A third excursion will be run to the South and Southwest on October 25th. Your local ticket agent will give you full particulars in regard to these Harvest Excursions; arrangements can also be made in this connection to visit the desirable Railroad Lands for sale by the Illinois Central in Southern Illinois on obtaining special permission to do so by addressing the Company's Land Commissioner at Chicago, Mr. E. O Great Salt Lake is but one of the matchless spectacles to be seen in Utah. A new book "Utah, a Peep into a Mountain Walled Treasury of the Gods," is now issued and can be had postpaid by sending 25 cents to J. H. Bennett, Salt Lake City. It is expected that the Knights Templar and others visiting Colorado the coming season will extend their trip to Utah, via the Rio Grande Western Railroad in both directions. That road affords choice of three distinct routes and the most magnificent scenery in the world. Equipment unequalled in the West. Two trains daily across the continent. 11

### A Vain Effort.

The residents of East Centre street were greatly amused last evening by the performances of a young man trying to elude a ladder to convince himself that "John's arley corn" hadn't the best of him. The former won.

### COLUMBUS DAY

#### Official Instruction From the State Department Concerning It.

The state department of public instruction has issued official instructions for the observance of Columbus Day which should receive the attention of the societies that intend observing it. Among other things it is suggested that the army veterans march with the schools as special guards of honor and that each column salute the flag at the place of review.

The department has endorsed the recommendation by the commander-in-chief of the G. A. R. that the veterans should at once ally themselves with the schools and that details should be assigned to each school house. The recommendation continues: "These details should reach the school houses on October 21 promptly, at 9:30 a. m. After their due reception, it will be their duty to stand by the flag, at the signal to run it up the staff, to lead the assembly in 'three cheers,' and then, as the guests of the day, to take their seats on the platform. In the review, the veterans are to march as guard of honor to the schools. Veterans are the fitting patrons of this celebration, and should devise methods for its encouragement and success."

### Fall Styles.

The World of Fashion has been active late in consequence of the revival of what is called the *Directorie* styles, for which much popularity is predicted this autumn. The *Directorie* being that period of French history which preceded the coronation of Napoleon I. and of his wife, Josephine, leads naturally to the *Empire* and *Josephine* styles concerning which there is also a great deal of interest manifested. Another favorite variation will be the *Recamier* costume, taking its appellation from the famous lady of that name, who is doubly celebrated for her beauty and her friendship with Mme. de Sade. The old time balloon sleeve, another reminiscence of that epoch, will be much in vogue this fall. Many people use the expressions *Directorie*, *Empire* and *Recamier* without fully realizing what these terms signify, and are consequently apt to err in their endeavor to adopt the latest novelties. A careful perusal of a first class Fashion Magazine like *La Mode de Paris*, *Paris Album of Fashion* or *La Couturiere* will furnish a satisfactory explanation of the differences between these historical costumes. These Journals not only illustrate all modifications of these sundry styles, but also give full length descriptions of the materials to be used with appropriate trimmings, and reproduce as well the latest novelties in military and hat ornaments. The most practical way of obtaining this information is to subscribe for these Journals. *La Mode de Paris* and *Paris Album of Fashion* are \$3.50 per year each. They are the most artistic Fashion Magazines published. *La Couturiere* is a fine home journal for \$5.00 and *La Mode* is only \$1.50 per year. Another important fact to remember is that the three former publications contain each month a lesson on some popular garment with valuable practical suggestions. You can generally get single copies from your newsdealer, but do not allow him to give you some other journal for one of these. You can get them if you write to the publishers, Messrs. A. McDowell & Co., 4 West 14th street, New York.

### ANECDOTE OF JAMES WATT.

The Inventor Gives a Steamboat Engineer a Valuable Lesson.

James Watt, who did so much to make the steam engine of practical use, did not, so far as can be learned, take any deep interest in the subject of steam navigation. Yet incidentally he did a good deal to advance it. In his old age he paid a visit to his native town of Greenock, on the 15th of August, 1812, a small steamboat had begun making regular trips between that place and Glasgow, and gradually the service was extended to other points, several boats being put into commission. The old engineer went on one of the new vessels to Rothesay and back, the trip then occupying the whole day. Mr. Williamson, in his "Memories of James Watt," tells the story of the voyage: "Mr. Watt entered into conversation with the engineer of the boat, pointing out to him the method of backing the engine. With a foot-rule he demonstrated to him what he meant. Not succeeding, however, he at last, under the impulse of the ruling passion, threw off his overcoat, and, putting his hand to the engine himself, showed the practical application of his lecture. Previously to this the back-stroke of the steamboat engine was either unknown or not generally acted on. The practice was to stop the engine entirely a considerable time before the vessel reached the point of mooring in order to allow the gradual and natural diminution of her speed."

### Woolen Goods Dealers Burned Out.

New York, Sep. 30.—Fire broke out last night in the 5th floor of the 3-story building at 22 and 24 White street. The first and second floors, cellars and public cellars, are occupied by Ottensm, Dwyer & Southwick, dealers in woolen goods. Twelve girls at work in the building got out safely. Estimated loss \$100,000.

### Musie by Women.

An industrious searcher after recodite facts has prepared a list of musical compositions by women, extended from 1675 to 1885. It includes fifty-five serious operas, fifty-three comic operas and two oratorios, besides a few cantatas, ballad operas, etc. Songs and detached pieces for piano are not included; yet the best-known musical compositions by women, Frau Schumann's contributions to her husband's song collections and Fanny Mendelssohn's assistance to her brother in his "Songs Without Words," are comprised in these two classes.
