The President Can Take No Part in the Dedicatory Excreises.

Democrats Advertise Peck's Report.

The report of Labor Commissioner Peck, of New York, showing that wages and employment have increased under the Mic-Kinley bill, seems to have given the Clave-land boomers and their swallowtall allies pains in their groins. The national Damo-cratic committee, in pursuance of its carripaign of blunders, have caused the arrest of Pock in order to compet him to show where he got the information upon which he based his now famous report. The ar-rest of Peck will draw national interest to the report, and, of course, it will now be read by everybody. In this way the Demaccalle outional committee advertises Peele and his Republican argument. It looks as if there was a scarcity of brains at the d of the Democratic national committen
