institute of Mining Engineers will visit the Schuylkill county coal fields. The members will leave Reading at 9 a. m. and arrive at the local Pennsylvania R. R. station at 11 a. m. Some of the party will inspect the mine workings in the vicinity of the town and others will go to Maple Hill. The whole party will leave town at noon, via the P. & R. R. for Mahanoy Place and at 1:30 p. m. will start for Lakeside, where a complimentary dinner will be served in the pavilion. At 4 p. m. the engineers will leave Lakeside for Reading.

Security of Water.

It is reported that the dams of the Philadelphia and Reading Coal and Iron Company are being very short of water and that one or two of them are almost dry. This report led to a rumor that all the collieries of the company would be obliged to shut down within a few days, but a gentleman who seems to understand the situation pretty well, stated yesterday that such was not the case. He said that the system that enables the company to use sulphur water and supplies from private corporations would ward off a general suspension.

Electric Railway Change.

Hereafter the electric railway cars will leave the corner of Main and Centre streets at 5:30 a. m., daily, and every 25 minutes thereafter until midnight, at which hour the last car will leave.

Ribs Broken.

Frank Lewis, of North White street, met with an accident in West Shenandoah colliery this morning by which he sustained a fracture of two ribs on the left side. A piece of rock fell upon him.

Fresh Morris River Cove Oysters received daily at Caslett's. 9-22-92

PERSONAL.

John Kendrick returned last night from Washington.

George Johns, of Audensid, was a visitor to town yesterday.

John A. Sullivan, of Pottsville, was a visitor to town last night.

John T. Lawson and his sister, Annie, returned home after a pleasant stay in Philadelphia.

J. B. Riggs and wife, of Rochester, N. Y., are in town the guests of Mr. and Mrs. Miles S. Riggs.

Misses Agnes Downey and Carrie Greaser, of Shamokin, were visitors to town last evening.

Ellis Jordan and Alonzo Metz, of Lost Creek, were visitors to town last evening, and paid a fraternal visit to Camp 188.

John J. Durkin, outside foreman for the P. & R. C. & I. Co. at Tremont, was in town yesterday attending the funeral of the late James Kenny.

Mrs. Fergus Parquer, nee Ella Southall, and son, of Pottsville, were the guests of R. A. Glover yesterday. She was accompanied by her niece, Miss Thompson.

J. E. Robbins and wife, former residents of town, but now located at Sec City, Iowa, are here visiting relatives. They have just returned from Washington, D. C., where they witnessed the G. A. R. ceremonies. To-morrow Mr. and Mrs. Robbins will leave to visit friends at Berwick and Bloomsburg. Next week they will return to town and spend a few days before returning to their home.

Cruelty to Animals.

EDITOR HERALD:—I am no crank, a busybody, a sentimentalist or anything else other than an ordinary being and as such I have a sense of feeling for dumb animals, particularly when I see them made the objects of cruelty by people who indulge in it for no other reason than to "kill time." I refer to the people in town who while away idle hours sitting at open windows with air guns in hand and shooting passing dogs, "just for the fun of seeing them jump and yelp." I know of several who do this and I hope you will give this communication a conspicuous place in your paper, so that they may receive due notice that if they do not desist in their heartless practice pains will be taken to bring them within some authority that will give them a lesson they will not forget soon.

OBSERVER.

Sept 29, 1892

A Disgraceful Trial.

Lizzie Hopkins, Katie Kehler and Elizabeth Miles, three young women well known in town, made a disgraceful exhibition of themselves at Pottsville yesterday, according to the *Miners' Journal*. The Kehler and Miles girls were released from the county jail yesterday morning and met the Hopkins girl. The trio then went on a rampage and behaved so disgracefully the police were called upon. Hopkins and Miles managed to get out of town, but the Kehler girl was less fortunate and fell into the hands of the police. She was again released upon promising to leave the town at once, a condition she very readily accepted.

Eruption of the Skin Cured.

Ed. Vennoy, Brockville, Ontario, Canada, says: "I have used Brandt's Pills for the past fifteen years, and think them the best cathartic and anti-bilious remedy known. For some five years I suffered with an eruption of the skin that gave me great pain and annoyance. I tried different blood remedies, but, although gaining strength, the itching was unrelieved. I finally concluded to take a thorough course of Brandt's Pills. I took six each night for four nights, then five, four, three two, lessening each time by one and then for one month took one every night, with the happy result that now my skin is perfectly clear and has been so ever since."

Boy Burglars.

While Mrs. Mitchell, of West Centre street, was attending a funeral yesterday, her little store was robbed of a quantity of candy, tobacco and other goods. The stealing was traced to five or six boys not over 15 years of age and one of them was arrested. It was then learned that entrance to the store was effected by cutting out a pane of glass from a window frame and one of the boys crawled in through the opening. The parents of the boys have been given until this evening to make good Mrs. Mitchell's loss.

A Prosperous Industry.

Messrs. Robbins & Housenick are now making arrangements to increase the capacity of their hat and cap factory on Bowers street by introducing steam power. They have put in a boiler and engine which will operate thirty or more sewing machines, and connections will be made with the boiler so that the entire factory will be heated by steam. Through energy and enterprise Messrs. Robbins & Housenick have made their industry one of the most prosperous in the region.

Fall Advertising.

Our merchants should now put their fall advertisements in the local newspaper if they want to catch the trade. There is no reason for our people going out of town for goods if the merchants will send them an invitation to deal at their stores. Try the HERALD. It will pay you.

The Place to Go.

Shenandoah people visiting the county seat (surnamed Pottsville) all call in the Academy Restaurant. Either J. F. Cooney, the proprietor, greets you with a smile, or his genial brother, M. A. Cooney welcomes you. It is the resort for all gentlemen from north of the mountain. 8-24-92

THE HORSE CASE IS COMPLICATED

THE HORSE FIRST TAKEN HAS BEEN LOCATED.

BUT TWO OTHERS ARE WANTED

Heiser and Hawley are Still in Custody—They Made Two Exchanges and One Sale.

Last Horse Missing.

HE more the horse case in which Henry Heiser and Anson Hawley are investigated the more complicated it becomes. John Gross, the owner of the horse, went to Hazleton day before yesterday, relying upon a statement first made by the young men that they left the horse with one of Heiser's relatives at that place.

But the young men did not tell the whole story when they were first arrested. Yesterday Heiser made a statement that complicates the case.

The horse owned by Gross was given to Heiser's father-in-law at Hazleton in exchange for another horse, according to the statement made by Heiser yesterday. The horse taken in exchange was traded for one owned by a gypsy, and the gypsy horse was sold to a man Heiser does not know.

Mr. Gross has not returned from Hazleton and it is supposed he is experiencing trouble in securing his animal. Meanwhile his return is anxiously awaited, to see if Heiser's story is true. If it is, the Luzerne county authorities will quite likely make a demand for the young man.

THE FREE READING ROOM.

The Enterprise is Receiving Cordial Support from Citizens.

The executive committee and trustees of the Shenandoah Free Library Association met in the reading room and passed a resolution to the effect that boys under 15 years of age shall not be admitted to the room without a special permit signed by the president and secretary. This law became imperative in order to carry out the plan and purpose of the Association as originally designed. All the Protestant churches in town have signified their intention to support the institution, the German Lutheran church excepted. The rooms are comfortable, well lighted and furnished with the latest papers and periodicals. We bespeak for this enterprise the cordial support of the citizens. One dollar constitutes membership in the Association for one year. Send them in to M. H. Marder, treasurer, or Rev. W. M. Nally, secretary. The rooms are free to all, irrespective of creed or nationality. The annual meeting of the Association will be held in the Presbyterian church on Friday evening, October 7th, and will be open to the public.

The Kenny Funeral.

The remains of the late James Kenny arrived from Philadelphia yesterday afternoon on the 2:50 P. & R. train and were received at the depot by the relatives, friends and members of the Phoenix Fire Company. The funeral at once proceeded to the annunciation cemetery, where two remains were interred. The first was interred in the cemetery at the residence of Mrs. Martin Phalen, William Mitchell, John J. Reedy, Enoch Decker, Patrick Gaffan and John J. O'Leary, members of the Phoenix Fire Company.

TO MEET TO-NIGHT.

The Electric Railway Extension to be Discussed Again.

PURSUANT to the adjournment taken last Monday evening, the Borough Council will meet to-night to discuss the proposition made for the extension of the electric railway. No one seems to know what the programme for the meeting will be. J. R. Coyle, Esq., attorney for the M. C., S. G. and A. Railway Company was seen this morning and said he had not the slightest idea of what would be done and that he had received no instructions from his company. He confirmed the report that the Schuylkill Traction Company had received its charter.

Beware of Frauds.

You can buy almost anything you want right here in town. There is no necessity of purchasing from agents that travel from door to door and nine chances out of ten you are apt to be taken in. Buy of legitimate and responsible dealers to whom you can get satisfaction when you find you have been non-suited. Try this plan.

Have you any form of Rheumatic disease? If so a bottle of the genuine imported Anchor Pain Expeller is the happy relief. Try it and be convinced. 50 cents a bottle, at C. H. Hagenbuch, P. P. D. Kirilin, J. M. Hillan and other druggists.

Important Meeting.

Washington Camp, No. 205, P. O. S. of A., will hold a very important meeting this evening. Business of the utmost importance to every member of the camp will be transacted.

THE NOTE BOOK.

Some of the Topics That People are Talking About To-day.

According to some people the HERALD has put its foot in it again in giving publicity to the charges made against Levi D. Reifs. The accused man may or may not be guilty of the heinous crime charged against him. That is for a jury to decide in the case goes to trial. The HERALD has only acted within its jurisdiction as a public journal and has given a candid statement of the facts as sworn to by two witnesses and which, so far, stand uncontradicted save by a general denial of "not guilty," of which the HERALD has given the accused full benefit. The HERALD gave truthful extracts of the testimony from a stenographer's report (the notes in full being unfit for publication) and refrained from comment. Considering the enormity of the charge the accused has been handled very lightly by the paper. Mr. Dornishe has furnished \$1,500 bail for trial and has resumed work at one of the collieries.

All the P. & R. collieries in this district were suspended before the dinner hour yesterday because there were no cars. We hope the prospects for a bright future are not to be dashed to the ground so soon.

If I am not mistaken, the people of town will have another opportunity to vote for a city charter next year. The successful and improved government of Hazleton under the charter has made many converts here.

In the anxiety to lay in a supply of coal for the winter we fear some of the families residing in the southern part of town are becoming too careless of the safety of their children. Every afternoon they can be seen going over the trestle at the Pennsylvania depot, some of them of very tender age and scarcely able to look after themselves on the streets, much less make the perilous journey over the trestle carrying a pair full of coal. We fear that unless parents exercise more prudence there will be distressing accidents in that vicinity. Yesterday about sixty children were scrambling over the dirt bank on the other side of the trestle in search of black diamonds. It is sorrowful that people living in the heart of this large coal field must resort to dirt bank picking for the winter's fuel, but it is much more sorrowful to see children of tender age shouldering the work. Fortunately the parents of such children are not among the more enlightened classes in the town. They are people who know nothing but toil from the cradle to the grave and give no thought to the risks in such cases as are mentioned.

Washington Camp, No. 112, P. O. S. of A., has made arrangements to have a mock election in its meeting room on October 11th, in the evening. The booth and blanks required by the Baker ballot law will be secured and everything will be on hand to instruct the members in the manner in which they will be expected to prepare and cast the ballots on election day. It is expected that members of camps from Delano to Ashland will be present and take part in the rehearsal.

Columbus Day, Oct. 21st, is drawing near rapidly, but outside the public schools, but little talk of preparations for the celebration of the day is heard. The Annunciation T. A. B. Society, however, is in the field with an invitation to all the societies in town to meet in its hall on October 10th to make arrangements for a joint parade. And by the way, Superintendent Freeman urges all who may decide to arrange for the celebration to bear in mind that it is the desire of the committee on National Columbian Public School Celebration that the school exercises shall be made the leading features of the day.

PRESIDENT POINT.

The True Laxative Principle Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well informed, you will see the true remedy only. Manufactured by the California Fig Syrup Co.

The Columbia Fair. The Columbia H. & S. F. E. Co., No. 1, of town, has arranged to offer great inducements to the people who may take part in the contests in connection with its fair during the Christmas holidays. All who wish to take part in the contests should apply to the committee, Thomas W. Powell, Edward W. Amour and James S. Williams.

Speaks for Itself. Under the management of Edwin G. Maytum, general manager of the Pottsville Home M. A. Life Insurance Company, in the past two years 7,000 policies have been issued. In that brief period the company has paid over 8,000 in claims. Mr. Maytum's management speaks for itself.

The Monument. An important meeting of Post 146, G. A. R., will be held on Friday evening and every member is requested to be present. Action will be taken on the monument question on the same evening.
