AN ENGINEER KILLED!

BY FALLING UNDER HIS OWN ENGINE.

HEAD CRUSHED AND LEG CUT OFF

The Unfortunate Man Died at His Home in Frackville Six Hours After the Accident Happened.

THE accident that befell John Bachman, the Philadelphia and Reading passenger train engineer at Kohinor Junction yesterday morning, resulted fatally. The unfortunate man died at 9 o'clock, shortly after being removed to the home of his sister at Frackville.

Bachman was engineer of the passenger train that leaves here daily at 2:05 a. m. and returns immediately after reaching Mahanoy Plane. At about three o'clock yesterday morning his train approached Kohinor Junction on the return trip. Bachman had allowed the fireman to run his engine and was attending to the latter's work. As he was stepping down from the cab to the tank the engine struck one of the switches at the Junction and the turching threw Bachman to the track. The engine passed over one of his legs and cut it off and his skull was badly crushed. Bachman lived about six hours.

The deceased was a single man and about 37 years. He made his home with his sister in Frackville, at whose house he died.

THE MONUMENT FUND

Proceedings Pending Action by the Official Committee.

The HERALD has not been saying much about the soldiers' monument of late, but it has not been due to any lack of interest or work in connection with the matter.

Considerable work has been done for the project since the last report and when the monument committee meets on the 25th inst, matters will be in such shape that the work can go ahead without further delay.

At its meeting Tuesday night Major Jennings Council, No. 367, Junior Order United American Mechanics, donated \$25 to the fund, making the total amount of pledges to date \$739.

The Council also appointed Thomas Sanger to represent it on the monument committee.

Washington Camp, No. 112, P. O. S. of A., on Tuesday night, appointed Horace E. Dengler to represent it on the committee.

Due announcement of where the committee will meet will be made through the columns of the HERALD.

COLUMBUS DAY.

Arrangements Made for a Grand Demonstration on Friday.

A meeting was held in the Amunition T. A. B. Society hall last evening to make arrangements for a joint parade for Columbus Day, next Friday. The meeting was a very enthusiastic and successful one. Charles J. Quinn was chairman and Michael Graham secretary.

Superintendent Freeman was present and stated that the public schools would conform to any programme the joint committee might decide upon.

It was decided to have two parades, the school children in the morning and the joint parade at 2 o'clock in the afternoon. The following elections were made: Charles J. Quinn, Chief Marshal; George Willman, Harry Aregood, Thomas J. Mullissey, Charles Gibson and Charles Radkiewicz, Aides; David Morgan, Patrick Conry, Enoch Decker, George Hafner and Andrew Stank, Division Marshals.

The delegates present represented about thirty-five societies having a membership of about 4,000. There will undoubtedly be in line a number of other societies that did not receive invitations in time. Among the organizations represented were all the Catholic societies, P. O. S. of A., J. T. of H. & T., K. of G. E., G. A. R., Sons of Veterans and the three fire companies.

Invitation to participate have also been extended to the School Board, Borough Council, Chief Burgess, the members of the police force and all the clergy.

Invitations have also been extended to the citizens at large and the following committee has been appointed to ask the citizens for a separate division and arrange for such a display in line as they may see fit: J. J. Franey, J. P. Williams, William Neisewiter, F. A. Magargle, Charles E. Tinnan, P. J. Ganaghan, John Robbins, Michael O'Hara, G. W. Boddall, P. J. Ferguson, M. J. O'Neill and Michael Mellet.

The Amunition T. A. B. Society will raise an American flag over their new building immediately after the parade. Prominent speakers will be engaged for the occasion.

Resolutions of Condolence. At a regular meeting of Watkin Waters Post No. 146, G. A. R., held on Friday evening, October 14th, 1892, the following preamble and resolutions were adopted:

WHEREAS, It has pleased God in His infinite and divine wisdom to remove, by the hand of death, Comrade David Parry, a worthy member of this Post; therefore be it

Resolved, That while we, the surviving members of this Post, bow in humble submission to the will of the Great Commander, we nevertheless fully appreciate and very deeply deplore our loss and sincerely sympathize with the children and friends of the deceased.

Resolved, That in the death of Comrade Parry the Post has lost an honest and faithful member. A name has been stricken from our rolls which can never be replaced, but that our loss has been his eternal gain.

Resolved, That as a fitting tribute to his memory the charter of the Post be draped in mourning for the usual period; that these resolutions be spread upon the minutes of the Post, a copy sent to the children of the deceased and published in the EVENING HERALD.

F. H. HOPKINS, C. T. GIBSON, H. C. BOYER, Committee.

If Mr. Cleveland's soldier substitute were running for the Presidency you could, as a patriot, find several good and sufficient reasons for voting for him, but what reason can you adduce for voting for the man who, in youth and vigor, and, unlike Harrison, did not have the courage to go to the front? None whatever, of course. Mr. Cleveland never heard a shot fired in anger, but he vetoed more old soldier pension bills than any President from Washington down. This is his great war record. He slaughtered veterans by the hundred.—New York Recorder.

PAVING A NECESSITY!

IT IS NOW A QUESTION OF POLICY.

THE NEW GRADE REQUIRES IT

It Will Cost the Borough Mors to Cut Main Street Down to Grade Than it Will to do Paving.

THE condition of Main street consequent upon the extension of the electric railway has precipitated many arguments and some of the citizens seem to be greatly exercised over the matter. It seems that one of the conditions the street committee imposed for the extension of the road was that the tracks should be laid at grade, in view of the fact that the owners of property abutting on the two squares upon which the road is being laid have petitioned Council for permission to pave. The company readily agreed to the condition, as it saw that to put the tracks at grade in the first place would save them trouble and expense in relaying the track in the future.

So the tracks are going down at grade and as a consequence immense mounds of dirt are stretched along both sides of the trench, which is over two feet deep, and deeper in some places, and the tops of the rails on the stringers are several inches below the present surface of the street.

The condition that presents itself is this: As the tracks are being laid at present the railway company will not be able to operate its cars over the extension until the street, on each side of the trench, is cut down to grade, and until this is done wagons will not be able to cross Main street between the Scheffly House and Cherry street. If Council undertakes to reduce the street to grade, it is estimated the cost will be about \$2,000, or considerable more than its one-third share for paving a square would be.

The case has been discussed in all its phases and some of the most prominent and responsible citizens of the town have concluded that the cheapest and best method for the borough to get out of the dilemma is the pushing of the street paving project with as much speed as possible. It is understood that the contract proposed for the paving includes a condition that the contractor shall pave the street at grade, as provided by the borough surveyor. If such is the case the sooner the contract for paving is awarded and the work is started the better off will be the Borough Council, the abutting property owners and citizens who are obliged to drive over the street.

It is understood Council will take action in the matter on Thursday evening.

The situation clearly reflects the absurdity of the system of street improvements this borough has upheld for so many years. The depositing of stone and dirt upon the streets year after year, regardless of the grade and in pursuance of that so-called "common sense" theory, has raised them to an almost incredible height. In some places the roadways are two and three feet above the top of the curb line.

If Council proposes to adhere to the grade policy it has now laid down and intends to bring the neighboring squares in conformity with it steps should be taken at once to bring the street paving policy into play.

gentlemen who seem to understand the situation thoroughly say that to bring the square on Main street, between Centre and Lloyd, will require the cutting down of the street more than two feet, and in some places more than four feet. The same is said of West Centre street to West. Anyone who has the remotest idea of the cost of street work will readily see that the most economical plan for all parties concerned will be to prepare to pave and grade at the same time.

All events it is hoped that the Main street paving project now under consideration will be put on foot at an early date and before bad weather steps in to delay it.

THE FREE LIBRARY.

The Association is Moving Along With Splendid Success.

At a meeting of the Free Library Association of Shenandoah, held recently in the chapel of the M. E. church, ways and means for carrying on the work of the association were proposed and discussed. An election of officers for the year 1892-3 resulted as follows: President, Rev. William Powick; Vice Presidents, Daniel Ogden, J. Senior, F. Acornley; Secretary, William N. Ehrhart; Treasurer, M. H. Master.

According to the plan of organization, the expenses of the association are met by voluntary contributions as follows: Patronizing churches shall be constituted by the payment of five dollars per year. Active members shall be constituted by the payment of one dollar per year. Any person contributing more than one dollar shall be constituted a sustaining member for that year.

The following list shows thus far the patronizing churches and the sustaining and active members: Presbyterian church, M. E. church, P. M. church, Evangelical church, and Baptist church; Rev. Wm. Powick, Rev. Wm. McNally, Daniel Ogden, John Senior, Fred Acornley, J. H. Kester, John Bunn, Joseph Reddall, Rev. H. G. James, W. N. Ehrhart, R. A. Glover, Rev. Robert O'Boyle, Dr. J. W. Erwin, S. D. Hess, Benj. Haskey, Wm. H. Shoemaker, James B. Lewis, Enoch Lockett, Charles Girvin, Frank Schmidt, Moses Owens, John A. Reilly, Rev. J. Proude, Dr. D. W. Straub, H. A. Acker, J. J. Franey, Wm. Venable, W. J. Hand, J. F. Higgins, Rev. E. West, Worthington Pump Co., N. Y.

The rooms of the association are in the Redfield building, and are open every evening of the week except Sunday. All are welcome. The tables are well stocked with daily and weekly newspapers, magazines and other periodical literature. Boys under fifteen, in order to enjoy the privileges of the rooms, must obtain permits from the secretary.

CLEVELAND would not have been blamed for turning Republican soldiers out of office if he had only put Democratic veterans in their places. But he had as little use for a Democratic as a Republican veteran. He acted as if having once worn the blue taint a man for life.

Phillips in a Fix. Saturday night Constable Tally Phillips went to Girardville to arrest a Hungarian on a charge of false pretense. When he reached the house where the man was he was met by a gang who declared they would not allow him to make an arrest. Phillips heard one of the men tell a woman to run a butcher knife into him and he dusted amid a shower of stones and other missiles. Phillips returned to the house with assistance and arrested nine men, including the one he first sought. Eight of them were put under bail to answer a charge of interference with an officer.

The Next Attraction. George H. Timmons as Larry Doe was easily a success. He was an excellent impersonation of men of this class—reckless, jovial and warm-hearted. Mr. Timmons invested the character with an added interest by the naturalness of his manner and the spontaneity of his mirth. His histrionic powers are not severely taxed, but when a display of other feelings than those of mirth and jocularity was demanded he was fully equal to the occasion.—Phila. Item. With "Fairies' Well," in Ferguson's theatre, Thursday evening, October 20th.

A Free Fight. There was a general row in Becker's saloon at Girardville Saturday night in which pieces of lead pipe and other ugly looking weapons were used. A discussion between the bartender, Jim Jacoby, and a customer precipitated the fight. About eight men took part in it and some of them were pretty badly used. Jacoby and Lloyd, the employees of the place are said to have suffered considerably.

The Case Settled. The HERALD last week reported the terrible beating of the Hyland brothers by four Hungarians near the Indian Ridge breaker. It was thought the victims would push the case, but they have settled, the Hungarians paying the brothers \$50 each and all the costs.

The Place to Go. Shenandoah people visiting the county seat (surnamed Pottsville) all call in the Academy Restaurant. Either J. F. Cooney, the proprietor, greets you with a smile, or his genial brother, M. A. Cooney, welcomes you. It is the resort for all gentlemen from north of the mountain. 8-24-1c

Opening Postponed. In view of the weather not being as cool as was expected and the outbreak of scarlet fever and diphtheria the School Board has decided not to open the night schools until November 1st.

When Nature Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

Extending its Service. The heat and power company is preparing to extend its line down South White street in order to put its system in residences and churches in that vicinity.
