NOTHING LIKE SWIFT'S SPECIFIC

SWIFT'S SPECIFIC is totally unlike any other blood medicine. It cures diseases of the blood and skin by removing the poison and at the same time supplies good blood to the wasted parts. Don't be imposed on by substitutes, which are said to be just as good, or not true. No medicine has ever performed as many wonderful cures, or relieved so much suffering.

"My blood was badly poisoned last year, when my whole system of order—dissolved as a constant source of suffering, no amount of enjoyment of life. Two bottles of SWIFT'S SPECIFIC brought me right out. There is no better remedy for blood diseases." JOHN GAVIN, Dayton, Ohio.

BLAINE TALKS AT OPHIR

Makes a Short Speech to Mr. Reid's Neighbors.

NOT LIKELY TO SPEAK AGAIN.

His Discourse Devoted Chiefly to the Tariff—An Appeal to Irish Voters—Minister Egan and Dr. Depew Speak—A Distinguished Company Present.

WHITE PLAINS, N. Y., Oct. 15.—From the porch of the Vice-Presidential candidate's home at Ophir Farm at 9 o'clock last night James G. Blaine delivered his long looked for speech on the issues of the present campaign. He spoke before an audience composed of nearly 1,000 of the voters of Westchester county, and in response to a serenade by a number of unformed Republicans of the district.

It had long been a matter of earnest solicitation on the part of Mr. Blaine's friends and the Republican leaders that he should give utterance to his opinions on the issues of the campaign, but it looked all along exceedingly doubtful whether even the importunities of his friends could bring the statesman again before the public.

Mr. Blaine decided to make his brief and only speech of this campaign yesterday afternoon.

By the time dinner was over last evening distinguished visitors from all parts of the surrounding country began to pour into the corridors of Ophir Farm mansion.

Among the clubs in attendance were the Colored Harrison and Reid Campaign Club of White Plains, the Whitelaw Reid Republican Club of Port Chester, and the Harrison and Reid Republican Club of Rye.

There was great cheering when Mr. Reid and Mr. Blaine appeared. Mr. Blaine said in part:

"FELLOW CITIZENS OF NEW YORK—I should be cheerful, indeed, if I did not make response to your call after you have come several miles to this beautiful home of Mr. Reid on a pleasant October evening. At the same time I am not making speeches in the canvass, for reasons which are well known to my friends, and which have no connection whatever with politics. Generally, administrations in a Presidential election are challenged on account of the condition of the business of the country, and I submit that the Republican Administration of President Harrison can triumphantly endure such a test.

"I doubt if, since the Government of the United States was instituted, anybody, at any time, has seen what we call 'good times' so general, taking in so many interests and spreading prosperity throughout the whole domain of trade. I might appeal to New York if the city has ever passed a season more satisfactory in financial results than for the past two years, in which the general effect on Capital and Labor has been more prosperous.

"More men in New York get their living from pursuits protected by the tariff than from any other source. I know New York is the centre of our commerce, the great entrepot of our trade, but all the men engaged in commercial affairs in and about New York are smaller in numbers than the men engaged in manufactures.

"Nor, if you go West, where the Democrats this year are making considerable effort and doing a vast amount of boasting, will you find it different. Take Ohio, take Michigan, take Indiana, take Illinois, and the products of manufactures are greater in pecuniary amount than the products of agriculture in these four great agricultural States; so I think that the men engaged in commercial affairs who are on the wing trying to arouse the hostility of these States against the protective tariff will encounter a sentiment of which they have not dreamed.

"The amount of their farm mortgages rolls up into the millions. You would suppose it fabulous that the amount of money they embrace would ever have been so invested. This is not so among the farmers of New York. It is not so among the farmers of Connecticut. It is not so among the farmers of Pennsylvania. It is not so among the farmers of any State near by whose condition can be easily learned, but by a singular fatality it is the Western States that have got all these farm mortgages burdening them and taking the life out of the people.

"The tariff, so the Democratic papers say, is the origin of a plutocratic government. When wealth shall rule and poor men shall not get their rights, I shall venture to challenge all statements of that kind, and I shall make the Democratic accusers the judges in the case.

"A careful examination of the list of wealthy men in the country has been published and has demonstrated the fact to be quite the reverse, to such an extent, indeed, that in the City of New York, taking the first one hundred and fifty great fortunes, not three, not two, not more than one would be considered as derived from manufacturing investments.

"I have a word to say about the Irish vote. I see it stated that the Democrats boast of having the mass of them in their ranks this year. It is one of the mysteries of politics that a question which interests England so supremely, which is canvassed almost as much in London as in New York, should have the Irish vote on the side of great Britain.

"I know this appeal has frequently been made to the Irish voters, but I make it with emphasis now, for I am unwilling to believe that with light and knowledge before them they will deliberately be on the side of their former oppressors."

After Mr. Blaine had finished his speech there were loud cries for Minister Egan, who made a speech that was loudly cheered.

The people present had not enough of speeches, and Dr. Depew was called upon. He made a witty address that was greeted with laughter and applause.

The Clevelanders Going to Chicago.

CHICAGO, Oct. 15.—Grover Cleveland, Mr. Cleveland and Baby Ruth are coming to Chicago next week to take part in the festivities of the dedication of the World's Fair. Mr. Cleveland and his family, accompanied by a small party of New York friends will reach here next Wednesday.

Glasworkers on Strike.

FINDLAY, O., Oct. 15.—All the employees of the Findlay Windowglass Factory, 200 in number, except those of the cutting department, have quit work on account of a disagreement with the firm regarding wages.

THE WORST STORM IN YEARS

All Colorado Railroads Snow-bound—Great Damage Reported.

DENVER, Col., Oct. 15.—Reports continue to arrive from various points in this State of numerous railroad and other accidents caused by the great snow storm. All the railroads have been blocked by the snow, the cuts being filled in some cases to the depth of eighteen feet.

Rotary snow ploughs are hard at work on many of the roads.

At Lorraine the snow is five feet deep on the level.

A number of west-bound trains are tied up here, waiting for the tracks west to be cleared.

A special from Cheyenne says that for nearly two days the worst storm ever known on the Union Pacific Railroad has been raging there and as far west as Ogden, Utah.

At Central City Rattles Ebbie, an Austrian miner, blinded by the snow and wind, walked into a five-foot shaft and was instantly killed.

The Cheyenne Northern Railroad has been entirely blocked by snow for two days.

Telegraphic communication is cut off, and no one knows where the belated trains on the line now are.

At Granite Canyon Thursday night Conductor Roberts was blown off the platform of a car and hurled down a steep embankment into the deep snow.

He fell fifteen feet but the snow saved his life.

In Northern Colorado and in Wyoming it is reported that the storm has caused a large loss of horses and cattle.

On some of the ranches it is estimated that fully one-third of the stock has perished.

WILL STAND NO TRIFLING.

Citizens of Coffeyville and Parsons, Kan., Ready for the Dalton Avengers.

PARSONS, Kan., Oct. 15.—This city was greatly excited over a telegram from Coffeyville saying that a large posse of men, believed to be the same gang that held up the Missouri Pacific train and supposed to be connected with the notorious Dalton gang of outlaws who met their death the 5th, had organized and were moving upon Coffeyville with the avowed purpose of avenging the death of the Daltons.

Since the Dalton massacre many persons have been in Coffeyville, and have openly condemned the manner in which this notorious gang met its death, and several sympathizers have been arrested and confined in jail.

As soon as the news of the contemplated invasion of Coffeyville was made public in this city a large posse of men was at once armed and was ready to strike on a special train for Coffeyville when the news reached this city that there was no likelihood of any trouble and that in case of any invasion the people of Coffeyville were prepared to cope with the invaders.

The town of Coffeyville has been a pandemonium of excitement, yet no braver set of men ever shouldered a gun than the gallant and fearless citizens of this Kansas town.

FRATERNAL COMPANY ASSIGNS.

The Universal Order of Secunity Reported in Trouble.

PHILADELPHIA, Oct. 15.—The downfall of fraternal orders continues. The latest is the assignment of the Universal Order of Secunity to Charles H. Edmunds.

The scheme of the order was similar to that of Iron Hall and Tontis, it having the seven year plan, but being more conservative in that the assessments were \$5 instead of \$2.50, the assessment fee of Iron Hall.

The order was incorporated in Philadelphia June 17, 1888, in Common Pleas Court No. 1, and had a membership of 4,000 one-fourth of which is in the local lodges of Philadelphia.

It is claimed that the assets consist of mortgages on Philadelphia real estate which can be converted into the full amount of the loan. No certificates of the order have yet matured and would not do so for three years to come. The only payments which have been made are those of sick benefits.

The cause of the assignment is to escape proceedings which Attorney-General Howell, it is said, contemplates instituting against all such enterprises.

SAYS HE WAS MURDERED.

A Woman's Story of a Supposed Suicide at Kingston.

KINGSTON, N. Y., Oct. 15.—The dead body of William Laurence was found near Harrowers three years ago. At the time it was supposed to have been a case of suicide, and a coroner's jury rendered a verdict accordingly.

The woman with whom he was living at the time of his death, and who was supposed to be his wife, has made affidavit that Laurence was murdered by a man named Byron O. Chase, a former resident of Broadbalm.

The woman is at present employed in a knitting mill at Broadbalm. Chase is now serving a term in the Albany penitentiary.

It is thought that the men had engaged in a quarrel over the woman, during which Chase shot Laurence. The statement, which recalls a death almost forgotten, has caused quite a sensation.

Faribault Schemes Not to be Considered.

BALTIMORE, Oct. 15.—Mgr. Satoll, of Rome, who will represent the Pope at the Chicago Exposition exercises next Friday, denies that he has any commission or intention to inquire into the controversy on the school question, which has recently occupied the attention of the Catholics of the United States. That question, he says, has been entirely and definitely settled by the letters of the Holy Father and the Propaganda.

Stanford's Big Celebration.

STANFORD, Cal., Oct. 15.—The U. S. S. Montanoush, Atlanta and Vesuvius will arrive here tonight and be open to visitors on Tuesday. They will land detachments of marines and Blue Jackets for Wednesday's parade. Senator Platt, Lieut.-Gov. Merwin, the Supreme Court judges and many distinguished Connecticut people have received invitations.

FROM FOREIGN LANDS

Cholera's Terrible Ravages at Fanchow, China.

DISASTROUS CLOUDBURST IN ITALY.

Railroads Washed Out and Great Damage Done—Many Lives Reported Lost—Deacon Case May Be Settled—Col. Dadds Takes a Town.

SAN FRANCISCO, Oct. 15.—The steamer Oceanic just arrived from Hong Kong and Yokohama brings news that cholera is raging to an alarming extent at Fanchow, China. Hundreds of people are dying daily.

Haters of foreigners have spread the malicious report that some of the Chinese are traveling around in the pay of Europeans, poisoning all the wells, thereby causing the great number of deaths.

Consequently all strangers are imprisoned and many have had their heads cut off and their entrails and hearts thrown into the river.

Gifu, Japan, the scene of the great earthquake last October, had another seismic visitation on Sep. 14, which gave the inhabitants a great scare. It was not, however, attended with loss of life and other than the cracking of walls and destroying of furniture and crockery no damage was done.

The ground cracked in many places, the wells became muddy and water spouted out in some instances, while in others the wells almost dried up.

The announcement is made that Li Hsing Chang, Prime Minister of China and the most important man in the Kingdom after the Emperor, Tawong Sui, is going west. Almost every one to whom he grants an audience knuckled and bowed in front of the servants and retired in disgrace. According to passengers on the Oceanic things came to a culminating point just before the steamer sailed. One of the Generals of the Chinese Army appeared before Li Hsing Chang to make the official report. The General, like his predecessors, was slapped in the face and was only prevented by the attendants from falling on the Viceroy.

CLOUDBURST IN ITALY.

Many Reported Dead and Great Damage Done.

GENOVA, Oct. 15.—The provinces of Genoa and Porto Maurizio have been partially devastated by a cloudburst. The rain began several days ago and has continued almost without cessation. Yesterday the storm gathered in unprecedented violence, filled the streams, flooded villages and swept many houses from their foundations.

In Bassalla and Malnangno trunks, farming implements and outhouses were swept through the streets, bridges were carried away and travel on most of the country roads was rendered impossible.

Many miles of railway are under water. On the line to Giovo traffic has ceased entirely, as the tracks have been flooded, and at one spot a cave-in of the bank has blocked the road. In this city the damage to buildings has been very great. Many persons are reported to have been drowned in the country districts.

Col. Dadds Takes a Town.

PARIS, Oct. 15.—Col. Dadds, commander of the French land forces in Dahomey, has sent from Porto Novo a cablegram, dated Oct. 14, saying that on Oct. 10 Sabovi was taken, and on the 13th the enemy's position above Orebomedi. The enemy, the cablegram states, are now entrenched eight miles from Cana.

May Settle the Deacon Case.

PARIS, Oct. 15.—The 'Gaulois' says it is rumored that a friendly settlement will be effected between Mr. and Mrs. Deacon before the appeal taken by M. Barbois, Mrs. Deacon's counsel, from the decision of the Grasse Court, is decided.

British Troops in Danger.

RANGOON, Oct. 15.—The British troops are said to be in a critical condition near Tiddin. Two thousand Chins lay in ambush for them when the last news was received. Since Oct. 8 nothing has been heard from them.

A Bishop Commits Suicide.

VIENNA, Oct. 15.—Bishop Demeter de Oculof of the Greek Church has committed suicide. He was involved in debt and is believed to have misappropriated church funds in his effort to extricate himself.

THE HARRISON'S LANDING WRECK.

Four Men and Three Race Horses Killed—The Deputies Blamed.

PROVIDENCE, R. I., Oct. 15.—Two freight trains on the New London North-ein Railway came together at Harrison's Landing, two miles above New London, at 5:45 a. m.

Four men, grooms, and three race horses were killed.

The men were in the car with the horses, and were bound for the fair at Popponoon, Conn.

Two of the men were Charles Heaney and William Gillen of Boston Springs, N. Y.

The engineers and firemen of both trains jumped from their cabs and escaped injury.

Both locomotives were badly damaged, and three cars were smashed into kindling wood.

The track was blocked for several hours.

The train dispatcher at Norwich is blamed for the accident.

Arming to Exterminate the Negroes.

BIRMINGHAM, Ala., Oct. 15.—A special from Murosville, near where the four negroes were lynched yesterday, and their bodies torn to pieces by the enraged population and then burned, for the murder of Richard Johnson and his daughter, says that the wildest excitement prevails. Hundreds of white people are arming themselves and threaten to exterminate the negro population.

Only Four of the Miners Rescued.

SHAMOKIN, Pa., Oct. 15.—The calamity at the Styling mine was the most thrilling that has occurred in the anthracite region since the famous Greenback disaster of 1888. Eight men were penned in the mine for twelve hours, and when the 100 rescuers reached them only four were found alive—Patrick Meloyvitt, Michael Watchcock, Joseph Kelchke and Joseph Milnestock.

MAHER-GODDARD FIGHT.

The Men Will Battle Under the Auspices of the C. I. A. C. Dec. 8.

NEW YORK, Oct. 15.—The Coney Island Athletic Club has succeeded in signing Joe Goddard and Peter Maher for a fight to a finish with four ounce gloves, Marquis of Queensberry rules, the fight to take place December 8 next, under the auspices of the club at the club house on Coney Island.

It was announced last night that Goddard's manager had accepted an offer from the El Dorado Company to meet Maher on Thanksgiving Day, but this was positively denied by Secretary Eckhardt of the Coney Island Athletic Club.

He informed a reporter to-day that on the contrary his club had arranged a match with the men.

The fight will be for a purse of \$7,500. Three matches are now billed by the Coney Island Club all of which promise to be well contested affairs.

The first of note will be the fight between Choyoski and Godfrey on the 31st. On this occasion there will be a preliminary contest between Kid Hogan, of Brooklyn, and Dolly Lyons, of New York, of ten rounds for a purse of \$1,000.

The next contest on the programme will be a finish fight with four ounce gloves between Alex Greggianni and Martin Costello, of Buffalo, on November 28.

A BOLD SWINDLE.

Samuel Green, of Walls, Me., Charged With Pension Fraud.

DOVER, N. H., Oct. 15.—Samuel W. Green, of Walls, Me., is in jail here charged with one of the worst cases of pension fraud ever perpetrated.

Samuel Green, of Walls, Me., enlisted in Company K, Fourteenth Maine regiment, November 22, 1861, being forty years old, and was discharged March 27, 1862, at Augusta, by reason of the loss of three toes on each foot before he was enlisted.

He never applied for a pension and was run over and killed by cars at Danversport, Me., while intoxicated, eight years ago.

He had a son, Samuel W., who filed a claim for a pension July 24, 1890, at Saco, Me., under the name of Samuel Green, alleging that he enlisted December 17, 1861, in Company K, Fourteenth Regiment, Maine volunteers, and was discharged by taking cold at Augusta, and that he had heart trouble and had been disabled half the time since.

The claim was granted, giving \$12 a month on the date of application.

The Pension Department found that there were some discrepancies between Green's statement and the record, and referred it to Charles Fairbanks, Special Pension Examiner of New Hampshire, with the above result.

A NOVEL EXPEDITION.

Story Writers to Travel Three Years for Literature.

PHILADELPHIA, Oct. 15.—Arrangements are being made for the sailing of an expedition from this port or New York for the discovery of literary material. It is said that it will be unlike any other expedition in fact or fiction unless it be that of the famous "Voyage of the Sunbeam."

The expedition will start early next year.

The proposed expedition is the idea of a syndicate of short story writers engaged on all the leading papers in the United States, as well as novel authors and literary men in general. The members of the expedition are Julian Hawthorne, Dr. R. N. Keely, jr., Paul B. Du Chaille, Richard A. F. Penrose, jr., and Mr. Rich, a Boston newspaper man of this city.

The expedition will set sail first for the West Indies. Then they will travel the South American coast, Japan, India, the Malay Islands and other places in order of literary material. The voyage will probably last three years.

CHINAMEN SMUGGLERS CAUGHT.

Seizure of a Canadian Barge With Chinese in the Hold—Remarkable Case.

ROUSE POINT, N. Y., Oct. 15.—One of the most remarkable seizures ever heard of in the province of Quebec took place yesterday when E. C. Van Kirk, special customs inspector at this place, took charge of the Canadian barge A. Gravel, Capt. Ames Hamel, from Sorel, bound to Albany, N. Y., in the hold of which were discovered fully a dozen Chinamen, all of whom, with the captain of the barge, were taken into custody.

The suspicions of the customs officers seem to have been aroused a few weeks ago when E. H. Truhey, Deputy Collector in charge of the Bonaventure Depot, observed a great number of Chinamen boarding railroad cars bound for St. John's, St. Hilaire and different points on or near the Richelieu river.

He at once notified Inspector Van Kirk, and the two officers went to work with the result just described.

It is said that three Canadians were in the deal and that they were to have received \$50 a head for every Celestial they landed in the United States.

Roasted Alive in a Barn.

SHERMAN, N. Y., Oct. 15.—The steam boiler of Samuel Wood's threshing machine blew up yesterday at the large barn of George Hates in the southeastern part of the town. The explosion blew the whole engine directly into the barn against the separator. William Wilkes, who was feeding the machine, was struck and so badly hurt that he was unable to move. The barn was on fire in an instant, and the man was roasted alive.

Nominated by a Majority of One.

ELIZABETH, N. J., Oct. 15.—John T. Dunn of this city was nominated yesterday for Congress by the Eighth Congressional District Democratic Convention, held at Liberty Hall in this city. The convention was a scene of disorder, the delegates nearly mobbing the presiding officer. Dunn was nominated on the second ballot by a majority of one vote.
