When the defections from the Republican ranks are stricken from the list it will be seen that there is practically only two Republican majority in the United States senate. Three Democratic senators have already been re elected.—Gorman, of Maryland George, of Mississippi, and Daniel, of Virginia. Would you rather buy lamp chimneys, one a week the year round, or one that lasts till some accident breaks it?

Common glass may break or not the minute you light your lamp; if not, the first draft may break it; if not, it may break from a mere whim.

Tough glass chimneys, Mac-beth's "Pearl-top" or "Pearl-glass," almost never break from heat, not one in a hundred.
